He stated he was working for William Dyk for \$1.00 per day and that this would not go very far towards paying the hospital bill. Then went to the dragline and looked over the work being done by them and found same progressing satisfactorily and an excellent grade being thrown up.

Also inspected the gravel in Bear Canyon which was proposed to be used on the road from Highway #10 to the schoolhouse at Mt. Ellis. In the judgment of the Board, the finer gravel would make excellent material but a large portion of it seemed to be heavy boulders which should be thrown off.

Then saw Mr. Leh and arranged with him to put in the fills on both ends of the bridge. He agreed to make the dirt fills for 25¢ per yard and to get a powder man and crack up the rocks to the proper size to be hauled for riprapping at the west approach of the bridge. At this time it was decided that in all probability a county truck would be used for hauling the riprap to the bridge. Mr. Leh informed the Board that he would furnish the powder free of charge and break up the rock to the proper size at cost.

The Board then went over the Manhattan-Dry Creek project where the Standard Construction Company is putting on the gravel. Found that one-half of this project had been completed and that they were making a new set-up for the balance.

The Board adjourned at five o'clock P. M.

The matter was discussed with Mr. Taylor and Mr. Snyder and both agreed to lay off all single men and it was also agreed that the County Engineer designate the men to be employed.

He was informed that at the time the next claims were allowed that the matter would be taken up with these two men and in all probability they would pay their rent.

The Board called C. H. Morrow and asked him to do some work at the County Jail. The installation of a register was thought to be needed by Janitor Moore.

On motion made and carried, the Board went to Three Forks and saw G. A. Colegrove who had been reported sick and very much in need of supplies for his family. The minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

John Pedersen, a County charge, met the Board and stated that he had received a letter from Idaho Falls and that if the County would give him \$5.00 that he would leave the County and never return. This seeming good business, the Board granted his request.

John Cowan, Jay Potter and Henry Davis met the Board and wanted to gravel the road leading west from the Jay Potter ranch a distance of about a quarter of a mile. They were asked relative to gravel in that vicinity and stated that it could probably be found. They had in mind at this time getting the Board to see if gravel could not be obtained from the pit where the Standard Construction Company is working on the Manhattan-Dry Creek road, but were informed that this distance is too far and that the Board and the Surveyor would make an investigation for gravel somewhere within reasonable distance to this particular piece of road and report later.

Bill Gover and Harley Tudor met the Board and wanted to hire the dragline for cleaning out a private ditch. They were very anxious that this work be done this fall but were informed that the dragline was very busy and that in all probability it would be late fall before the work outlined for it would be completed. They then stated that they would be glad to procure it in the early spring.

He acknowledged that his wife made out this statement and sent it to California for his signature. County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 5th day of November, A. D., 1931 at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

The minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Monday, November 9th, 1931, not to exceed two days.

Mr. Eversz of the Montana Flour Mills was called and the Board purchased 100 bbls. of flour at \$3.85 per bbl., this to be put up in 320 49# sacks and 164 24# sacks.

Adolph Ping and Alvin Randall reported a man by the name of Byron Bond sick at the Randall ranch. Dr. Piedalue was sent out to make an investigation and reported back that Mr. Bond is quite a sick man but that in his judgment he could be cared for at the ranch for a while. He stated that he left orders that in case he got any worse to bring him to the hospital.

As per previous arrangement, and on motion made and carried, the Board, together with Surveyor Waldorf, went to the Cameron bridge and there looked over the road with a view to clearing the brush. Also looked over the road running north and south from the Cameron bridge to the Erwin bridge and Surveyor Waldorf informed the Board that in the near future he was contemplating grading this road or perhaps putting in the dragline to take care of excess water that would come down during the winter. Having a great many applicants for aid, the Board thought it good business to have this brush cleared away by those asking for County aid.

The Board then went north of Belgrade to look over the graveling of the road proposed by Porter, Cowan and Davis for a distance of about a quarter of a mile. Went west on the same road and found that within about three-fourths of a mile that in all probability by using the dragline sufficient gravel could be obtained for graveling said road.

Then went to Trident and there inspected the new bridge which had just been completed excepting the fills at each end, which work was progressing satisfactorily.

Then went to Three Forks and saw Joe Menapace and others relative to County property. The Board appraised the following property:

Lots 1 to 5, inclusive, Block 59, and Lots 1 to 6, inclusive, Block 60, Milwaukee Land Co's First Addition to the Town, now City of Three Forks;

Lots 1 to 10, inclusive, and Lots 12, 13 & 14, Block 15, Northwest Townsite Co's Addition to Three Forks.

All of the above lots were appraised at \$10.00 each.

Commissioner Pasha's car was used on the above trip, a distance of 91 miles, for the reason that the Board when starting for the Cameron bridge found that the Commissioners' County car was out of order and on going back to Poor's Garage to have same inspected found that the rear end was in bad condition and that the car had to be left.

The Chairman was authorized to sign a contract for sale of Lot 3, Block 10, Original Plat, Three Forks, which had been sold to Mrs. Isabel Van Dolah for the sum of \$150.00 as appraised on September 22, 1931.

The Board adjourned at five o'clock P. M.

Monday the 9th day of November 1931

County Commissioners' Office, Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 9th day of November, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Commissioners Moore and Pasha reported that on Saturday, November 7th, they met with N. L. Towne, Nic Aakjer, W. E. Westlake and Ray Angell of the Farm Bureau, who stated that they had a number of donations which had been made for the purpose of being sent to the Red Cross for relief in the eastern part of the State, but that information had been received to the effect that the supplies gathered by the Farm Bureau would not be needed in that part of the State. The committee from the Farm Bureau asked if these supplies could not be turned over to the County to help those in need in the rural districts of Gallatin County and they also stated that if the call from the country people did not take up the entire amount turned over to the County that then these supplies could be used for people living in town in need of aid. The Board deemed this good business and the following supplies were turned over to the County by the Farm Bureau:

Bozeman:-6 boxes of fruit, 2245 lbs. of oats, 123 bu. of wheat, 1 sack of beans, 46 sacks of potatoes, 10 sacks of vegetables, 8 boxes of clothing;

Belgrade:-43 sacks of potatoes, 7 sacks of vegetables, 4 boxes of clothing and 1 sack of flour;

Manhattan:-4 sacks of wheat.

R. E. Bodley was placed in charge of these supplies by request of the Farm Bureau and he advised that the vegetables be distributed as soon as possible to any of the needy and in case of calls from the rural districts these supplies to be replaced by the County.

Ernest Montforton of Gallatin Gateway inquired as to when the road west of Gallatin Gateway bridge would be graveled, same having been set up in the budget for the year. He was informed that this would perhaps be done sometime next spring. He stated that owing to present conditions this would perfectly agreeable to him and he thought to all others in that locality. Mayor Purdy advised the Board that George Duncan, Superintendent of the Poor Farm, would pay the water bill and that the water would be turned on for the time being. It was decided to take the matter up with the County Attorney to see just what the Board had better do in the matter.

Len Verwolf of Manhattan reported to the Board that Mrs. Ray Crum of that place was living in a rented house and not able to pay her rent and that the landlord was planning on having her move out. He asked if the County had any houses in Manhattan which would be available for this lady. He was informed that the County had two houses in Manhattan, one on the west side of Main Street, which needed a few repairs, and also another one which might possibly be available if the parties living there had gone as the Board had been informed.

H. R. Spaulding of Manhattan asked for prices on Three Forks property. He was advised that perhaps next week the Board would go to Three Forks and look over the property he wished to have appraised and report to him later.

Surveyor Waldorf was asked to meet the Board and to figure out the fire insurance on County property as same would lapse on the 15th of December. The matter was gone into very carefully and some new buildings which the County had built were incorporated. After this E. L. Heidel and E. E. McMahon were called relative to the insurance and were informed that the Board in their judgment had divided the amount among the various ones writing insurance to the best of their ability. After considering same, they took very little exception to what had been done and stated that they thought the insurance had been divided about as equitably as could be done.

The Clerk was ordered to post notices for an extra session beginning Monday, November 30th, 1931, not to exceed two days.

He was informed that the Board did not care to put the snow plow out on the dirt roads and that perhaps he and a number of the neighbors could get together and shovel out the road.

George Lewis met the Board by request and the amount necessary for his care was discussed with him. He stated that he did not see how he could get along on less than \$1.00 per day. The Board felt that \$1.00 per day was too much and more than what they were paying to others and therefore the matter was deferred to sometime later.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Monday, the 7th day of December, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

A delegation of people living on South Black met the Board and stated that they had noticed that there was excavation going on at the old Lucy Adams property for the purpose of laying some sewer pipe. They stated that they had been informed that it was the intention of the Board to put up a number of shacks on this property for housing the poor. They were informed that the Board had no intention of putting up shacks but did have in mind putting up a row of flats sometime in the future so as to reduce rent for the County Poor. They were also informed that at this time the Board is paying from \$2.00 to \$20.00 per month for rent and that in the judgment of the Board this is entirely too much in most cases for the reason that most of the houses being rented for the County Poor are very poor shacks and that it costs a great deal to heat them. The Board stated that if these flats were put in that they would endeavor to paint them up and put in a heating unit which would heat the entire number which would be a great saving to the taxpayers. They very much protested this being done stating that it would get the undesirables on one of the best streets in Bozeman and also asked if this property is now for sale. They were informed that it had been for sale for the past five years and as the County had not been able to make disposition of same they had decided to pull it off of the market and wait for future developments.

W. F. Hardin, an insurance representative of Bozeman, met the Board and asked if it was the intention of the Board to renew the fire insurance on Gallatin County property. He was informed that it was but that it had been awarded to those who had carried the insurance for the past three years. He stated that he would like to get a part of it as he was located here and had an office. He was informed that some investigation would be made and that if no change was made in the present set-up that possibly some insurance could be given him on property which had recently been taken by the County.

A daughter of Mrs. E. Williams living at 507 North Bozeman met the Board and stated that her mother was destitute and had no supplies. Aid in the form of supplies was given her.

W. K. Yost of Belgrade came in and asked for aid for himself and family. He was asked to sign a note for same and refused to do so.

Dr. Piedalue reported George Miller, an Old Age Pensioner, sick in the hospital.

W. E. Westlake and Henry W. Becker of Manhattan reported a family by the name of Marion and one by the name of Portinga, both of Manhattan, in need of supplies. They were given some of the Farm Bureau and County supplies from the Court House.

Commissioner Morgan reported that he had delivered supplies to the Harold Munson family at Belgrade on Saturday and also that he had arranged with Dot Collins to deliver a quart of milk per day to them.

C. C. Kendall was given aid in the form of supplies.

Treasurer Gatchell reported that he had released Custodian's Receipt #8-M of the Federal Reserve Bank of Minneapolis dated June 5th, 1930 in the sum of \$75,000.00, same having been put up as collateral for County deposits by the Commercial National Bank, and that he had taken in lieu thereof Custodian's Receipt #8-M of the Federal Reserve Bank of Minneapolis dated December 3, 1931 in the sum of \$60,000.00 covering the following:

The Honorable Board of County Commissioners met at the above named office in regular session on Wednesday, the 9th day of December, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were had and done, to-wit:

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

George Arnold, City Manager, again called relative to the installation of the water meter for the County Farm. He still insisted that the meter be installed at the city limits on the water line and that the County pay the entire bill and then bill the other water user. He was informed that the Board would report to him within a few days.

Justin M. Smith, City Attorney, passing through the hall, was called in and the Board took up with him the water situation at the County Farm. He was informed just what the City Manager wanted to do and the Board asked him if there was any reason why this meter could not be installed at the County Farm in the basement. He stated that in his judgment he saw nothing to prevent this action. The Board thought it best to call the City Manager and inform him that the City Attorney stated that in his judgment he saw no reason why the solution proposed by the Board could not be carried out.

J. F. McQuire living at 407 South Black and having a wife and four children made application for help in the way of supplies. He was allowed a small amount and gave his note for \$10.00

E. L. Heidel and H. P. Griffin of the Gallatin County Fair Board met the Board and informed them that in order to be placed on the Fair circuit they would have to be in Helena on Friday and Saturday, December 11th and 12th. Matters pertaining to the Fair were discussed at length, The Board having set up one-half mill for Fair purposes at budget time and same having been collected for that purpose and feeling that most of this money goes back to the County in premiums and inasmuch as the Board has had a great many requests from business men concerning the continuation of the Fair they felt that the County is getting a great deal of advertising by holding a Fair and that in case of discontinuing same that it would be hard to bring it back to where it is at this time. The Board also feels that a great many stockmen who have been very much interested in the Fair for the past six years and have brought their herds up to a certain degree to make showing possible would lose interest in their herds if the Fair were to be discontinued and that what the people actually put out for the Fair would be a minor item compared with what they receive. The Board agreed to take same under advisement for the rest of the day and report tomorrow their attitude in the matter.

Jack White of Manhattan asked for a price on Lot 4, Block 63, Manhattan. He was told the first time they were in Manhattan they would appraise same.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 24th day of December, A. D., 1931, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Monday, December 28th, 1931, not to exceed two days.

George Lewis was called and asked to meet the Board and was informed that his relatives had up to date refused to do anything towards his support and that the Board would have to send him out to the County Farm. After some discussion he stated that he did not care to go to the Farm. He was then offered the amount which it would actually cost to keep him at the Farm, which is \$9.00 per month, and stated he would rather take the \$9.00 per month and endeavor to make his own existence the best he could. The Board feeling that the relatives are able to pay for his care and having previously asked the County Attorney to write to the relatives and not getting any response from them he was further ordered to take action to endeavor to get them to do so.

Having been previously asked to appraise certain property in the City of Bozeman, the Board appraised the following:

Lots 13 and 14, Block 19, Capitol Hill Addition,	\$110.00 per lot;

John Tartar and Mrs. Harold D. Gee of Three Forks met the Board with a number of petitions which had been circulated in Three Forks asking for the release of Harold Gee from the County jail. Inasmuch as it is costing the County \$22.50 per month for Mr. Gee while confined in the County jail and the Board feeling that it would cost the County approximately that much for the care of his family deemed it advisable to call Judge Axtell who had given him the sentence to ascertain whether or not he would release Mr. Gee. Judge Axtell being out of town and would not be back until Monday the matter was deferred awaiting his return.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 7th day of January, A. D., 1932, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Monday, January 11th, 1932, not to exceed two days.

Having rejected all bids received for the services of a County Physician, the Board ordered the Clerk to re-advertise, the bids to be opened on January 18th, 1932 at 1:30 o'clock P. M.

It having been reported to the Board that Mrs. Ellen Smart was not living where she had reported to the Board she was living, Mr. Bull was asked to see her and find out just where she is living.

J. E. Hammond having a family of four stated he was destitute and applied for aid. He was given some supplies.

E. A. Stiefel of Belgrade reported a man by the name of Ernest B. Presley with a family of five children in need of aid. He stated that Mr. Presley would be put on at the mill whenever the mill starts up and that he would then be able to reimburse the County for the aid received. Mr. Stiefel was given a requisition for a ton of coal for the family.

James Reynolds of Manhattan met the Board and stated that he had a wife and eight children and that he had a steady job herding sheep and was receiving \$50.00 per month. He was advised that the County could do nothing for him under the circumstances.

R. E. Bodley asked to have a door cut between his office and the Fair office at the place where the window now is. He stated that Tom Moore, the janitor, could and would do this work if the Board had no objections. He was authorized to go ahead.

Stuart Lovelace of the Lovelace Grocery Co. was called and the following supplies were ordered from him for the use of the County Poor:-2 cases of raisins, 1 case medium prunes, 1 case dessert prunes, 2 boxes soap, 1 bale salt, 5 cases tomatoes, 1 sack rice, 1 bundle sugar bags, 2 doz. cans pepper, 2 cases corn, 2 bales sugar, 1 case baking powder, 1 box yeast foam, 1 bale cornmeal, 10 lbs. tea, 1 case milk.

Louis Pitman from north of Belgrade called and stated that there were about eleven high school children living on his road and in case of a storm the road would drift so that they could not reach the school bus at the end of the gravel. He said that if the County would pay him for removing the snow that he would be glad to do the work. After some discussion, it was thought best that these people should help themselves out of this condition.

The Modern Meat Market was called and asked for a price on lard. They gave a price of 9¢ per lb. in 8-lb. tins. The Board ordered twelve tins.

Mrs. Eugene Lewis was given aid in the form of supplies.

The Board adjourned at five o'clock P. M.

WHEREAS, Section 6 of Chapter 148 of the Twenty-first Session Laws of Montana of 1929, providing for a budget system for making and controlling county estimates, tax levies, and expenditures required by law, sets out, in part, that in order to meet mandatory expenditures required by law, the County Commissioners may, upon adoption by unanimous vote of all members present at any meeting, the time and place of which all members shall have had reasonable notice, of a Resolution stating the facts constituting the emergency, and entering the same upon their minutes, make the expenditures or incur liabilities necessary to meet such emergency, without further notice of hearing; and

WHEREAS, Section 4527 of the Revised Codes of Montana of 1921, as amended by Section 1, Chapter 55 of the Session Laws of 1927, provides that the Board of County Commissioners must annually at their December meeting make a contract with some resident practicing physician to furnish medical attendance to the sick, poor and infirm of the County and to the inmates of the County Jail, and must also make provision for the furnishing of medicine to the same, and

WHEREAS, the said Board of County Commissioners of Gallatin County, did, in conformity with the above section, advertise in a local paper calling for the lowest bids for the furnishing of medicine and medical and surgical care, as aforesaid; and

budget appropriation set up to take care of this item of expense is inadequate, as the contract entered into by and between the said Jos. Piedalue and the Board of County Commissioners calls for a much greater expenditure than was necessary for the previous year; that the same is a public emergency under the provisions of the above named section in that it is a mandatory expenditure required by law which could not reasonably have been foreseen at the time of making the budget; and that it will be necessary to make an additional appropriation of Eight Hundred Dollars (\$800.00) to take care of said item of expense up to and including the 30th day of June, 1932, the end of the fiscal year;

NOW, THEREFORE, we, the Board of County Commissioners of Gallatin County, Montana, in extra session assembled, with all members thereof present and concurring in the deliberations of said Board, as required by the provisions of said Section 6, Chapter 148, Twenty-first Session Laws of Montana of 1929, deeming that a public emergency exists, as hereinbefore stated, and that it is now necessary to make an additional appropriation of Eight Hundred Dollars (\$800.00) in order to take care of the said item of expense as aforesaid, hereby direct that said appropriation of Eight Hundred Dollars (\$800.00) be made; that the County Clerk and Recorder, as ex-officio Clerk to the Board of County Commissioners, set up said additional appropriation to cover said item of expense; that the said Poor Fund budget be amended so as to show said appropriation, and that this RESOLUTION directing the same be spread upon the minutes of the Commissioners' Journal without further notice of hearing.

Dr. Piedalue reported that George Marang had been sent to the hospital and that in his judgment it would be best to write to Dr. Allard of Billings to ascertain whether or not from the analysis he made last November he, in his judgment, would be able to benefit Mr. Marang. This was done.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

W. R. Webber living at 515 No. Rouse met the Board and stated that he had been renting a house to Mrs. Agnes Gideon and that she was back on her rent and that he would have to ask her to move unless arrangements were made for the rent. He was allowed to sign up some claims for rent at the rate of \$10.00 per month until Mrs. Gideon could get some work.

Dr. Brewer met the Board and said that the Red Cross had been troubled very much in the past month with people asking for something to eat and asked if the Board had any work they cared to have done. He said that in his judgment if there was work to be done that it would lessen the number asking for aid. He was informed that the only suggestion the Board might make would be to get in a bunch of rock and furnish a hammer and let them break up the rock and use it at the County yards.

Mrs. Beatty met the Board and stated that Mrs. Sarah Schoenfield was very anxious to get some work and asked if the Board could tell her where she might get something to do. The Board informed Mrs. Beatty that the County had no work but was giving Mrs. Schoenfield aid in the form of supplies.

J. J. Sackett of Three Forks was given supplies. He asked if the County would help him to get back to Nebraska where he said he had relatives and where in his judgment he would be able to get work. He was asked what amount would be necessary to take him and his family and he stated it would cost in the neighborhood of \$50.00. He was informed that the County could not stand this amount but would no doubt share part of the expense if he agreed to go.

A delegation of farmers from the West Gallatin district met the Board and asked if a survey could be made of the road which was petitioned for last year from the Greenwood elevator to the Cameron bridge. They were informed that the best thing to do would be to see if all parties concerned were willing to put up their share according to agreement and that the Board would take up the matter and see when the work could be done. They agreed to do this and report later.

C. D. Buckey from the Avery Garage at Three Forks called and said he would furnish gas for the County machinery while working in that vicinity for the sum of \$.19 per gallon. He was informed the County would purchase gas from him while working in that locality.

Supplies were issued to Carl Moffett, Mrs. Bessie Leffingwell and Eugene Lewis.

George Duncan, Superintendent of the Poor Farm, was given 50 lbs. of honey from the Court House.

Otto Rettig and wife of Three Forks met the Board and said they were out of supplies. They were given enough to last the balance of April and told they would have to rustle for themselves after that.

The County having appropriated sufficient funds to carry the road to that point, it was decided to advertise and call for bids on this extension.

Then went to the road at the corner of the George Cox section south of Manhattan and inspected the proposed change in the road and decided it would be advisable to see Mr. Cox and if necessary it might be well to go out and inspect his ideas to the proposed change.

Then went to the first road running north and south west of Amsterdam and inspected same and decided it would be wise to put the caterpillar outfit in there and grade up the road.

Then went to Manhattan and there inquired for Mr. Ferris who had previously asked to lease some lots from the County. Mr. Ferris not being at home nothing was done.

Then went to the Trident bridge where Mougey and Whiteaker are tearing down the old bridge and inspected the work being done there. Then saw Mr. Helm and asked him if he had selected the property he wanted to lease in Three Forks. He stated that at this time he could not give us any information relative to that, but if the Board would draw up the lease for the property they had in Three Forks for oil interests that he would be glad to give same his attention.

Then saw J. J. Sackett who recently applied to the County for a County house and it was decided to interview the Water Commissioner there and see if the water could be left turned on at the place Mr. Sackett was living in, Mr. Sackett feeling he could arrange in some way to pay the rent if this was done. The Water Commissioner was seen and he asked that Mr. Sackett appear before him next morning and possibly arrangements could be made.

Then looked at the Annie Lane house, and endeavored to get a price on repairing the windows and arrange to move the Hafner family to that place. Saw J. C. Menapace and asked him to get a price on the work and see a party who owed the County for house rent and try to make arrangements for him to do the work. Mr. Menapace reported that the windows for this house could be furnished for \$28.00 and that Mr. Scharff living in a County house just west of the lumber yard would put in the windows and apply same on his rent. Mr. Menapace was informed to get the work done as reasonably as possible and employ Mr. Scharff to do it.

County Surveyor Waldorf stated he would like to have the Board go with him on Monday, May 9th, to look over the roads in different parts of the County. He was informed that if possible the Board would make arrangements to go with him.

Mr. Wheat met the Board and the matter of right-of-way through the Clark ranch on the west side of the West Gallatin River was taken up with him. He stated that after a survey had been made and a map of same that he would take it to Virginia City and interview Mrs. Clark. He stated that he felt the County would not encounter any difficulty in securing right-of-way for the proposed road.

Road Supervisor S. J. Woosley met the Board and reported the stock pass at the Ed Pascoe ranch broken down and asked if the County could deliver some lumber for repairing same. After some discussion it was found that the timber was not very far away from this stock pass and Mr. Woosley was advised to cut several logs to make the necessary repairs and save the expense of transporting the lumber from Bozeman by way of Livingston.

A. J. Busch, Superintendent of the Gallatin Valley branch of the Milwaukee, was called in and asked to make arrangements with his Company for the right-of-way for the Menard extension of the Dry Creek road from the crossing at Accola to Menard. Mr. Busch stated that he would take this up with his Company and try to get same as soon as possible.

THE TRIBUNE PRINTING CO. GREAT FALLS, MONTANA

County Commissioners' Office, Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 9th day of May, A. D., 1932, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Supplies were issued to Mrs. Dona Newman, Al Huntsman, Mrs. Anna Sumner, Mrs. Lavonne Gammons, Mrs. John Duncan, Mrs. Agnes Gideon and Eugene Lewis.

Dr. Piedalue reported Elmer Fick in the hospital since May 5th.

E. A. Stiefel of Belgrade was given some supplies for distribution among the County Poor at Belgrade.

The Board appraised Lots 1, 2, 3, 4 and 5, Block 2, Crescent Addition, Belgrade, at \$100.00 per lot.

The Clerk was ordered to post notices for an extra session beginning Wednesday, May 11th, 1932, not to exceed two days.

Charles McGee met the Board and stated he was 69 years of age and destitute. He was sent to the County Farm.

On motion made and carried, the Board, together with Surveyor Waldorf went to the cereal mill and inspected the road on which the dragline had been asked for by Petition #28. It was found that some additional right-of-way would be needed on the northeast corner of the Charley Howard ranch in order to make the proper ditch and the fill in the road. Mr. Howard was seen and the matter taken up with him. He granted the necessary right-of-way and asked if the County would furnish some old lumber for a temporary bridge so that he would be able to go ahead with his farming. Same was granted and the lumber for same delivered.

Then went to the west side of the West Gallatin River and looked over the survey recently made by the Surveyor. He pointed out where additional right-of-way would have to be secured before beginning work on the road. Found that the new location was much more preferable than the present road.

Then inspected the road running north and south on which the dragline was asked for in what is known as the John Paugh petition. The Board decided to deny said petition, feeling that a caterpillar could be put in on this road and a sufficient grade made along the entire road with the exception of one or two places which might require a little fresno work.

Then went west on the Hulbert lane a distance of about three-fourths of a mile, a petition being in for dragline work on this road. It was decided that this work was very much needed.

Then went west to the Jackrabbit lane and decided it would be advisable to put in the dragline and complete the entire road on account of several low places which permitted irrigation water, etc. to overflow the road.

The time having arrived for the hearing on the Horse Herd District as per the notice hereto attached, and it appearing that there were not sufficient legal signers on the petition, same was rejected.

The Board adjourned at five o'clock P. M.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 10th day of May, A. D., 1932, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore, and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Supplies were issued to George Duncan for use at the County Farm; supplies were also given to Mrs. Sarah Schoenfield.

Dr. Piedalue reported C. D. Nix had died at the Deaconess Hospital. The body was turned over to Paul Reichert for burial.

The following Resolution was received from the Gallatin County Federation of Women's Clubs:

Whereas, the present hard times compel economy in public and private expenses, including reduction in taxes consistent with good government; and

Whereas, people have learned from experience that the protection of the public health by prevention of epidemic sickness and education in health in the home is service of high value and is real economy; and

Whereas, Gallatin County has what is known as the County Health Unit which gives full-time and efficient service in the protection of the public health, particularly in the rural districts, at a cost little in excess of the former part-time service, the major part of the cost of the Unit being paid by the Federal Health Service, the Rockefeller Foundation and the City of Bozeman, and not by the taxpayers of Gallatin County; and

Whereas, there is agitation to dispense with the Health Unit as a measure of economy and this Federation, after careful consideration and investigation, is convinced that to dispense with the Unit would effect no saving of consequence to any taxpayer, and the loss of it would mean added expense instead of saving to a great many of them and no real economy; therefore, be it

Resolved by the Gallatin County Federation of Women's Clubs, whose membership is vitally interested in the conservation and protection of health in the home through such service as is rendered by the County Health Unit, that we cordially approve the work of the Unit; that we believe its abolition would be a backward step in necessary and valuable public service, would be no economy, would mean no saving of any consequence to any taxpayer and a real and substantial loss to many of them. We therefor call upon the Board of County Commissioners of this County to refuse the demand for abolition of the Unit, but instead that the Unit be continued and its work given every encouragement consistent with wise economy as a necessary public service which gives full value for all its costs.

That a copy of this Resolution be sent to the Board of County Commissioners of Gallatin County.

Adopted by the Gallatin County Federation of Women's Clubs at a meeting held at Belgrade, Montana, on May 7, 1932.

On motion made and carried, the Board, together with Surveyor Waldorf, went to the Gervais ranch to see him relative to right-of-way on the Dry Creek road. He not being at home the Board went to Belgrade and overtook him on the way and discussed with him the matter of encroaching on property owned by him. He stated that it would be necessary to have two stock passes on this particular land. This being agreeable to the Board, arrangements were made and right-of-way granted.

Then looked over the survey made by the Surveyor sometime ago. Mr. Waldorf pointed out two routes, one on the east side of the railroad and the other on the west. The Board deeming the west side more appropriate and more direct, it was decided to choose the latter.

Then went to Manhattan and appraised for Merle Griffith Lots 11 to 16, inclusive, Block 6, Fabrick Addition, at \$15.00 per lot. This being agreeable to Mr. Griffith, he deposited one-fourth of the amount and asked that a deed be drawn for same.

Also appraised Lot 14, Block 69, Fabrick Addition, at \$15.00 and sold same to E. H. Frank.

Then went to Trident and submitted to Mr. Helm the lease for the Three Forks property in which he is interested. He said he would look over the lease and report to the Board.

Then went to Three Forks and got 100 lbs. of butter from the Three Forks Creamery at 19¢ per lb. for use of the County Poor.

County Commissioners' Office,

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 23rd day of May, A. D., 1932, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Wednesday, May 25th, 1932, not to exceed two days.

The Board reports that as per order of the Board made on Thursday, May 19th, they, on Friday, May 20th, went to West Yellowstone by way of the Madison, going this way on account of the West Gallatin way not being open. Found the Hebgen road rough and in a few places found some mudholes. Found that the Grayling Creek bridge had just been repaired and the work well done. Then saw the men who did the work on this bridge and told them to put in their claims against the County for the reason that the new bridge under construction at that place would not be completed for two months and the County is liable until that time.

Then saw Alex Stuart and showed him the maps for the proposed new road along Hebgen Lake. He pointed out the ones living in West Yellowstone who would be affected by this road and also the ones living out on ranches.

Then went to the Peter Kerzenmacher ranch and took up with him the matter of right-of-way through his ranch. Considerable discussion was had with him for the reason that it would be necessary for him to move a cabin which is 18x30 ft. in size and has a stone foundation under it and also has a pipe line running to it. This he estimated would cost approximately \$50.00 and at least \$100.00 for moving the cabin. He stated that he would like to put up a good fence due to the reason that he already had a good fence on his place. Mr. Kerzenmacher estimated the cost of right-of-way \$1000.00.

On Saturday, the Board saw J. E. Pierman who is affected by the survey for this road. He offered to take \$150.00 for the right-of-way through his ranch, a distance of a little more than a mile.

Then saw Mrs. Kate Huggins and she agreed to accept \$75.00 for right-of-way.

Also saw Jacob W. Burwell who stated he would give a deed for the right-of-way for the sum of \$75.00.

James Pickens was also seen and he offered to accept \$75.00 for right-of-way.

Then saw William F. Martzell who is affected but could not get together on a settlement, for the reason that he asked that both sides of the new road be fenced through his entire property and at present his property is not fenced. The Board felt that this property was so worthless that he never would put up a fence and for that reason no agreement was reached.

Mr. Cory, who is also affected, was not located on his property and it was found that Mr. Kerr of the Montana Power Company would attend to this matter.

It was found that the matter would have been taken up with Fred F. Cole by correspondence relative to right-of-way through his property.

Bennett Ford, who is also affected and who lives in Chicago, would also have to be reached by correspondence.

It was also found necessary to get in touch with H. H. Pease by correspondence.

Sam Eagle, merchant at West Yellowstone, after being asked relative to the Parmer family, stated that they had taken up all of what the County had allowed them and he stated that it would be well for the Board to go and see them. The Board saw Mr. Parmer, father of John Parmer, who informed the Board that the family were getting along very well.

The Board reports they returned to Bozeman Saturday evening.

Amos Harnish and wife met the Board and stated that they had been sold out in Bridger Canyon and that he now had no work and had to move. He was given the names of two or three parties having property for rent. After looking these up, he reported that all of this property had been rented. He was then asked to see Robert King who has property for rent and the Board agreed that if arrangements could be made with him that the County would pay one month's rent at \$12.50.

On motion made and carried, the Board made an investigation of a party living at Chestnut reported to them as being out of supplies and the wife sick in bed. The Board found this to be true and they were given supplies.

Then went to the B. A. Black ranch and found that he had turned water into the roadside ditch and that it was running quite a volume of water. Mr. Black was not seen at this time.

Monday the 23rd day of May 1932

Then saw Alfred Wilson relative to gravel to be used in Godfrey Canyon near his ranch. The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 9th day of June, A. D., 1932, at nine o'clock P. M.

- - - -

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

- - - -

The following proceedings were had and done, to-wit:

- - - -

Minutes of the previous meeting were read and approved.

- - - -

It having been reported to the Board that Sour Dough Creek was out of its banks and doing considerable damage to gardens along the creek, on motion made and carried, the Board went up Sour Dough and found that some work had been done by residents of that district. It was decided that it would be possible to throw a culvert across the road in case the water should come any higher but that under present conditions it was thought the work done by the residents would be sufficient to take care of the water.

Then went down on the north side of Bozeman and found a hole in the approach to the bridge just west of the Montana Flour Mills. Same was reported to Surveyor Waldorf.

Also inspected the bridge across Bridger Creek and found same handling the water nicely.

Then went down and found the water running down the dragline ditch near the Stevens ditch and also found that it had overflowed considerable land in that district. This water had been taken out of the creek above the dragline ditch and had flowed into the dragline ditch at a point just north of the Todd Stevens road.

- - - -

It having been reported to the Board that the abutments on both sides of the bridge over Rocky Creek near the Collins ranch were in bad condition, on motion made and carried, the Board, together with Surveyor Waldorf, inspected same and trucks were ordered to repair same immediately.

- - - -

Treasurer Gatchell reported to the Board that he had too much money on deposit in the Bozeman banks and could not get sufficient security for same. On motion made and carried, the Board, together with Mr. Gatchell, went to Livingston and took up the matter with several banks there. Saw the president of the First National Bank of that place and he informed Mr. Gatchell that he would be in Bozeman tomorrow and take the matter up with him if he thought he cared to make a deposit in that bank.

Then saw Mr. Charles T. Knapp who has owed the County \$255.00 since last year. Mr. Knapp informed the Board that \$500.00 had been held back on the project on which he had been working and as soon as the shaping-up of the gravel pit was completed he would get his money and would then pay the County.

- - - -

John Donohue reported the water running over the road from the East Gallatin just south of his place but stated that he thought nothing could be done due to the fact that it was simply an overflow of the creek above.

- - - -

The Clerk was ordered to post notices for an extra session beginning Monday, June 13th, 1932, not to exceed two days.

- - - -

Supplies were issued to Eugene Lewis.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 13th day of June, A. D., 1932, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Al Julian living on the Wells ranch east of Bozeman reported the waste water running over the road and making a very bad mudhole. He was informed that the Board would make an investigation of same and if a culvert was necessary would arrange to have one put in.

#581 ✓ E. A. Stiefel, George Verwolf, John Kamps and others met the Board relative to the Anceney-Vincent road. They stated that the right-of-way had all been secured and asked that the Board make an inspection of same and report to Mr. Staudt of Manhattan. This they agreed to do.

Treasurer Gatchell reported that he had put Margaret Cousins on as extra help in his office beginning on this date. Same was approved.

James Siffert of Three Forks ^{a house} reported to the Board that there was a man in Three Forks who wanted to purchase and lot there. He was informed that the Board the first time they were in Three Forks would look him up and find out what property he wanted and appraise same.

Supplies were issued to Mrs. Clara Morgan, Mrs. Bessie Leffingwell, John Stowell, Mrs. C. B. Conant, Frank Reid, Mrs. Sarah Schoenfield, Mrs. Virginia Thompson and Mrs. Agnes Gideon.

Harold Korslund, Jake Lucas and A. Vander Ark met the Board and said the grade on the Virginia City road just west of the "devil's elbow" had slipped and gone into the High-line flume. They stated that this was very dangerous and that if the grade would slip a short distance more it might take out the flume. They were informed that same would be inspected and doubtless something would be done at once.

Charles E. Cunningham, representing the Montana Deaconess School, met the Board and asked for a donation to that school. The Board informed him that they could not make donations to any institution of that nature.

The Board allowed John Harrison, a County charge, a petty cash check in the sum of \$4.20 to pay his water bill for irrigating his garden.

Mr. LeFebre of Three Forks met the Board and wanted to rent a house at that place. He was referred to Joe Menapace.

The Clerk was ordered to post notices for an extra session beginning Wednesday, June 15th, 1932, not to exceed two days.

George Duncan, Superintendent of the Poor Farm, was given supplies from the Court House.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 14th day of June, A. D., 1932, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Mrs. Elinor Kishaw met the Board and stated that her granddaughter had been living with her for a number of months and that the mother of the girl living at Alse, Oregon would be able to care for her but had no means of getting her there. She asked if the County would send her to her mother. She was informed that if a letter could be received from the mother stating she was able to care for the girl the Board would endeavor to send the girl to her home.

The Board, together with Surveyor Waldorf, went to the "devil's elbow" and inspected the heavy fill just above the Highline ditch. Found that the fill had slipped and also was pushing against the flume at that place. After considerable thought, it was decided to put George Taylor and his crew to work to brace the present riprap, take out a portion of the fill and it was thought that no doubt it would be necessary to put in a concrete retaining wall.

Commissioners Pasha and Moore and Surveyor Waldorf inspected the Vincent-Anceney road as previously agreed upon. Mr. Waldorf had in mind pointing out different places for the location of the road. He pointed out the two surveys which had been made and in the judgment of the Board Mr. Waldorf's ideas were in accord with theirs.

The Board having received a letter from S. P. Eagle of West Yellowstone relative to the streets there being in very bad condition, the matter was taken up with Surveyor Waldorf and he was asked if he could send a truck and blade to that place. They stated they were all very busy now since the recent rains and that if Mr. Eagle could locate someone near West Yellowstone with a blade and power that it would be economy to the County. Mr. Eagle was called by phone and he stated he would endeavor to get some information regarding the matter and report to the Board as soon as he received it.

Dr. Piedalue reported that he had placed in the hospital a small child belonging to Earl Funk.

Also that Miss Colegrove, daughter of G. A. Colegrove of Three Forks, had been brought to the hospital.

Arrangements having been made with G. A. Colegrove of Three Forks to paint one of the County houses there, he was given six gallons of paint from the shop, three gallons of linseed oil and also a requisition for two gallons of paint on the Monarch Lumber Co. of Three Forks. Mr. Colegrove stated that he would begin work at once. Mr. Colegrove asked that the County furnish him with five gallons of gas and stated that this could be deducted from the bill allowed him for the painting.

Supplies were issued to James Emerson and Nathan Callantine.

County Attorney Lay reported that he had appointed Attorney E. A. Peterson to act as County Attorney for a short time.

The Board adjourned at five o'clock P. M.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Robert Dawes reported to the Board that Charley Haan, a Chinaman, whom the County has been giving aid, and who is living in one of his cabins, has been calling in a number of boys and giving them candy and tobacco and rolling cigarettes for them. He stated that he had forbidden the Chinaman doing this and now asked that his requisition for supplies be discontinued.

Mrs. John Holland of Gallatin Gateway reported to the Board that B. A. Black was running water on the north side of the road on the south side of her ranch. She stated that he had taken out two runways put in by the County in order to get this water through the ditch and said she felt that something should be done towards repairing same for the reason that they would perhaps want to use them at any time.

She also mentioned the fact that at the west end of this road a headgate had been taken out by the County and that this conveys Mrs. Woodreth's water north along her ranch. However, she stated it was no affair of hers but Mrs. Woodreth would meet the Board soon relative thereto.

The Board appraised Lot 7, Block 7, Babcock & Davis Addition, Bozeman, 50 ft. by 140 ft. in size, at \$100.00.

Supplies were issued to Mrs. Sim Beck, Jake Igleheart, Sam Kenley, R. C. Burns and Dona Newman.

She stated there was a large family of them but that it would be very difficult for any of them to assist them. She said that she, herself, had been keeping the parents for some little time but that her husband had been sick for sometime and it was hard to lend any more assistance. She stated she had no way of taking supplies at this time, but would meet the Board later and talk over matters again.

Groceries were ordered from the Lovelace Grocery Company.

Montana State College delivered 50 lbs. of butter.

Mrs. Myrtle Richardson met the Board and stated that was unable to pay her rent. The Board stated they would call Mr. Cook who has charge of the rent and try to make some arrangements with him.

Thursday the 16th day of June 1932

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 16th day of June, A. D., 1932, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

George Forrest of the Forestry Department at Missoula met the Board and took up matters pertaining to rights-of-way for Project 45-D. His attention was called to Pete Kerzenmacher who is anxious to see him relative to a stock pass on his property, Mr. Kerzenmacher having previously stated that he would sign a deed provided a stock pass was granted. Mr. Forrest informed the Board that this would be allowed.

The matter of the Cole ranch was taken up with him. Mr. Cole had written the Board a letter relative to the diversion of water from Red Canyon Creek through the Kerzenmacher ranch. Mr. Forrest stated that the water could easily be diverted through the Cole ranch and that they could also allow him a stock pass. This the Board thought would aid materially towards securing right-of-way.

H. H. Pease's right-of-way was next gone over. Mr. Pease had made the statement that his place would be split in two in the center which Mr. Forrest said was not the case. Surveyor Waldorf was asked to draw a diagram of his place and show the exact place where the road would enter and go through his ranch. This was done and a copy sent to Mr. Pease and he was asked to sign a deed for right-of-way.

Also took up with Mr. Forrest matters relative to the Cory ranch and he stated that he would comply with Mr. Cory's wishes regarding the making of a turnout from the main road to his property.

S. M. Cook was called relative to rent for Mrs. Myrtle Richardson. Mr. Cook said if the County would pay the rent that he would make the same \$10.00 per month. Same was agreed upon beginning on this date.

Henry Dietrich having died at the Deaconess Hospital and the Board having received information that he had a sister and a half-brother in Cincinnati, Ohio, a telegram was sent to them and the information received that they could not be located. Paul Reichert was called and asked to prepare the body for burial.

Approved the Clerk and Recorder's report for the month of May, 1932.

Ed Boomer and Lester Boomer, brothers of Mrs. May Williamson, met the Board and stated that Mrs. Williamson had an interest in the Boomer estate, but at this time no ready cash could be realized from same and that Mrs. Williamson was destitute. They stated that if the Board would pay rent to the Gallatin Hotel of \$12.00 per month and give her some supplies the County would be reimbursed whenever the Boomer estate was settled.

Supplies were issued to C. B. Hawes, Mrs. George Marang, L. W. King, Mae Brown, D. Devaney and H. R. Buffington.

The Clerk was ordered to post notices for an extra session beginning Monday, May 20th, 1932, not to exceed two days.

M. F. Getchell, County Treasurer, was notified to write the banks of the County a letter asking them to appear before the Board on June 20th relative to information received from the State Examiner.

F. G. Holgate met the Board and wanted to purchase some old bridge plank which had been taken out by the County in his locality. He was informed that he could get some of the lumber and that a letter would be written to him giving him the price of same.

As previously arranged, on motion made and carried, the Board went to see Mr. McCullough who lives on Mrs. Woodreth's ranch. Mr. McCullough wanted to get some information relative to a water ditch which had been changed by the County while constructing the road known as the "Judge Law road." After looking over the situation, the Board decided to let him run the water down the north roadside ditch.

Also saw B. A. Black and he took up matters pertaining to his water along the "Judge Law road." He stated the County while constructing this road tore up his headgate and he asked to have a headgate installed for his water. This being true, the Board agreed to put in a headgate to take care of his water at that point. Mr. Black had other objections and the Board decided to wait and call him in and thresh out the proposition at a later date.

The Board then saw James Smith who had complained about his runways from the road through his field having been destroyed. It was agreed that as soon as Mr. McCullough and Mr. Black got their water out of this ditch that a culvert would be installed for the purpose of getting over this ditch.

Then went to the Erwin bridge and found the water working well under the bridge and the riprap all in good condition.

Inspected the culvert on the Kent road and found that this culvert had broken down in the center in a big fill and decided to put men to work and take out the Gibson culvert and install a steel culvert and place back the fill.

Then went to the West Gallatin River and made an inspection of the banks below Central Park where the river had been damaging same and found that conditions were not too bad and the work of blowing out the drift nearly completed and it appeared as though this work was relieving the situation somewhat.

The Board allowed Mrs. Edna Ping, whose husband is confined in the State Penitentiary, some supplies.

The Lovelace Grocery Co. was given an order for some supplies.

John Kamp of Amsterdam called the Board and said he would like to see them relative to the work being done by the caterpillar crew in that community. He was informed the Board would endeavor to see him as soon as possible.

N. M. Kvalnes, undertaker at Three Forks, phoned on Saturday, July 2nd, and stated that Ray Curtis, who was in a car wreck in the Jefferson Canyon in Jefferson County, had been brought to Willow Creek and had died there and that he, Mr. Kvalnes, had gone to Willow Creek and got the body and prepared it for burial. Not being able to find any relatives who are able to pay for the burial, he asked the County to pay \$70.00 for the burial. He was told that about \$45.00 would cover burial cost in Bozeman but that inasmuch as there would be mileage to Three Forks the sum of \$50.00 would be allowed. After some discussion, he said he would make the burial for \$50.00.

Groceries were ordered from the Lovelace Grocery Company for use of the County Poor.

The Board adjourned at five o'clock P. M.

Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Wednesday, the 6th day of July, A. D., 1932, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

Sheriff DeVore met the Board and said he was going to make a trip to West Yellowstone and that there was a man there with a broken leg. He stated that the railroad doctor at West Yellowstone had given him temporary relief but that in his judgment he should be brought to the hospital. Sheriff DeVore stated that to the best information he had received that this man had been injured in a row in one of the camps out a short distance from West Yellowstone and that it had resulted in several getting hurt but that this man had been seriously hurt. He asked if the County would send up an ambulance to bring him down. He was referred to Dr. Brewer who informed him that if the leg could be banded and the man placed in a comfortable position that he thought he could bring him down with his own car. This arrangement was made.

J. T. Whitman from Sedan met the Board and said a small bridge near his house had been broken down. He was informed this matter would be taken up with the supervisor of that district and no doubt same could be repaired soon.

An application for admittance to Galen for T. P. Merithew was signed.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Thursday, the 7th day of July, A. D., 1932, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

Dr. Piedalue met the Board and reported Roy Large from West Yellowstone in the hospital with a broken leg. Dr. Piedalue said he had performed the operation and that he thought the man would get along all right. He said this man had no means and would be a County charge.

Mrs. Charles Tudor met the Board and said she had been a resident of Gallatin County for the past twenty years and was of the age of 64 years. She said she had several relatives in Bozeman but none who are able to care for her at this time. She asked that the County furnish her a house and stated if they did this she thought she would be able to get along. She was informed that with the number of relatives mentioned that she should be able to get along on rent but that the County would furnish her supplies if such arrangement would be satisfactory.

Mr. Carlson met the Board and said he had purchased the property where Mrs. Roy Catron is living. He asked if the County had not been paying rent for Mrs. Catron and was informed that they had but had since been advised that she had obtained a divorce and was getting alimony of \$20.00 per month and was also working at this time. He was informed the County would not be responsible for rent from now on.

A letter was written to Supervisor Woolsley asking him to repair a culvert near the J. T. Whitman ranch in his district.

Supplies were issued to John Harrison, Mrs. George Marang, Mrs. Daisy White, Eugene Lewis and James Emerson.

Forty-eight lbs. of butter were purchased from Henry Moore at \$.15 per lb. for use of the County Poor.

Harry Bolinger, being in charge of the Dammerell ranch, met the Board and reported a mudhole just west of the ranch and that he thought there was great need for a culvert. He said he wanted to haul some hay to Kern's Siding and if this road could be repaired it would be very beneficial at this time. He was informed that it would be looked into and steps taken toward repair.

At the regular session of the Board, July 5th, 6th and 7th, the following claims were allowed and warrants ordered drawn in payment of same on the various funds of the County:

W. S. Davidson was called and asked if he could get together the hospital board and meet with our Board. He stated he would endeavor to do so and would call back soon. Later he reported that they would meet the Board at 10:45.

T. L. Baker met the Board and stated he was 74 years of age and wanted an Old Age Pension. He said he had made his home in Gallatin County for the last twenty years. He was informed the Board was not granting any pensions at this time, but if he needed supplies an investigation would be made and if he was found worthy he would be furnished with supplies.

The hospital board consisting of W. S. Davidson, Charles Vandenhook, L. W. Truitt, Fred Willson and Miss Eberl met the Board and the matter of charges for operating room at the hospital was taken up with them, these charges varying from \$10.00 to \$15.00. They were asked the reason for this and stated it depended on the length of time the patient was in the operating room. They were asked if they could not make the County a flat rate of \$10.00 due to the fact that the County had a number of patients in the hospital most of the time. They stated that would have a Board meeting sometime in the near future and that if this Board would write them a letter stating just what they wanted they would give same consideration.

The matter of the County paying for medicine for sometime in the past was also taken up with them. They stated the County should be reimbursed for same and asked that a bill be made out for these amounts and they would give same consideration at their meeting.

R. S. Dawes called and stated that Charley Haan, a Chinaman, was still allowing boys to come to his room and smoke cigars and that he was going to put him out of his building. Mr. Dawes was asked to have the Chinaman come up and meet the Board which he did and the Board took up the matter with him. He stated this was true but that he would not do it any more. He was asked at this time to go to the County Farm for the reason that Mr. Dawes had stated he was going to ask him to vacate his room. He informed the Board he would not go to the Farm.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Surveyor Waldorf reported that a tire on the Austin-Western Grader was entirely gone and that in his judgment it had been a defective tire and that it had been furnished by the Firestone people. He was asked to see Mr. Belshaw representing that Company in Bozeman and have him inspect same. This was done and Mr. Belshaw stated that in his judgment some adjustment should be made but he was at a loss to know just how much and that sometime in the future the district man would be here and an adjustment could be made on same. Mr. Belshaw was given an order to replace the tire immediately.

Mrs. Theo Merithew met the Board and asked that the County pay her rent. She stated she was living at 419 E. Peach and had not been able to pay her rent for several months. She was asked to have Seth Bohart, owner of the property, appear before the Board. She stated she had been ~~paying~~ \$12.00 per month for two rooms and that her husband was expecting to enter the T. B. Sanitarium at Galen soon which would leave her by herself.

Seth Bohart later met the Board and arrangements were made with him to rent the property for \$8.00 per month.

Mr. Benz of Helena met the Board and wanted to purchase some second-hand lumber for the purpose of bridging over the dragline ditch on West Babcock. He was informed the matter would be taken up with Surveyor Waldorf and if such lumber was available at the County yards that he could purchase same at from \$8.00 to \$10.00 per M. The matter was taken up with Mr. Waldorf and he said the County had lumber at this time. Mr. Benz said he would call again.

Wallace Bomier and George Pickup of West Yellowstone met the Board and offered a proposition on some permanent work on the streets of West Yellowstone. This being an unincorporated town, it is the duty of the County Commissioners to keep same in repair. These gentlemen stated they would willingly furnish \$500.00 worth of oil and that they intended asking the Railroad Company to make transportation of same to West Yellowstone and if such arrangements could be made they would like to have the County scarify the streets, blade same and put on this oil and prepare same for permanent pavement. It was agreed to prepare a contract to send to them and if the necessary signers could be obtained the County would hook up in permanent interest on Railroad Avenue in West Yellowstone.

Mrs. Newberry called the Board and said she did not know how she could get along and pay her rent. She asked that the Board give this consideration and report back to her sometime soon as she was behind with her rent and would have to move if such arrangements could not be made.

As previously arranged, a meeting of the High School Boards in the County was held with the Board of County Commissioners and the County Superintendent of Schools, to take up the matter of transportation in the several districts. David Chandler, 72 years of age, who has lived in the County for many years, called and asked for supplies. The case was reported to Mr. Bull for investigation. After investigation by Mr. Bull, he reported that the son was at work and that they could probably get along for the time being.

Supplies were issued to Nate Callantine, Sam Kenley, Eugene Lewis and Mrs. George Marang.

H. H. Dokken, Funeral Director, met the Board relative to the burial of the two bank robbers. He stated that in average cases it would cost \$1.00 per mile for transporting the bodies, but that he would omit this charge and make burial for the regular burial fee of \$75.00 each. Inasmuch as the distance for transporting the bodies was about fifty miles and it having been necessary to make two trips, the Board decided that \$75.00 would be a very cheap burial and Mr. Dokken was authorized to go ahead.

John Foster, mail carrier on Route No. 2, reported the water running along the roadside, making the road almost impassable. He stated that a culvert was needed at the junction of the road. Same was reported to Surveyor Waldorf.

Chambers and Wayne Richardson, representing the Chamber of Commerce, met the Board relative to graveling Project #3 of the Virginia City road. They informed the Board that they had \$1000.00 which they would put up and Surveyor Waldorf was called in and asked to make an estimate of how much more would be needed. They were informed that in all probability it would take \$5000.00 more. They stated that it would be almost useless to canvass the farmers of that district for the reason that some of their crops had been damaged by hail but that they felt the money might be raised and asked to have the project advertised at once. They were asked to write the Board a letter guaranteeing the amount estimated by the Surveyor and the Board would then advertise for bids immediately.

Mrs. Joe Reese called and stated that her husband was sick and that they had had no work for sometime. The Board knowing something about this case allowed Mrs. Reese supplies.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 17th day of August, A. D., 1932, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Board, together with Surveyor Waldorf, went to the Kleinschmidt Canal north of the Daniels ranch and there looked at the bridge which had been complained of. It was decided that it would be advisable as soon as the water was taken out that a new abutment be put in and that the waterway be made larger.

Then went to the Wilson ranch and crossed the Kleinschmidt Canal west of his place and found there was a bridge there which was too low and decided it would be well to raise it slightly so as to care for the flow of water.

Then went to West Yellowstone and saw Mr. Peterson, a merchant of that place, who complained very much of fruit peddlers being allowed to come into West Yellowstone with not even a Montana license on their cars and only paying a \$5.00 license in the town. He stated he felt they should at least have a Montana license and should be treated in accordance with the rest of the merchants.

Then met a number of citizens of West Yellowstone relative to cooperating with the County in oiling the main street of that place for a distance of approximately one mile. After some discussion, they informed the Board that they would furnish the oil, the County to grade the street and secure the gravel to put on the oil. They were very anxious to have this work done this fall, but it was thought advisable that unless the work could be started within a few days that it would be better to postpone same until sometime next July. They were informed that the Board would look up the machinery to see if they could get it immediately.

Then saw John Willson relative to right-of-way across the east end of his lots. He informed the Board that this right-of-way could be secured for \$500.00.

Then saw Mr. Eagle relative to some lots which he owns. He stated that he would donate the necessary right-of-way along his lots.

Saw Bennett M. Ford relative to right-of-way south of Duck Creek. Mr. Ford informed the Board that this right-of-way could be secured for \$50.00. Arrangements were made and a claim signed by him for this amount.

Also saw Peter Kerzenmacher and made arrangements with him to repair the bridge at the foot of the corkscrew hill.

The Board adjourned at five o'clock P. M.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board went to Manhattan and saw H. J. Rodenburg relative to Lot 30, Block 20, Old Plat, Manhattan. After investigation, it was found that the lot which Mr. Rodenburg referred to was a vacant lot. He had thought that there was a small barn on it which he had in mind he could use. Mr. Rodenburg then decided that he had no particular use for the lot.

Then went to Three Forks and saw Joe Menapace and looked over County property with a view of getting a wood shed for Mrs. Murphy at that place. The matter of cancellation of the contract for property purchased by Mr. Menapace was taken up with him. He said that he could not pay for this property and advised that cancellation of the contract would be all right.

The Board while in Three Forks reappraised Lot 8, Block 31, O. P., Three Forks, this being the property above referred to, in the sum of \$500.00.

Supplies were issued to Eugene Lewis.

The Clerk was ordered to post notices for an extra session beginning Monday, August 22, 1932, not to exceed two days.

Don Christie met the Board and stated he was going up Bridger Canyon near the White & Rich ranch, and the Board having contemplated sending a crew up there to cut wood, Mr. Christie informed the Board that while there that he would skid this wood out and put it in shape so that same could be loaded on County trucks. A cook car and a crew of men were sent up for the purpose of clearing the right-of-way.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 25th day of August, A. D., 1932, at nine o'clock A. M.

Surveyor Waldorf, having arranged by phone to go and see the machinery owned by Mr. McLaughlin at Whitehall, on motion made and carried, the Board, together with Surveyor Waldorf, went over and saw the machinery. Found that same could be secured and after discussion, Surveyor Waldorf thought it would not be advisable to get the machinery and go to West Yellowstone to oil the street there this year, as a storm might overtake them and the machinery would be laid up at West Yellowstone all winter. It was therefore decided to wait until next year to do the work.

Then went up Dry Creek and inspected the work being done on the road in that locality.

Supplies were issued to Mrs. Maude Biggs.

The Clerk was ordered to post notices for an extra session beginning Monday, August 29th, 1932, not to exceed two days.

EXAMINER'S NOTES

All personal taxes and licenses must be collected as provided by law.

The balances shown on the County Treasurer's books in old estates should be called to the attention of the District Court as provided by Chapter 76 of the 1931 Session Laws and such balances escheated to the State of Montana.

We wish to call your attention to the fact that all delinquent property subject to tax deed has not been deeded to the County. The Supreme Court of Montana has held that the Board of County Commissioners must order tax deeds taken as soon as thirty six months have expired from the time such lands become delinquent.

The Bond Interest and Sinking Funds must be levied as provided by the requirements to date. Your attention is called to Section 25 of Chapter 188 of the 1931 Session Laws.

On October 31, 1931, the Minutes of the Board of County Commissioners show that the County Treasurer was ordered to turn over to the Home State Bank of Manhattan (Closed), Receiver's Certificates numbered 35, 128 and 129. The closed Home State Bank shows a balance due Gallatin County in the amount of \$8,739.04 which is covered by the above certificates. Such certificates must be returned to the County Treasurer.

The funds in the Home State Bank and the Willow Creek State Bank, both banks being closed, have not been taken from the General Fund and placed in the Closed Bank Account. This must be taken care of without further delay.

In checking over the minutes of the proceedings of the Board of County Commissioners of Gallatin County we find that the Board is in session on an average of eighteen days each month for the year's period. We are unable to see where the business of Gallatin County demands the number of days in session as shown above.

The salaries paid a few of the deputies are in excess of the amounts authorized by Section 4873, R. C. M. 1921. Also, a number of opinions have been given by the Attorney General as to the rates to be paid.

CLAIMS:

No. 790, Florence Crittenden Home, \$50.00, care of inmates (Annual Contribution); claims for contributions are not legal claims against a County and such claims must not be paid.

No. 59, O. L. DeVore, \$267.53, contains an item of \$3.50 for mileage of prisoner from Livingston to Bozeman. Other claims contain the same items. The Sheriff is only allowed mileage for transportation of a prisoner within the County. For the return of a prisoner from another County only actual expense is allowed.

No. 2661, Commercial National Bank, Bozeman, \$26.66, "To expense of handling coupon account." No. 3721, \$73.65, "To service charge coupon account for months of January, February and March, 1932." These claims are a charge made to equal the interest paid on the coupon account and are not legal claims against the County.

No. 809, Northern Automobile Company, \$672.00 for Chevrolet Coupe. Your attention is called to Vol. 6, Page 342, Attorney General's Opinions, in which it states the Board of County Commissioners has no authority to purchase an automobile with County funds for any purpose. This was also called to your attention during our examination of 1931.

Claims in payment of culverts purchased have been paid from the Bridge Fund. Such claims should be allowed on the Road Fund.

A few of the claims are not fully itemized or do not have complete dates. Due care must be exercised to see that the same are up to legal requirements as provided by Section 4605, R. C. M. 1921, that the same bear complete dates, that the itemization is clear and explicit of the services rendered and supplies or material furnished and that the same are duly signed and sworn to.

Respectfully submitted,

G. M. Robertson, State Examiner.

Minutes of the previous meeting were read and approved.

On motion made and carried, Commissioners Morgan and Moore, together with Surveyor Waldorf, went to Dry Creek and there saw Olaf Holmquist, relative to the bids on concrete bridges opened on August 29th which had been taken under advisement. Mr. Holmquist was asked if he felt that he could, in case the contract was awarded to him, be in a position to complete the work on the date specified. Surveyor Waldorf informed him that in his judgment he would not be able to complete the work by that time and that if the work was not completed in time that he would have to be penalized. Mr. Holmquist stated that he could perhaps get a foreman to take charge of the work but that he was not certain and that it would be all right with him if the Board wished to let the contract to the next lowest bidder. After some discussion the Board awarded the contract to Mougey & Whiteaker for the sum of \$2143.80.

Supplies were issued to Eugene Lewis.

The Board approved the Clerk and Recorder's report for the month of July, 1932.

Wednesday the 28th day of September 1932

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 28th day of September, A. D., 1932, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The matter of coal bids opened on the 26th of September and taken under advisement was taken up. It was decided to award the contract to The Sweet Co., they to furnish Roundup Bair-Collins slack coal at \$3.16 per ton delivered and lump coal from the Maxey Bros. mine at \$5.75 per ton, the coal to be weighed on the County scales and the County to pay for the weights.

Supplies were issued to John Harrison, Mrs. Daisy White, Albert Gilstrap, Frank Reid, Mrs. Agnes Gideon, Grant Thompson and Mrs. Clara Morgan.

H. P. Railey met the Board and wanted to know if the County could help them put gravel on their road. He was informed that the County would furnish the lumber for a trap, they to build same, and the County would trap the gravel and they haul and deliver same on the road.

Eric Nelson of West Yellowstone called in and stated that the John Parmer family of that place was living in his cabin and that it was not a fit place for a family to live. A letter was sent to Deputy Sheriff Waterman of West Yellowstone asking him to have the Parmers move back to where they lived last winter in suitable quarters.

The Board went up Bridger to inspect the fence line asked for by Ed Rich, he being a part owner of the land through which the County had acquired right-of-way for change of road last year. Mr. Rich thought that in order to compensate them for the right-of-way which they donated it would be no more than right that a fence be built along the roadside. He stated that the fence on the old road was still there and that perhaps some of it could be salvaged and used in fencing the present right-of-way. After inspecting same it was decided by the Board that the old material would be of no use for the reason that it was very old and that it would cost more to put it on the new line than what new fencing would cost. However, the Board agreed that it was proper that the County should do this fencing and agreed to have same done as soon as possible.

The Board then went out and inspected the new gravel job on the Virginia City road which had just been completed by Everett Brown and found same in very good shape.

81 lbs. of bacon was ordered from the Bozeman Meat Market at 12¢ per lb.

Mrs. Dave Douma met the Board and stated her husband had been shot in the arm and was unable to work. She stated they were living on the R. E. Brown ranch on Elk Creek and that everything they have is mortgaged. She asked that the County pay their rent here in Bozeman and furnish them fuel. She was asked to come back next week which she agreed to do.

The Board adjourned at five o'clock P. M.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

H. H. Jeter was called and asked to discontinue delivering milk to Mrs. Ethel Stevens at the expense of the County.

H. Hokanson, Tom Curtis and Walter Sales came in and asked if the County would gravel the low places in the road running past their places. They were told that in time the County would probably furnish them some lumber to make a trap and they could trap and haul the gravel themselves.

Supplies were issued to John Harrison, Mrs. Dorothy Williams, Mrs. Daisy White, Mrs. George Marang, Mrs. Herbert Whitson, C. C. Kendall, J. W. Lea and Mrs. Myrtle Parsons.

J. C. Neely met the Board and asked about some tents for the Wood Camp. Mrs. E. N. Brown was called and asked if some of the tents that Everett had in his father's barn could be obtained. She informed the Board they could and Mr. Neely was sent to get them.

Then saw Joe Edens who said that the wood from the Wood Camp would have to be hauled over a very bad hill unless arrangements could be made with Mr. Viewig to go through his place. Commissioner Moore and J. C. Neely went to see Mr. Viewig and secured permission from him to have some keys made for the gate across the road leading through his place and to haul the wood over this road. He was informed that when the County finished up the wood hauling the keys would be turned over to him.

Also saw Carl Erickson and arranged with him to help get supplies to the wood camp at various times when they could not be sent up otherwise.

The Board ordered four padlock keys made by Sam Crockett at 35¢ each.

H. H. Jeter was called and asked to deliver a quart of milk per day to E. J. Van Orman at 52¢ E. Babcock.

Mrs. M. A. Combellach of the Manhattan vicinity met the Board and said she had a son who had been farming one of Jack White's ranches and that their peas and garden had been destroyed by the worms and they were now in need of help. She was given some supplies pending further investigation.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 2nd day of November, A. D., 1932, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

J. C. Neely called from the Wood Camp and said they were in need of a few more supplies and some utensils. Same were arranged for and sent up.

The Bunnell boys living on the West Gallatin met the Board relative to right-of-way which the County wanted along their father's place. They stated their father had full supervision and they were just trying to find out just what right-of-way the Surveyor wanted. Arrangements were made for them to meet the Board tomorrow.

Having been informed by Dr. Piedalue that Pete Johnson, who is now in the hospital, has a sister living near the tunnel east of Bozeman and also a brother who is working on the railroad, the Board thought it might be possible for them to care for Mr. Johnson. On motion made and carried, the Board went to see the sister and she stated that it would be impossible for her to care for him for the reason that she at this time was caring for her aged mother who required a great deal of attention. She referred the Board to her brother and after discussing the matter with him he informed the Board that he would at a later date advise the Board as to what he would be able to do.

Mrs. Charles McAllister called and asked for aid for Morris McAllister, who is 75 years of age and unable to support himself. Mrs. McAllister was told an investigation would be made.

Bessie Leffingwell, a County charge, met the Board and wanted to move into a house belonging to Jack Scallan. Al Sawyer who is looking after the property came in and reported that the water hydrant at this place was broken. Therefore, there being no water at this place the Board would not rent same.

Thursday the 3rd day of November 19 32

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 3rd day of November, A. D., 1932, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

As previously arranged, the Bunnell family met the Board relative to right-of-way wanted by the County. Mr. Bunnell asked Surveyor Waldorf as to the location of the road in front of his house. He was informed that the Board had very much considered the right-of-way east of the railroad endeavoring to eliminate two railroad crossings. Mr. Bunnell stated that there were at present two canals running along just east of the railroad which took up most of the right-of-way between the railroad and an heavy embankment just east of that and that he was using this small space for transferring stock on his place and if the road were placed there it would prevent him from doing so. After some discussion, it was agreed to locate the road west of the railroad, still using two railroad crossings, and to locate the road through his ranch south of the house as per Surveyor Waldorf's survey, this being agreeable to the Bunnells.

Commissioners Pasha and Moore took supplies to the Erickson ranch and saw Mr. Neely who is in charge of the wood camp.

R. S. Dawes met the Board relative to 77 acres of land owned by him on Middle Creek east of Belgrade. He stated that when this land was assessed he gave it in as irrigated land and since he has been unable to secure water, which he thought he had at the time, and now asked that the Board reduce the assessment. He was informed that at this time it was entirely out of the power of the Board to make any reduction and he was referred to the County Attorney for further information.

A meeting was called by the joint committee on relief relative to instructions for the manager of relief. After some discussion, arrangements were agreed upon and instructions given to her.

A load of wood was sent to James Emerson at 2 East Peach; also a load to H. K. Buffington.

A committee of two from the general committee on relief was sent to R. E. Bodley relative to Red Cross material. He was asked to continue handling same inasmuch as the manager of relief would be new on the job and he would be in closer touch with same. He stated it was perfectly agreeable with him and that he would endeavor to do all he could to assist the manager.

Mrs. M. Flanzie called and asked to have Lots 12, 13 and 14, Block 3, Park Addition to Bozeman, appraised.

Approved the County Clerk and Recorder's report for the quarter ending September 30th, 1932 and also his report for the month of September.

Mrs. Cora Baker, who at one time received a Mother's Pension, came in and stated if the County would allow her \$4.50 she would go to North Dakota and stay with relatives there and not return here. She was given a petty cash check for that amount.

Supplies were issued to E. A. Stiefel for distribution to the poor of Belgrade and vicinity.

The Board purchased 98 lbs. of hind quarter of beef from the Bozeman Meat Market for the Wood Camp at \$.06½ per lb.

Supplies were issued to Mrs. Helen Wickberg.

Clint Clark met the Board and the matter of the electric lights which he had disconnected was taken up with him. He stated he would see the other tenants and would try to make some arrangements with them and that he would connect the lights for Joe Yadon and Logan Mize, they to pay their part of the light bill.

The Board having received notice from the State Examiner's office that the salaries of the deputies in the offices of the Clerk and Recorder, the Clerk of Court, the Treasurer and the Assessor, who are receiving \$150.00 per month, should, on account of an attorney-general's opinion, be reduced to \$137.50 per month. The officials were so notified on this date.

The Board adjourned at five o'clock P. M.

Supplies were given to George Duncan for use at the Poor Farm.

Ed Seville met the Board and wanted to rent what is known as the Glover cabin in Manhattan. He stated he would pay \$2.50 per month for same and would deliver a cord of wood to Mrs. Porter of Manhattan and also a cord to Mrs. Poff of Manhattan at \$7.00 per cord, he to be credited for this on the rent.

Treasurer Getchell presented Custodian's Receipt #968 of the Helena Branch of the Federal Reserve Bank of Minneapolis in the sum of \$35,000.00 dated November 1, 1932, same having been taken to secure County deposits in the Security Bank & Trust Company, covering the following:

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 16th day of November, A. D., 1932, at nine o'clock A. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Andy Braten met the Board on behalf of F. A. Blanchard and wife living up West Gallatin Canyon. He stated that both were getting old and had nothing whatever to live on. He asked that the County send up supplies that would last them through the winter as snow conditions would make it impossible to get supplies to them later. He was informed that this family had received quite a few supplies a number of days ago and was shown the list which had been sent up and stated it was quite generous. He asked if they might have flour enough for the next five months. The matter was taken up with R. E. Bodley who is in charge of the Red Cross flour and he stated it was customary with the Red Cross to give only a thirty-day supply at one time, but that he, personally, would be willing to make an exception in this case.

Dr. Piedalue reported to the Board that Pete Johnson was ready to leave the hospital. The Board consulted Mary E. Townsend relative to keeping him and she stated she would take him at \$20.00 per month as long as she could afford to do so.

Lan Lawrence met the Board relative to a man by the name of Johnson, whom he stated was very old and had no place to go. He was informed to bring Mr. Johnson before the Board and we would endeavor to get the full particulars.

The Board allowed Mrs. John Duncan three gallons of skim milk per week to be delivered by the Jersey Dairy.

Having previously arranged to go to Three Forks, on motion made and carried, the Board went and saw Thomas Veltkamp relative to a house on Lot 12, Block 30, which had been sold to him. He stated that when he made this purchase he thought he was getting the house on Lot 11, Block 30. This being a misunderstanding, he asked to look at several other houses. The house on Lot 8, Block 16, Buttlemans Addition, was appraised to him at \$90.00. He stated he would take this house and would arrange for payment before moving same.

Saw J. C. Menapace relative to rents of County property and he stated that he would like to have the Board write letters to different parties renting County houses.

The Board appraised the following property in Three Forks:

Lot 12, Block 23, O. P., \$90.00;
Lot 12, Block 8, O. P., \$80.00.

Saw Dr. Koehler relative to the Jenkins boy. Dr. Koehler stated that an investigation had been made and that the mother at this time was only receiving \$40.00 per month and with the family that she has he thought it would be impossible for her to pay the hospital bill or the doctor bill. He stated that she had gotten in touch with relatives in California who have been lending her assistance and they had said it would be impossible for them to pay anything on this case. The Board then met Mr. Parnacott who had been appointed on a committee of two to meet the commissioners and give them information pertaining to this case. Mr. Parnacott said that an investigation had been made and that the mother was barely able to get along and that if the county would pay toward the hospital bill at the same rate they pay in Bozeman that the people of Three Forks would try to make up the difference. This arrangement was agreed upon.

The Board inspected the project now being graveled on upper Dry Creek. Found same in very good condition and all completed with the exception of four or five days' work.

Delivered supplies to Mrs. Bertha Weston of Manhattan.

The Board adjourned at five o'clock P. M.

Those present were the Hon. Glenn Morgan, Chairman, Hon. J. E. Moore and Hon. R. J. Pasha, as Commissioners, and J. H. Harris, Clerk and Recorder, as Clerk to the Board.

He informed the Board that they were willing to cooperate in any way possible and that they would send a man with the Board at any time they wished to go out and look over the different districts. He was informed that there was considerable wood in Limestone Canyon yet which was dry and perhaps would be available if someone else could get it out. He stated there would be no cost for this wood and if the Board cared to make arrangements for green wood that they would gladly cooperate. He also mentioned the fact that he thought E. F. County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Friday, the 6th day of January, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, ~~as~~ Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

S. D. Waldorf, County Surveyor, reported that he had received a letter from the Kansas City laboratory relative to testing our flozone in answer to a letter written sometime ago. They stated they would make an analysis of this antifreeze for the sum of \$10.00. After considering the matter, an analysis was ordered made.

Treasurer Getchell reported that he had taken to secure County deposits in the Security Bank & Trust Co. Custodian's Receipt #1010 of the Helena Branch of the Federal Reserve Bank of Minneapolis dated December 30, 1932 in the sum of \$1001.56 covering State of Montana University Millage Fund and Registered Warrants. Same was approved.

Mr. Cramer of Springhill reported the road near the Decker school blocked and asked if this would be cleared soon. The matter was referred to Surveyor Waldorf.

Mrs. Wilbur Pettit met the Board and asked that the County pay their rent. The Board felt that Mr. Pettit being a young man should make arrangements for his own rent.

Treasurer Getchell reported to the Board that he had received a check from the Forestry Department in the sum of \$1721.97 which was placed to the credit of the Road Fund.

Grant Thompson met the Board and said he was feeling very badly. The matter was taken up with Dr. Piedalue and he suggested that he be sent to the County Farm. J. J. Stucky, caretaker, was called and asked to come in and get him. This he did, but Mr. Thompson refused to go out with him.

A half-ton of coal each was issued to Swan Erickson and J. L. Ford and a ton each to M. M. Parsons and D. A. Sterner.

Charles McDonald, the food administrator at Belgrade, met the Board and stated he did not have a cool place to keep butter but that the Belgrade creamery would sell the butter at wholesale price and deliver same to him as needed. This was agreed upon by the Board.

Mrs. F. M. Smart called and stated she was out of coal and had not received her warrant for the month of December. A sack of coal was ordered for her from The Sweet Co.

The Board adjourned at five o'clock P. M.

Then went to Manhattan and saw Robert Burns who wanted to purchase a tract 80 ft. x 130 ft. and appraised same at \$50.00.

Mrs. Kremer, Manager of Relief, met the Board and said that she was having considerable trouble in getting the groceries distributed from the commissary and that the janitor was getting impatient with the idea of having to get one party one day and someone else the next. The janitor was called in and asked relative to same. He said he was perfectly willing to take care of the job and was equal to it, but if the Board would pay him \$150.00 a month that he would hire a man at all times needed and would pay him for the work done. This arrangement was made.

Groceries for the County poor were ordered from the Lovelace Grocery Co.

100 lbs. of butter were ordered from the Montana State College; a case of eggs and two cartons of lard from Sawyer's; and five cases of cheese from the Gateway Cheese factory at 11¢ per lb.

Dr. Piedalue reported Walter Porter from the County Poor Farm in the hospital.

There being no near relatives financially able to care for the burial expense, the Board notified Paul Reichert and asked him to make arrangements for burial in the cemetery in Bozeman.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

A letter was written to Dr. H. A. Bolton, Superintendent of the State Hospital for the Insane at Warm Springs, confirming the telephone call relative to Helen Shonfeldt. He was asked that she be kept there, which he said he would do, providing he received a letter to that effect.

The Clerk was ordered to post notices for an extra session beginning Monday, March 13th 1933, not to exceed two days.

Dr. Piedalue reported Paul Bates had been brought to the hospital for an appendicitis operation and he stated he thought this would be a County case. He informed the Board that Mr. Bates' wife would be in and talk with the Board relative to same.

Brownell Bros. were called and asked to bring in a sample of oats for inspection so as to ascertain whether or not they could be used in mixing gopher poison. After seeing the sample, R. E. Bodley was called in and he pronounced the oats all right. He had previously brought in a sample of oats which he stated would cost the County \$1.15 sacked. After discussing the matter, it was agreed to purchase the oats from Brownell Bros. at \$.95, the County to furnish the sacks, or \$1.00 per cwt., if they furnished the sacks, the oats to be cleaned in good condition. Brownell Bros. took out fifty sacks belonging to the County.

Monday the 13th day of March 1933

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 13th day of March, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Dr. Piedalue reported to the Board that he had taken Sam Miller to the hospital; also that Ed Gammons had been taken to the hospital and was in bad condition.

The Clerk was ordered to post notices for an extra session beginning Wednesday, March 15th, 1933, not to exceed two days.

George Miller met the Board and said the road in Sixteen Mile Canyon near his place was in very bad condition. He stated the water had run over the road and caused the ice to freeze on it and it was almost impossible to get over it. He stated it would take two men about a day to fix it so that it would be passable. He was informed that if it would take no more time than that to go ahead and take care of it.

R. E. Bodley met the Board relative to a place for mixing gopher poison. After looking over the situation in the garage underneath the Court House, it was decided to move out a few of the cars and mix the poison in the north end of the garage. He also stated that the place formerly used for storing the poison had been taken for other storage so that he would have to have another place. Arrangements were made with the janitor to fix up a place in the basement near the furnace room.

James Lane of Three Forks met the Board and said he would like to lease Lot 14, Block 17, O.P., Three Forks. He was informed the Board would be in Three Forks in the near future and would then take up the matter with him.

Harry Grant met the Board and asked to withdraw \$62,000.00 worth of securities put up by the Commercial National Bank for County deposits. After going over the bonds carefully, it was found that the remaining bonds would be sufficient to secure the County deposits in that bank and the following were released:

Custodian's Receipt No. 8-M of the Federal Reserve Bank of Minneapolis dated November 17, 1932 covering N.Y. Central R.R. bonds in the sum of	\$12,000.00

Swan Erickson reported to the Board that his son had been rushed to the hospital for an appendicitis operation, and asked that the County pay the hospital bill as he was in bad condition at this time. He said he had seven children to support but would be willing to pay the County back as soon as he could get work. This was agreed upon.

Lawrence Hansen met the Board and stated he was living in one of Tony Tester's houses at 614 North Black and had not been able to pay any rent for several months. He said the rent was \$15.00 per month and that Mr. Tester had asked to either pay up or move out. After discussing the matter with him, it was decided to allow \$8.00 per month, and he was asked to have Mr. Tester come up and see if this arrangement would be satisfactory.

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board went to the Charles McDonald ranch and purchased two Jersey cows from Sam Young for the County Farm, one for \$35.00 and the other for \$40.00. Delmar Moore was ordered to take his truck and go to the McDonald ranch and get these two cows and make delivery of same at the Poor Farm and then pick up a cow at the Farm and take her to the Happel ranch and leave her at that place.

Then went to Logan and there saw Joe McQuillan relative to O. W. Gilhooley and Martin Keiser, both County charges. The Board had been allowing each of these \$10.00 worth of supplies per month at Mr. McQuillan's store and now informed Mr. McQuillan that the allowance would be cut to \$6.00 per month and that a letter to that effect would be written him.

The Board also took up the matter of the allowance for Mr. and Mrs. J. B. Corbett with Mr. Gilhooley and Mrs. Jenni. They said that on account of Mrs. Corbett being sick at this time they did not see how their allowance could be reduced and advised that as soon as the Board could do so that it probably would be well for them to go and see them.

Then went to Three Forks and appraised Lots 7 & 8, Block 32, O. P., Three Forks, at \$300.00, this being the property known as the Townsend house. Also appraised Lot 10, Block 2, O. P. at \$150.00.

Then went to Willow Creek and saw several of the citizens at that place relative to \$1700.00 that is now being held by the County and which had been allotted to them at the time of the bond issue for the road leading from Willow Creek west approximately three-fourths of a mile. They informed the Board that since the new road to Butte had been built that this money could be used much better on the main Three Forks and Willow Creek road running south. They stated they felt that the other road was doing very little good for the town of Willow Creek and was in as good condition as any part beyond it. They were informed that if they desired to petition the Board that we would endeavor to see if this money could be transferred to the road above mentioned.

Then went to Manhattan and saw Robert E. Burns relative to a plot of ground west of the filling station owned by him and appraised same at \$50.00. He informed the Board that he would endeavor to meet them tomorrow.

She stated that the Board had previously informed her that the City lots in Bozeman owned by the County could be used for gardens by some of the County Poor and that it now appeared they were to be used for 4-H Club interests. She was informed that while Mr. Bddley and Mr. McDonald had gone over these lots endeavoring to get as much information as possible, the Board was of the opinion that Mr. McDonald would look after and supervise these gardens for both the County Poor and the 4-H Club. She was informed that the Board would call in Mr. Bodley immediately and endeavor to get some understanding so that no conflict would exist.

Treasurer Getchell reported that Helen Simpson would be through in his office tonight.

Mrs. Annie Dale called and asked for some wood. Same was ordered sent.

Fred Brown of Bozeman, E. B. Domohue of Butte, and R. J. Ephland of Billings met the Board relative to securing a location for the State Highway Commission shops. Arrangements were made to let them have approximately one or one and one-half acres of ground in the southeast corner of the Fair Grounds, this being agreeable with the County Fair Board. They stated that they would have Mr. Brown survey same and at some later date they would endeavor to start construction of the shops.

They also took up the matter of a reduction in the rent of the Seventh Avenue yard. The State Highway Commission had been paying \$200.00 per year for this property but on account of the building used by them as a shop having burned down about the first of the year, the Board agreed that the rent would be \$10.00 per month beginning January 1st, 1933.

The Clerk was ordered to post notices for an extra session beginning Friday, April 21st, 1933, not to exceed two days.

Dr. Piedalue reported Earl Hume in the hospital from a self-inflicted wound and that he might be a County charge.

C. W. Overstreet, Deputy Sheriff, reported Eugene Naylor very sick in a room in the Courier Block and he stated he was without funds. Same was reported to Dr. Piedalue who later reported that Mr. Naylor had been taken to the hospital.

M. G. Swingle met the Board and stated that his ditch which runs over the dragline ditch on the Poor Farm road west of Bozeman had never given satisfaction and asked that the Board make an inspection of same. This the Board did and found that an Armco culvert had been placed in the dragline ditch and this culvert covered with dirt so that the water could be conveyed across the road. In the judgment of the Board, water had been turned out of the levee over this pipe, which had caused it to wash out, and, for this reason the Board thought the County should not be responsible for its repair.

The Board adjourned at five o'clock P. M.

The Board inspected the bridge near the "Sandy" Christie ranch which had been reported by Sam Wosley as being in danger on account of the water backing up caused by a beaver dam. After inspection of same, the Board decided that in their judgment it did not appear that this bridge had been affected much by this dam.

It was reported to the Board that Miss Sheplar of Manhattan was in very bad condition. In order to get more information, it was decided to call Mr. Stoudt of Manhattan. He was asked to go and see her which he did and reported back that the County Nurse had just been there and he stated that if the doctor was sent down that in all probability she could remain at home and get along all right there.

On motion made and carried, the Board together with Surveyor Waldorf, went to Kelly Canyon and decided to clear out the brush on that road. Then went to Cottonwood Canyon and inspected the work being done there by the County. Found the work nearly completed and that it would be a great help to the road. At about a quarter of a mile up the road, Surveyor Waldorf stated it would be advisable to get more right-of-way endeavoring to make the road wider. Bill Wortman, County Truck Driver, was asked to see Mr. Topel relative to securing a round corner at that place. He later reported this would be agreeable.

The Board then went to Gallatin Gateway and appraised the property at that place which had been taken by tax deed.

Then went to Middle Creek north of Monforton school and inspected the road where Middle Creek is overflowing in the dragline ditch and doing considerable damage. It was decided to make a further inspection as soon as possible to see if the cause of this overflow could be found.

Mr. Hansen of Anaconda reported to the Board that his father, A. S. Hansen, of Manhattan had died and that his sister living in California wanted to come back for the funeral and would then take her mother back with her in the mother's car, if the County would furnish her transportation from California. He was informed that the Board could not do this and that he would have to make other arrangements.

The Board having been informed that Mrs. Susie Decker, a Mother's Pensioner, had two men staying at her place, claiming they were paying board, and also that her children were not being properly cared for, for the reason that she did not have sufficient money, Undersheriff Isbel was asked to make a report on same. Mr. Isbel reported that these men were staying there and that Mrs. Decker claimed that one of them had been furnishing some shoes and clothing for the children. Mrs. Decker was called in and asked if this was true and she said to some extent it was. She was also charged with allowing liquor in her house and asked if she was selling same and she denied all of this. The Board informed her that James Emerson, one of the parties living there, in their judgment should be asked to find some other place for board and room, it appearing that he had paid but very little for this. The Board asked her to send him up so that they might have a talk with him.

Adrian Stiff of Belgrade met the Board relative to purchasing Lot 9, Block 15, Crescent Addition, Belgrade. Same was priced to him at \$10.00. He said he would take this up with the Board about May 1st.

Barney Warner met the Board and complained about his neighbor running waste water through his place at a point where water had never been run before and at a point where there was no culvert in the road, making the road very bad at times. He was told, however, that if she was destitute that some supplies could be given her if she would come to Bozeman and sign up a case history.

D. L. McDonald met the Board and asked if it would be all right to get the team, disc and plow at the County Farm for plowing gardens. He was asked to see Mr. Stucky and if he was not going to use them that the Board thought same could be done.

Mrs. Tom Wheeler met the Board and said she could not make a "go" of it and asked that the County pay her rent. She stated she had been working only part time and had now been cut off of some of that. She was informed that the County would rather not take on the rent but would furnish her a few supplies if she could take care of the rent.

Mrs. Sam Miller was given groceries for George L. Yates.

The Board adjourned at five o'clock P. M.

Wednesday the 3rd day of May 1933

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Wednesday, the 3rd day of May, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

Charley King met the Board and said his mother was staying with the John Railey family and that they could not keep her any longer. He said that if it would be possible to send her to the County Farm that he would pay \$12.00 per month for her keep. He was informed the matter would be discussed and the Board would let him know at a later date.

Fred Lay, County Attorney, was called and asked if it would be possible to use \$1701.00 which had been raised by bond issue for a certain road near Willow Creek on another road which the people of that vicinity much preferred to use it for, inasmuch as the building of Highway #10 west had taken most of the traffic off of the road this money had been intended for. Mr. Lay was asked to render an opinion as to whether this money could be transferred and used on the other road.

Henry Veltkamp, William Alberda, Albert Vanderark and Henry Leep met the Board relative to a petition for a road in their vicinity. They were informed that if they wanted to make this a standard road that it would be necessary to get a petition with the signatures of the freeholders in that locality.

H. W. Kremer met the Board and wanted to purchase some property in Three Forks. He was told that the property would be advertised for sale in the near future and that it would be advisable for him to pick out the property he wanted from this list which would be published in the Bozeman Daily Chronicle.

Walter Wortman paid to the County Treasurer the sum of \$2.00 for rent for a cabin on the Clark property.

Frank Amick of Gallatin Gateway met the Board regarding rent for Mrs. Garnett Mars. He was told the County could not pay her rent in view of the fact that she had been offered work and would not accept same.

Thursday the 4th day of May 1933

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 4th day of May, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Saturday, May 6th, 1933, not to exceed two days.

The Board, together with Surveyor Waldorf, County Agent Bodley and D. L. McDonald of the High School, went to the Fair Grounds and laid out a space to dig a foot cellar to be used for storing vegetables for the County Poor. Surveyor Waldorf stated as soon as the dragline was through at the airport that he would put it in and make this excavation before moving from that place.

H. H. Howard met the Board by request and was given a list of Three Forks tax deed property and asked to publish same, the sale to be held on June 12th, 1933.

Attorney Staats, representing Mrs. W. Morgan, in whose house the Ray Ross family is living, met the Board and stated that Mrs. Morgan wanted them to move out immediately. Mr. Staats was informed that the County was paying the rent at this time and asked him to consider leaving them there until school is out. He stated that he would see Mrs. Morgan and in all probability such arrangements could be made.

Don Chandler of Manhattan met the Board and asked about the Belgrade shop located on Lot 2, Block 2, Crescent Addition, Belgrade. He was asked to look at this property and if he desired he could purchase same for \$20.00. He agreed to do this on his return to Manhattan.

Harry Wilson met the Board and asked that the County put a culvert across the road at the Potter schoolhouse. He stated that when the County put in the dragline ditch this culvert had been destroyed and had never been replaced. He was informed the Board would look up the matter and let him know at a later date.

Deputy Sheriff Workman of Three Forks called and said the Three Forks citizens would like to have the caterpillar crew now working in that vicinity do some blading on the streets. He was informed the County would furnish the outfit and crew to do this work at \$20.00 per day. He said this would be satisfactory.

Mrs. Carl Axtell of Gallatin Gateway met the Board and offered for sale Irish Cobbler potatoes at 50¢ per cwt, the County to furnish the sacks and haul the potatoes. These potatoes being very scabby, she was told the Board would rather buy potatoes that were not scabby, but would call her later if they decided to buy her potatoes.

The Board purchased 170 lbs. of lard from the North Side Market at 6½¢ per lb.

The Board adjourned at five o'clock P. M.

Friday the 5th day of May 1933

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Friday, the 5th day of May, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

R. J. Cowles met the Board and wanted to purchase 25x140 ft. of Lot 6, Block "A", Hoffman's Addition, Bozeman. He was informed this property would be appraised by the Board at an early date and in all probability would be advertised soon for sale and at that time he could make purchase of same.

S. D. Waldorf was asked to get a list of the tax deed property owned by the County in Willow Creek.

On motion made and carried the Board went to Manhattan and left a deed with Murl A. Griffith for lots in Manhattan previously sold to him.

Then went to Willow Creek and appraised tax deed property owned by the County. Also inspected the road work done by Caterpillar Crew #1. Then went to the Murohy ranch to see Mr. Sallee who is living on this ranch with the object of trying to get him to do some plowing for the use of the pasture which had been granted him. He not being at home the Board went to Section 15-18-1W and appraised 160 acres at \$2.00 per acre. Then went to Sappington and inspected roads in that vicinity. Saw Charley Sappington and asked him about the roads in the lower part of that section. He said that most of the roads were in fair condition but he thought that a little work could be done to better conditions between Sappington and the main State road east. Then went to the bridge just west of Willow Creek and inspected same and found that the decking was not in too good shape but in all probability would last for the year. Then went above this bridge and inspected the river bank and found that it was washing considerably and marked the banks so as to see just how badly it was washing. Found that in case this work would have to be done that in all probability it would be for about a quarter of a mile in length and that it would take an enormous amount of riprap to do the work.

Also saw Johnny Lane relative to taking a Fresno and filling in the approaches where the road had been graded on the main highway. He stated that he had a small piece of road leading into his place a distance of about 400 feet and said if the County while the blade was there would grade this piece of road for him that he would do the work mentioned free of charge. This agreement was entered into.

Then went up the "pole line" road south of Three Forks where the people had asked that some graveling be done and decided that a trap could be put up and this piece of road graveled at very little expense. Surveyor Waldorf inferred that this work in all probability could be handled through the R. F.O.

The Board purchased 3000 lbs. of Netted Gem potatoes from Sawyer's at 75¢ per cwt. and 1000 lbs. of Cobbler potatoes at 50¢ per cwt.

County Agent Bodley and Commissioner Brownell interviewed E. L. Heidel relative to building a root cellar at the Fair Grounds. Mr. Heidel said he had no objections and the Board decided to begin work at once.

W. L. Vogel of 612 North Bozeman met the Board and wanted to sell some dry wood. He was told to meet the Board later as we had plenty on hand.

The Board adjourned at five o'clock P. M.

The Honorable Board of County Commissioners met at the above named office in extra session on Saturday, the 6th day of May, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Monday, May 8th, 1933, not to exceed two days.

Dick Murray from West Yellowstone sent a sample of gravel to be used in concrete on the Duck Creek and Madison bridges and asked that this be taken to the College and have Mr. Conklin make a test of same and report to the Construction Engineer at Missoula relative to the contents of same.

Joe Elings met the Board and purchased a condemned building located on Block 23, Fabrick Addition, Manhattan, for the sum of \$40.00, he to move same within the next fifty days.

Earl Schenk of Gallatin Gateway met the Board and said he had lived on the John Gary ranch for sometime and wanted to take water across the road. He said there was a sign of a ditch and that the culvert had been removed and asked if the County would furnish a culvert if he would do the excavating and put it in. The matter was referred to Surveyor Waldorf and he said he would look into same at once.

Surveyor Waldorf met the Board and said he wanted to go over the prospective work for the coming season. He spoke of the number of roads that had already been worked on and mentioned in particular the road east of Bozeman that was mostly finished and said he thought this road should be completed but as yet he had found no gravel that would answer the purpose. He also mentioned the Jackrabbit road south of Belgrade and he was informed that the Chamber of Commerce of Belgrade had felt as though this work should not be done this season owing to the depression. It was therefore decided to do nothing on this road unless something came up later in the season. The Anceny-Vincent road was also discussed and it was decided to abandon any work on it this season. The matter of the Virginia City road was discussed and Mr. Waldorf said that in all probability there would be enough money to put on another project should it be decided to do so later.

Frank Ward of Willow Creek met the Board and wanted to get a job riprapping the Jefferson River south of the bridge at Willow Creek. He was told the County could not do this work at this time.

Mrs. Violet Pinkerton met the Board relative to her mother-in-law, Mrs. Rose Pankerton, for whom the County is paying rent of \$15.00 per month to Mrs. Johns. She said it was her understanding that heat, lights and water were to be furnished, which was also the impression the Board had. She stated the heat was not being furnished and that they had in mind getting another place for her and if they did it would be less than \$15.00 per month.

Also inspected the work done by the dragline on the root house at the Fair Grounds.

On motion made and carried, the Board, together with Surveyor Waldorf, went to Middle Creek and met T. Menard and J. H. Quadde. They had considerable discussion about where their water comes out of the creek. Mr. Quadde claimed that making this new channel would very much impair the place where he takes out water. The whole thing was gone over and it was found by using a 12-inch pipe on the east side of this cut that water could be delivered to the place where they had been using it. This was agreed upon. It was found that the head of the ditch on the west side of the creek was not impaired and the work with the dragline was continued.

Then went to the Artell bridge and inspected the bridge and the riprapping that had been put in by the County crew. They informed the Board that they thought that this alley had been closed sometime ago and would endeavor to look up the matter and report in a short time.

S. P. Eagle called from West Yellowstone and asked the Board if they would pay the men of West Yellowstone for opening the road in West Gallatin Canyon. He stated they would take the job for \$40.00. Baker would furnish room, board and all necessaries excepting doctor bills, for them if the County would pay her \$25.00 per month. The State having cut off the funds that matched the Rockefeller Foundation money, the different organizations of Bozeman raised \$900.00 to match the Rockefeller money. It was found that this amount was \$300.00 short of the amount contributed last year by the State and that therefore it would mean \$600.00 less in the entire budget. The Board discussed the proposition and decided to call in a number of people from different parts of the County and discuss the matter. Minutes of the previous meeting were read and approved.

R. P. Jones was seen relative to janitor work at the Court House. After some discussion it was agreed to employ him to perform this work at the Court House, the Jail and the Health Department.

They were informed that Surveyor Waldorf would soon have the survey completed and that the Board would meet them tomorrow afternoon at four o'clock P. M.

Dr. Piedalue reported that Roy Large, who has been receiving ^{care} at the home of Mrs. Clara Crouse, and who had previously been at the Deaconess Hospital for about ten months, would be able to leave Mrs. Crouse's at any time. He stated Mr. Large would like to go to West Yellowstone and asked if the County would allow him a certain amount so that he might live there until he could get so he could work. He was asked to have Mr. Large meet the Board later and they would give him some answer.

The wives of Mr. Kramp and Mr. Mealue, both of whom had just been found guilty of horse stealing, met the Board and stated they were destitute and asked if the County could care for them. They were informed that it was the understanding of the Board that their husbands would be sentenced next Monday and at that time if the Judge sent them to Deer Lodge that some arrangements could be made to give them aid. They stated they thought they could get along until that time.

Sherman Smith reported a culvert broken down about a half-mile west of the Fowler schoolhouse. He was asked the size of this culvert and stated he would endeavor to get the size and report back to the Board as soon as possible. Later he reported the size as being 18x36 inches.

Fred Williams met the Board and asked that Surveyor Waldorf go with him up the West Gallatin to Taylor's Fork to look at a possible dam site for irrigation purposes. He was informed that Mr. Waldorf could go with him on Saturday but that would be about the only spare time he would have for sometime. He saw Mr. Waldorf and arrangements were made to that effect.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Friday, the 9th day of June, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Thomas W. Scott reported his mother-in-law, Mrs. Mary E. King, in bad condition. He stated she had been staying with him and his wife for a short time but that his wife's health was such that she could not care for her. He said Mrs. King owned Lots 1 to 5, inclusive, Block 7, West Park Addition, Bozeman, with improvements and that they would gladly turn the rent to the County if she could be taken to the County Farm. The Board looked up the case and found that E. J. Owenhouse has a mortgage on it and also found that there was about \$151.00 due in back taxes and that the property would soon be subject to tax deed. It was decided after looking at the mortgage that there was no equity left in the place and he was told that they had better arrange in some way to look after Mrs. King. He stated that she was mentally deranged and that in all probability something would have to be done relative to sending her to Warm Springs.

As previously arranged and on motion made and carried, the Board, together with Surveyor Waldorf went to Willow Creek and looked over the road which Mr. Waldorf had made a survey of from the railroad to the bridge on the Jefferson and there met the citizens relative to doing this work. It was found that they wished to do as much of this with men and teams and hand labor as possible and that they wished to have William Taylor and another man put on as foremen on this job.

Then went and saw Charles Kent relative to 1 1/3 acres of land which the survey showed would be needed for this road. After some discussion with the Kent family, the one and a third acres was purchased for \$75.00, the fence to be moved on the survey line.

Then saw one member of the committee that met the Board and asked if they could commence moving the fence and clearing the right-of-way so as to put the crew at work immediately. Arrangements were made to pay the single men \$3.00 per day, the teams at the rate of \$2.00 per day and the foremen \$4.00 per day.

The Clerk was ordered to post notices for an extra session beginning Monday, June 12th, 1933, not to exceed two days.

The Board decided that all sales of tax deed property for \$10.00 or less would be cash.

Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 13th day of June, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

H. H. Dokken, Funeral Director, met the Board relative to William Scottie Longdon who had died and whose body was in his undertaking parlors. He stated Mr. Longdon died without funds and asked the County to pay part of the burial expense. He was informed the Board would make an investigation and report to him later.

On motion made and carried, the Board went to the Portnell ranch and to the Clarence Herron ranch and saw both Mr. Portnell and Mr. Herron endeavoring to get all of the information possible relative to Mr. Longdon. It was found that he had a car, three guns, a trunk, a suitcase and quite a few tools and the Board felt that these would be sufficient to take care of the burial. Mr. Dokken was notified of the amount of property and said he would take care of the burial and take his own chances.

Harry Reif of the Montana Power Co. called the Board and reported that he had been up at West Yellowstone yesterday and that a bridge near Grayling Creek was in very bad condition. He was informed that action would be taken on this and repairs made soon.

The Board received a call from Alex Stuart of West Yellowstone relative to oiling the streets there. He stated the oil would be in next week and that he would like to have the County take some action in getting a sprinkler to proceed with the work at once. J. L. McLaughlin of Whitehall was called to find out if he could take the contract for oiling these streets. Finding he was not at home Surveyor Waldorf was authorized to get in touch with him as soon as possible and find out if he could do the work.

Earl Robbins was given an order for a small grader to use on the Limestone Canyon road.

Dr. Piedalue reported that Walter Porter who is at the home of Mrs. Blanche Jones would have to be moved to the hospital for an X-ray.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 14th day of June, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Alex Stuart called from West Yellowstone and reported that a distributor could be had from the government at Mammoth for two days for distributing oil on the streets at West Yellowstone. The matter was discussed and the Board and Surveyor Waldorf decided the time would not be sufficient to properly do the work and therefore the offer was not accepted.

Robert Schrader representing J. L. McLaughlin called and said he would go to West Yellowstone and look over the proposition of oiling the streets and would then meet the Board tomorrow relative to same.

Mr. Chambers, Postmaster at Manhattan, wrote the Board a letter reporting that irrigating water had washed out the road between Reich Heiskell's and the Davis ranch.

Enoch Sales reported to the Board that the water had again broken out on the road west of his ranch and was washing the road badly. On motion made and carried, the Board, together with Surveyor Waldorf, inspected the road south of the Heiskell ranch and also the road west of the Sales ranch and found that it would be necessary to put up a road guard and to repair the ditch west of the Sales place. A crew was ordered out to do the work the following day.

The Board received a check from R. E. Burns in the sum of \$40.00 as payment in full on a tract of land in Manhattan. Surveyor Waldorf was ordered to check up and prepare a description of same so that a deed might be made for same.

Roy Large who has been a County charge and staying at the home of Mrs. Clara Crouse met the Board and wanted to go to West Yellowstone. He said if the Board would give him \$10.00 that he would go and would care for himself thereafter. Inasmuch as the County was paying \$1.00 per day for his care, the Board decided this would be good business and gave him a petty cash check in the sum of \$10.00.

Dr. Piedalue and Janitor Jones moved Walter Porter from the home of Mrs. Blanche Jones to the hospital.

The Board purchased 2300 lbs. of potatoes from the Home Market at Helena at 80¢ per cwt.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Monday, June 19th, 1933, not to exceed two days.

Mrs. Billman met the Board and took up the matter of caring for Mrs. Mary Franks who is a County charge and in very bad condition. She said someone would have to be with her as she is subject to spells. She stated that Mrs. Franks had two daughters but she knew nothing of their whereabouts. The Board decided to get the information and to write letters endeavoring to find out whether or not they could care for her.

The Board received boiler inspection certificates for the boilers at the Court House.

"Doc" Symmonds met the Board and wanted to purchase the Barber-Greene conveyor owned by Gallatin County. He was informed the price would be \$450.00 but that the Board before selling same would have to advertise it and offer same for sale at public auction.

On motion made and carried, the Board inspected the road south of Reich Heiskell's ranch and found that it had been properly barricaded. Also inspected the work done by the County crew west of the Sales ranch on the road and also that done on the Sales ditch. Found the work progressing well and thought that when completed that it would take care of the situation.

Then saw Joe Menapace relative to Lot 7, Block 31, Original Plat, Three Forks, for which he made a bid of \$30.00 on June 12th, the date of sale. He made a down-payment of \$6.00 the balance of \$24.00 to be paid in four annual installments of \$6.00 each with interest at 4% per annum.

Then went and inspected the road in the vicinity of Willow Creek on which a crew is working. Then went to the Williams bridge south and west of Willow Creek and inspected same. Those present were the Hon. J. E. Moore, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Wednesday, June 21st, 1933, not to exceed two days.

As previously arranged, and on motion made and carried, the Board, together with Surveyor Waldorf, went to West Yellowstone to look after the matter of oiling the streets, and to stake out the streets endeavoring to show the contractor where to work.

Then went to the Civilian Conservation Camp at Hebgen Lake and saw Mr. White in charge of the camp and Mr. Edwards in charge of the road crew. They informed the Board that they were planning to build a road to Watkins a distance of nine miles from the main highway and that approximately two or three miles of this road was County road. They stated that if right-of-way could be secured from two parties that they would take over this road and relieve the County of this expense. The Board deeming this good business agreed to try to do this.

The Board saw Henry Altman who has 160 acres, one-fourth of a mile wide and one mile long, and endeavored to secure right-of-way along this property. He informed the Board that right-of-way could be secured a distance of three-fourths of a mile for fencing one side of the road. On the north forty Mr. Edwards informed the Board they would have to make a survey endeavoring to get a grade which would take approximately 8½ acres of ground and he said this right-of-way could be secured for the sum of \$10.00 per acre for all land cut off. The Board deeming this good business decided to allow same.

Then went and saw William Martzell relative to right-of-way through forty acres of his land, this being a distance of a quarter of a mile, and asked him what price he would ask. He informed the Board that at present he had no deed to this land and that the estate to which this belonged would have to be probated and advised the Board to see M. R. Wilson and he would take care of the matter and whatever Mr. Wilson did would be agreeable to him.

McLaughlin, then went down the Lake Shore on the north side and inspected the work that had been done on the bridge on that road and found same in good condition and found the road in Gallatin County along the lake shore in fair condition. Then went to the camp west of West Yellowstone and saw Mr. White and found that a survey had been made of the right-of-way through Henry Altman's place. Also talked with Mr. Edwards relative to the number of feet through the Altman ranch which he said was sixty feet and stated this would be agreeable to Mr. Altman.

Then saw Leigh Roush who stated on one of the streets in the west part of town the trees had been cut down and stumps about four feet in height left there and he asked that the Board write letters to the parties asking them to clear out the stumps so as to make it possible to open the street. This the Board agreed to do.

Then saw Morgan Ferguson relative to work in that vicinity.

The Board also went to see the Farmer family located about six miles west of West Yellowstone and found they had put in quite a large garden and that they were getting food from the forest camp in that locality. They said they were getting along in very good shape.

While at the forest camp, Mr. White and Mr. Edwards asked to use a County blade which is at the camp of the Standard Construction Co. They were informed that this blade could be had for use while the road was under construction.

Surveyor Waldorf met the Board relative to the work at Willow Creek and stated he was going down to complete the survey and asked if the Board would meet him in the afternoon endeavoring to meet the committee relative to the work going on at that place. On motion made and carried, the Board went to Willow Creek and met Mr. Parks, Ted Heilly and Mrs. Frieda Walbert. The work being done and also the foremen in charge of same were discussed. They were informed that the Board had received a letter protesting very much against the present management and it was found that a number of others were complaining. The Board informed them that in their judgment it would be advisable to put on a strange man endeavoring to get more efficient work. After considerable discussion it was agreed that perhaps this would be better.

Then went down and saw Leon Ballantyne in charge of the work and informed him that owing to complaints that it would be better for him to finish up the present grade to the first bridge east of the river bridge and then lay off the crew until other arrangements could be made.

The Board purchased 100 lbs. of bacon at 14¢ and 120 lb. of lard at 7¢ from the North Side Market; also purchased groceries from the Lovelace Grocery Co.

Albert Preston having hung himself and the body having been taken to the Dokken Funeral Home, after interviewing the relatives, it was found the County would have to care for the burial. Mr. Dokken turned over the body to Paul Reichert and arrangements were made for the burial.

J. J. Stucky, Superintendent of the Poor Farm, was in and reported that Joe Nash was unable to furnish the 1x4x16 boards which the County had ordered from him sometime ago. Mr. Stucky was asked to see Mack Blanchard and see if he could buy the lumber from him.

The Board adjourned at five o'clock P. M.

Treasurer Gatchell reported that he had released Custodian's Receipt #1016 of the Helena Reserve Bank of Minneapolis dated January 17, 1933 covering State of Montana University Millage Fund Registered Warrants aggregating \$1020.12 and Custodian's Receipt #1010 of the Helena Branch Reserve Bank of Minneapolis dated January 5, 1933 covering State of Montana University Millage Fund Registered Warrants aggregating the sum of \$1001.56, both of which had been taken to secure County deposits in the Security Bank & Trust Co.

All of the above was approved.

Mrs. R. E. Barnes met the Board and stated that she was renting a house from Mrs. D. C. Little at 415 East Lamme and was unable to pay her rent. She stated she had been getting relief from the County and asked if the Board would allow her rent. She was referred to Mrs. Kremer and told that if Mrs. Kremer saw fit to allow same that it would be agreeable with the Board.

Mrs. Kremer, Relief Manager, met the Board and stated that the County wood yard had been filled up and asked if arrangements could be made for some room just outside of the shop grounds at the Fair grounds. It was decided to have the several loads to be brought in today delivered at the County Farm.

Dail Monroe later called and stated that Mr. Bodley said it would be all right to put some wood outside of the shop grounds.

H. H. Dokken called and stated he would like to meet the Board endeavoring to get an understanding relative to burial of the County Poor. Mr. Dokken came before the Board and after some discussion a proposition was put up to him and he stated that he would give some consideration and report to the Board at a later date.

W. H. Buttleman and Ted Heily of Willow Creek met the Board to discuss the work going on at that place at this time. They stated they would be glad to have as much work as possible turned to the people of that district. They also stated that if any money was left at the time of the completion of the work that they would like to have some work done on the road south of Willow Creek leading to the Williams bridge. They were informed the matter would be gone into and that some arrangements would no doubt be made to repair this road.

S. J. Kelly called relative to the bridge on West Babcock over the section line ditch, stating that the water was running out over the road and that the bridge would have to be raised. W. I. Brownell and J. E. Moore made a trip to this bridge and decided that the flow of water had been stopped on account of considerable trash collecting under this bridge. It was found that the top of this bridge was very badly rotted. The shop was called and the truck crew asked to come out and repair same.

It was reported to the Board that Nate Callantine, a County charge, had died and the body had been taken to the Dokken Funeral Home. A member of the family met the Board and stated they did not see how they could care for the burial. Paul Reichert was given an order and asked to get the body and make preparations for burial. Mrs. Smith and Mrs. Callantine met the Board and stated they would like to have burial made from the Dokken Funeral Home and asked if the County would pay at least \$35.00 towards this burial. They were informed that the County would not. After some discussion, the Board asked to have Ellis Callantine meet them to discuss matters as he had made the arrangements the evening before. This he did and he stated that the women folks of the family were very insistent on making the change. The Board agreed to pay Paul Reichert for what he had done and asked Mr. Dokken to get the body, the relatives to care for the rest of the expense.

O. D. Robertson met the Board relative to the burial of A. R. Byrd, a County charge. He stated that the body was at the Dokken Funeral Home at this time and asked that the County pay \$35.00 on this burial. Dr. Piedalue, being present, stated that one of the sisters had written a letter to the Deaconess hospital stating they were making preparations for this burial. The Board therefore decided to allow nothing toward the burial.

Al Bridges met the Board and stated he would like to take over the Pool Hall at Gallatin Gateway now being operated by Hargrove & Ross. He asked what he would have to do to

Monday the 26th day of June 19 33

get the license turned over to him. He was informed that in order to secure this license he would have to make application to the Board and in turn this would be sent to the State Board and no doubt such change could be made.

C. H. Chapman living south and west of Bozeman reported two culverts would have to be replaced in order to get irrigation water across the road. The matter was taken up with Surveyor Waldorf and he stated the culvert crew was at work at this time.

L. D. Moritz met the Board relative to a claim of \$88.00 due the people on the Manhattan-Dry Creek road and stated this had never been paid by the County. He was informed this would be referred to Surveyor Waldorf and he would give it his attention as soon as possible.

Dr. Kelly reported to the Board that Mr. White living in the East Flathead country near the north line of the County had come to his office for an examination and that he had found this man's kidneys were in very bad condition and advised him to go to Butte. The manager of the Murray hospital called and stated Mr. White had come there for attention but had no means and as he had been a County charge here for some time he asked if the County would care for the bill at the Murray hospital. The Board agreed to call him later.

Max Everz representing the Montana Flour Mills Co. met the Board and made a price of \$4.85 per bbl. for Montco flour in 49-lb. sacks. The Board purchased 50 bbls. at that price.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 27th day of June, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Mr. Redfield, who is looking after the County scales in Bozeman, met the Board and said he would like to take a vacation for about ten days or two weeks and he said he could get Mrs. Charles Hughes to care for the scales during his absence. This permission was granted.

Surveyor Waldorf reported to the Board that he had to go to Willow Creek and asked that the Board go to the Middle Creek bridge and locate the bridge for George Taylor. On motion made and carried, the Board, together with Leslie House, Assistant Surveyor, went to Middle Creek near Chapman siding and laid out the work for George Taylor. The bridge being located on a curve, it was decided that it would be well to make a fill to the north and move the bridge west about the width of same.

Then went and located two culverts south of Shed's bridge to be used for irrigation and ordered same put in by Tom Andrews.

John Hespen reported to the Board that he was out of water due to a crib that had been placed in the West Gallatin to divert the channel west. The Board informed him that they would come down and look over the matter and endeavor to arrange some way that he might get water. On investigation, it was found that a cut could be made under this crib so that he could get water the same as usual. This arrangement was agreeable to him.

James Burroughs living in West Gallatin Canyon met the Board and stated that his ditch had washed out on account of the County excavating too close along the roadside and asked that the County repair same as soon as convenient. At the time this road was built, Mr. Burroughs protested this and he was informed at that time that in case the ditch gave way that the County would care for same.

Bob Russell met the Board relative to the road from Dr. Smith's house south of Central Park to an eighty-acre homestead about eighty rods south of Smith's house which road is on Kate Hutchins land. He was told the Board would look after same soon.

On motion made and carried, the Board went up the West Gallatin canyon and inspected the bridge built by Mougey & Whiteaker over the West Gallatin canal near the Fred Daniel's place and found same in fine condition and it was thought to be excellent work. Then went on up the Gallatin and looked at the ditch complained of by James Burroughs as being washed out. The Board found the ditch in bad condition and decided it would be necessary to send at least four men with timber sufficient to brace the ditch against some heavy rock that had washed out before putting in the material to repair same.

They were informed the matter would be taken up with Sheriff Westlake and that he would no doubt give them some consideration.

Thursday the 13th day of July 1933

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 13th day of July, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. B. J. Pasha and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Herman Dokken, Funeral Director, met the Board and stated he would accept the proposition of \$50.00 per burial for County Poor.

It having been reported to the Board that Della Hill, one of the Mother's Pensioners, had died, and her brother having met the Board and asked that the County give him some money towards the burial, he was informed that the County could not give him money but would take care of the burial to the extent of \$50.00. Mr. Dokken was called and ordered to make burial for that amount.

On motion made and carried, the Board went to the Bunnell ranch and saw Bunnell Bros. relative to right-of-way on the roads south and north of their ranches. These roads had been complained of as being so marshy that they were impassable for a good share of the year and the Board decided to endeavor to secure right-of-way in order to put in the dragline. Both stated they would give the necessary right-of-way but asked that the County move the fences out the distance necessary. This was agreed upon by the Board.

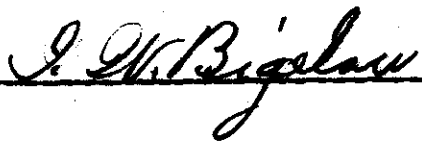

Then went west and north to Manhattan and found roads in excellent condition. Then went to Willow Creek and inspected the road the County crew had just completed. Found same in good condition.

I. W. Bigelow reported to the Board that he would need Helen Hays in his office for a few days. Same was approved.

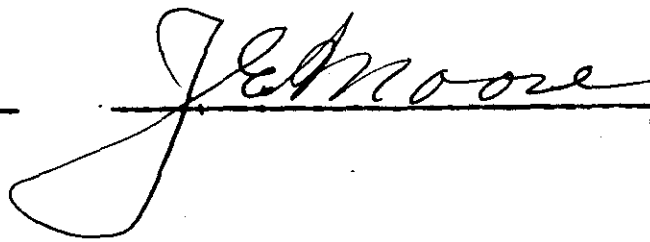

The Board adjourned at five o'clock P. M.

Says Paper There

Montreal, Que., June 19.—(P)—The Montreal Gazette tomorrow will say that Leo Dandurand, and Joe Cattarino (Montreal sportsmen) who were first to make the move to bring a major league ball here have been in touch with Cardinal officials and it is believed the National League franchise would be obtained if the local sportsmen were able to make satisfactory arrangements with the Montreal Exhibition company which owns the local stadium.

But Primo today still pushed his sparring partners with his long left jab that wasn't in the book. Two years ago Primo was doing all right with Sharky for five rounds until the champion switched to a weaving attack that non-passed the Italian, left him open for one knockout and brought him a sturdy thumping through the last 10 rounds of that engagement.

Carnera stabbed Mays' nose through two rounds enough to make it bleed, outpointed Arsi through another pair in a mild display and finished off pushing Kennedy for two more. He worked four more rounds on the light and heavy bags.

Friday the 14th day of July 1933

On motion made and carried, the Board went to the Shinkle ranch and saw Mr. Shinkle relative to securing right-of-way along the east side of his ranch for the purpose of raising the grade. Mr. Shinkle informed the Board that they could secure the necessary right-of-way which was fifty feet from the center line of the road and that he would move his fence for the sum of \$60.00. This arrangement was made.

Mr. Shinkle, having an irrigating ditch near the roadside and it being necessary to move this ditch a distance of about 20 feet, the Board agreed the County would do this and place same in good condition.

Mr. Waldorf also stated that it would be necessary to secure some additional right-of-way from Frank W. Ham who owns land on the east side of this road. Mr. Ham, being a resident of Jefferson County, the Board wrote him a letter asking what the cost would be for this right-of-way and stating that in all probability he might consider donating same if the County would move said fence.

Sheriff Westlake met the Board and said that on account of an agreement made with the citizens of West Yellowstone that he would like to go up in the near future and talk with them relative to actions of the deputy sheriff at that place and asked if the Board would be going up soon that he might go up with them.

Mrs. Peters, County Nurse, met the Board relative to children who have bad tonsils, the parents of whom are unable to pay for the operation. Dr. Whitehead agreed to remove the tonsils for \$10.00 per child. Mrs. Peters was asked to have the following children ready on July 20th:-Nellie May Sunderland, Tom Presleigh, Billy Sayers, Donald Hunt, Billy Scanlan, Jack Hale, Cecil Hale, Dorothy Heavner, Irvin Mitchell, Edna Mize and Sarah Mize; also three children of Joe Barnett of Manhattan.

Roy Romans who is confined in the County Jail met the Board relative to the County paying rent for his family. This the Board agreed to do.

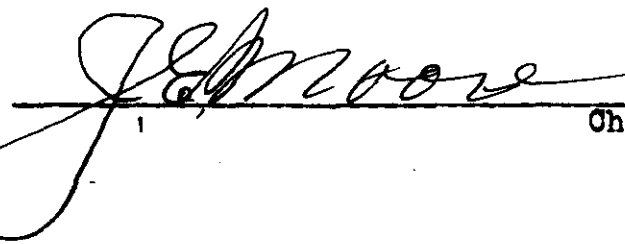

The Board adjourned at five o'clock P. M.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Saturday, the 15th day of July, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Leslie House, Assistant County Surveyor, asked that the Board see Jake Bergren relative to securing right-of-way about 500 feet in length for drainage. On motion made and carried, the Board went to the Bergren ranch and saw Mr. Bergren who stated it would be permissible to make this drainage through his land without any cost to the County.

Then went to West Yellowstone and out to the C. C. camp and inspected the road that was turned over to the forestry and found that same had been graded and was in fine condition. Then went north of the camp and inspected the work done at that place; also inspected the amount of oil that had been delivered to them and found same was all there. Saw Mr. White who is in charge of the fencing and found that he was intending to put this fence up as soon as the water was taken off of the ground and would grade the road in as good shape as other work of that nature.

Then went back to West Yellowstone and had an interview with a number of the citizens of that place and discussed matters with them relative to complaints about the Deputy Sheriff. It was found that only a few had any grievances and those interviewed said that in their judgment this was a little spite work and that after a short time everything would be all right and that in their judgment a better man could not be put at that place at this time.

While on the road to West Yellowstone, the Board inspected a ditch of James Burroughs and decided that repairs should be made as soon as the Board got back.

At West Yellowstone, the Board saw Leigh Rousch and looked at a saw and frame which he had and decided that same would be a good investment for the County, owing to the County saw being very inconvenient. At that time he was asked a price to build same and informed the Board that he would put up a frame mandrel and sell to the County for \$40.00.
