

Wednesday the 6th day of September 1933

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Wednesday, the 6th day of September, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Friday, September 8th, 1933, not to exceed two days.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

Mr. Swinglehurst, who owns a ranch on Brackett Creek, called and stated the County grader crew was working in front of his house and that he would like to have a short stretch of road leading into his place graded. The matter was discussed and the Board reported back to him that the crew could do the work and he would be billed for the time they actually put in. He stated this would be agreeable.

The time having arrived for the hearing on the application of Mrs. Elsie Nunnally for a Mother's Pension, the report of Undersheriff Isbell was read and considerable discussion was had on her case. It was found that she was in debt to different parties, viz.,--Mr. Hill at Menard, the Belgrade State Bank and the Belgrade Co., Ltd. Mr. Isbell was asked if he would see her creditors and ascertain if they would not reduce their bills for the reason that she had only a small amount of wheat and could not raise the amount of the bills. He said he would do this and report back to the Board later. Mrs. Nunnally was allowed a pension of \$20.00 per month.

Mr. Flew of Montana State College met the Board relative to some property owned by the County in Capitol Hill Addition in Block 13. He stated that if a certain proposition went through that they would like to purchase the entire holdings of the County in that block, this being all of the block with the exception of two lots.

Eugene Truax met the Board and asked to have 2½ miles of road graveled sometime this fall. He stated if the County would furnish the dragline that they would furnish the pitrun gravel and do the hauling in order to get this road graveled. He was informed the matter would be discussed with the County Engineer and if possible something might come of it this fall. He was asked to present a petition for this work.

The matter of those giving dances was discussed and it was decided to notify all parties as soon as possible that it would be necessary for them to obtain licenses in order to hold dances.

Dr. Piedalue reported Walter Eckberg and Ed Gammons, both County charges, had been dismissed from the Deaconess hospital.

A license to hold a dance at the Springhill hall on September 9th was issued to C. W. Cramer.

Lester Crouse reported to the Board that there was a culvert out just south of his place near the Springhill church. Same was reported to Surveyor Waldorf.

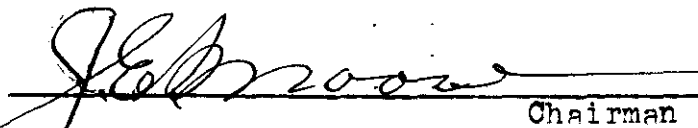

The Board adjourned at five o'clock P. M.

He stated this man had been working in the mine in Madison County and when taken sick the doctor at Three Forks had ordered him brought to Bozeman for hospitalization. Mr. Dokken insisted that as long as he died here in Gallatin County that this County would have to pay the burial expense. The Board informed him Gallatin County could not take care of the burial expense as long as he was not a resident of this County.

Frank Gottlob met the Board relative to leasing two lots owned by the County on South Eighth Ave. He stated he wanted to put up a small shack on these lots and run a lunch counter. He was informed the Board did not care to lease these lots for that purpose.

George Williamson of Bridger Canyon met the Board and wanted to get a small blade to fill up a hole from which gravel had been taken. He was informed he could get the blade at Don Christie's place for this work.

G. Y. Patten met the Board and asked if the County Surveyor would make a survey from Brackett Creek to the top of the divide north endeavoring to furnish him information as to the grade on that road so that he might use same in talking with the State Highway Commission at Helena relative to the Bridger Canyon road. This matter was taken up with Surveyor Waldorf and he stated that it would take about ten days to make this survey and that he would not have time at present to do this work.

J. B. Corbett of Logan met the Board and said he would like to come to Bozeman to spend the winter with his sister but that on his present allowance of \$5.00 per month that he would not be able to do so. He stated he could probably get along for the next two months and was informed that whenever he came to Bozeman that the Board would take the matter up with his sister and no doubt he could arrange some way to get along with that amount.

Howard Reese met the Board and wanted to sell some green fir pole wood. He stated he would take \$3.50 per cord delivered at the County yard. Twenty cords, more or less, were purchased from him.

He stated the people of that locality wanted to make a new strip of road through the Pascoe ranch and that they wanted some of the material furnished and they would do the rest. He stated this matter should be attended to at once for the reason that the grading crew had almost finished their work at that place.

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board went to Manhattan to notify "Frenchie" Morse who is living in a County house at that place that the house had been sold and to ask him to move as soon as possible. It was found that he was out in the country and the Board went out and saw him and he stated he would vacate just as soon as he could get another location.

Then went to East Flathead and saw the grading crew and Fred Pascoe and found that the right-of-way could be secured for changing the road on his ranch, but he informed the Board that a lane would have to be put in and fenced on both sides. We were informed the neighborhood would do the work and furnish the posts if the County would furnish the wire. After seeing a few of the people in that locality it was found that they felt they could not do this work immediately and asked for the matter to be deferred for a week or ten days until they could catch up with their work. They were informed that Mr. Pascoe did not care to open up the fence for the reason that his stock would get out. It was left with them to call the Board the next morning and report if the work could be done immediately.

Supplies for the commissary were purchased from the Lovelace Grocery Co.

"Wallie" Walker of Belgrade was asked by the Board to vacate the County house which he has been occupying in Belgrade.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Clyde Williams and Mrs. Osborne met the Board relative to the raise in the levy for School District #30, which they thought was not justifiable. Miss Hollier, Sup't of Schools, was called in and the matter discussed. She informed them that in her judgment the raise was necessary. However, they were informed that if it was not that they would have to take the necessary steps to take off the five-mill levy.

Surveyor Waldorf informed the Board that he had received a wire from H. L. Mills of the Beall Pipe & Tank Co., which company had been awarded the contract for furnishing a carload of iron pipe to Gallatin County, asking if it would be permissible to substitute a certain percentage of Toncan pipe in place of the iron pipe bid on. After some discussion with Mr. Waldorf, it was found that the Toncan was a superior pipe and it seemed as though the Company had not enough of the iron pipe to fill the order given them, and Mr. Waldorf was authorized to wire them that it would be permissible to send not to exceed 20% of the order in Toncan pipe.

The Board purchased 100 lbs. of butter from the Cooperative Creamery at 24¢ and 120 lbs. of lard from the Bozeman Meat Market at 8¢ per lb. for the commissary.

Dr. Piedalue reported Archie Davies had been dismissed from the hospital.

Larry Walters reported a culvert just north of his place in bad repair. He stated this culvert was not needed and that it would be better to fill it up than to put in a new one. Same was reported to Surveyor Waldorf.

Mrs. Kremer, Manager of Relief, met the Board and stated she had received a letter from Maggie Smith Hathaway stating she wanted to go to Deer Park to see the Charles Jordan family and would like to have her go along. The matter was discussed and it was agreed that Commissioner Moore and Mrs. Kremer meet Mrs. Hathaway at Logan and then go to the Jordan ranch.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 20th day of September, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Commissioner Moore reported that on Thursday, September 14th, he, together with Mrs. Kremer and Mrs. Maggie Smith Hathaway, went to Deer Park to see the Jordan family, whom the County has been helping for sometime, the mother being dead and the father caring for the four small children, ranging in age from 4 to 12 years. It has been thought for sometime that Mr. Jordan was unable to keep these children properly and send them to school on account of the distance from school. The children were found in good condition with clean clothes and it was found he had several changes of clothes for the children, all in good condition. The house also was well-kept and Mrs. Kremer and Mrs. Hathaway both expressed themselves as feeling that Mr. Jordan was taking good care of the children and that they should not be taken from him but that he should get reasonable relief from the County which would probably be the cheapest solution for handling the situation. It was found that Mr. Jordan lived better than three miles from school and it was decided that if transportation of \$3.00 per child could be allowed for the three children now going to school that this would enable them to get along and it was decided to take the matter up with Miss Hollier and in turn get her to take it up with the school board and see if this arrangement could not be made.

Then went to Three Forks and saw the Otto Rettig family, Mrs. Hathaway first interviewing them. After her interview, a general discussion with all present was had and they were asked if the children were going to school and they said not for the reason they had no clothes. It was noticed that the clothes were somewhat tattered but it looked as though a good share of it was on account of the mother's neglect and she was informed that she could repair the clothes so that the children could go to school. Mr. Rettig claimed he was not able to work and asked if they were going to get some supplies from the County and was informed that whenever he came to Bozeman for examination by the County Physician and the Health Officer and they found he was not able to work that he would be given support in accordance with other County Poor. He objected very seriously to Dr. Brewer, claiming that Dr. Brewer was not giving him justice and was knocking him in every way. He was told we did not think this was true and if he would come to Bozeman an examination would be had and we felt sure everyone would be fair.

Treasurer Gatchell reported he had released Custodian's Receipt #1168 of the Helena Branch of the Federal Reserve Bank of Minneapolis dated June 28, 1933 in the sum of \$1000.00, same having been taken to secure County deposits in the Gallatin Trust & Savings Bank. Same was approved.

Glen Sands and Herman Rusch met the Board relative to someone to help Dr. Nelson in making the T. B. tests of the dairy herds of the entire County of Gallatin. After some discussion, they asked if the County could not furnish the major portion of the expense for the reason that the State money had been cut 40% and the State would not be able to defray all the expenses. They were informed that the Board knew of no way that the County could pay this expense but asked that they see Attorney Lay and to ask him to advise the Board if anything could be done. After seeing the County Attorney, they returned and stated that he had made a close observation of the law and could not see how the Board could allow any of this expense. After some discussion, it was brought out that in all probability arrangements could be made for someone to keep one or two days ahead of the doctor and make arrangements in the different localities for the testing. They stated that it would be necessary for at least one man to be with the doctor to assist him. It was suggested that the work be lined up for Friday and Saturday and arrangements made from time to time.

The following supplies were purchased for the commissary from the Hansen Packing Co. of Butte:— Two cases of rolled shoulder at 12¢, one case of cottage ham at 12¢ and about 200 lbs. of lard in cartons at 8¢.

Surveyor Waldorf met the Board and stated that Ollie Barnes had sent in his resignation as Truck Driver having secured another job and that he would like to have an appointment made as soon as possible. The resignation was accepted.

The Board adjourned at five o'clock P. M.

Mrs. F. C. Collins called and said she could not care for Elinor O'Connell any longer and that she wanted the County to make some arrangements to move her as soon as possible. Mrs. Kremer was called in relative to same and she said she would endeavor to place her as soon as possible and notify the Board so that some change could be made.

Mrs. Kremer, Manager of Relief, met the Board and reported they were badly in need of some shelves on which to store Red Cross clothing. After an investigation, it was decided to buy some lumber and have one of the County charges do the work of making the shelves.

John DeVries met the Board and asked for some old plank to fix the culvert and barrow pit at his place. He was referred to Surveyor Waldorf.

At the regular session of the Board on October 2nd, 3rd & 4th, the following claims were allowed and warrants ordered drawn in payment of same on the various funds of the County:

The Board received a report from the State Boiler Inspector on the two boilers in the Court House. He advised that a spring type valve be put on Boiler No. 1 but aside from that he stated both boilers were in excellent condition. Ralph Jones, the janitor, was asked to take the spring type valve off of Boiler #2, for the reason that this boiler is rarely ever fired up, and place same on Boiler No. 1 and save expense at this time.

Herbert Kapp met the Board in the interest of Wm. Bradley who is a County charge. He stated that Bradley was receiving only \$10.00 per month from the County and after paying his rent, fuel and supplies that he had nothing with which to buy clothes. He was asked to have Mr. Bradley appear before the Board.

Dr. Piedalue also reported that George McClure was again in very bad condition and that he could not last very long.

He stated he had stock in this field and would like to get this fence placed back as soon as possible. He informed the Board that he had fifty new posts that he would donate if someone would do the work. He was told that the Chamber of Commerce secured the right-of-way and had agreed to care for all fencing but that Harold Korslund, one of the men who secured the right-of-way for the Chamber of Commerce, was out of town and as soon as he returned no doubt something would be done about the fence.

Lee Franks met the Board and asked to get the room adjoining the County Agent's office, formerly occupied by the State Highway Commission, for different community interests from the farming district. After discussing the matter, it was decided to allow them the use of this room until such time as it might be needed for official interest.

John Monforton and Wilbur Saunders met the Board relative to placing the dragline on the road just west of the Anderson school for a distance of one-half mile stating that this road in the spring and fall of the year was almost impassable. They stated they thought that approximately the first three feet should be taken and placed on the grade and that then they thought by going a few feet further that sufficient gravel could be obtained. They said they would arrange to have the gravel hauled and placed on the road if the County would do the work. After some discussion it was decided that this work should be done and as long as the dragline was in that vicinity that this would be an opportune time.

Groceries were purchased from the Lovelace Grocery Co.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board, together with Surveyor Waldorf, went to the Irwin Kent ranch and looked over the road leading to his place and found there were a number of draws in this road which were in very bad condition. It was decided that as long as the dragline was in that locality it would be advisable to do the work at this time.

As previously arranged, the Board went to Manhattan and saw Mrs. Ella Mae Rafferty, an applicant for a Mother's Pension, and took up matters with her relative to her boys who are of age and staying at home. It was found that they were making very little effort toward her support or even toward taking care of themselves. This was discussed with her and she was informed that as long as the boys stayed at home without any effort toward support that the Board was hesitating very much about giving them aid. She stated she had talked with the boys and that they had agreed to get out and make their own way and endeavor to contribute what they could toward her support. The Board went to see Jack O'Connell who is working on relief in Manhattan and this matter was taken up with him and he was asked to give particular notice to the boys and to inform them that they had to get out on their own resources and if this was not done the Board would hesitate about helping them. The Board further informed him that if he could not take care of this in the way above described that they would endeavor to bring them to Bozeman and look after the family themselves. He stated he would give particular attention to this matter and should anything else arise he would immediately inform the Board.

Then went to Three Forks and saw John Tartar whom the County had employed to get wood for the dependents at that place. He was asked to deliver two cords of wood to Mrs. Fischer and saw up same and put it in the shed. Mr. Tartar stated he had delivered a cord of wood to the Hafners and they had protested very much against the kind of wood delivered. He showed the Board a sample of the wood he had delivered and it was thought this wood could be used very nicely by the Hafners if they cared to be agreeable.

H. H. Dokken of the Dokken Funeral Home called relative to burial of John Morris, an Old Age Pensioner, who had died. He was ordered to make burial and bill the County in the sum of \$50.00.

The Board adjourned at five o'clock P. M.

WHEREAS, the City of Bozeman has heretofore, by agreement entered into by and between the City of Bozeman and Gallatin County, obligated itself to appropriate and contribute toward the maintenance of a Whole-time Health Unit and Service, the sum of One Thousand Dollars (\$1,000.00) per annum, said amount to be credited to the County Health Officer's salary; and

WHEREAS, it appears that the Board of County Commissioners of Gallatin County failed to take into consideration in making up the budget for the year 1933-1934 the expected revenue from the City of Bozeman in the sum of \$1,000.00 to be paid toward the expense and maintenance of the Whole-time City-County Health Unit, and did not make any provisions for paying out said sum of money so contributed and did not take said account into consideration at all; and

WHEREAS, it is necessary that the budget of the Whole-time City-County Health Unit be increased to the extent of NINE HUNDRED SIXTEEN and 67/100 Dollars (\$916.67) which represents the amount of \$1,000.00 less the payment of \$83.33 paid to the County Health Officer direct, as aforesaid, on July 31, 1933; and

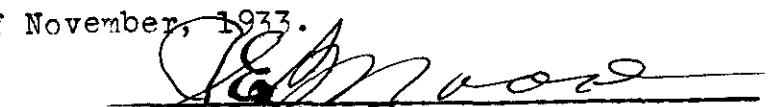

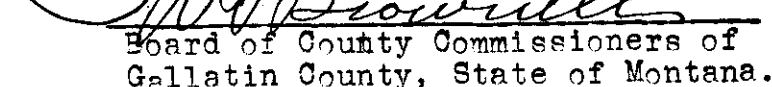

WHEREAS, the said City of Bozeman will in the future make all payments direct to Gallatin County of its contribution toward the maintenance of said Whole-time City-County Health Unit and Service, as aforesaid, and Gallatin County will in the future through its County Treasurer pay over to the Health Officer of the Whole-time City-County Health Unit and Service the sums of money so received from the City of Bozeman, as per said agreement; and

WHEREAS, this is a mandatory expenditure required by law,

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Gallatin County, State of Montana, in regular session assembled, all members being present and voting in favor thereof, that the budget of the Health Office Department for the year 1933-1934, be increased to the extent of NINE HUNDRED SIXTEEN and 67/100 Dollars (\$916.67) which said amount represents the contribution of the City of Bozeman of \$1,000.00 for the year 1933-1934, less the sum of \$83.33 which has been previously paid by the City of Bozeman to the County Health Officer direct; that the County Clerk and Recorder of Gallatin County be directed, and he is hereby directed, to amend the Health Department Budget by increasing the same to the extent of \$916.67, placing said amount to the credit of the item "County Health Officer's Salary;" that this Resolution be spread upon the minutes of the Commissioners' Journal, and that no further notice be given thereof.

Monday the 6th day of November 1933

Dated at Bozeman, Montana this 6th day of November, 1933.

 Board of County Commissioners of
 Gallatin County, State of Montana.

Glen Sands, Dr. Nelson and Dr. Marsh met the Board and took up the matter of T. B. testing of cattle in the County and said that a large portion of the County had already been tested and at this time ~~and at this time~~ they were troubled with financing same to the extent of \$350.00. They asked if the County could take care of this and were informed that we did not know how as no budget had been set up for it. The Board advised that in all probability the money might be raised by public subscription and if such was undertaken the Board would do their part personally.

John Pryor, a transient on crutches, met the Board and stated he wanted to get to Seattle to his brother and if he could get there he thought his brother could take care of him. Dr. Piedalue was consulted relative to this party and advised to get him out as soon as possible; otherwise he might have to be sent to the hospital in a short time. A ticket to Butte was purchased for him.

The time having arrived for the hearing on the application of Mrs. Hattie F. Happel for a Mother's Pension, Mr. Isbell was called over from the Sheriff's office. He stated he had interviewed all the signers on her petition and each one had informed him that Mrs. Happel had no means of support for her dependents. After questioning her in every way possible, the Board granted her a pension of \$10.00 per month and asked Mrs. Kremer, Relief Manager, to allow her \$10.00 worth of supplies per month.

I. W. Bigelow, County Clerk and Recorder, reported he would need Helen Simpson to run the addressograph. Same was authorized at \$4.00 per day.

Mrs. Gene Gageby met the Board in the interest of Mrs. Addie Sutherland living in Bozeman. She stated Mrs. Sutherland was 77 years of age and asked if the Board would not grant her an old age pension. She said she had a son working on the Boulder dam but that he had a family and was not able to help her although she was going there for the winter. She was informed that as long as Mrs. Sutherland would be out of the County no pension could be granted but that on her return an investigation would be made.

C. W. Sweet called the Board and said he had some fine coal that he would sell to the County at \$4.80 per ton on board cars. He stated this was lump coal and of fine quality. He was informed that the County could not get coal from the party receiving the contract that he would be given consideration.

The Board purchased groceries from the Lovelace Grocery Co. and 100 lbs. of butter from the Cooperative Creamery at 21¢ per lb.

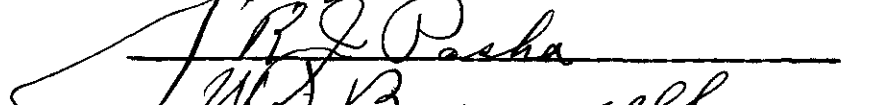

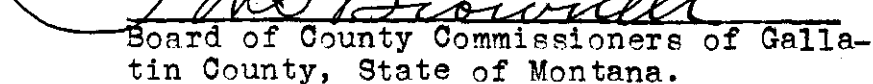

On motion made and unanimously carried, the following Resolution was passed:

WHEREAS, The Administrators of the National Industrial Recovery Act and the National Reemployment Service are endeavoring to hasten business improvement by giving jobs to those who would otherwise be unemployed, and whereas, it is desirable that Gallatin County cooperate in said reemployment program; and

WHEREAS, It is practicable and of the best interests of Gallatin County that said County cooperate with the State Reemployment Director, in determining the nature and extent of local unemployment and the problem of giving jobs to those who are unemployed, and whereas it is desirable to employ a reemployment manager under terms and conditions as prescribed by the National Reemployment Service and to provide for the maintenance at Bozeman, Montana of a reemployment office;

NOW, THEREFORE, BE IT RESOLVED, By the Board of County Commissioners of Gallatin County, Montana, that a reemployment manager be employed and a reemployment office be established in said County and for such purposes for the balance of the present fiscal year, there be appropriated from the general fund of Gallatin County, as salary for such manager, the sum of \$920.00; for traveling expense, the sum of \$200.00; for office supplies, the sum of \$125.00; for office rent (including janitor services), the sum of \$125.00; and for telephone & telegraph, the sum of \$75.00.

Dated at Bozeman, Montana this 6th day of November, 1933.

 Board of County Commissioners of Gallatin County, State of Montana.

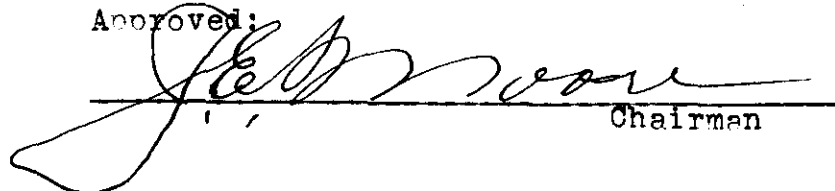

M. E. Henderson met the Board relative to renting an office. He said he could get one in the National Bank of Gallatin Valley building at the corner of Main and Tracy on the second floor next to Roy Keister's office, heat and water furnished, but no janitor service, for the sum of \$10.00 per month. Same was approved by the Board.

The Board adjourned at five o'clock P. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

Russell Hodge met the Board and stated he was renting from Jim Terrell and was to pay him \$10.00 per month; that when he moved in he told Mr. Terrell he had no money but would pay him as soon as he got work which was agreeable to him at that time. He stated his month would not be up until the 17th but that Mr. Terrell was asking him to vacate and asked if the County would pay this rent. He was informed that we could not and that he had better see Mr. Terrell and try to make arrangements to stay at least to the end of the month.

John Morris met the Board and wanted to live in the house in which his father had died. He stated his father owed him \$200.00 which had been applied on this property and that he felt he had some interest in the house. The Board informed him they knew nothing of that transaction and that the property had been deeded to the County in return for the pension of \$20.00 which had been granted him and that at that time it had been agreed that he could live there as long as he lived.

Art Cole, a County charge, met the Board with Dr. Piedalue. Dr. Piedalue informed the Board that some years back Cole had informed him that he had an infection in his foot and that it was now coming back. The doctor stated there was no way of caring for this unless he could be taken to the hospital, but stated he would make further investigation of the case and report to the Board later.

Miss Johnson, County Nurse, met the Board relative to the Culp family. She stated Mrs. Culp was to be confined about the 15th of this month and that they were living in East Flathead, a long distance from any doctor, and asked that she be brought to Bozeman where attention could be given her. The Board asked that Mr. Culp come in and see them. Mr. Culp did so and stated if the County would care for the case here in Bozeman that he would give a note for same. This arrangement was made.

Milt Hellinger was given a requisition on Robinson's Cash Grocery for three loaves of bread.

The Clerk was ordered to post notices for an extra session beginning Thursday, November 9th, 1933, not to exceed two days.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

Dr. Piedalue reported to the Board that he had taken up the case of Mrs. Roy Breckenridge and found that an operation would be necessary and advised that she be taken to the hospital at once as she had a number of complications. Her husband stated that he had no money and if the County would take care of the case that he would gladly give a note as soon as she was able to leave the hospital. It was found that he had some property and that he had built a log house this season and in the judgment of the Board he would make good as soon as possible. The Board agreed to the above arrangement.

Walter Aitken met the Board relative to the American Surety Co. case. He having had the case in hand for sometime, he was informed to take such steps as he thought necessary in the case.

Charles Sappington met the Board and stated he was in the market for a scale. The County having one at Menard which had not been used for sometime and which the farmers in that locality did not care to keep up same was offered to him for the sum of \$36.00. He informed the Board that he would go out and look at same right away. After making the trip to Menard and inspecting the scale he informed the Board that he could not find the weights. The matter was gone into and some were found at the County yards. He then stated he would take the scale and pay the County for same by the last of this month.

Mrs. Grace Kremer, Relief Manager, discussed with the Board the Bailey family living in East Flathead. She stated Mrs. Bailey was to be confined in a short time and according to her records they were not residents of Gallatin County. After investigation it was found that they were Park County people and the Board informed her that no aid could be given them at this time.

I. W. Bigelow, Clerk and Recorder, presented to the Board the following petition:

PETITION FOR COUNTY BOND ELECTION

Dated at Bozeman, Montana Oct. 25th, 1933.

To the Board of County Commissioners
 of Gallatin County,
 Bozeman, Montana.

We, the undersigned, being more than twenty per centum (20%) of the qualified registered electors and taxpayers upon property within the County of Gallatin, and whose names appear on the last completed assessment roll for state and county taxes, do hereby ask and petition that an election be called and held within and for Gallatin County, and that at such election the question be submitted to the qualified electors of said County of Gallatin who are taxpayers upon property therein, of whether or not the Board of County Commissioners of said County of Gallatin shall be authorized to issue, negotiate and sell coupon bonds of Gallatin County in order to obtain funds

for the purpose of erecting a new county court house on the site upon which the present county court house now stands.

We estimate the amount of bonds necessary to raise the funds required for this purpose, exclusive of the grant allowed by the United States Government (which is thirty per centum (30%) of the cost of labor and materials employed on the project) to be TWO HUNDRED TEN THOUSAND DOLLARS (\$210,000.00).

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 13th day of November, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

S. O. Harris met the Board and reported he had brought a load of stoker coal from the Trail Creek mine and that the janitor was trying it out. The Board made an inspection of same and Mr. Jones, the janitor, informed them it was working very good and that he had no trouble in getting up steam. Mr. Harris stated he could deliver this coal to the County at \$3.28 per ton. The janitor stated he thought this coal was working as well or better than the Fromberg coal. Mr. Harris also stated he had received a telegram from Musselshell stating they were raising the price of coal.

Mrs. Con Lane met the Board and said the road from the Lane schoolhouse was in very bad condition and asked if something could be done with it. She was informed that as soon as the machinery could get there that it would be smoothed up.

Ben Meinecke, a Spanish-American war veteran, met the Board and wanted to get a room somewhere in the Court House for a meeting of that organization. He was asked to see the judge and see if a room would be available upstairs.

Fred Hulbert reported that a small culvert, approximately three feet in size, had rotted out on the road just south of his ranch and east of Middle Creek. The matter was referred to Surveyor Waldorf.

Dr. Piedalue reported W.C. Miller had been taken to the hospital but that he thought he could be taken to the County Farm.

E. A. Petersen, Assistant County Attorney, was called and asked to go to the jail and see a man by the name of Myers who was reported as having a broken jaw. Dr. Piedalue stated this man should be sent out of the County as he was ^{not} a resident of this County. He stated the charge was not too strong but what he could be released and advised that it be done.

Mrs. Lois Badge met the Board and said her husband had been rushed to the hospital for an emergency operation for appendicitis. She stated they had owed the hospital for the past two years and had paid only \$10.00 on same and that the hospital now wanted some assurance for pay on this case. She stated if the County would pay this hospital bill that she would pay \$10.00 immediately when he was ready to leave the hospital and would give a note for the balance. This arrangement was made.

John Anderson living up Trail Creek met the Board and asked to have the road from No. 10 to the Park County line bladed. He stated he thought this road was in good condition to be bladed at this time. He was informed that one of the Board had been over this road twice in the last few days and thought it would be better not to go over the road for a few days as there were several large mudholes in it.

W. H. Buttleman of Willow Creek met the Board and called attention to Mrs. Mary Hansbury. He stated she had considerable property and that he thought she might turn the property over to the County if the Board would grant her an Old Age Pension. On investigation it was found that Mrs. Hansbury was only 67 years of age and could therefore not draw an Old Age Pension.

Mr. Buttleman also mentioned the Wm. Ryan family of Willow Creek who are Old Age Pensioners. He stated that the County was doing well enough by them but that they had been sick and were in bad condition. He was informed that the Board would go down as soon as possible and endeavor to see them and to make such arrangements as was necessary to make them comfortable in their home.

He also stated that Mr. Sheppard of Three Forks who is getting \$6.00 worth of supplies per month is having a hard time getting along. Mr. Buttleman was informed that this was more than he would be allowed under the R. F. C. and that we could not raise that amount.

On Saturday, November 11th, Undersheriff Isbell called Commissioner Pasha and stated that W. T. Harvey had been badly burned while starting a fire with tractor fuel. Mr. Isbell stated the house had burned down and all of Mr. Harvey's possessions had burned and that Mr. Harvey being destitute the hospital ~~was~~ asking the County to be responsible for his hospitalization. Mr. Isbell was informed the County would be responsible until an investigation could be made.

A duly called extra meeting of the Board of County Commissioners of Gallatin County, State of Montana, was held on the 13th day of November, 1933, (public notice as to the calling of said meeting having been heretofore duly given and made, and posted as required by law), at which the following duly elected, qualified and acting County Commissioners of Gallatin County were present throughout the entire meeting:

NAMES

ADDRESSES

J. E. MOORE, Chairman	R.F.D.#3, Bozeman, Montana
R. J. PASHA	R.F.D.#2, Bozeman, Montana
W. I. BROWNELL	310 N. Willson Ave., Bozeman, Montana

I. W. BIGELOW, the duly elected, qualified and acting County Clerk and Recorder in and for Gallatin County, State of Montana, ex-officio Clerk of said Board of County Commissioners, was also in attendance throughout the entire proceedings.

The purpose of the meeting was to consider a Petition for a County Bond Election, a copy of which is hereto attached, marked Exhibit "A", and made a part hereof, and which said Petition was dated and filed with the County Clerk and Recorder of Gallatin County, State of Montana, on the 25th day of October, 1933, and which said Petition was placed before this Board by said County Clerk and Recorder at this, the first meeting of said Board held after said County Clerk and Recorder had attached his Certificate thereto, which said Certificate sets forth:

The total number of persons who are registered electors and whose names appear upon the last preceding completed assessment roll for state and county taxes;

Which and how many of the persons whose names are subscribed to said Petition are possessed of all the qualifications required of signers of such Petition;

Whether such qualified signers constitute more or less than twenty per centum (20%) of the registered electors whose names appear upon the last preceding completed assessment roll for state and county taxes.

After the said Petition had been carefully examined by all members of the Board, and after other necessary investigation made by said Board, and it was found determined that the Petition was in proper form, that the same bore the requisite number of signers of qualified Petitioners, and that the Petition was in all other respects sufficient, Mr. R. J. Pasha introduced the following Resolution, and moved its passage and adoption:

"WHEREAS, there has been presented to this Board of County Commissioners a Petition for the calling and holding of a County Bond Election, at which said election there shall be submitted to the registered electors qualified to vote at bond elections the question of whether or not the Board of County Commissioners of Gallatin County, State of Montana, shall be authorized to issue, negotiate and sell coupon bonds of said county in the amount of Two Hundred Ten Thousand Dollars (\$210,000.00), in order to obtain funds for the purpose of erecting a new county court house on the site upon which the present county court house now stands. (It being understood that the Two Hundred Ten Thousand Dollars (\$210,000.00) derived from the sale of said bonds is exclusive of the grant to be allowed by the United States Government of thirty per centum (30%) of the cost of labor and materials employed on the project; and

"WHEREAS, we find that the aforesaid Petition is in proper form, that it is signed by persons who are qualified electors of Gallatin County and taxpayers upon property within Gallatin County, and whose names appear on the last preceding completed assessment roll for state and county taxes, which number of signers constitute more than twenty per centum (20%) of the qualified electors of Gallatin County who are taxpayers upon property within said county, and whose names appear on the last preceding completed assessment roll for state and county taxes; and we further find that the said Petition is in all other respects sufficient; and

"WHEREAS, Section 201 of the NATIONAL INDUSTRIAL RECOVERY ACT provides that the Administrator, under the direction of the President of the United States, shall prepare a 'comprehensive program of public work.' The comprehensive program is to be related to the reconstruction legislation of which the Recovery Act is a part. The purpose underlying the entire scheme is, as stated in the declaration of policy of the Recovery Act, 'to increase the consumption of industrial and agricultural products by increasing purchasing power, to reduce and relieve unemployment, to improve standards of labor, and otherwise to rehabilitate industry and to conserve natural resources,' and

"WHEREAS, the President is authorized and empowered under the National Industrial Recovery Act, upon such terms as he shall prescribe, to make grants to states, municipalities and other public bodies for the construction, repair or improvement of such projects, but no such grant will be in excess of thirty per centum (30%) of the cost of labor and materials employed on the project; and

"WHEREAS, in case of purchase of said bonds aforesaid, the United States will bid on the bonds to finance the project, if approved by the Administrator, and will bid par and accrued interest, provided the bonds bear four per centum (4%) interest; and

"WHEREAS, it is the general consensus of opinion of this Board that the present county court house is inadequate by reason of deterioration, lack of necessary facilities, and because of exposure of valuable irreplaceable records to fire hazards in crowded and antiquated vaults; that there is much unemployment in the vicinity, and many people within the confines of said county are financially embarrassed, and some are entirely destitute, by reason of their inability to secure employment; that the project, if undertaken at this time, in addition to creating much needed work for many unemployed, transferring them from the dole payroll to creative work, and thereby reducing taxes for unemployment relief, can be secured at much less than the ordinary annual cost; and that it is good business, and for the best interests of the County, to take advantage of the grant allowed by the United States government of thirty per centum (30%) of the cost of labor and materials employed on the project, and erect upon the site upon which the present county court house now stands, an adequate, modern court house, which will suffice the needs of the county for many years to come; and

"WHEREAS, the contemplated cost of the project is Three Hundred Thousand Dollars (\$300,000.00), and it is understood that the Two Hundred Ten Thousand Dollars (\$210,000.00) derived from the sale of the bonds is exclusive of the grant to be allowed by the United States Government of thirty per centum (30%) of the cost of labor and materials employed on the project; and

"WHEREAS, the outstanding warrants of said Gallatin County, exclusive of High School Bonds and Emergency Bonds, is Two Thousand Fifty-five and 19/100 Dollars (\$2,055.19); and

"WHEREAS, the total bonded indebtedness of said Gallatin County is Three Hundred Thirty-three Thousand Dollars (\$333,000.00); and

"WHEREAS, the total indebtedness of said Gallatin County is Three Hundred Thirty-three Thousand Dollars (\$333,000.00) and the assessed value of the property within said County as equalized by the Board of County Commissioners of Gallatin County and the State Board of Equalization for the year 1933, is THIRTY-SIX MILLION EIGHT HUNDRED EIGHTY-NINE THOUSAND FIVE HUNDRED FIVE DOLLARS (\$36,889,505.00); and

"WHEREAS, the issuance of said bonds in the amount of Two Hundred Ten Thousand Dollars (\$210,000.00) will not increase the indebtedness of said Gallatin County beyond the maximum fixed by Section 5 of Article XIII of the Constitution of the State of Montana, to-wit, five per cent of the value of the taxable property therein, as ascertained by the last assessment for state and county taxes previous to the incurring of the indebtedness, nor increase the indebtedness of said Gallatin County beyond the maximum fixed by Section 3, Chapter 188, of the Laws of the Twenty-second Legislative Assembly of the State of Montana of 1931, which provides that no county shall issue bonds for any purpose which, with all outstanding bonds and warrants, except county high school bonds and emergency bonds, will exceed two and one-half per centum (2½%) of the value of the taxable property therein to be ascertained by the last assessment for state and county taxes previous to the issuance of such bonds, provided, however, that a county may issue bonds which, with all outstanding bonds and warrants, will exceed two and one-half per centum (2½%) but will not exceed five per centum (5%) of the value of such taxable property when necessary to do so for the purpose of refunding bonds heretofore legally issued, replacing, rebuilding or repairing county buildings, etc.; and

"WHEREAS, there are not sufficient funds in the Treasury to the credit of the General Fund, or any other fund, of said Gallatin County, with which to defray Gallatin County's proportionate cost of said Court House, as aforesaid; and

"WHEREAS, it is the judgment of this Board that the sum of TWO HUNDRED TEN THOUSAND DOLLARS (\$210,000.00) will be required, and will be necessary, to carry out the purpose set forth in the Petition, it being understood that the \$210,000.00 derived from the sale of the bonds is exclusive of the grant to be allowed by the United States Government of thirty per centum (30%) of the cost of labor and materials employed on the project, the contemplated cost of which is THREE HUNDRED THOUSAND DOLLARS (\$300,000.00); and

"WHEREAS, it is the judgment and determination of this Board that the said bonds shall be payable during a period of not to exceed twenty years, and be redeemable in full in five years from the date of issue, and on any interest payment due date thereafter prior to maturity, and to bear interest at the rate of not to exceed four per centum (4%) per annum, payable semi-annually;

Monday the 13th day of November 1933

"NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF GALLATIN COUNTY, STATE OF MONTANA:

"That said Petition be, and the same is, hereby granted;

"That the exact amount of bonds proposed to be issued is hereby fixed in the amount of TWO HUNDRED TEN THOUSAND DOLLARS (\$210,000.00), it being understood that the said amount is exclusive of the grant to be allowed by the United States Government of thirty per centum (30%) of the cost of labor and materials employed on the project, the contemplated cost of which is THREE HUNDRED THOUSAND DOLLARS (\$300,000.00); that such proposed bonds shall be payable during a period of twenty years, and shall be redeemable in full five years from the date of issue, and on any interest payment due date thereafter prior to maturity, and shall bear interest at the rate of not to exceed four per centum (4%) per annum, payable semi-annually;

THE TRIBUNE PRINTING CO. GREAT FALLS, MONTANA

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 14th day of November, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Eugene Bunker called and said that John Cook had finished up the road leading into his place and controlled by Jack White. He was informed the board had not given Mr. Cook permission to do this and knew nothing about it at this time. He stated that if he could hold of Mr. White that he would do so and then call the Board to see if they could go out with him to straighten out the matter.

Ed Gammons, a County charge, met the Board and wanted the County to pay \$3.50 or \$4.00 a month rent. He stated he thought he could make his way if the County would do this. He was informed the Board would pay the rent for one month and see how he got along.

Dr. Piedalue reported that W. C. Miller could leave the hospital and that he thought he would be perfectly willing to go to the County Farm. Dr. Piedalue was asked to take him to the Farm.

George Sharp living at Three Forks met the Board and stated he had farmed Sec. 2-18-1E for a number of years and now wanted to get his wheat allotment and would like to know who owned this land. He stated he rented from the Adams Realty Co. but that no rent had been paid on this land since 1929. He wanted to know if this property had been taken over by the County. After looking up the records, it was found that it had not been and that nothing could be done until after December 1st of this year.

Jack Hanks met the Board relative to the ditch in the southeast corner of the Ed Gooch ranch. He asked if the County would not repair this ditch in order to protect the road and that the ditch owners would be willing to do some of the work. He was informed that as soon as possible the Board would come out but would give him a call so that he could be ready to go with them.

Art Knadler met the Board relative to a guard rail on the Cameron bridge. He stated that for some distance on the east side of the bridge there was a high bank and wondered if the County would not give him a job so that he could pay for some of the groceries he had received in the past. He was told the Board would look this over and report to him later.

E. F. Bunker, Jack White and Commissioners Pasha and Moore went to the Cook ranch and saw John Cook and asked him if he had closed up the road leading to the White property; He stated he had not and had no intention of closing it up. The Board then went to this road, Mr. Cook meeting them later, and looked it over and found that even when the change in the road was made that an approach to this road that lead from the White property was left open, but they wanted a lane that had been abandoned, at least a quarter of mile in length, left open entirely. Mr. Cook did not feel that he could allow the two roads at that place and they agreed to meet him later and give him some consideration.

The Board inspected the approach to the Cameron bridge and decided not to do anything relative to a guard rail at this time.

The Board purchased 100 lbs. of butter from the Gallatin Cooperative Creamery at 21¢ per lb. Also groceries from the Lovelace Grocery Co. for the commissary.

The Board adjourned at five o'clock P. M.

Wednesday the 15th day of November 1933

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 15th day of November, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Vernon Lang, a rancher, living west of Bozeman approximately four miles, reported to the Board that he had three children at the detention hospital with diphtheria. He said that Dr. Heetderks had been caring for them and had given them considerable antitoxin but that he had no more money for more, and asked if the County would furnish the antitoxin. Dr. Brewer was called in relative to same and he was asked to make an investigation. After doing so and consulting Dr. Heetderks, it was found that it would take at least \$50.00 worth more to take care of the children. Mr. Lang stated if the County would accommodate him at this time that he would give a note and would pay the County as soon as possible. This was agreed upon.

A. E. Workman, Deputy Sheriff of Three Forks, met the Board relative to the Hafner family at that place. He stated they had very little wood and were complaining very much about the kind furnished them. The Board stated they would be in Three Forks sometime today and would take up the matter with them.

Max Palmer, a transient, met the Board and said he was up against it and needed aid. He said he had seen Mrs. Kremer, Relief Manager, relative to supplies for his family and that she had turned him down, stating she had given him first relief and could do nothing more. It was found that he had been working with contractors and was stranded here in Bozeman and that his home was in Havre. The Board agreed to buy a ticket for his wife and child and send them to Havre, he to make his own way there.

On motion made and carried, the Board went to Manhattan and saw Chris Buitenhoff relative to the purchase of some honey for the County Poor. He made a price of 5¹/₄ per lb. in five and ten-pound pails of about equal number. The Board purchased 2000 lbs, same to be delivered Monday.

Then went to Three Forks and saw the Hafner family and informed Mrs. Hafner that the Board was thinking of arranging to bring her and Mr. Hafner to Bozeman and put them in the County Farm. She stated she had considerable furniture and that they had their vegetables for the winter and would much rather remain in Three Forks. They were informed if they stayed in Three Forks they would have to get along on their \$20.00 pension which they receive from Canada, the Board feeling that as long as they were living in a County house and not paying any rent that they were receiving more than anyone else on the County Poor list.

Then went to Willow Creek and saw Dr. Bradbury relative to the Peterson family living about nine miles from Willow Creek, whom it had been reported were very much in need of supplies. They were asked to meet Mrs. Kremer tomorrow morning and take up the matter with her which they said they would do.

Then saw the doctor relative to the Ryan family and found that they had been sick, but the doctor stated he was caring for them and that he felt the County was giving them enough consideration, and that the people of Willow Creek would endeavor to care for them and if for any reason they needed help they would report same to the Board.

Mrs. Aarie Haasaker's case was then discussed with him. He stated he had attended two births in the family and had never received any compensation for same and felt he could not give his services any longer. He was informed this matter would be taken up with Dr. Piedalue and no doubt he would drop him a line and would allow him the transportation charge between Bozeman and Willow Creek if he would take the case. He said if this was done it would be agreeable with him.

Then went back to Three Forks and saw Joe Menapace relative to property in Buttlemans Addition.

Also saw Mr. Robinson relative to purchasing some honey and he stated he had disposed of most of his stock in Anaconda and other places in that vicinity.

Then went to Manhattan and saw Mr. Olsen who produces honey endeavoring to give the honey producers an equal show. He stated he would see the Board perhaps sometime today.

Ed Stanton reported Joe St. John of the age of 75 years in need of aid. The Board asked that he come in and see them as soon as possible.

On motion made and unanimously carried the following Resolution was passed:

E. J. Parkin, State Senator, met the Board and matters were taken up with him relative to relief for the County. He suggested that a sales tax would be the most possible way of raising revenue but he said the man who has the money is not paying the tax at present and that he believed that some form of legislation could bring this about and it would be more satisfactory and place the tax where it should be. The automobile license tax was taken up with him and he informed the Board that he thought that \$7.50 and \$12.50 would be a nice adjustment and felt that if there was not too much opposition this might be worked out.

He said at present they were living in Park County and he was told that while living in Park County that our County could not give them relief. He stated they had been residents of Gallatin County for many years and only moved to Park County feeling they might get work at the Maxey mine but that their efforts had failed and that they thought they would come back to Gallatin County.

They asked that the County put on some County machinery and help to get the port in shape. After considering the matter for a short time they were advised that the Board would talk it over and would see Surveyor Waldorf and if the machinery was available that some kind of a proposition would be submitted to them within the next day or so.

R E S O L U T I O N

WHEREAS, Section 6 of Chapter 148 of the Twenty-first Session Laws of Montana of 1929, providing for a budget system for making and controlling county estimates, tax levies, and expenditures, set out, in part, that in order to meet mandatory expenditures required by law, the County Commissioners may, upon adoption by unanimous vote of all members present at any meeting, the time and place of which all members shall have had reasonable notice, of a RESOLUTION stating the facts constituting the emergency, and entering the same upon their minutes, make the expenditures or incur liabilities necessary to meet such emergency, without further notice of hearing; and

WHEREAS, It appears to the Board of County Commissioners of Gallatin County that the estimate and appropriation for the Burial of Honorably Discharged Soldiers for the fiscal year beginning July 1, 1933 and ending June 30, 1934 is insufficient to meet necessary expenditures for the remainder of said period; and

WHEREAS, It appears that the funds for the Burial of Honorably Discharged Soldiers are nearly exhausted and that there is but One Hundred Fifty (\$150.00) Dollars left in said account, and that a further appropriation for said account should be made; and

WHEREAS, said situation is a public emergency which could not reasonably have been foreseen at the time of making the budget for said fund, and that said expenditures are mandatory; and

WHEREAS, for the fiscal year beginning July 1, 1932 and ending June 30, 1933, there had been appropriated for the Burial of Honorably Discharged Soldiers the sum of One Thousand (\$1000.00) Dollars, of which Seven Hundred Fifty (\$750.00) Dollars was spent, and for the fiscal year beginning July 1, 1933 and ending June 30, 1934, it was estimated that the expense incident to the Burial of Honorably Discharged Soldiers would be approximately the same, and that so far during the present fiscal year the expense incurred amounts to a sum in excess of the amount appropriated and that it will be necessary to appropriate an additional amount for the current fiscal year, and that it is estimated that the additional sum of Twelve Hundred (\$1200.00) Dollars will be needed for the Burial of Honorably Discharged Soldiers for the remainder of the fiscal year ending June 30, 1934;

NOW, THEREFORE, We, the Board of County Commissioners of Gallatin County, State of Montana, deeming that a public emergency exists, as hereinbefore stated, and that it is necessary to appropriate from the General Fund the additional sum of Twelve Hundred (\$1200.00) Dollars to care for the Burial of Honorably Discharged Soldiers during the remainder of the fiscal year ending June 30, 1934, hereby direct that said appropriation be made; that the County Clerk and Recorder as ex-officio Clerk to the Board of County Commissioners set up said appropriation of Twelve Hundred (\$1200.00) Dollars and that said account for Burial of Honorably Discharged Soldiers be amended to show said appropriation and that this Resolution directing the same be spread upon the minutes of the County Commissioners' Journal without further notice of hearing.

Monday the 11th day of December 1933

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Monday, the 11th day of December, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

Fred Lay, County Attorney, met the Board and had with him applications to be approved by the Board to be used in applying to the Government for a loan for building a new Court House. He said he was going to Helena tomorrow and was anxious to get same approved so that he would not have anything to hold him up tomorrow morning.

Joe Menapace called from Three Forks and said the Rettigs were out of wood. He was informed they had been given wood only recently and that the Board expected to be in Three Forks by noon and asked him to meet them at lunch time.

On motion made and carried, the Board went to Three Forks and saw Joe Menapace and talked with him relative to the Rettigs. He was asked to go and see them and ascertain how much wood they got the last time and he said he would and report his findings to the Board.

The Board met Surveyor Waldorf and went to Willow Creek and saw Mrs. N. L. Woodard and her son relative to purchasing gravel to be crushed for the Willow Creek-Three Forks road. After looking over the land, and Mr. Waldorf pointing out what he wanted, the son asked \$250.00 per acre for this land. The Board deeming this quite high offered him so much per acre and asked to look up his last assessment to ascertain what this land was assessed at. He said this was agreeable with him and the matter was looked up and he decided that \$250.00 was too much and said they would take \$150.00 for a strip 200 ft. x 250 ft. Surveyor Waldorf said this would be sufficient and an agreement was made to pay \$150.00 for the material taken from this strip of land. The Board agreed that after the material was taken out to straighten up the pit so as not to leave any dirt piled out on the land. Also agreed to take down the fence and put it back in a workmanlike manner.

While in that vicinity, the Board inspected the rock quarry and found work there progressing satisfactorily and found that an enormous amount of rock had been taken out to date.

Drs. Smith, Kelly, Piedalue, Grigg, Sigler, Brewer, Kearns and Seitz met the Board and talked over matters pertaining to a County Physician for 1934 and also matters pertaining to major and minor operations. They agreed they thought that the sum of \$150.00 per month should be paid to the County Physician. They stated in their judgment the set-up the past year would be suitable for another year. While here they brought out that in many cases the County Physician was not paid enough owing to the fact that so many operations had come in that it piled up more work on the County Physician. The Board felt that it was best to take the matter under advisement.

The Board purchased two cans of lard from the North Side Market at 8¢ per lb., groceries from the Nash-Finch Co. and also from the Lovelace Grocery Co.

The Clerk was ordered to post notices for an extra session beginning Wednesday, December 13th, 1933, not to exceed two days.

The Board adjourned at five o'clock P. M.

Thursday the 14th day of December 1933

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 14th day of December, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

J. J. Stucky, Superintendent of the Poor Farm, asked to get a load of stoker coal. Same was ordered.

Charles McDonald of Belgrade was given an order on the County shop for a rooter to be used on the airport at Belgrade. He also asked to get some fresnoes and was informed the Board would have to see Surveyor Waldorf and see if any were available. Mr. McDonald asked that the Board call him at his expense. Surveyor Waldorf was seen and asked to put in the call to Mr. McDonald.

Carl Miller met the Board and wanted to get a County blade to use at his coal mine this winter. He was informed that the blades were very much in demand during the snow season and no doubt all of them would be used on the graveled roads in the valley.

Surveyor Waldorf reported that the gravel that W. H. Buttleman wanted to use on his ranch was not sufficient, but that there was another location where he thought the proper amount could be had. At this location he said Mr. Buttleman had stated he would have to charge something for it and advised the Board see him and make arrangements as soon as possible.

S. O. Harris was called in and asked why the range in price for stoker coal delivered to the High School. He stated that he had furnished different kinds of coal which was the reason for the change in price. Mr. Chauner, Chairman of the High School Board, was called in and informed of this and asked if they wanted to use the Fromberg coal and if so the price would be \$3.25 per ton; otherwise the price would be in proportion to the purchase price for other kinds of coal. He stated they did not care to use the Fromberg coal and that the other coal would be preferable.

The Clerk was ordered to post notices for an extra session beginning Monday, December 18th, 1933, not to exceed two days.

Mrs. Glenn Morgan met the Board and said she had about fifteen fine cockerels and a few chickens she would like to dispose of. Mrs. Kremer was called in and asked if arrangements had been made for Christmas baskets for the County Poor and she said there had been no arrangements made for the chickens for the baskets. She stated to tell Mrs. Morgan to deliver the twenty she had sometime on the 22nd of the month.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 18th day of December, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Wednesday, December 20th, 1933, not to exceed two days.

Treasurer Gatchell met the Board and said that L. D. Moritz of the Manhattan State Bank met him last Saturday relative to securities for County deposits put up by that bank. Mr. Moritz was informed that the Board felt like cutting these securities in the sum of 50% and thought the Treasurer should draw the deposits down to make the securities safe.

Bill Smith, 70 years of age, met the Board and wanted to get an Old Age Pension. He was informed the Board was not putting out any Old Age Pensions unless people had property and would turn same over to the County. He stated he had no property and he was then asked to go out to the Poor Farm. He protested very bitterly and said he had been renting a cabin from J. W. Clark and paying \$4.00 per month for same. He was informed that if the County had to pay the cabin rent and furnish him with supplies that the Board felt this rent should be reduced. He was asked to see Mr. Clark and later reported that Mr. Clark would accept \$3.00 per month from the County. He was given supplies for the present.

Mrs. Kremer met the Board and said that the Rettigs had failed to pay their water rent in Three Forks and that same had been cut off and that it would take \$2.50 to reinstate them. She said they had been using water from an old well and thought it was not good. Mrs. Kremer was asked to get in touch with Dr. Brewer and on his first trip to Three Forks to get a sample of this water and make a test of same. The Board felt that if this water was found to be good that they should use this instead of city water.

On Saturday, Janitor Jones called and asked that some member of the Board come in and inspect the boiler which he said was in bad condition and several of the flues leaking. It was found that a great many of the flues were leaking and to such a magnitude that the boiler would have to be cooled down and the flues repaired. The Bozeman Welding Works was called and asked to make the repairs on Sunday. While being repaired, it was discovered that another large pipe connected with the boiler was pretty well eaten out and that it would take about a day to repair it. Same was welded in three or four places and it was thought that it could run until next Sunday and they were ordered to repair same next Sunday.

Don Holden of Belgrade met the Board and said his wife was in very bad condition, expecting to be confined very shortly, and that she was in need of hospitalization and should be under the doctor's care all the time. He said Dr. Crew was taking care of the case at this time and was asked if there was anyone in the vicinity of Belgrade who could take care of her. He knew of no one and Mrs. Kremer was called in and asked if she could recommend anyone. She stated Miss Florence Penwell might take care of her and if so this would be a good place for Mrs. Holden. Mr. Holden was asked to see her and report back to the Board as to the price for her care.

Undersheriff Isbell met the Board relative to Lillian Ellison. He had with him a letter from a lady in Seattle stating that she would be glad to get Lillian and could furnish her a job for a while and that she would be able after this work was completed to finish up her course as a beauty specialist. Lillian had in mind that if the County would pay her railroad fare out to Seattle that she would reimburse the County as quickly as she got her money. It was found that her stepfather and her mother had considerable property in Bozeman and the Board declined to pay her fare to Seattle.

A load of wood from the County yards and a ton of coal from the Gallatin Lumber Co. were ordered for the janitor to fire up the other boiler while the one ordinarily used was being repaired.

Dr; Kearns reported that Gladys Bacus was in need of medicine and that he had been furnish-same to her for some time and feeling that he would not be able to get anything for it asked if the County would furnish same. She was referred to Dr. Piedalue.

H. H. Dokken reported the Gammons baby had died at the Deaconess Hospital and asked if this would be a County burial. The Gammons having been County charges for sometime he was informed the County would pay for the burial.

Dr. Piedalue reported Mrs. K. Stenerson of Logan had called him and asked him to come to see her. He stated this was a hospital case and after some discussion it was decided to have Mrs. Stenerson's daughter, Mrs. Paul Smith, go to Logan and bring her mother to the hospital, the County to pay the hospital bill.

I. W. Bigelow, Clerk and Recorder, reported he would need Helen Cunningham in his office as extra help. Same was approved.

The Board adjourned at five o'clock P. M.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 19th day of December, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Joe Blunt, 70 years of age, met the Board and asked for relief. After some discussion he was asked to go to the County Farm and was told ~~that~~ we could give him more for the money at the Farm than we could by furnishing supplies. He said he would see again the Board later relative to same.

Roy Breckenridge met the Board and gave a note to the County for \$98.40 for surgery and hospitalization for his wife as per agreement with the Board.

On motion made and carried, the Board went to D. E. Moser's office and got some blanks to be delivered to Justice of the Peace Siffert at Three Forks. Then went to Three Forks and delivered the blanks, then to the W. H. Buttleman ranch and saw Mr. Buttleman relative to payment for gravel used on the Three Forks-Willow Creek road. The Board agreed to pay him at the rate of \$75.00 per acre for all pitrun gravel to be used on this road. He asked that the pit be straightened up after the hauling was finished which the Board agreed would be done.

Then inspected the work being done by the rock crew in putting a pier out in the river west of Willow Creek. Found that the work was progressing very well and thought this would make a great change in the channel.

Then went to Sappington to see Charley Sappington relative to putting some gravel from Sappington to the State Highway road, a distance of approximately 3/8ths of a mile. Not being able to see him, the Board asked that he come to Bozeman as soon as possible to see if arrangements could be made.

County Commissioners' Office,

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 20th day of December, A. D., 1933, at nine o'clock A. M.

Those present were the Honorable J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Mrs. Myrtle Robinson paid interest in the sum of \$7.28 on the balance of \$128.46 due on her contract for sale of Three Forks property.

N. A. Terpstra living on the Virginia City road reported that the steel culvert in front of his house was not large enough to handle the flow of water in the spring. He stated that the water would overflow and wash out the fence and that he thought it would be better to take the culvert out. He was informed the matter would be taken up with Surveyor Waldorf.

Mrs. H. C. Davis met the Board and said she was 71 years of age, that she was living with her niece who has a family and that it was very hard for them to get along and asked if the County would give her a pension or in some way assist her. She was informed that the matter would be taken up with Mrs. Kremer and that the Board would have her call to get more information on her case.

Treasurer Gatchell reported to the Board that he had put Frank R. Pike on as extra help in his office at \$4.00 per day. Same was approved.

The Board made inspection of the County Farm and found everything in fine condition. While there, it was brought to the attention of the Board that one building was very much in need of a roof. Mr. Stucky said he had a few shingles but would need a few more if the Board thought it advisable to put on a new roof. He was told the County still had some shingles at the Crawley property on North Broadway and for him to get them and to go ahead with the work.

Then went out on the road from the Goldenstein ranch to the Sour Dough road and inspected same. Also inspected the channel change in the creek. It was thought that with a little more work same would be in very good condition and the Board felt this should be done before high water.

D. L. MacDonald was called and informed that the roots at the County Farm should be covered as the wind had blown off the straw and dirt and caused some of the roots to be frozen. He said he would have the matter attended to tomorrow.

Mrs. Fannie Cowan met the Board and said she was looking for places to get work for some of the unemployed women. She stated the Civil Works Administration was planning to arrange to put at least fifty of these women to work in the County and that help could be had for any of the public buildings. She was informed the matter would be taken up tomorrow morning and she would be called relative to the number the County could use.

The Board purchased a can of lard from the North Side Market at 8¢ per lb., 100 lbs. of butter from the Cooperative Creamery at 19¢ per lb., and groceries from the Lovelace Grocery Co., all for the commissary.

Mrs. W. O. Woods of Manhattan met the Board relative to rent for Mrs. Ella Rafferty. The Board had previously agreed to pay Mr. Woods \$6.00 per month for her rent but account of not receiving a bill in November it was decided to pay both November and December rent next month.

The Board purchased 100 dressed chickens from Rex Duncan at \$.14 per lb. to be used for Christmas baskets for the County Poor to be delivered Friday or Saturday of this week.

EXAMINER'S NOTES

All personal taxes and licenses must be collected by the County Treasurer as provided by law.

There are still a number of old estate balances shown on the County Treasurer's records, which should be called to the attention of the District Court, as provided by Chapter 76 of the 1931 Session Laws, and such balances escheated to the State of Montana.

The Mortgage Guarantee Company of America bonds in the amount of \$5,000.00 held as depository securities should be returned to the bank as such bonds are guaranteed by the National Surety Company, which company is in the hands of a receiver; therefore the bonds do not come under Chapter 49 of the 1929 Session Laws.

The County Clerk must total all percentage values on the assessment rolls and reconcile same with tax extensions each year.

The Bond Sinking Fund levies are not sufficient to meet the Sinking Fund requirements to date, as provided by Section 25 of Chapter 188 of the 1931 Session Laws. This was called to your attention in our last examination report.

The County Treasurer is Treasurer of the County Fair and all collections must be deposited with such Treasurer. The Fair Commission must issue warrants for all expenditures. Warrants have been issued by the Fair Commission for large amounts and the funds placed in the bank and checks drawn for the regular monthly expenses. Regular Fair Fund warrants must be issued when verified claims are filed for such expenditures.

CLAIMS:

A few of the claims are not fully itemized or do not have complete dates. Due care must be exercised before a claim is allowed for payment to see that the same is up to legal requirements as provided by Section 4605, R. C. M. 1921, that the same bears complete dates, that the itemization is clear and explicit of the services rendered and supplies or material furnished and that the same is duly signed and sworn to. Your attention is called to the following claims:

No. 3349, Commercial National Bank, \$4.25 - "1933-Jan. 6-To coupon account services;" claims of this nature are not legal claims against the County and must not be allowed by the Board of County Commissioners.

No. 440, Mabel F. Johnson, \$2.25 for expense; No. 454, Frances Peters, \$4.72 for expense; these claims do not show the reason for such expense.

No. 3750, W. I. Brownell, \$143.20; No. 3787, J. E. Moore, \$132.40, and No. 3793, R. J. Pasha, \$134.00; these claims contain items of mileage at 10 cents per mile after February 10, 1933. Section 1 of Chapter 16, Session Laws 1933, provides county officers, jurors, witnesses and all other persons, except sheriffs, who may be entitled to mileage shall be entitled to collect mileage at a rate of not to exceed 7 cents per mile. No. 4142, Fred Lay, \$33.00, contains items of mileage at a rate of 12½ cents and 10 cents per mile after February 10, 1933. Section 1 of Section 3 of Chapter 16 of the 1933 Session Laws provides when traveling expense is allowed by law such officer shall receive not to exceed 7 cents per mile for the use of his car.

No. 3818, Lovitt I. Westlake, \$72.90 for investigation mileage, contains items of 10 cents per mile for use of car after February 10, 1933. No. 4556, Lovitt I. Westlake, \$236.79 for investigation mileage, contains items of 8½ cents per mile for use of car. Section 1 of Section 3 of Chapter 16 of the 1933 Session Laws provides whenever a county officer uses his automobile in performance of any official duty where traveling expense is allowed by law, such officer shall receive not to exceed 7 cents per mile for the use of the car. Chapter 121 of the 1933 Session Laws provides the Sheriff shall receive actual expense for the return of fugitives apprehended and arrested outside the county; when a car is used he would receive not to exceed 7 cents per mile for the use of the car.

No. 4179, Lovitt I. Westlake, contains an item of expense for delivering prisoners to the State Prison. This expense should be paid by the State of Montana, as provided by Section 4885, R. C. M. 1921.

No. 4173, J. F. Voight, \$11.20, contains items of mileage at 12½ cents per mile. Your attention is called to Attorney General's Opinion No. 202 dated May 10, 1933; in said

Tuesday the 26th day of December 19³³

THE TRIBUNE PRINTING CO. GREAT FALLS, MONTANA

opinion the Attorney General held that a Constable is entitled to mileage at the rate of 8½ cents per mile, the same as Sheriffs under Chapter 121 of the 1933 Session Laws.

No. 4183, A. E. Workman, \$18.00 for investigation mileage at 10 cents per mile after February 10, 1933. No. 4559, A. E. Workman, \$67.04, contains items for investigation mileage at 8½ cents per mile. Such mileage for investigation is not to exceed 7 cents per mile. No. 471, Morgan Ferguson, \$8.93, contains items for mileage and board of prisoners. These claims are made by Deputy Sheriffs when the same should be made by the Sheriff. All claims for mileage and board of prisoners must be made by the Sheriff and not by the Deputies.

Respectfully submitted,

Frank H. Johnson, State Examiner.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 27th day of December, A. D., 1933, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

E. L. Heidel turned over to the Board a quit-claim deed made by the Denver Joint Stock Land Bank, a corporation, in favor of Gallatin County for a strip of land in Section 19-28-3E, which had been given for right-of-way purposes on the Virginia City road.

Treasurer Getchell presented for cancellation a receipt of the Gallatin Trust & Savings Bank dated November 27, 1933 covering Liberty Loan Bonds, U. S. Treasury Bonds and Registered Gallatin County School District warrants, and Registered University Millage Fund Warrants in the total sum of \$7,117.13, same have been taken to secure County deposits in the above named bank. Same was cancelled.

On motion made and carried, the Board, together with R. E. Brown, went to Logan and looked over the work being done there. Found same progressing very well. Then went to Willow Creek and inspected the work being done in that vicinity. Then went to the Jefferson River and looked over the riprapping being done at that place. Found all in fair order. Then went to Three Forks and saw Joe Menapace relative to Mrs. Carrie Whalen, an old lady, who is practically destitute. It was found that Mrs. Tinsley owed her \$200.00 for which she had given her a note and this note had been turned over to I. W. Choate of Miles City for collection. It seemed a small amount had been collected on same but apparently he could not collect any more. Mr. Menapace advised that the Board see Mrs. Tinsley and perhaps she would be willing to allow Mrs. Whalen a certain amount to live on and same could be credited on the note. Mrs. Whalen stated she would see Mrs. Tinsley and find out if such an arrangement could be made.

Mrs. Herbert Whitson was given a petty cash check in the sum of \$35.00 for transportation and expense to Napa, California.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

L. M. Hoadley met the Board and stated he had to make arrangements to send his son to the hospital and would have to get some money. He said he had 8000 lbs. of potatoes to sell. Commissioner Pasha was asked to go and inspect the potatoes, which he did, and purchased 7000 lbs. at 75¢ per cwt.

S. D. Waldorf reported a man by the name of Frank Jones had had his hand hurt while loading rock at the Logan quarry. He asked that the Board see R. E. Brown or J. S. Taylor to ascertain if a man could be put on in his place. Same was done and Mr. Waldorf was informed that this would be done.

In accordance with Section 4613 of the Revised Codes of Montana, 1921, the Board directed the Clerk to cancel the following unclaimed warrants, all of which had been drawn on the General Fund of the County:

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Friday, the 5th day of January, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Board discussed the contract with the Deaconess Hospital and decided to call in the hospital board and discuss matters with them, which was done. The following were present:--W. S. Davidson, Chas. Vandenhook, A. G. Berthot, Fred Williams, Rev. R. P. Smith, Rev. Walter Spaulding, Mrs. G. Y. Patten, L. W. Truitt, George Lewis, Miss Monta Bane and Miss Cora Meneley.

The matter of the additional \$50.00 per month which would be due beginning in February for the ready-to-serve charge, was discussed. They were informed that when the budget was made that the Board had overlooked setting up this additional \$50.00 per month. The Board contended that under the present conditions the \$50.00 per month now being paid should be sufficient. The hospital board agreed to continue with the \$50.00 ready-to-serve charge until such time as conditions changed.

The matter of the charge for operating room was also taken up with them. Our Board asked that a flat rate of not to exceed \$10.00 per patient be made to the County. They informed us this would be acceptable to them.

The matter of administering the anesthetic was next brought up. Miss Bane, Superintendent of the Hospital, stated that they would give the anesthetic for \$5.00 per patient and that they would write the Board a letter confirming same.

Treasurer Gatchell reported that Frank Pike who has been assisting him in the office for a short time would be through tonight.

The Board called the County Shop and asked them to arrange to have the County truck move O. E. Raine to Mrs. Goman's as soon as the truck came in. They stated they would send truck and one man do so immediately.

G. H. Croly met the Board and stated that he had been batching with Ab Apperson for some time and that Apperson had become dissatisfied and informed him he would have to move. He having no other place to go, the Board sent him out to the County Farm and told him he could get away from the County Farm anytime that he found something to do.

Charles McDonald of Belgrade met the Board and asked for the caterpillar and grader to be used on the Belgrade airport, the Government to pay all expense of said unit. He was referred to Surveyor Waldorf.

The time having arrived for the quarterly meeting of the Board of Health, Dr. Brewer met with the County Commissioners at the office of the County Commissioners.

The minutes of the last meeting were read and approved.

Dr. Brewer made the following report on the Health Unit for the year 1933:

REPORT OF THE GALLATIN COUNTY HEALTH UNIT-1933
VITAL STATISTICS

Births reported during the past year were 273, as against 292 last year, excluding 7 stillbirths and 16 births reported of persons over one year old. This shows a continuing decline in birth rate in the county. The last 5 years being:

1928	20.00
1929	18.06
1930	18.30
1931	17.90
1932	18.10
1933	16.79

Of the 273 births there were 147 males, 126 females. Of the 16 births reported for previous years, 3 were of persons over 35 years old, born twelve or fifteen years before registration was required in Montana.

Deaths reported were 165, excluding 7 stillbirths, 108 males, 57 females. The rates per thousand for the past 5 years being:

1928	11.05
1929	10.05
1930	8.68
1931	11.02
1932	10.82
1933	10.18

The 10 principal causes of death were as follows:

Friday the 5th day of January 1934

(1) Heart diseases	38
(2) Apoplexy	17
(3) Cancer	15
(4) Pneumonia	12
(5) Violence	11 (of which 6 were suicides)
(6) Early Infancy	9 (1st 2 weeks of life)-of which 6 were attributed to prematurity
(7) Appendicitis	6
(8) Nephritis	6
(9) Ulcer of stomach	5
(10) Tuberculosis	4
Diabetes	4

This varies from the list of principal causes for the State, but principally in the case of those causes where we have few deaths and where the change of very few would change the rank. We have been fortunate in having only 11 deaths during the first year of life as compared with 21 in 1932, none from enteritis under 2 years, and none from childbirth. Fifty of the deaths, nearly a third, have been of persons over 70 and of these 5 were over 90, the oldest lacking 2 years of the century mark.

CONTAGIOUS DISEASES

Contagious diseases were reported as follows:

Chicken Pox	102
Diphtheria	7
German Measles	4
Gonorrhoea	6
Measles	66
Scarlet Fever	21
Spotted Fever	1
Syphilis	6
Tuberculosis	3
Typhoid	3
Whooping Cough	5

Reporting is probably below the number of cases occurring in the case of the milder infections like Chicken Pox, and in the case of venereal diseases and tuberculosis. This is especially unfortunate in the latter cases where I think there has been no case of really early tuberculosis reported. Of the cases first reported this year, in one family, the Mantoux test showed all children having had infection, in another case of a half-dozen close associates tested, 5 showed marked signs of infection by that test, and in the third case, a child had died of tuberculosis a year before the infection was recognized in the parent. Such experience only confirms the records of previous years that we are not getting these cases at the time we should to furnish protection. Since the development of the X-ray and the Mantoux test (which is more or less like the tuberculin test in cattle) there is less excuse for first finding cases long after infection has been spread. Of the deaths occurring this year in the County, none were in the Sanitorium until well advanced.

Of the acute contagions we have had no epidemic of influenza and very few cases of whooping cough, 3 typhoid cases compared with 5 in 1932, but 21 cases of Scarlet Fever as against 7 the previous year and 8 cases of Diphtheria as against one the year before.

The diphtheria cases were the first that had occurred near Bozeman for some years. That, and a misleading laboratory report on one of the first cases, was at least partly responsible for the occurrence of the others. Some of the cases were of severe type. One died--the only one of those reported not treated with antitoxin. Following the recognition of these cases there were many calls for immunization and about 800 children were inoculated at the Health Office, besides many at the physicians' offices and at college. There have been no cases reported for a month.

The cases of scarlet fever have all or nearly all occurred in one section of Bozeman this fall and while they have been in this locality, they have occurred in families having no apparent contact and scattered over the last four months. How easily they can be overlooked is indicated by one child being taken to the doctor, for a different trouble, probably two weeks after Scarlet Fever started but showing typical desquamation and giving typical history. There have been no cases reported for about three weeks but there have been similar periods free from cases since we had the first one.

The three cases of typhoid were easily traced, two to carriers and one to careless drinking from a polluted stream.

I have treated twelve cases in the venereal clinic, about the same number as last year.

Aside from inoculations given at the time of the diphtheria cases, there have been several hundred inoculations against diphtheria given in the schools and about the same number of vaccinations. When people can be persuaded that the best time to give these is in infancy, at six months to one year, much worry and sickness will be saved. The reaction is less at that time and the protection longer.

Spotted Fever vaccination was called for more last spring than ever on account of the large number of ticks, and several hundred inoculations were given here and at college.

SCHOOL WORK

School work has, if anything, again shown better results in getting corrections. We have not been able to see that nutrition has fallen off at all though nothing short of very complete tabulation would be conclusive. Milk or hot lunches have been given in the town schools and many of the rural schools, during the cold weather, paid for,

Thursday the 5th day of January 1934

where necessary, by the Red Cross. The Red Cross has also helped with a considerable contribution of cod liver oil.

Child Health Day, May 1st, was observed by a general meeting for the first time this year and was certainly successful in bringing together a large number of children with their parents. Such attendance makes it easier to get the care we want for the children. The increased attendance of the parents when the school examinations are made help in the same direction.

The Orthopedic Clinic drew nearly the same attendance this year as last. So far as we know all the cases brought in at that time have had opportunity to receive the treatment advised. Those that needed help to get treatment have had it, except one case, which is now arranged for.

The Summer Camp which had been held for several years, was not held this summer. I think it was justified during the years held, for I doubt if the money would have been given for any object more useful. The continuation of a camp as a more directly recreational project, taking in more children for a shorter period and with less expense than is incurred in a nurse-supervised "Sunshine Camp" would be well worth while. The National Tuberculosis Association this year is responsible for the publication of a resolution by one of its committees "that most summer camps do not represent enterprises in which health agencies should participate." It is not questioned that such camps are desirable but they are not worth the cost as a preventive of tuberculosis.

SANITATION

Sanitary inspections are made each year, of the hotels, and each month of the eating places, meat markets, bakeries, soft drink places and grocery stores are inspected as to sanitary conditions and suggestions made for correcting anything objectionable. In summer the tourist camps also are visited each month. In Bozeman milk samples are tested monthly at the college laboratory and the dairies are inspected by the Health Officer. During the year a new ordinance was passed which also requires inspection of barber shops. This has been done once. The City water supplies were tested--the samples being collected by other city officers, at the direction of the State Board of Health and examined by them. These have been reported, as in previous years, with seldom any indication of impurity and showing satisfactory supplies. Complaints of unsanitary conditions have been attended to and where corrections have been needed, they have been made.

Following sending out of bulletins last winter, regarding the milk examinations, there was distinct improvement in bacterial counts which did not last into the summer and the examinations during the summer and fall were disappointing. Complaint was made by the dairymen that the milk samples, not being taken from the wagons, but usually from the grocery stores were not dependable. Also that new dairies were allowed to start before being adequately equipped so that recently the milk ordinance was amended. Single bacterial counts are recognized as often misleading and averages only will be made public hereafter.

So far as the occurrence of enteritis of infants is a measure of the quality of the milk supply, and it is generally regarded so, we could assume the quality is good. The past year, for the first time in five years, there have been no deaths from this cause. The previous year there was one in Bozeman and one rural case. This is distinctly better than a few years ago.

These being no further business the meeting adjourned.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Saturday, the 6th day of January, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Monday, January 8th, 1934, not to exceed two days.

S. D. Waldorf met the Board and said he was short fifteen head of horses on the Willow Creek-Three Forks road. He asked to have the Board go with him and endeavor to see what could be done relative to securing a sufficient number of horses to carry on the work. On motion made and carried, the Board went to Amsterdam and saw Joe Elings about getting fifteen head of horses for this job. He stated he had seven head of his own and would try to get eight more and would meet the Board at 5 or 6 o'clock P. M.

The Board then went to Logan and inspected the rock work which was being done at that place. Found they had a large pile of rock out due to the fact that the truck had not been hauling for a few days.

Then went to Three Forks and saw Joseph Bugal who has a contract for the sale of a house and lot which was purchased by him from the County. He informed the Board that his son had just obtained work and that he had offered to pay \$5.00 a month on this contract. It was found that Mr. Bugal had kept up his taxes and the Board decided to accept the \$5.00 and when he had paid enough to make a payment on his contract, same would be applied.

Then saw Mamie Tibbs who purchased under contract Lot 6, Block 33, Mil. First Addition, Three Forks. She not having paid the taxes on this property and being back on her payments on the contract and not able to take care of them anywhere near soon, she was informed the contract would be cancelled.

Then went and saw Mr. Breneman, N. P. Agent, and gave him a list of Three Forks property which he was interested in. He said he would look over this property and sometime in the near future would see the Board and decide what he wanted.

Then the Board, together with Surveyor Waldorf, went to the Jefferson River and looked over the work which had been done there. Mr. Waldorf outlined to the Board what he thought should be done and in the judgment of the Board his ideas were fine.

Then went back to Willow Creek and saw Mrs. Woodward and turned over to her a warrant in payment in full for the gravel used from her place. Also inspected the spreading of the gravel on the road and found this work progressing nicely.

Joe Elings met the Board and stated that he had arranged for the fifteen head of horses to go to the Three Forks-Willow Creek road. Surveyor Waldorf thought it would be a good idea to have a man on the job to look after these horses. It was agreed to pay Mr. Elings \$1.00 per day to see that the horses were ready for work.

The Board adjourned at five o'clock P. M.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 8th day of January, A. D., 1934, at nine o'clock A. M.

Those present were the Honorable J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

E. L. Heidel, Public Administrator, met the Board and turned over to the Board \$29.22 taken from the dead body of Jack W. C. Miller and by order of District Judge Berg same was turned over to the County Treasurer and placed in the Poor Fund. Miller had been a County charge for many years.

Mrs. Kremer reported Charles Cottle in bad condition. She was told to have the County Physician see him as soon as possible.

Mrs. E. J. Martilla met the Board regarding her hospital bill in the sum of \$92.75 which was paid by the County. She paid \$5.00 in cash and gave a note in the sum of \$87.75 for the balance payable on or before six months after date.

Mrs. Salema A. Wares met the Board and asked for an Old Age Pension. She stated she was 77 years of age and in talking with her it was found that Carl Madden was her son and Mrs. Hayes Hardesty her daughter. She was asked to have her son and daughter appear before the Board so that we could determine as to her need for a pension.

Jim and Ben Krattoer met the Board and asked for a pension for their father, Sam Krattoer, who is 76 years of age. They stated their mother had some property but that neither their father or mother had any case whatever. The boys stated they had been caring for their parents for sometime. They were informed that if the property would be turned over to the County that a pension would be allowed them. They said they would report to the Board later.

A requisition was issued for a half-ton of coal for Jim Hoow.

The Clerk was ordered to post notices for an extra session beginning Wednesday, January 10th, 1934, not to exceed two days.

Mrs. Kremer met the Board and asked to some of the men who are dependent on the County put to work cutting brush on the County roads. R. E. Bodley was seen about using the County Fair truck for transportation for these men. Mr. Bodley stated it would be all right to use this truck for this purpose.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 8th day of March, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk & Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board went to Manhattan, then to the Holland settlement and to the Joe Brown ranch and found the road was drifted badly but passable. Then went to the John Kammerman ranch and informed him that as long as the drifts in the road were wet that it would be useless to bring out machinery to repair the road.

Then took the road south of DeHoog's place for about a mile, the Board having had several complaints on same, and found the road in a passable condition at this time and decided it was not necessary to do any work there.

Then went north from his place about a mile, then east and inspected the road there and found it in excellent condition.

Then went to the Holland church and south and looked at the place where Henry Jongeward had asked permission to move his fence closer to the road right-of-way and decided that this would not be advisable due to the fact that there was a canal there and it would be poor business to do so, feeling it would encroach on the road too much.

Then inspected a piece of road near the Holland elevator which the people of that locality had asked to have graveled. Found this road quite rough but in need of gravel if the work could be done by the citizens of that community.

Then went north on the Erwin bridge road to the Ham ranch and found there had been quite a pile of gravel left by the County crew while working the road. The man living on this ranch wanted to put this gravel on the approach leading to the County road in front of his gate.

Then went to Manhattan and saw Mr. Moritz relative to the deed D. S. Johnston had given to Gallatin County, the description in same having been found to be incorrect. He informed the Board that Johnston was out of town and as soon as he came back he would see him and have the matter straightened out.

Then went to Three Forks, if having been reported to the Board that Mrs. Bailey's son had been sick for sometime and unable to get any relief. It was found that the doctor at Manhattan had visited him and had said that he might have to be brought to the hospital. On motion made and carried, the Board went to the Charles Cottle property to see how work on the house was progressing. Found same was moving slowly and would perhaps be finished within the next week.

Then went to the Crowley property where Mark White is living and found him very sick. The Board discussed the matter with him as to whether or not he should go to the hospital or remain where he was. He said he believed he was getting along as well as he could where he was and it was decided to let him remain there for the present.

Then went east of town and up Bear Canyon and looked over that road. Found a great many mudholes but the road passable.

Then went over the proposed road of Woods and Quantic and found that the road would need some grading and looked over the proposition of gravel suggested by the petitioners. It was found there was gravel in two places, one about a quarter of a mile south of the Harry Woods place and the other just north of his house, which looked the most feasible to the Board for the purpose of graveling this road.

I. W. Bigelow, Clerk and Recorder, asked to put Helen Cunningham on in his office as extra help for a few days.

Clark Maudlin of Three Forks came in and said he had dug up an old pipe on an abandoned road east of his place and wanted it for irrigation purposes. He was told to go ahead and use same.

W. R. Plew and W. S. Hartman met the Board and asked to get an option on the County lots in Block 13, Capitol Hill Addition, Bozeman. On motion made and unanimously carried the following Resolution was passed:

WHEREAS, The County of Gallatin, in the State of Montana, was, on the 16th day of November, 1932, the owner and holder of a certain duplicate certificate of sale for taxes of the following described real estate situate in said County and State, to-wit:

Lots Seven (7), Eight (8), Nine (9), Ten (10), Eleven (11), Twelve (12), Thirteen (13), Fourteen (14), and Fifteen (15) of Block Thirteen (13), Cox's Rearrangement of Block Thirteen (13); and Lots One (1), Two (2), Three (3), Four (4), Five (5), Six (6), Nineteen (19), Twenty (20), Twenty-one (21), Twenty-two (22), Twenty-three (23) and Twenty-four (24) of Block Thirteen (13), all in Capitol Hill Addition to the City of Bozeman, as the same appears on the plat thereof on file in the office of the County Clerk and Recorder of said Gallatin County;

which real estate was theretofore struck off to said county as the purchaser thereof, and said duplicate certificate of sale was issued and delivered to the Treasurer of said Gallatin County, and by him filed in his office in accordance with, and pursuant to, the provisions of Section 2191, R. C. M. 1921, and which duplicate certificate was, on said 16th day of November, 1932, on file in the office of said treasurer; and

WHEREAS, on said last mentioned day, the time for redemption of said real estate from said tax sale had expired, and no redemption therefrom had been made, nor had any taxes, penalties or interest upon said real estate accruing since said tax sale been paid, and no assignment of the right of said county acquired at said tax sale having theretofore been made, the treasurer of said county, upon application of said county thereupon on said 16th day of November, 1932, pursuant to the provisions of Sections 2206 and 2207, R. C. M., 1921, made, executed and delivered his deed for said property to said Gallatin County; and

WHEREAS, Afterwards, pursuant to the command and provisions of Section 1 of Chapter 65 of the Session Laws of the Twenty-third Legislative Assembly of the State of Montana, this Board proceeded to and did value and appraise the said real estate as follows:

Lots One (1) to Six (6), both inclusive, at Thirty Dollars (\$30.00) per lot;

Lot Seven (7) at Sixty (\$60.00) Dollars;

Wednesday the 4th day of April 1934

Lots Eight and Nine (8 & 9) at Fifty (\$50.00) Dollars per lot;

Lot Ten (10) at Forty (\$40.00) Dollars;

Lots Eleven (11) to Fifteen (15), both inclusive, at Thirty (\$30.00) Dollars per lot;

Lots Nineteen (19) to Twenty-four (24), both inclusive, at Ten (\$10.00) Dollars per lot;

And thereupon said Board, pursuant to said Section did offer and advertise for sale said real estate and all the lands theretofore conveyed to said County by tax deeds, by publication in the Bozeman Daily Chronicle, a newspaper printed and published in said County, for three successive weeks, and by posting notice of said sale in at least three public places in said County, the first of which publications was on the 6th day of June, 1933; and pursuant to said notices, said real estate was, on the 14th day of July, 1933, advertised and offered for sale at public auction, and no bids or offers to purchase were received, and no sale was made; and

WHEREAS, Thereupon said Board of Commissioners proceeded to and did offer to sell the said real estate at private sale at the best price obtainable, but at not less than ninety per cent of the last appraised value as above set forth, to-wit, the sum of Five Hundred and Ninety Dollars (\$590.00) and upon such terms as might be agreed upon; and

WHEREAS, The State of Montana, on the 4th day of April, 1934, by and through the President of the College of Agriculture and Mechanic Arts of the State of Montana, (Montana State College) at Bozeman, thereunto theretofore duly authorized and empowered in that behalf, applied to the Board for the option and privilege of purchasing said real estate at and for the purchase price of Five Hundred Thirty-one (\$531.00) Dollars to be paid in cash, at any time within six months from the date hereof, and offered and tendered to the Board the sum of Ten (\$10.00) Dollars as consideration for the granting of said option and privilege, by the Board, said sum to be forfeited to the County in the event the said applicant should fail to exercise his option within said time, and to be applied as part of the purchase price in the event the said option should be exercised, within the time provided therein;

And it appearing to the Board that said sum so offered is the best price obtainable, and that it is not less than ninety per cent of the last appraised value placed upon said real estate by this Board, and that it would be to the best interests of the County of Gallatin to accept that offer;

NOW, THEREFORE, In consideration of the premises, and of the said sum of Ten (\$10.00) Dollars, the receipt whereof is hereby acknowledged, IT IS HEREBY RESOLVED AND ORDERED by the Board of Commissioners of the County of Gallatin, and State of Montana, that there is hereby given and granted unto the STATE OF MONTANA, FOR THE USE AND BENEFIT OF THE COLLEGE OF AGRICULTURE AND MECHANIC ARTS of said State, (Montana State College) situate in the City of Bozeman, the sole and exclusive right, option and privilege of purchasing the following described real estate situate in said City of Bozeman and County of Gallatin, State of Montana, to-wit:

Lots Seven (7), Eight (8), Nine (9), Ten (10), Eleven (11), Twelve (12), Thirteen (13), Fourteen (14), and Fifteen (15) of Block Thirteen (13), Cox's Rearrangement of Block Thirteen (13); and Lots One (1), Two (2), Three (3), Four (4), Five (5), Six (6), Nineteen (19), Twenty (20), Twenty-one (21), Twenty-two (22), Twenty-three (23) and Twenty-four (24) of Block Thirteen (13), all in Capitol Hill Addition to the City of Bozeman, as the same appears on the plat thereof on file in the office of the County Clerk and Recorder of said Gallatin County;

at and for the purchase price of Five Hundred Thirty-one (\$531.00) Dollars to be paid in cash upon the exercise of the option hereby granted, by the State, its successors or assigns, PROVIDED always, that said option be exercised on or before the expiration of six months from the date hereof; and PROVIDED further that in the event of the exercise of said option, the said amount paid in consideration of the granting of said option, shall be credited upon the said purchase price, and in the event of failure to exercise the option within the time allowed herein, the said amount so paid in consideration for the granting thereof shall be forfeited to the County.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 9th day of April, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Wednesday, the 11th day of April, 1934, not to exceed two days.

A meeting of the County Board of Health was held at the office of the County Commissioners. Those present were Doctor Brewer, O. G. Arnold, City Manager, and Board of County Commissioners. The minutes of the last meeting were read and approved. A detailed report from the Doctor was given as to the number of patients with contagious diseases in the County. A discussion followed relative to continuation of health interest and financial interest pertaining to same. Doctor Brewer said the Red Cross was falling out and stated that the County was only contributing a small amount and all of this would govern the Rockefeller funds as to the amount that they would contribute for the health unit at this place.

The City Manager was asked if he felt that the City would contribute any more to this unit than they have in the past. He said that while their budget was made up to the amount of \$1,000.00 for this unit, that he would stretch a point and allow \$100.00 more, making a total of \$1100.00 from the City of Bozeman.

The Board felt that District 7 perhaps would contribute a reasonable amount to this unit and decided to call D. S. Williams endeavoring to get an idea of what he thought could be done in support of this unit.

It was further discussed and decided that Father O'Kennedy of the Parochial School would be called in to see if any contribution from that source could be obtained.

Adding all of the above together the Board would be in a position to know just what the County would have to put up, endeavoring to continue with the unit as now set up.

Mrs. Ella May Rafferty of Manhattan met the Board and said she was having a very hard time getting along. She has no money, clothes for the children and her son is out of employment. She had met the Board some time ago and the Board had taken under advisement the matter relative to a Mother's Pension allowance, feeling that the son might make enough so that they could get along in case he could be supplied with work. Her son being out of employment the Board decided to allow her a Pension of \$30.00 beginning with April 1st, and continuing until such time as the Board deemed necessary.

F. P. Scott, representing the Adams Machinery Company, met the Board in interest of his Company. He was informed that the County, as far as known now, would not be in need of anything except repairs from the Company.

Mrs. Sara D. Shonfeldt met the Board and wanted to move. She was asked to stay where she is for a few days and the Board would endeavor to get in touch with somebody having a cabin for her.

Mrs. Jones met the Board and said she would see Mrs. Grant Pinkerton. She thought if the County would furnish the rent for Mrs. Pinkerton that her daughter would board her. She was told that if such arrangements could be made the County would pay a rent of \$8.00 per month, water furnished, with this set-up.

Mrs. Kremer met the Board and reported that Mrs. B. M. Specht was put on as nurse for Mrs. Lloyd Miller on the 6th of April. She informed the Board that she had to pay \$7.00 per shift to Mrs. Spect to care for Mrs. Miller. Six days of this work is to be paid for in cash and the balance of time that was served by this nurse she is to take supplies from the Court House in payment of same.

The Board purchased 100 pounds of bacon for the Commissary from the Bozeman Meat Market at 14¢ per pound; also 100 pounds of bacon from the Modern Meat Market at 14¢ per pound. Jim Hoow was given half a ton of coal and some wood.

E. W. Hicks bought lots 1 to 8, Block 22, Butte Addition to Bozeman, for \$20.00 per lot and contract was ordered drawn.

The officers of the Dry Creek Irrigation Company met the Board and wanted to hire a drag-line to clean out a ditch. Same was taken under advisement.

The Board adjourned at five o'clock P.M.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 10th of April, A. D., 1934, at nine o'clock A.M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Board went to the Shop to see about a pump to be used at the County Farm to pump out the well to be used for irrigating purposes. A pump was found that it was thought could be used for this purpose. It was tried and found to be not sufficient to do the work. The mechanic at the Shop was asked to get a large suction hose and attach to the pump that is used for irrigating purposes to see if the water could be handled by that method. This he did and found that it could be worked nicely and so informed the Board that it was ready for action at any time that they got the men ready to work.

Surveyor Waldorf met the Board and said that he would like to have the Board make a trip in the Holland Settlement to observe conditions of roads in that section. On motion made and carried, the Board, together with Surveyor Waldorf went out the Virginia City road, inspected same and found it in very good condition; then went North to inner section of Amsterdam road; then West to Joe Brown's ranch where there had been complaints of the soil drifting in the roads and making it impossible for traffic to get through. It was decided, after inspection of same, that Board would refrain from doing any work at this time and wait until such a time as the Caterpillar and blade could get in that section to do the work; then went West over the hill to the Madison Valley, looked at a piece of road that the people of that section had been asking to have improved so as to make it possible for traffic both ways. After inspection of this proposed road, the Board decided that it would be impracticable to do much work on this road as laid out for the reason that the rain fall is so great and the soil washes so easily that any improvement would, no doubt, result after a heavy storm in washing said road and making it impassable; then went down the Upper Madison road to Logan and found the road in good condition; then went to Manhattan to see E. D. Turner who has leased a house fronting on the main street of Manhattan and talked with him relative to payment of said rent to the County. He was informed that he would be billed for this rent every month and the County would like payment as near as possible on the first of the month. Then saw Jay Roth relative to some bridge lumber which he had purchased from the County last winter and the Board agreed to take potatoes for same. He stated that he had sold his potatoes on a basis of eighty-five cents a hundred, and the Board agreed to pay this, he sacking them up ready for the County to truck them to Bozeman.

Mrs. Ella Potter met the Board and said that she had had word from her sister saying that she would sign the deed to the property in Manhattan so Mrs. Potter could get an Old Age Pension.

Sold to C. W. Phelps Lots 9 and 10 in Block 15, Butte Addition to Bozeman, for \$15.00 per lot on contract, 5 payments of 6 dollars each.

Walt Kerzenmacher met the Board relative to the building of the fence on the Corey place where they gave the County right of way, and the making of the stock guard. He was told to proceed as formerly instructed.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Surveyor Waldorf met the Board and said that he would like to go through Bridger Canyon and inspect same to see if it was advisable to take the blading crew up there at this time. He asked the Board to go with him. On motion made and carried, the Board, together with Surveyor Waldorf went up Bridger Canyon, found the road very rough and on the Second Divide found several trees that had blown across the road. These were taken out and the trip continued into East Flathead. It was found that the road in that section was quite rough, but it was decided that nothing would be done with this road until such time as a large blade could be sent over the Divide. At this time it was found that snow conditions and muddy roads would not permit the machinery to go over.

Purchased bacon from the Modern Meat Market at 14 cents per pound, and purchased supplies from the Lovelace Grocery Company.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Mrs. Hattie H. Davis met the Board and asked for an Old Age Pension. She said she was 72 years old and had been a resident of the State of Montana for 55 years. Since she has no property she was informed that the Board would not allow an Old Age Pension, but after going into details and finding that she had a place where the County would have to pay no rent, it was decided to make her an allowance of \$10.00 per month, beginning April 18th, 1934.

Mr. Wilbur Graham of Missoula, representing the F E R A at Helena, met the Board and asked if the County had made any plans for cooperating with F E R A set-up. He was informed that there had been no instructions presented to Gallatin County giving the Board an idea of just what to do. He informed the Board that the Urban Districts, in his judgment, should be set up first, but if there were any projects that came in under this District so as to hasten work for relief that it could be set up in rural districts. He was informed by the Board that Gallatin County had a number of projects that it would like to put over and would appreciate any help coming from that source. He stated that if there was one within a few miles of Bozeman he would go out with the Board and look it over and approve same so that work might be started.

On motion made and carried the Board, together with R. E. Brown and Wilbur Graham went to the Quantic and Wood road, looked over this project, and Mr. Graham stated that if the County would apply for aid on this road that he would approve same and it could be forwarded to Helena for their approval.

It was then proposed to take him to Three Forks and show him the Willow Creek - Three Forks project that had been completed and also make observation of the riprap work done on the Jefferson River. After looking over all of this Mr. Graham was very much pleased with this work and stated that it would be very nice if some pictures could be made of both road and rock projects and sent in to their office. He stated that if such was done it would give the office a better idea of just what was going on in Gallatin County and how this money was spent.

He was then taken up the Madison River to a point just south of the Virginia City road and shown a rock point which was quite narrow and the County had in mind to widen this out, cutting down the rock wall and widening the road. He stated that this was a very logical project for the County to present to the Helena Board.

Then came back over the Virginia City Road, showing him two unfinished projects, and told him that consideration of these projects would be very much appreciated. He stated that those projects could be made up some time in the future and presented, and that Gallatin County would be in better standing to receive consideration after projects were made up.

R. E. Brown having tendered his resignation as Chairman of the C W A Board, a communication from Helena notified the Board of same. The Board endeavored to interview a number of the citizens of the County, endeavoring to get cooperation relative to cooperating in the direction of filling the vacancy.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 19th day of April, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

W. W. Spain, City Mayor, was called and asked if he would get his Board together with the City Manager and meet the County Board at 8:30 A. M. He stated that he would be present with the Board at that time. The Board saw A. E. Westlake and asked him to meet the Board at 8:30 A. M.

Having previously arranged with Wilbur Graham to take up matters with the City Board relative to Urban project in Bozeman at the office of the County Commissioners at 8:30 A. M., all parties notified were present and the matter was taken up relative to a project commencing at number 10 on Peach Street and going East to Broadway, thence up Broadway to number 10. The County Surveyor and G. O. Arnold made inspection of this project and submitted at that time prices on same. This was made up and approved by Mr. Graham at this time. The County agreed to prepare grade and place gravel on same in connection with this project that was set up.

Mr. Ira Tesell met the Board and said that the Sales Ditch on the South side of his ranch had been giving considerable trouble and that the County had graded the road and the ditch had sloughed into the road. He was informed that this was true, to the knowledge of the Board, but that same had been repaired. He stated that on the Southeast of his ranch that he was compelled to give up more land to the Sales ditch. He was informed that this was no trouble of Gallatin County and the Board did not care to mix with it. He asked if the Board would come out sometime and view the situation and get his slant on the matter. He was informed that they would at the first opportunity.

H. H. Dokken met the Board and said that he had two bodies in the Morgue and that they were both ex-service men; one, Ralph Lawrence and the other Roy Bemis. Friday the 20th day of April 1934

County Commissioners' Office
Bozeman, Montana

The Honorable Board of County Commissioners met at the above named office in extra session on Friday, the 20th day of April, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Mr. Williams, living on the Quantic-Wood Road met the Board and stated that some test holes for gravel had been dug on his ranch and in his judgment the gravel was very good. He asked that the Board come out and look this over, and whatever amount of ground was needed to furnish gravel for this road would be allowed.

Having previously arranged to go with Surveyor Waldorf to look over the roads in the various parts of the County, the Board, Surveyor Waldorf and Mr. Bunnell looked over the fence on the West Gallatin Road in front of the Bunnell Ranch that Mr. Bunnell objected to. This fence was taken out of the way, endeavoring to place the grade on another location. The Board agreed to pay Mr. Bunnell the sum of \$10.00, he to put up and furnish all materials for this fence.

Then went to Fort Ellis Reservation and looked over the gravel on the Quantic-Wood Road and found the material was in very good condition. Surveyor Waldorf outlined about the amount of ground that was necessary to gravel such a road. Mr. Williams stated that he wanted to seed this field and that it would enable him to leave this part vacant.

The Board and Surveyor Waldorf went to Gallatin Gateway and thence west and looked over the road. At the southwest corner of the Cloninger Ranch it was found that at the irrigating ditch owned by Carl Axtell and others the culvert was too narrow and short, and it was decided to put in a longer culvert and to widen it somewhat. The material was to be taken to the Axtell Ranch for Carl Axtell to install later in the week.

Then went down the river on the west side from that point and found that the road was in fair condition.

Then went to Manhattan and saw Mrs. Ella Potter who had applied for an Old Age Pension. She stated that she had sent a deed to her sister who was interested in the property she is planning to turn over to the County, and that she was in hopes of receiving the deed to the property to be turned over to her, and she in turn would deed it to the County endeavoring to get an Old Age Pension. She was told that as soon as this was received the Board would give same consideration. The Board agreed to give her an allowance of \$20.00 per month beginning May 1st, 1934.

The Board went to Three Forks and saw Mrs. Gussie Eroes relative to the house that she has been living in on Lot 10, Block 3, Milwaukee's First Addition to Three Forks. She informed the Board that she had in mind to move in a short time and that she would give the Board timely notice so they might be able to get someone else in the house. It has been found that when houses are vacant in Three Forks, unless windows and doors are boarded up they go to ruin in a very short time and the Board had in mind to get someone else to live in this house or endeavor to sell same at the first opportunity.

Then went to the Ben TeSelle Ranch and took him to the south side of his ranch where he had complained of a ditch that the County had graded the road close to and which was giving trouble. He claimed that by action of the County damage was done to this ditch. The Board agreed that the ditch had been worked very close but had been repaired, and the Board felt that his trouble with the ditch at the place he mentioned was no fault of the County's and that the ditch on the east end where it entered his place was a matter between him and the owner of the said ditch.

While in Three Forks the Board went to see L. L. Marsh who is renting a store building from the County and who had agreed to pay \$20.00 per month for same. The County Treasurer has not been able to collect any cash. The Board purchased \$11.20 worth of groceries for the Commissary, same to be applied on this rent.

On motion made and unanimously carried, the following Resolutions were adopted:

Dr. Brewer was informed that as soon as the Board had time they would endeavor to take some action on same.

Ray Ecton and Ed Deboire met the Board relative to Aelt Brouwer. They stated that he was 63 years old and sick, and that his wife was 81 years old and blind. They stated that the people in that community had been furnishing them supplies for some time and that it was very hard for them to even get by themselves, and asked if it would be possible for the Board to come and interview them. They were informed that the Board would endeavor to see them not later than Thursday and get a slant on the situation.

Mrs. Willie Webster, a County charge, met the Board and wanted to go to her son in Salem, Oregon. She said he would keep her. The Board thought it good business to buy a ticket to send her to him. It was found that the ticket and her keep to that place would be about \$25.00.

Mrs. Kremer met the Board and reported that Mrs. Ross, an old lady, living at 12 North Broadway was in very hard circumstances and said that if the County would pay her rent for the month of May that she thought Mrs. Ross could get along after that. Mrs. Ross has been paying \$15.00 per month to L. W. Truitt who is agent for the house. Mr. Truitt met the Board and was told that the County would pay \$8.00 for the month of May. This was agreeable with Mr. Truitt.

Dorothy Williams called by phone and stated she had moved from Mrs. Jim O'Connells to Mrs. Will Bragg's at 413 South Bozeman. Mrs. Williams was told to have Mrs. Bragg meet the Board relative to same.

Ralph Nelson met the Board relative to the road up the South Fork of 16 Mile Canyon. He was told the Board would view same as soon as possible.

The Board adjourned at five o'clock P. M.

WHEREAS, under the provisions of Section 1463 of the Revised Codes of Montana of 1921 the County of Gallatin is required to honor and pay the quarterly bills for clothing and transportation of inmates of the State School for the Deaf and Blind, who are entered as pauper inmates thereof; and

WHEREAS, the set-up in the 1933-1934 Budget is insufficient to meet the demands for the remainder of the Budget year; and

WHEREAS, the State School for the Deaf and Blind at Boulder, Montana, has presented its quarterly bill for items furnished to Gallatin County's pauper inmates for the months of January, February and March, in the amount of \$51.75, and there is insufficient money in said Fund to pay said amount and the bill to be presented by said Institution for the months of April, May and June, to follow; and

WHEREAS, it is necessary that said Budget Item for Clothing and Transportation under the budget for 1933-1934 be increased by the sum of \$125.00, and that said amount be appropriated with which to pay the said \$51.75 claim now presented and to meet the expenditures to follow for the balance of the current year;

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Gallatin County, State of Montana, in regular session assembled, all members thereof being present and concurring in the deliberations of said Board, as required by law, deeming that a public emergency exists, as hereinbefore set forth, and that the expense for the payment of transportation and clothing for pauper inmates of Gallatin County at the State School for Deaf and Blind at Boulder, Montana, is a mandatory expense required by law, and that it is now necessary to increase the 1933-1934 Budget to the extent of \$125.00 and to make an appropriation of said amount to take care of the claim of \$51.75 presented by said Institution to this County for clothing furnished to the pauper inmates thereof who are residents of Gallatin County, for the months of January, February and March, and to meet the expenditures for the balance of the current year, HEREBY DIRECT that said Budget be increased to the extent of \$125.00, and that said amount be appropriated from the General Fund and credited to the Clothing and Transportation account in said Budget for said State School for Deaf and Blind at Boulder, Montana, to enable the Board to make such expenditures and incur such liabilities as are necessary to meet the emergency aforesaid, and that this RESOLUTION directing the same be spread upon the Commissioners' Journal without further notice of hearing.

Mrs. Sill Bragg met the Board wanting to sign claim for Dorothy William's rent. On investigation it was found that Dorothy is making about \$40.00 a month working on F E R A and is doing some work besides. The judgment of the Board was that she should get along on this and pay her own rent. Later Mrs. Williams met the Board and after some discussion it was decided for her to pay her rent and if she should lose out on her work and need some help to report to Mrs. Kremer.

Mr. Dan Williams, Superintendent of District 7, was called and asked to meet the Board Thursday morning. He stated that he would meet the Board at 9 A. M.

Board purchased 5,000 cabbage plants of Mr. Lessely for the Poor Farm at \$3.00 per thousand.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

Thursday the 10th day of May 1934

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 10th day of May, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Monday, May 14th, 1934, not to exceed two days.

Joe Elings met the Board and had with him Mr. Bunnell from the West Gallatin. Mr. Elings informed the Board that Surveyor Waldorf had ordered him to move his crew to the Bunnell place, and that in front of the Bunnell house a change of a ditch had been made by the road and this ditch was overflowing and complaints had been made. Mr. Bunnell was talked to to see if enough dirt could be secured from him to raise this levy, endeavoring to make the ditch carry the water. Mr. Bunnell protested allowing any dirt unless a hole could be filled up on the east side of the road in front of his house which had been taken out by the dragline while constructing the road. The Board, not realizing just what condition there was there, informed them that they would be out and look over the situation immediately and would decide then what was best to do.

On motion made and carried the Board went to the Bunnell ranch. There viewed the situation relative to the overflowing of the ditch, also the barrel pit that was complained of by Mr. Bunnell and decided that it was advisable to fill the barrel pit as it would only take a short time and Mr. Bunnell said with that in view that it would be all right and he would furnish the dirt to make the necessary levy for the ditch.

The Board went to the Holland Settlement and there saw Aalt Brouwer and his wife and discussed matters with them relative to their condition. It was found that they had very few supplies; also found that their fuel was almost exhausted. It was decided to leave a Requisition at the store with Mr. De Boer of \$8.00 and also gave a Requisition for a half ton of coal to be delivered to them. It was decided with Mr. De Boer that he take care of this and give them just such necessities as were needed, and at the end of the month we would be in a better position to know just what it actually took to take care of them.

Then went to Three Forks and saw Joe Menapace and gave him a letter asking him to make collection from Clarence Lane who is renting one of the County houses, and from a few others who in his judgment were able to pay now who had not been able to in the past due to the reason of their having work now.

While in Three Forks saw Mrs. Fisher, a Mother's Pensioner, and talked with her relative to the house located in Bozeman called the Cottle property. She was very much undecided as to what to do. She was informed that as long as she did not know what she wanted to do that it was advisable for her to remain in Three Forks until school was out, and at that time if she decided to move to Bozeman she would have to provide a house for herself.

Father O'Kennedy was called and asked to meet the Board. The Board had in mind to take up the matter with him relative to assisting in the County Health Unit. After some discussion it was found that he was in no position to bring the matter before his people before June 1st. He stated that the work was very good and that he very much appreciated the cooperation and that while he would make no promises he thought it probable he might be in a position at least to contribute \$100.00 to this unit, and stated that he would inform the Board after his actions.

D. S. Williams of District No. 7 reported to the Board that he would guarantee \$500.00 for the Health Unit, with a possible chance of \$800.00 if their hook-up would go through with the F E R A on repairs of school building for City of Bozeman. At the present time however he would not guarantee more than \$500.00.

The Board went to Logan and had an interview with Mrs. Edna McDonnell, a Mother's Pensioner, and asked how she was getting along. She stated that it was almost impossible for her to get along on the \$15.00 being allowed her by the County, and that she had in mind to come to Bozeman after school was out to endeavor to get a location where she might be able to keep boarders and continue the schooling of her girls. She stated that if she could do this she felt she could get the girls to do enough night and morning to help her and that she could keep a number of boarders and be able to better her condition. She said she had a prospect not long ago to sell her property there, and if such sale could be made that she was satisfied that she could make the change.

The Board adjourned at five o'clock P. M.

Monday the 14th day of May 19³⁴County Commissioners' Office
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 14th day of May, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Wednesday, May 16th, 1934, not to exceed two days.

R. G. Baxter, J. R. Chambers, Wayne Richardson and Fred Williams met the Board and took up matters with them pertaining to the continuation of the Virginia City project by the way of the Madison River, there being only one grading project left and this project will hit Madison County on the County Line of Gallatin and Madison for a distance of about a mile and three quarters. After some discussion it was decided that it would be good business to get in touch with the Board of County Commissioners of Madison County to see if they would not cooperate in the work of this project. It was decided to have Fred Williams, President of the Chamber of Commerce, call Bert Maynard who lives on the Madison River and who is very closely in touch with the Board of County Commissioners and ask him to get in touch with them, endeavoring to have a meeting with that Board. This was done and Fred Williams reported back to the Board that Tuesday morning A. L. Martin, living near Harrison Montana said he would meet the Board at that place between the hours of 9 and 10 o'clock A. M.

R. B. Downs met the Board and asked to go over letters which he had received from Helena, and also presented a petition that had been received protesting his actions regarding the labor situation here. Mr. Downs is Registering Agent in Bozeman. After going over the petition it was found that out of the 124 that had made this protest that 24 of this number were not even registered, also about 50% of these that had complained have had from one to four jobs in the past few months. The Board felt that this petition should not be given consideration. It was also found that the remaining men who signed the petition were largely single men who no doubt would be able to go out and get work with the farmers should they so desire. Mr. Downs was told to endeavor to place as many men as possible, and to endeavor to get along with the situation as best he could.

E. Portnell met the Board and stated that he had previously met the Board and asked for a short strip of road to be graded, and at least two culverts put in so as to enable him to keep his irrigating water out of the road. This work had been looked over and such arrangements made with him, but owing to the fact of not having machinery in that locality the work was not done. He stated that if two culverts were out in he would endeavor to keep this water out of the road. This was referred to Surveyor Waldorf and arrangements made to put in culverts the following day.

Mrs. Crouse called and asked the Board to come down and see her some time during the day. She was informed that they would come as soon as possible.

Mrs. Kremer met the Board relative to Mrs. Ed Gammon's rent. She was informed that the Board had previously agreed to pay Mrs. Gammon's rent for six weeks and at that time, Mrs. Gammon's stated, she would take care of herself or go east as she had planned.

Mrs. Kremer also spoke of Warren Thomason's rent. She was informed that the Board did not feel that this rent should be allowed.

Ed Hays was called and informed that when the Board made the appointments that they had designated the Maintainer for him to handle for the coming season. He said that it would be agreeable to him, and Surveyor Waldorf was so informed.

D. H. Rexroat met the Board relative to his father. He stated that his father was quite old and that he was very much in need of a set of false teeth. He said his father had had no teeth for the past four years, and that he also needed an operation. It was decided that he would take care of the teeth for his father, which he said he could do, and the County would take care of the operation. He is to report later on same.

Joe Nash met the Board and let the County have one of his Lots on North Black - Lot 6, Block 46, Imes Addition to the City of Bozeman. He said he would ask rent for this ground in about the amount of \$5.00 for the season.

Purchased supplies for the Commissary from the Sawyer Company.

Bought 200 cauliflower plants from Lessely at 50¢ per hundred, to be delivered to the County Farm.

I. W. Bigelow met the Board and asked to have Thelma Ferguson put on as extra help for a few days to start May 15th, 1934.

A. M. Cowan met the Board and said he would collect the money coming to the County from the dragline in about ten days. He was told that would be all right.

Since the County owns the Cottle property and there is no water on same, and since it is a fairly good house and has an extra good garden plot the Board decided to put water on this. The City Engineer was called and asked to make a survey so that arrangements could be made for excavation. This he did and reported same to the Board and Mrs. Kremer was asked to get a crew and commence the digging of the trench at once.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 15th day of May, A. D., 19³⁴, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Having previously arranged to go to Madison County to meet with the County Commissioners there, the Board together with R. G. Baxter, J. R. Chambers, Wayne Richardson, Mike O'Connell and Charles Poor went to Harrison. There met A. L. Martin, one of the County Commissioners of Madison County, and he advised the Board to go with him to Twin Bridges endeavoring to get in touch with the other two members of his Board.

Met at about 2:30 P. M. and discussed the matter of the Virginia City road; of grading and gravelling of the last project to Madison River - There the Madison County joins with Gallatin County for a distance of about one and three quarters miles. After considerable discussion, and the road looked on somewhat favorably, the Commissioners of Gallatin County stated that they would like to be on the ground so as to form an idea as to expense, etc. It was agreed that unless called by the Madison Board, that a meeting would be held on the ground on Tuesday, the 22nd of May at 11 A. M. to determine what to do relative to the construction of this road.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 16th day of May, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Dr. Nelson, Veterinary at Livingston, who has been in charge of the T. B. testing in Gallatin County for the past two or three months called the Board and asked them to make arrangements with Glenn Johnson who has been helping them most of this period and have him go up the West Gallatin and line up the stockmen in that canyon endeavoring to get out on Friday morning and start T. B. testing in that district. Johnson was seen and told to interview the stockmen in that locality and prepare for Friday and Saturday testing. The Doctor also stated that he would like very much to go as far as West Yellowstone and clean up same while on this trip.

Ward McLeod called and informed the Board that the ditch bank on Dry Creek Irrigation Company was softening. He thought this should be investigated to ascertain whether or not any trouble might come of it because if such happened it would very much endanger the County Road.

On motion made and carried the Board went to that district, made observation of same, and in their judgment the ditch was safe and in good condition and no harm could come from it.

Then the Board went to the road east of Bozeman known as the Wood-Quantic road and made inspection of same. The boys were running the caterpillar and grading same at this time.

Then came back over the newly gravelled road and made inspection of same between Bozeman and that point and found it to be in good condition.

Eddie Franks, Chairman of the County Board of F E R A, met the County Board and said that he thought it would be advisable to make a trip to Helena to see if a larger appropriation could be obtained owing to the development of projects and increase in number of dependents in Gallatin County. Gallatin County was allowed \$6,500.00 which is very much insufficient for the needs of the County. It was discussed and decided that if a sufficient number of the Board could get together they would make a trip and explain matters to the office at Helena. Arrangements were made to go on Friday, the 18th of May, endeavoring to accomplish what they could.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 17th day of May, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Monday, the 21st day of May, 1934, not to exceed two days.

W. T. Montgold met the Board and asked if there was a herd district south of the N. P. Railroad at Three Forks. He was informed that there was. The petition was looked up and shown him relative to same. He also asked if there was any land owned by the County in that locality that could be leased for stock purposes. He was informed that a small amount was obtainable in that locality; one piece just west of his place, and one located on the Madison. He asked if there was any road to the land located on the Madison. He was informed that there was a road, of which gates were located, and that he would have to make inspection to see whether or not it would be permissible to run stock through. This he said he would do, and see the Board at a later date.

Signed a dance license for Keith Buck at Gallatin Gateway.

Dr. Smith made a report of the patients in the Deaconess Hospital. They are as follows:

Mrs. Johnson
Mrs. Burkin
Wm. Decker
Frank Davis

Ben Vaughn
Mary Humphries
Clande Burrell

R. G. Baxter and James Walker met the Board and said that where the County put in a steel pipe for them to get out their water from the East Gallatin just north of the Todd Stephens Bridge, the pipe was higher at the lower end than at the upper, and that it was backing up water conditions at that place. The Board informed them that no personal inspection had been made of this culvert and that same would have to be made before making any decision in the matter. They asked that the Board go with them, endeavoring to get the necessary information on it and insisted that something be done right away as they were very much in need of their water.

On motion made and carried the Board went with them to the place above mentioned and made a personal inspection of same. It was found that they were somewhat mistaken as to the condition of this culvert that conveys their water. It was found that the trouble lies in their ditch, about 300 feet below where it comes out. They stated that they would correct this and see what results could be obtained.

Mr. Baxter also informed the Board that he had two culverts located at the Harper school and a half mile north that were too low, and that he had to levy up around these culverts and when stock would work into it it would cause the water to overflow the road. He asked that these culverts be raised and one lengthened. An inspection was made of these and it was found that he was correct. Reported same to Surveyor Waldorf and they were immediately repaired.

Signed a three months' dance license for Jake Marks to hold dances at the Marks' Barn.

R. Franzen, Undertaker at Livingston, reported that Jim Bush, a citizen of Bozeman, had died in Livingston and was without funds. He asked that the County pay the usual amount of \$50.00 for Bush's burial. After some discussion and investigation it was agreed that the County would pay the burial at Livingston.

Walter Sales met the Board and reported that the bridge by W. J. Reider's place was broken in. Same was reported to Surveyor Waldorf.

On motion made and unanimously carried, the following Resolution was adopted:

RESOLUTION FOR TRANSFER OF BUDGET APPROPRIATIONS
(General Fund Transfer #6)

WHEREAS, Section 5, Chapter 148 of the Session Laws of the Twenty-first Legislative Assembly of the State of Montana provides that in the case of budget appropriations to be expended from the General Fund any transfer or revision within the general classes of (1) "Salaries and Wages" and (2) "Maintenance and Operation" may be made; and

Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 21st day of May, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Clerk was ordered to post notices for an extra session beginning Wednesday, May 23rd, 1934, not to exceed two days.

Undersheriff Isbell met the Board and reported that Virginia Mowrey was placed in the home of Mrs. Marlow on the 18th. He stated that he had found trouble in the home where this girl lives with her father and he was obliged to move her at once. He stated that he did not care to take charge of the case at this time for the reason of lack of information. He stated that on investigation he would report later, and that he was endeavoring to find a home for the girl somewhere in the state.

William Callantine met the Board relative to the road in his locality and asked if anything could be done with this road this year. He was informed that financial conditions would perhaps be the only thing that might hold this road up in the future.

John Cloninger met the Board relative to Rights of way from the school house west of Story Siding on a strip of road a mile in length, running west. He was given a petition and asked to get all parties concerned in this road to sign the petition giving Rights of way and to conform with the rules of the County relative to putting in the dragline and raising this road, it being very narrow and there not being enough dirt to raise the grade.

Mrs. Forristell who has been looking after Mrs. Sweitering, a County charge, called the Board and stated that Mrs. Sweitering's daughter had moved from Livingston to Bozeman and wanted to take her mother and apply half of the amount that the County has been contributing to Mrs. Sweitering's keep for her rent. Mrs. Forristell told the Board that from what information she had been able to gather that it was no place to move Mrs. Sweitering at this time. She was informed by the Board that she had been looking after Mrs. Sweitering for a long time and that the Board would rely upon her judgment and for her to exercise same and anything she did would be agreeable to the Board.

Mrs. Gussie Erroes met the Board and said that she was going to move from the County house in Three Forks. Previously she was asked in case of her moving to let the Board know so that they could endeavor to get someone to move into this house rather than have the house vacant as the windows and doors might be broken out by the children there. She stated that she thought she knew of a party that might want the house and that she would endeavor to see them when she went back.

N. M. Kvalnes wrote a letter to the Board and enclosed a check for \$40.00 which was to reimburse the County for the burial of Mrs. Charles Murray. Mrs. Murray had died in Three Forks and the County expended \$50.00 for her burial with the understanding that if Mr. Kvalnes could make any collections from Mr. Murray in the future that the County would be reimbursed.

S. D. Waldorf, County Surveyor, met the Board and said he would like to make an inspection of the Bozeman - Virginia City road leading to the Madison. This the Board agreed to, and on motion made and carried the Board and Mr. Waldorf went out on this road and inspection was made of same. Mr. Waldorf made a tentative estimation of what the cost would be of construction of this road along the Gallatin County and Madison County line, a distance of one and three quarters miles.

Then went down the Madison River, inspected roads in that locality and found same in fair condition.

Then went to Trident and met Mr. Latimer, Superintendent of the Trident Works, and he informed the Board that he was expecting to ship a very heavy shovel, weighing approximately 100 tons, and that he would be compelled to move this machinery over the road along the hill side just east of the works. After inspection of same it was found that it would be necessary to work about 600 feet of said road, widening same out to a distance of 16 feet endeavoring to give room to move this machinery. He was informed that the County would like to cooperate at this time but the County's machinery was scattered over the County. He was asked in what way he would be willing to assist in this work. He informed the Board that he would let the necessary pipe from the air compressor to this ground and that he would furnish that free. He also informed the Board that he had a shovel that he thought he could move on this road at a later date. It was agreed that when the shovel was available that he would inform Surveyor Waldorf and that action would be taken relative to the widening of this road to care for transportation of the machinery that he had to move.

Surveyor Waldorf met the Board and informed them that on Sunday the County crew had all collected at the Shop, and that they put on gravel in the County yards and also gravelled the street on North Grand to Peach Street and one block south connecting up with the city. This work was all done gratis by the County crew, the County furnishing only the machinery, gas and oil.

The Board purchased five cases of cheese from the Gateway Cheese Factory for the Commissary. Also purchased two cases of eggs from Sawyers Store.

The Board adjourned at five o'clock P. M.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 22nd day of May, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Joe Menapace called from Three Forks and informed the Board that L. L. Marsh who is renting one of the County buildings on Main Street in Three Forks was moving out and he had in mind that if the Board cared to see him before the stock was all moved that they could do so at once.

Having previously arranged with the Board of County Commissioners of Madison County to meet them at the Black Crossing on the Madison River to look over the proposed joint connection of the two Counties, a strip of road one and three quarters mile in length, endeavoring to see if same could be financed by the two Counties and complete the grade on this road this year. They were met at that point and the two Boards went over the ground, looked it over and decided to come to Bozeman for lunch. After lunch the matter was discussed by the two Boards, and a number of the citizens of Bozeman were present. The matter was gone into and every detail brought out. The Commissioners of Madison County informed the Board that their funds were very much limited and that a number of the large tax payers had been interviewed the previous day and they felt that it would be hard for them to put up sufficient money at this time to grade this road. It was brought out by County Surveyor Waldorf that the approximate cost of half of this road, which would be chargeable to Madison County, would be neighboring \$6,000.00. The Madison Board informed the Board that if conditions changed and they got moisture sufficient for the stockmen in that County in the near future that they would be glad to meet the Board again and give the road consideration.

Charles Vandenhook was present at the meeting and he suggested that in all probability a petition could be gotten out and that he, himself, would head this petition with \$100.00 toward the work of this road. He stated that in his judgment this was a very much needed road, and owing to the fact that one project remained ungraded he would like to see it continued. He also suggested that it might be wise in the near future to appoint a committee to give this matter their attention, and in all probabilities there might be contributions enough to add materially to the cost of said road.

Purchased supplies for the Commissary from the Lovelace Grocery Company.

Sold to C. S. Madden Lots 17 & 18, Block 9, West Park Addition to Bozeman on Contract,

Mrs. Kremer met the Board relative to Lavonnie Gamon's and stated that she would have to remain about fifteen days longer at Bozeman, and if the County would pay another half month's rent for her that she was satisfied that she would leave the County then and would be of no further expense to same. The Board agreed to pay the additional fifteen days rent.

The Board adjourned at five o'clock P. M.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Mrs. Kremer met the Board and took up the matter of water pipe to be used for the Community gardens at the Fair Grounds. She stated that the garden was very much in need of the water at this time.

On motion made and carried the Board went to the Fair Grounds, there located from the stock barns the hydrant that would be the most accessible for watering of this garden and measured same. It was found that approximately 367 feet of 3/4 inch pipe would be necessary to make proper connections for watering this garden. It was also found that about four places for taking water for this pipe would be necessary. It was decided that Mr. Pasha should look after this matter and order pipe.

The Board then went to the Wood-Quantic Road and inspected the grading being done there by the County crew. It was found that the road was progressing nicely and would soon be in shape for gravelling.

Surveyor Waldorf met the Board and stated that in his judgment while the dragline was out on the Wood-Quantic road that it would be advisable for arrangements to be made after completion of that road to put on the shovel and put in the necessary grade up Bear Canyon endeavoring to put it in shape for future gravelling as proposed by the people in that locality.

Charles Osborne met the Board and wanted to get the tumble bug to make a levy along the North Line Railroad endeavoring to hold the water in his irrigating ditch. He was informed that the cost of this would be \$1.00 per day. He was asked to return same in as good condition as when received and also asked to return as soon as he was done with this work. This he said would be agreeable to him.

On arriving at West Yellowstone Mr. Rousch was looked for and was not found until late in the afternoon. The keys were surrendered to the Sheriff and the jail was cleaned up. Sheriff Westlake has in mind to place a deputy there in a few days.

Conditions in West Yellowstone were found to be in fairly good shape and that Rousch had started the well on County Property which he had previously leased and work to begin on the date that inspection was made.

Walter Davis met the Board and stated that Paul Reichart who is living in his cabin hasn't paid any rent since last September. He asked that the County pay this rent. He was told that he might ask Paul Reichart to meet the Board and an investigation would be made to see what could be done.

Dorothy Williams, whom the County has been helping from time to time, met the Board and wanted the County to pay her rent. She was referred to Mrs. Kremer.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Friday, the 1st day of June, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Having previously arranged to go to Ancney to meet a delegation of farmers to look over the proposed road from Ancney to Vincent, on motion made and carried, the Board together with Surveyor Waldorf went to Ancney and met a number of farmers in that locality and went over the proposed road. It was found this road was feasible and in case it was decided to build same that a petition would be circulated immediately to close up the hill road which is now an objection for the reason that it was much longer and is often blocked by snow in the winter. They were informed that at this time the Board did not see how money could be had for building this road but as soon as money was available for this purpose they would be notified.

Then went to Trident to see Mr. Latimer relative to the hill road at that place. He stated if the County would furnish the men for drilling and the powder that he would put in the airline from the plant, furnish the necessary trip hammers and drills and also that he had a shovel he would put on the hill and after the blasting would throw off the rock and clean the road. This arrangement was made with him.

Then went to Manhattan and east to inspect some bridges in the Baker Creek district and found two in need of repairs. Surveyor Waldorf was ordered to take care of same.

Mrs. Kremer met the Board relative to James Nichols' rent. Mr. Nichols has been living in a house belonging to Mrs. Pete Brenden which house he had been paying \$15.00 per month for but for which he had been unable to pay anything for the last month or two. Mrs. Brenden said she would accept \$10.00 per month from the County. Not having a cheaper house for him to move into, the Board agreed to pay \$10.00 per month until other arrangements could be made.

I. W. Bigelow met the Board and asked to put Miss Glover on as extra help in his office for a few days. Same was approved.

The Board ordered 8000 shingles from C. W. Cramer at \$4.00 per M.

Monday the 4th day of June 1934

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Monday, the 4th day of June, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The time having arrived for a hearing on the application for Mother's Pension of Mrs. Emma White of Manhattan, the report of Undersheriff Isbell was read and it was found that she has 15 head of milk cows, 7 heifers, 8 head of horses and 160 acres of land, all under fence. It was also found that she had not paid her taxes for the last three years which amounted to about \$60.00 at this time. The Board suggested that she might be able to sell six head of horses and pay the taxes and have some money left; also that she might sell the heifers and save paying pasture rent. The Board agreed to allow her a pension of \$10.00 per month at this time.

Water and lights were ordered turned on at 431 Ida Avenue for Mrs. Fischer.

Harry Figgins met the Board and asked to put a culvert across the Cottonwood road in order that he might irrigate a small piece of ground which could not be irrigated from any other source. The matter was referred to Surveyor Waldorf and he said he would take the culvert out. Mr. Figgins agreed to help install same.

Surveyor Waldorf reported that Bob Ledingham at Manhattan had a compressor he could sell the County for \$200.00. Mr. Waldorf stated this would handle at least two jack hammers and would save the County a great deal of money.

Surveyor Waldorf met the Board and asked that they go with him to Trident. On motion made and carried, the Board went to Trident with Mr. Waldorf and found the work there not progressing very satisfactorily on account of the shovel the Trident people had on the job. It was decided that if they would take the shovel off that the County truck and blade could be put on the hill and rush the work. This was agreed upon.

Purchased 100 lbs. of butter from the Cooperative Creamery at 23¢ per lb.; also three cases of eggs at \$3.50 per case and two bales of oatmeal at \$3.50 per bale from Sawyer's.

Ray Michener asked to get two fresnos for five or six days. He was referred to Surveyor Waldorf.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Wednesday, the 6th day of June, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

Mrs. Kremer met the Board relative to the Morris house on Broadway. She said she thought she would have to put a man down there to help clean up the place. She also stated the roof was leaking very badly and that the plastering was falling off in many places. She was informed the Board had purchased shingles to reroof the house and would take care of that soon.

Mrs. Wm. Hapner living up Sour Dough met the Board and said the road in that locality was in very bad condition. She was told that an inspection would be made and an effort made to repair same as soon as possible.

Lan Lawrence reported the road in Bear Canyon which he had fixed for the County last year had washed badly and at this time was quite dangerous. He stated that a man had turned over there into the creek with a load of wood and that if same was not repaired this might happen with others. He was informed the matter would be referred to Surveyor Waldorf and that he would take care of it as soon as possible.

Mrs. Thomas, who is renting an apartment from Pete Davis, met the Board and asked the County to pay her rent. Mrs. Kremer was called and the situation discussed from different angles. Mrs. Thomas, being a single woman, with no dependents, the Board did not feel the County should pay her rent and Mrs. Kremer was asked to give her the names of different people who might give her a job.

Mrs. Ross living at 12 E. Babcock and for whom the County had paid rent for the month of May to L. W. Truitt met the Board and asked that the rent be continued. She was informed the Board would continue to allow \$8.00 per month if agreeable to Mr. Truitt.

Mrs. Sarah Shonfeldt met the Board and stated that she being an old woman and not in the best of health needed some different food than was being carried in the commissary and if the Board would make her an allowance of \$7.00 a month in cash she could get along very nicely. This arrangement was made.

State Highway Engineer Fred Brown met the Board and asked that one of the Board go with him to view Project #40 as the County has about \$1000.00 to spend on it and wanted to put it on the bad places. Commissioner Brownell being most familiar with this road was delegated to go.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Treasurer Gatchell reported that he had taken to secure County deposits in the Gallatin Trust & Savings Bank Custodian's Receipt #1441 of the Helena Branch of the Federal Reserve Bank of Minneapolis dated June 6th, 1934 in the sum of \$5,000.00 covering State of Montana 4% Funding Bonds due January 1, 1941.

Also that he had taken to secure County deposits in the Security Bank & Trust Co. Custodian's Receipt #1443 of the Helena Branch of the Federal Reserve Bank of Minneapolis dated June 6th, 1934 in the sum of \$15,000.00 covering 3% Treasury Bonds of 1951-55.

Both of the above were approved.

Wm. Huhnerkoch met the Board and talked over the proposition of the Kelly Canyon road. He stated the road near the railroad at the west end was in bad condition and thought same should be raised with the dragline. He was informed the Board would inspect this road sometime in the near future and would see him at a later date. He also stated if necessary he would be glad to circulate a petition among the people of that locality to have same graveled. He was informed a petition could be obtained from Surveyor Waldorf.

E. M. Strickler and John Priebe met the Board and said they would like to have the Board go with them to the Morris property to see what work was necessary. On motion made and carried, the Board went with them and found the plastering in very bad condition and thought it would be useless to think of patching same. They were ordered while there to tear off the plaster so as to make a good job of it.

The Clerk was ordered to post notices for an extra session beginning Monday, June 11th, 1934, not to exceed two days.

Having previously arranged to see parties in Manhattan and Three Forks, on motion made and carried the Board went to Manhattan and saw Mrs. Ella D. Potter who had applied to the Board for an Old Age Pension. She stated she would turn over her property to the County if the Board would grant her a pension of \$20.00 per month. She having a very nice home and two lots, the Board decided to allow her this amount. She gave the County a deed to her property which was turned over to the Clerk and Recorder for recording.

Then went to Three Forks and saw Joe Menapace about the house Mrs. Fischer had just moved out of and asked him to get someone in the house as soon as possible and that a rent of \$5.00 per month should be asked for this property.

Saw L. L. Marsh who had a County warrant on the Poor Fund for \$9.00. Mr. Marsh turned this to the County to be applied on his rent for the store building. The warrant was turned into the County Treasury.

D. E. Moser was granted a two-weeks' leave of absence commencing June 9th.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 11th day of June, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Undersheriff Isbell met the Board relative to a girl at Willow Creek who wanted to go to the Florence Crittenton Home at Helena. He stated he did not have her name but the Board having knowledge of the case informed him she was one of the Thompson girls. After some discussion it was found she was 19 years of age and the Board stated that in this case the County would have nothing to do with it. Mrs. Peters, County Nurse, met the Board on the same occasion and said she would see this girl's family and inform them they would have to take care of the obligation themselves.

A call came from the Dokken Funeral Home relative to the burial of George Marang. He being a County charge the Board agreed to allow the usual \$50.00 for burial.

Mrs. Kremer met the Board relative to Mrs. N. A. Boyts of Logan, who has been an invalid for sometime and whom the County has been giving some aid. Mrs. Kremer stated she would like to put her in the home of Roy Myers at Manhattan and said they would take care of her for \$25.00 per month. Same was taken under advisement.

James G. Scollard met the Board and asked for aid. He was asked if he could do any work and stated he could if any could be offered him. Arrangements were made for him to go to work in the near future.

The Board went to the Morris property on Broadway and decided that a new roof should be put on. Also the old pasturing taken off and replastered. Found that the foundation at the southwest corner had fallen down and thought it should be raised back in place. Also that the front porch had given way and decided that should be raised back up. It was found that approximately 196 square yards of plaster would be required and the Board agreed to have this work done immediately so as to put in one of the County families.

Mrs. Edna McDonnell of Logan met the Board and reported her daughter, Fernetta, in bad condition. She was told to see Dr. Smith and report back to the Board. Dr. Smith advised that she be taken to the hospital for observation.

J. J. Priebe submitted a bid on the John Morris house as follows:

For re-roofing, raising and leveling the house and shingling the porch, \$28.50;
Repairing floor, windows and doors inside, \$15.00;
Raising and leveling southwest corner of the kitchen and front porch, \$15.00.

The County to furnish all material.

On motion made by Pasha, seconded by Brownell, Commissioner Moore was delegated to attend the State Convention of County Commissioners at Billings on June 12th and 13th.

Dick Young living on the Ferguson ranch west of town reported a culvert in the lane just north of the Bolt ranch in bad condition. Same was referred to Surveyor Waldorf.

The Board purchased bacon from the North Side Market at 14¢ per lb. for the commissary.

Mrs. Kremer reported to the Board that she had a letter from Warren Thompson stating he was up against it and wanted the County to pay his rent. As Mr. Thompson has several big boys who should be working and self-supporting, the Board decided they should be able to pay their own rent.

Received from Lee Kelly the sum of \$1.50 for rent for the month of June for the William Evans house in Manhattan. He was notified that beginning July 1st the rent would be \$2.00 per month, payable in advance.

The Board sold to Bessie E. Woods Lots 10, 11 and 12, Block 7, Springbrook Addition, Bozeman for the sum of \$40.00 per lot. A down-payment of \$24.00 was made, the balance to be paid in four equal annual installments with interest at 4%.

Also sold Lots 7, 8 & 9, Block 7, same Addition, to George Marcum at \$40.00 per lot. The sum of \$24.00 was paid down, the balance to be paid in four annual installments with interest at 4%.

The Clerk was ordered to post notices for an extra session beginning Monday, June 18th, 1934, not to exceed two days.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 18th day of June, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Having returned from the State Convention of County Commissioners held at Billings, Commissioner Moore reported that a talk was given by Fred Bennion on tax matters. He gave a very interesting talk and informed the Commissioners that the Taxpayers' Association was endeavoring to have a man in each County to look over the budgets and assist in any way possible in holding down the taxes of the various counties of the State. Listened to resolutions offered and to recommendations to the legislature on matters of interest to the State. Then listened to an address given by one of the attorneys in Billings on tax matters, relief matters, etc. Also an address given by J. C. Taylor of Bozeman relative to loans, etc. Mr. Taylor gave a very interesting talk and touched on conditions of stock throughout the state and on the plan for exterminating grasshoppers, etc.

On the 13th an address was given by one of the citizens of Billings and the election of officers completed the day.

George Hoell and brother met the Board and said they would soon be ready to turn in the petition on the Bear Canyon road east of Bozeman. They were told to get this petition in not later than Wednesday, if possible.

Ralph Jones, janitor of the Court House, reported to the Board that a large pipe in the boiler had bursted making it dangerous to fire the boiler. He was told that he would be given a man to assist him and that Surveyor Waldorf would be asked to help in planning just how to excavate and to get through the wall by the boiler. He was asked to do this work as soon as possible.

Miss Johnson, County Nurse, and Mrs. Lucy Hughes met the Board relative to Mrs. Hughes' daughter. Mrs. Hughes stated she would like to send her daughter to the Florence Crittenton Home for about four months but stated she had only \$75.00. She said she had been informed that perhaps the County would send her if she would put up the \$75.00. After some discussion, Miss Johnson was asked to take Mrs. Hughes' car and take the daughter to Home at Helena.

Undersheriff Isbell reported he had taken a man who had been found sick in a box car to the hospital. Same was referred to Dr. Smith.

Having previously arranged to go to Kelly Canyon, on motion made and carried the Board with Surveyor Waldorf went to Kelly Canyon and saw Mark Swingle and went over the road in question with him. He pointed out that a number of culverts were needed on this road and he stated the people of that locality had in mind to petition for a graveled road. He also said that a change could be made in this road and that he would see the parties interested and if such arrangements could be made this change would very materially benefit this road as it would cut out a very steep hill and take a water grade. He was informed that various changes would have to be made in fences in order to get the proper right of way. It was also decided at this time that if possible the dragline would be ^{out} to throw up about a quarter of a mile of grade from Rocky Canyon creek west to the hill that connects up with Highway #10

The Clerk was ordered to post notices for an extra session beginning Wednesday, June 20th, 1934, not to exceed two days.

Bacon was purchased from the Modern Market at 14¢ per lb. Also some bacon and 100 lbs. of lard from the North Side Market.

R. B. Downs, Reemployment Manager, met the Board and reported that Edith Starks who is employed in his office handed in her resignation to take effect on June 20th.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 26th day of June, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Fred Lay met the Board and said he had prepared the papers for the appointment of a guardian for Mrs. Annie Dale, an Old Age Pensioner, the Board having asked him to do this for the reason that they felt that Mrs. Dale was getting to the age where perhaps she was not spending her money judiciously as she should. The Board interviewed Mrs. Forristell relative to acting as guardian and she stated if this was agreeable with Mrs. Dale that she would do what she could and would care for the matter in the best way she knew how.

The Board received a letter from Walter Bridges, State Reemployment Director at Helena, informing them that the County after July 1st would have to pay the entire cost of the local Reemployment Office. The Board feeling this would impose a considerable cost on the County decided it would be advisable to go and see Mr. Bridges personally. Fred Williams, President of the Chamber of Commerce, and P. T. Taylor, President of the Labor Union, were called in and the matter discussed with them and they were asked to accompany one member of the Board to Helena to see Mr. Bridges and endeavor to get the Government to stand part of this expense.

On motion made and carried, the Board went to the County Farm and inspected same; then went to the Morris house and inspected the work being done there.

Then went to the cut-off road between Highway #10 and Bear Canyon to see a culvert that had been reported in bad condition but did not find any culvert in need of repair.

Then went to the Wood-Quantic road and inspected the work on that road and also the pit out of which gravel had been taken at the Williams ranch. Found that it had been nicely filled in.

Then went up Rocky Canyon and there saw the contractor and he informed the Board that he had a lot of lumber that had been used for forms when constructing the viaduct which he would sell for \$12.50 per M. The Board made an inspection of this material and thought it would be a good buy. The matter was taken up with Surveyor Waldorf and it was thought best to make a trip to the viaduct and inspect same with a view of buying what the County could use.

Dr. Brewer met the Board relative to Leslie Alford, a T. B. patient who had been at Galen but who had come home sometime ago. Mr. Alford wanted to live in a cabin up Cottonwood Canyon and Dr. Brewer recommended that a tent be set up at the Poor Farm where Mr. Alford could have someone look after him. This arrangement was agreed upon.

Supplies were purchased from Sawyer's for the commissary.

Jack Sharp met the Board relative to the water heater in the boiler room. He was told to put in a new copper coil.

The Board adjourned at five o'clock P. M.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 27th day of June, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Mrs. Anna Sumner met the Board and asked to have Mrs. Daisy White moved from her place not later than the 8th of July. Same was referred to Mrs. Kremer.

Mrs. Forristell called and stated that she had contacted Mrs. Annie Dale relative to acting as guardian for her and that Mrs. Dale had very much protested same. Mrs. Forristell stated for this reason she would rather not have anything to do with it and suggested the Board continue in the same manner they had been.

Dr. Smith reported he had called on Wm. Breeden as the Board had requested and found that he is bedfast most of the time. He stated he thought if the Board could make him an allowance of \$15.00 per month that he could get along. The Board informed him they would discuss the matter and let him know sometime tomorrow.

Oscar Rosenberg met the Board relative to the road from E. Portnell's ranch to his ranch, a distance of about 1 1/2 miles. He stated if there was any gravel in that section that he would like very much to know just what it would cost to put gravel on this stretch of road. He was told to try to locate the material and then an estimate of cost would be given him.

Wm. Adams and Rhesis Fransham met the Board and recommended that Leslie Plummer be appointed as Reemployment Manager.

On motion made and carried, Commissioners Brownell and Moore, with Surveyor Waldorf, went to Rocky Canyon to see the contractor relative to the lumber he had for sale. He said he had approximately 30,000 feet of lumber he would sell for \$12.00 per M. and that this consisted of 12x16's, 12x12's, 12x14's and 8x8's. It was thought by the Board and Mr. Waldorf that the County could use the plank and heavier pieces and the contractor agreed to put this lumber out on the road so that it could be hauled with the County truck and trailer.

Made an inspection of the Kelly Canyon road where the dragline and blade are working and found that the brush should be cleaned out and called the County crew from Bear Canyon to do this work.

S. E. Turner and Mrs. Jim Schweitering met the Board relative to two children belonging to Mr. Turner's son, who had died recently, and asked that the County assist in caring for these children. They were informed that the Board was not all present and to return again later and the matter would be given some attention.

Commissioner Pasha, Fred Williams, President of the Chamber of Commerce, P. T. Taylor, President of the Carpenters' Union, and R. B. Downs, Local Reemployment Manager, went to Helena to meet with Walter T. Bridges, State Reemployment Director, with a view to changing the district reemployment office and locating it at Bozeman. Mr. Bridges had phoned to Mr. Downs that he would be in his office Wednesday afternoon but it was found that he had gone to the northern part of the state and had been detained at Havre on account of rain and had not arrived back in Helena at five o'clock and therefore the committee did not get to see him.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

John Paugh met the Board and asked that at the time the dragline is put on the road west of Valley Center the Board make a special inspection of the road running north and south hooking up with this road and said he thought the dragline should be put in there for a distance of about a half mile. He also stated that beyond that gravel was very much needed on the hill leading to his place. He said he would furnish all materials from his place free to the County and that he would do the necessary hauling if such work could be done. He was informed that sometime in the near future the Board would go over this and see what could be done.

M. F. Lane met the Board relative to the ~~W~~ N ~~W~~ less 2 acres in the northwest corner of Sec. 34-2N-2E, which is County land adjoining his. He stated the fence was down on the north and that stock got into ~~the~~ ground, there being no water, and that his fences were being broken down. He asked the price of this land which was given him and he said that in all probability he would purchase same in the near future, but asked permission to put up a fence on the north side of this property so as to protect his fences. Same was granted.

Undersheriff Isbell reported to the Board that W. V. Ryan of Willow Creek was in bad condition mentally and was sitting out under the trees rather than going home on account of his wife being in bad condition and suffering and that he had brought him to the hospital. Dr. Smith was called and asked to see him immediately.

On motion made by Pasha and seconded by Brownell, the Board went to Helena to see Mr. Bridges relative to the Reemployment Office. P. T. Taylor and R. B. Downs were asked to accompany the Board which they did. The committee asked Mr. Bridges to put the district Reemployment Office here in Bozeman and he refused to do this. He was then asked to make some concession to the Bozeman office if the County should decide to have one and this did not seem to meet with his approval either. County Commissioners' Office,

The Honorable Board of County Commissioners met at the above named office in extra session on Friday, the 29th day of June, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Dr. Smith reported that he had seen W. V. Ryan at the hospital and had found him in bad shape. He stated he had raved most of the night and the nurses had complained about him. He said he had gone to the hospital and quieted him so that he rested fairly well after that.

As previously arranged and on motion made and carried, the Board with Surveyor Waldorf went to the George Hoell ranch to see Mr. Hoell and his son relative to right-of-way needed for the Bear Canyon road. Arrangements were made for them to donate the land necessary and to take care of the changes in the fences.

Then went to Trident to see the manager of the Trident Cement plant regarding the road east of the plant, which road he had asked the County to widen so as to make it passable for the trucks hauling rock to the plant. He stated this was not rushing and that sometime when the County had machinery available this work could be done.

Then went to Willow Creek and saw Mrs. W. V. Ryan, who is very sick, and also saw Dr. Bradbury. He said it had been difficult for him to keep nurses to take care of her and that the present nurse would be leaving sometime tomorrow or next day and that he did not know whether he would be able to secure another to take her place.

Having received a report from Mrs. Edgar Birch stating that some rabbits belonging to Mize were destroying her garden, the Board made an investigation of same and found that Mr. Mize was keeping the rabbits in their cage and they denied ever allowing them to run at large.

The Honorable Board of County Commissioners met at the above named office in regular session on Monday, the 2nd day of July, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

The time having arrived for a hearing on the application for Mother's Pension of Mrs. Mabel Bemis, Mrs. Bemis was questioned and it was found she had property valued at \$500.00 and that she had ^{worked} some little time at the canning factory and at present is working there three or four hours per day at 27¢ per hour. It was also found that she had a few debts. She stated she thought she would be able to take care of her two dependent children if she were granted a pension of \$20.00. After some discussion, the Board agreed to allow her a pension in the above amount.

Having received a telegram from Walter T. Bridges of Helena, Assistant State Reemployment Director, asking about the Reemployment Manager for Gallatin County, the advisory board, consisting of Mrs. Kremer, Robert Esgar and John Thompson, met the Board and the matter discussed. They were informed that the appointing of a Reemployment Manager was held up somewhat for the reason that Helena might contribute to the salary of the Manager. They urged that the appointment be made right away on account of the work going on in Gallatin County and for the reason that the Trident plant would be opening and would need 100 to 150 men. They also said the work in the West Gallatin Canyon would be in progress soon and that the contractor at Manhattan would be on the job shortly. They thought if a manager was not appointed that possibly the men would be supplied from other sources. The applicants for the job were discussed and they placed two or three ahead of the rest and suggested that Nelson J. Flint would be their first choice. They were informed the Board would make a decision immediately after lunch.

The Board gave the matter considerable thought and decided to appoint Nelson J. Flint. Mr. Flint was called in and informed of his appointment and the matter of conducting the office was discussed with him. A telegram was sent to Walter T. Bridges at Helena stating that Mr. Flint had been appointed.

Dr. Smith, County Physician, met the Board and stated that Mrs. W. V. Ryan of Willow Creek had been brought to the hospital and that he found her to be very sick. He also stated that Mr. Ryan who is also in the hospital was slightly improved.

It was reported to the Board that Mrs. Lou White had moved home from Mrs. Goman's and that she had no heat, water, nor supplies in her house and that she had taken cold and was quite sick. Mrs. Kremer was authorized to get her into quarters where she could be cared for. She reported back to the Board that she had placed her in the home of Mrs. Olivia Bohart where she would be cared for at the rate of \$25.00 per month.

Thursday the 5th day of July 1934

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Thursday, the 5th day of July, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

Mrs. John Hartman met the Board relative to Mrs. Nettie Stanton, who is 94 years of age, and has been bedfast for almost two years. She said Mrs. Stanton was living with her son, Wm. Everson, and that he was almost out of cash and was wanting to reserve enough to give her a decent burial. She was informed the County was not granting Old Age Pensions except in cases where the applicant had property to turn to the County. She stated Mrs. Stanton was very much in need of hospitalization and asked if the County would give her that. She was told that Dr. Smith would be asked to go and see her. Dr. Smith was called and asked to see Mrs. Stanton and make a report to the Board as soon as possible.

Dr. Smith reported back that Mrs. Stanton was very frail, that Mr. Everson was taking care of her himself at present, but that there had been a lady living with them for the last year who had gone home on a visit and would be back in about week and that they wanted to let the matter rest until this lady returned.

Harold DePue of Great Falls, Manager of the North Montana Fair, met the Board and took up the matter of an exhibit from Gallatin County for this Fair. He was asked to see the Fair Board and get an expression from them.

Gus Carlson and H. C. Norwood met the Board and protested the way the grasshopper poison was being handled at the Fair Grounds. They said that much of the time the poison was not ready and they felt some system should be established. He was informed the matter would be taken up with the County Agent and no doubt some arrangement could be made.

Surveyor Waldorf asked that the Board go with him to the County Shop to look over a crank case which had been taken out of one of the F. W. D. trucks and see just how the oil we were using was doing. The Board found that this oil was not holding up in this machinery due to the extra heavy work that was being done, this oil being known as "germ process" oil. It was decided to go back to the Hyvis oil which had been used for the past few years and the boys at the shop were informed to order two bbls. of Hyvis oil.

The Board signed an application for admission to Galen for John Vandolah.

Ed Foreman met the Board and purchased 1740 lbs. of potatoes at 50¢ per cwt. from the root cellar. The money was turned into the County Treasury to be credited to the Poor Fund.

The Board sold to C. O. Covey Lots 10, 11 & 12, Blk. 18, Butte Addition, Bozeman at \$25.00 per lot. A down-payment of \$15.00 was made by him and a contract ordered drawn for the balance.

I. W. Bigelow asked to have Rena Albro put on as extra help in his office for a few days at \$4.00 per day.

At the regular session of the Board, July 2nd, 3rd & 5th, the following claims were allowed and warrants ordered drawn in payment of same on the various funds of the County:

Dr. Brewer informed the Board that his office clerk, Della Cousins, had handed in her resignation to take effect on the 15th of July. He said he had a number of applications and had decided to employ Addie Newman, a Bozeman girl, who has had some experience along that line. He was informed this would be agreeable to the Board as they thought this girl was very much in need of the work.

There being no further business the meeting adjourned.

The greater part of the day was spent in the preparation of road and bridge budgets.

On motion made and carried, the Board with Surveyor Waldorf went out by the way of Shed's bridge and looked over the road running north from Shed's bridge to Cameron's bridge and found same in fair condition.

Then went to the DeVries ranch regarding the complaint mentioned above and found that he was not running water over the road but was running it through the roadside ditch. The Board was informed that he had been wasting water for sometime and the Board stated they had nothing to do with this and should they want to take it up further to see Judge Berg sometime when he came to Bozeman.

Then went to the Sales ditch west of the Holland elevator which had given considerable trouble last year and found this ditch was working fine.

Then went west of Amsterdam as far as the Joe Brown ranch to look over the road he had complained about some months ago with a view to putting out the "cat" and blade to grade this road. It was found that the work could be done in the near future and Mr. Waldorf was advised to do this work and also to do some work on the road running south one mile from the DeHoog house.

II.

No assessment as returned by the Assessor shall be lowered or raised or any reductions or additions thereto or changes therein made, except as provided by Section 2113 and 2121, inclusive, of the Political Revised Codes of Montana, 1921, and amendments thereto.

III.

No assessment shall be lowered or reduced unless the party affected thereby or his agent makes and files with the Board a written application therefor verified by his oath, stating the particular items sought to be lowered or reduced and the facts upon which it is claimed such reduction should be made.

IV.

No assessment shall be lowered or reduction granted unless the person or the agent making the application attend and answer all questions pertinent to the inquiry relative thereto, and the Board has authority to subpoena such witness as it may deem in its discretion proper and necessary.

The assessor or his deputy shall be present at all sessions of the Board and aid and assist the Board in all matters that may come before it.

VI.

The Board of County Commissioners must use the abstract and all other information it may gain from the records of the County Clerk or elsewhere in equalizing the assessment of the property of the County and may require the Assessor to enter upon the assessment book any property which has not been assessed; and any assessment made as prescribed in this section has the same force and effect as if made by the assessor before the delivery of the assessment book to the County Clerk.

VII.

During the session of the Board of County Commissioners it may direct the assessor to assess any taxable property that has escaped assessment, or to add to the amount, number or quantity of property, when a false or incomplete list has been rendered, and to make and enter new assessments (at the same time cancelling previous entries) when any assessment made by him is deemed by the Board so incomplete as to render doubtful the collection of the tax; but the Clerk must notify all persons interested by letter deposited in the postoffice, postpaid, and addressed to the person interested, at least ten days before action is taken, of the day fixed when the matter will be investigated.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 17th day of July, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and carried, Commissioners Pasha and Moore went to West Yellowstone to meet the citizens of that place relative to the County making application for a permit for an airport there. They were accompanied by E. A. Peterson, Assistant County Attorney, and Mrs. Grace Kremer, Relief Manager. At West Yellowstone, the Board met with C. W. Swim of the Forestry Department, George Whittaker, S. P. Eagle, Alex Stuart, "Doc" Bartlett, Dave Fuller, Mr. Pickup, and also F. H. Christenson of the Scenic Airways of Salt Lake City. The matter of an airport at West Yellowstone was discussed and Mr. Christenson stated he had a contract for the delivery of mail to West Yellowstone and would like to have an airport before he began this work. He said he would be willing to do some work himself and that as soon as the permit was signed he would endeavor to put up a hangar and set up a camp. He stated he was bringing in a caterpillar and when not in use he would gladly furnish this for clearing the airport. While there Mr. Sheriff representing the airports of Montana was called and asked what he would do when the permit was signed and he informed us that he would write a letter and explain fully the amount that could be allowed for this airport and that this could be used for the purchase of material, but the labor would have to come from relief. He also talked with Mrs. Kremer and informed her likewise. She stated that at the present time no labor could be had but possibly when some of the projects at Bozeman, Manhattan or Willow Creek were completed some men would be available. Mr. Sheriff informed her that it would be advisable to have as many as twenty at work at one time and that if forty could be put in that so many hours could be allowed and work the crews to take up the full time. It was agreed to bring the application to Bozeman and have same signed by the whole Board and then turn it over to Mr. Swim of the Forestry Department and he could notify the West Yellowstone Chamber of Commerce.

While there a number of the citizens of West Yellowstone took up the matter of oiling three blocks of the street there and stated they would contribute \$500.00 toward the purchase of oil and that they would like to get this work done while the contractor who is oiling the road from Duck Creek to West Yellowstone is in the vicinity. They were informed this matter would be taken up and discussed with Surveyor Waldorf to get an estimate of the cost and the Board would then meet them at West Yellowstone in the near future.

After returning to Bozeman, the Board took up with Surveyor Waldorf the above matter and he stated it would be agreeable with him to go up at such time as the Board could make arrangements.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

K. Lyle Theobald met the Board after the sheriff had visited his place and asked him to come in relative to his crossing Shedd's bridge with a tractor with lugs. He stated he was sorry of this and that he would purchase lumber to deck the bridge when crossing it with the tractor from now on. He was informed that in the judgment of the Board the expense of sending the sheriff out should be paid by him. He agreed to do this and informed the Board that inasmuch as he lived close to the bridge that he would report to the Board anyone crossing the bridge with a tractor with lugs.

P. J. Seifert, N. P. Agent, of Bozeman and Dan Heily, representing the N. P. Railway, from Livingston, met the Board relative to the railroad crossing at the mouth of Rocky Canyon. They asked that this crossing be abandoned on account of the viaduct having been built a short distance above this crossing. They were informed this would affect a party living between the crossing and the viaduct. After some discussion it was thought best to have a petition circulated in the district which would bring about a hearing and no doubt a protest would be made by the party affected and perhaps it would bring about a compromise. It was decided the elimination of this crossing would be of considerable benefit to Gallatin County inasmuch as the bridge across Rocky Creek at this place is of considerable length and the cost of replacement would be considerable.

Mrs. Paulina Fisher, a Mother's Pensioner, met the Board and asked for some fuel. The Board advised her that because she was receiving a pension and the County furnishing her a house and about a quarter of an acre of ground for garden they thought she should be able to get her own fuel. She said she would endeavor to do so.

Mrs. Clara Crouse met the Board and stated that Mrs. Stanton, a County charge, staying at her place required a great deal of care and asked if the Board would be willing to allow her 25¢ more per day to take care of the laundry. The Board agreed to do this beginning on this date.

Supplies for the commissary were purchased from the Lovelace Grocery Co.

Ernest & Wilson Hale met the Board relative to the road up Garden Gulch. They were informed this was not a County road, but the Surveyor said he would view same soon.

The Board then proceeded to locate a County blade which was supposed/somewhere in that neighborhood but found no clue to same, and decided on arriving in Bozeman to take the matter up with the Standard Construction Co. as they were the last to have the blade in their possession.

He was informed the Board would endeavor to arrive at something by that date.

Mrs. Kremer, together with Eugene Boyts of Logan, met the Board and discussed the matter of caring for Boyts' mother, who has been an invalid for sometime. He said he and his father were both very much in need of work but at present were not working at all. They stated they would do the best they could in this matter.

A hearing was had on the application of Mrs. Mary McGillen for a Mother's Pension. It was found that she was unable to properly support her dependent child as she said she was only able to make from \$3.00 to \$4.00 per week and had to pay rent. Mrs. Kremer reported Mrs. L. Hooper of Belgrade very sick and no one to care for her. She said for sometime past she had had a woman working on relief to look after her but that it would probably be advisable to bring her to the hospital. Dr. Smith was asked about the case and he stated that hospitalization would be the proper thing.

E. A. Stiefel of Belgrade and Mr. Batchelder and Mr. McPhail of Three Forks met the Board relative to the outstanding school warrants of District No. 3, Manhattan. They advised the Board that in their opinion Manhattan District should eventually pay back this amount to the County if the Board made a levy for the payment of same. They were informed the Board had received advice regarding the payment of 35% of these outstanding warrants, with interest, this year and the Board would act in accordance with same.

Mrs. Alfred Wilson reported Claude Saunders, who has been working for them, had been taken to the hospital for an operation and asked the County to pay his hospital bill. Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

Having had an appointment with County Attorney Fred Lay, and he having other business and could not be present, Attorney Peterson was called and advised that Dave Johnston of Manhattan had been granted an Old Age Pension in return for deeding his property to the County but that he insisted on collecting rent on a store building which was included in the deed. Mr. Boyts of Logan met the Board and asked that something be done immediately with his wife stating he had used all his means and was not able to care for her any longer unless the County would give him rent and supplies. He was advised that something would be done in the near future.

The Clerk was ordered to post notices for an extra session beginning Friday, September 7th, 1934, not to exceed two days.

Charles LaVier, a transient, was given a requisition for 5 gallons of gas on Kilbride's Service Station.

The Board adjourned at five o'clock P. M.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Thursday, the 6th day of September, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

County Agent Woolley met the Board and asked for a window to be cut in the room to be used for his office in the brick house at 304 W. Mendenhall. He was informed the Board was endeavoring to hold the expense down as much as possible and that if he could get along without they would much prefer that he do so at this time. He stated this would be agreeable.

The Board went to see Earl Robbins relative to the sale of County lots on August 16, 1933. It appeared that no contract had been made for these lots. Not being at home, the Board was unable to see him and decided to see him in the near future.

Then went up Bear Canyon and inspected the work being done by the County shovel in graveling that road. It was found that the shovel was broken down and would not be at work for several days.

Surveyor Waldorf advised the Board that arrangements should be made for moving the dragline within a few days as the work in Bear Canyon was nearing completion. It was decided to arrange to get the fences changed west of the Valley Center school so as to put the dragline to work on that road.

Twenty bunches of shingles were purchased from Kenyon-Noble Lumber Co. at \$4.40 per square to be used on the County house at 304 W. Mendenhall.

A requisition was given J. A. Reese for a box of shotgun shells to shoot crows which were damaging the County garden at the Poor Farm.

At the regular session of the Board, September 4th, 5th & 6th, the following claims were allowed and warrants ordered drawn in payment of same on the various funds of the County:

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board went to the Cloninger ranch west of Gallatin Gateway to see John Cloninger relative to right-of-way for the road west of the Valley Center school and relative to changing the fence on Mrs. Sarah Border's ranch. He not being at home word was left with his wife to have him meet some member of the Board tomorrow so as to make necessary arrangements as the dragline was expected in that locality soon.

Then went to Three Forks to see Joe Menapace who is looking after County property at that place. He stated the roof on the building occupied by the Montana Power Company was leaking and he was told to get an estimate of the cost of this repair and submit same to the Board. He also stated that one of the tenants had offered to kalsomine and paint the inside of the dwelling he is living in if the County would furnish the material. Mr. Menapace was instructed to buy this material out of the rent money collected in Three Forks.

T. A. Conway, Roadmaster of the N. P. Railway Co., met the Board and asked to have the crossing in Rocky Canyon abandoned for the reason that a viaduct had been built across the railroad track approximately a quarter of a mile east of this crossing. He stated this crossing was a dangerous one and for that reason the Railroad Company had contributed to the construction of the viaduct. He was informed that a petition would be sent to him for circulation, after which he could submit same to the Board for a hearing.

Hugh Barnett met the Board relative to lumber for the County. He was informed that the Board would call for bids at a later date and a bid sheet would be sent to him.

Mrs. Kremer reported to the Board that on her return from West Yellowstone she had stopped at the Dier ranch to see the Pinkertons and that they were wanting to move to Bozeman. She was informed the Board would try to see them sometime soon and endeavor to keep them where they are for the reason that it would be much cheaper than living in Bozeman.

The Board also took up with Mrs. Kremer the matter of furniture for the Van Dolahs at Three Forks. She was advised the Board would endeavor to get transportation for this furniture and would inform her as soon as possible when same could be sent.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 17th day of September, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Surveyor Waldorf reported to the Board that the "cat crew" would be through working in the Holland settlement in a few days and asked if the Board thought it advisable to work the road west of the Joe Brown ranch over the Madison Hill. After some discussion it was decided to have Mr. Waldorf look over the proposition and determine what was best to do.

Mr. Waldorf also stated that it would be necessary to secure a piece of right-of-way through the Jake Carolus ranch in Kelly Canyon and asked that the Board go out and endeavor to secure same. He said that Jack White perhaps could outline to the Board where in his judgment snow conditions would least exist in that locality for the reason that he has had a ranch in that vicinity for a number of years. The Board saw Jack White and he agreed to go with them and see Jake Carolus relative to securing right-of-way for the proposed road. It was found that a change would also be necessary on the ranch owned by Mark Swingle, formerly the old White ranch. Mr. Carolus informed the Board that he did not care for any changes to be made on this road but agreed to allow a survey to be made by the County Surveyor endeavoring to point out what location would be acceptable.

Joe Menapace called from Three Forks and said the Van Dolah family had not received all the furniture which was to be sent them, stating they were short a bed and a sanitary cot. The matter was taken up with Mrs. Kremer and she said in checking up she found this to be correct and that she would try to get this furniture to them as soon as possible.

The Board ordered some corn, cabbage and rutabagas sacked up so that they might be able to take same with them to the Weaver family on their way to Three Forks and the Madison.

Steve O'Donnell met the Board relative to the root house to be built at the County Farm. He was told to stake off the location and to do the excavating where the present root house stands. The Board decided to make same 12x14 ft. in the clear and to have the work on same begin as soon as possible.

Dr. Brewer met the Board and asked that the gas be turned on in the Health Unit building. An application card for same was signed.

Commissioners Brownell and Moore made an inspection of the brick house at 304 W. Mendenhall to ascertain what plastering would be necessary. Hugo Anderson was called and asked to plaster around the doors and windows and to touch up such places as was necessary.

Flour was purchased from Montana Flour Mills, groceries from Sawyer's and 50 lbs. of butter from the Cooperative Creamery, all for the commissary.

The Clerk was ordered to post notices for an extra session beginning Wednesday, September 19, 1934, not to exceed two days.

Jim Henry, an inmate of the County Jail, met the Board and stated his family was out of fuel. He said he had some wood at the Wm. Barclay ranch on Middle Creek. Surveyor Waldorf was asked to have some of this wood hauled in when he would have a truck in that vicinity. The Henry family were given some wood from the County yard to last until the other could be hauled in.

Treasurer Gatchell reported that Grace L. Roberts had paid the balance of \$48.00 on Lot 5, Block 17, Buttlemans Addition, Three Forks.

A requisition was given to Henry Rogers, a transient, for 4 gallons of gas and 2 quarts of oil on the Kilbride Service Station.

Minutes of the previous meeting were read and approved.

Mrs. Kremer met the Board and took up the matter of the Burch family at Central Park again and said the people of that locality were sending in such complaints that she thought it would be best to move them as soon as possible. She was informed that the Board had been using every effort to get them a place to which they could be moved.

She also stated that Mrs. John Tartar of Three Forks would take care of Mrs. N. A. Boyts for \$25.00 per month. After some discussion the Board decided that would be the best hookup and asked Mrs. Kremer to so inform them.

Mrs. Kremer stated she had received a letter from Mr. Parnacott at Three Forks relative to the Charles Martin family who had moved in from Broadwater County stating that Broadwater County would take this family. It was decided to see that they move back as soon as possible.

She also informed the Board that the Ray Ross family had moved into Bozeman and that he wanted to see the Board. He was brought in and informed the Board that he had delivered about \$13.00 worth of wood which he wanted applied on his grocery account. This was ordered done and he stated he was very much in need of some gasoline in order that he might deliver some coal to the County Shop which he had agreed to do sometime ago. He was given a requisition for 12 gallons of gas and asked to make delivery of the coal today. This he agreed to do.

Having arranged to go to the Madison on account of water conditions which had been reported, on motion made and carried, the Board stopped at the County Farm and picked up a number of sacks of vegetables and delivered same to the Weaver family on the Madison. Same were reported to Surveyor Waldorf and he said he would give same his attention as soon as possible.

George Miller, Emil Miller, Charles Winter and Charles Schyett met the Board relative to having the road changed near the Callantine place, stating the change would very much eliminate snow conditions. After some discussion they were informed this would be referred to Surveyor Waldorf and if he had time a survey would be made and if it was possible the machinery could be moved in there this fall; otherwise the matter would be taken up sometime next year.

George Carter of Gallatin Gateway met the Board and complained of the brush hanging over the road from his ranch north to the Axtell bridge. He was informed that perhaps sometime this winter that relief workers could be put in there and the brush cleared away. This matter was taken up with Surveyor Waldorf and he conceded that same should be done and said he would endeavor to take care of it sometime during the winter.

Wm. Huhnerkoch living east of Bozeman on the Kelly Canyon road met the Board and asked for a petition for graveling that road. He was informed the matter would be taken up with Surveyor Waldorf and he would prepare a petition and send same to him for circulation but in the judgment of the Board the work could probably not be done this fall for the reason that the dragline would undoubtedly not be available.

Mrs. Kremer reported to the Board that the Presleigh family would have to move within a few days and asked if the Board knew of a house that would be available. She was informed that the Board at this time had no place in mind but in all probability they might be moved either to Three Forks or Willow Creek and placed in a County house.

The Board ordered the Montana Power Co. to turn on the electricity in the house occupied by Mark White at 205 Broadway.

Eugene Wolf of Three Forks, 75 years of age, was granted an allowance of \$10.00 per month from September 20th to February 1st.

A large can of lard was purchased from the North Side Market for the commissary at 11½¢ per lb.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 20th day of September, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Ray Ross met the Board and wanted a screen which the County had at the County yard. He was informed the Board would look into it and let him know at a later date.

J. C. Taylor met the Board relative to the application to the government for emergency stock relief sometime ago. The Board having received information that Gallatin County would be placed in the secondary class felt that something should be done endeavoring to have the County placed in the emergency class. Mr. Taylor stated he would again take up the matter and would do all he could. In the discussion it was brought out that in many sections around Three Forks and perhaps a few near Willow Creek and a number in the Sixteen Mile country there would not be sufficient hay and grain to carry the stock through the winter. He stated that under the present setup there was a bare possibility of the County's getting relief for not to exceed 350 or 400 head of cattle.

Nelson Story III informed the Board that he had quite a lot of machinery for sale, such as blades, scarifiers, fresnos and a steam roller. He was informed the matter would be given consideration and should he have anything that ~~was~~ the County was in need of he would be seen again.

Surveyor Waldorf asked if the Board would go with him to the Madison district to look at some roads, especially the one over the hill west of the Joe Brown place. Some work had been done there with the blade and also some grading had been done by Joe Elings crew in several places. On arriving at the Joe Brown place, Elings was picked up there and taken over this road and additional work laid out for him.

Then went up the Madison relative to small holes in the road which would hold the water and at times make the road almost impassable. Mr. Elings was also asked to do some work on this road as soon as he had completed the work on the hill road.

Then saw Fitzstephens at Belgrade relative to moving a number of electric light poles on the road running north and south near the John Paugh ranch and also four or five on the east and west road along the Dammerel ranch. He was asked to move these poles as soon as possible for the reason that the County had the dragline at work on that road and would need the room.

Then went to Three Forks and saw John Tartar relative to the care of Mrs. Boyts and found that she had been there for the past two days. The Board agreed to allow \$25.00 per month for her care.

Then saw the Rettig family and they very much insisted on the County furnishing medicine for Mrs. Rettig, claiming that they did not have sufficient money to buy the medicine she needed. She was told the matter would be taken up with Dr. Smith. She had two prescriptions which she gave to the Board and which were given to Dr. Smith.

Supplies were purchased for the commissary from the Lovelace Grocery Co.

The Clerk was ordered to post notices for an extra session beginning Monday, September 24th, 1934, not to exceed two days.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 24th day of September, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Mrs. Kremer met the Board relative to the Presleigh family stating she did not get transportation for them on Saturday. She stated that a County truck would move their belongings today but that Surveyor Waldorf thought it would not be best to send the family on the County truck. It was decided to get someone to take the family down in one of the County cars. Ralph Jones, janitor, was asked to go.

Mrs. Ethel Lucas met the Board and said she was in need of fuel and supplies. She, being a Mother's Pensioner, and receiving \$25.00 per month, the Board asked what she was doing with her money. She stated she was paying \$10.00 per month for rent, water and lights in addition to that, and that she had had to get the children ready for school and that it had taken all of her money. She was allowed some fuel and some supplies.

Mrs. Kremer reported the Weaver family very much in need of fuel. Arrangements were made for a load of wood to be sent to them.

Miss Rowe, case worker from the Relief office, met the Board relative to the Charles Pinkerton family, stating she had just received a letter from them in which they said a number of the window lights were broken out of the house they were living in and also that the doors in the inside rooms were out and asked if something could be done. She said she was going up there sometime soon and would look into the matter and see Mr. Dier, the owner of the property, and see if they had some window lights and perhaps some curtains that might be used for the inside doors.

The Chairman was authorized to sign an application to Galen for Hazel Damuth.

Mrs. Olivia Bohart called relative to Mrs. Kate Hoskins for whose care the County has been paying her \$17.50 per month. She now asked that the County allow her \$25.00. The matter was discussed with Mrs. Kremer and it was thought best to look for another place for her feeling that \$25.00 was too much to pay for her care.

The Clerk was ordered to post notices for an extra session beginning Wednesday, September 26th, 1934, not to exceed two days.

Edwin Miller living at one of the coal mines east of Bozeman met the Board and wanted to get a blade and a plow. He was told that the County had a 7-foot blade at the Wm. Figgins ranch and that an order would be given him to go there and get same. This he said he would do.

Joe Menapace of Three Forks reported the John Vandolah family out of fuel. He was asked to see Gus Rowland and have him deliver some wood.

Samuel Haffner having paid the last installment on his contract for the purchase of Lot 10, Block 46, Milwaukee Land Co.'s 1st Addition, Three Forks, a deed was ordered made for same.

O. P. Davis was notified that rent for Joan Thomas would be discontinued after September 30th.

Henry Veltkamp met the Board and said the neighbors in his locality wanted to get some fresnos and dump wagons and would like to have a trap^{made} so that they might be able to gravel a mile of road in that district. He was informed to see all of the neighbors and when they were ready to do the work to come in and see the Board and no doubt arrangements could be completed.

The Board purchased from the Milwaukee Dustless Brush Co. two floor brushes for the Court House, one at \$7.25 and the other at \$4.45.

R. A. Davies was given a requisition on McGay's for six gallons of paint, one gallon of linseed oil and a package of plaster, all for the County house at 304 West Mendenhall.

Mr. Newman was given permission to cut two dead trees on the West half of Block 25, West Park Addition, Bozeman.

Minutes of the previous meeting were read and approved.

Dr. Smith reported Tracy McLeroy caring for his mother who is ill and also stated his family were in hard circumstances. He was informed the matter would be given consideration.

A report came from the Relief Office that a visit had been made to the James Henry home, that Mr. Henry was inmate of the County Jail, and his family living in a very cold house which needed repairs. After some discussion, it was thought best to see Dexter Moser who had sentenced him to jail and find out if he would not parole him and allow him to make the necessary repairs on the house.

John Kamps and E. N. Snyder met the Board and asked for some road work to be done in their locality west of the Cameron bridge and south and then west a distance of about 2½ miles. He was asked if it would not be possible to have this done by contact with the people in each locality and get the work done cheaper than what the mileage would come to. He stated it was quite difficult to make out these forms for the reason that they had fifteen kinds and they had to be made out in accordance with the qualifications of each party. Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

The time having arrived for the hearing on the application for Mother's Pension of Mrs. Margaret Jeter, she was asked many questions and it was found that she had no property and was paying \$9.00 per month for her house rent and \$4.20 per month for milk for the children. The Board decided that \$6.00 per month would be necessary for fuel. An Order was made allowing Mrs. Jeter a Mother's Pension of \$25.00 per month.

The Board ordered fifty gallons of prestone from the Montana Hardware Co. of Butte at \$2.06 per gallon.

The time having arrived for the sale of the property described in the attached Notice of Sale, no bids were received for Lot 10, Block 3, O.P., Three Forks.

All Block One (1) Caldwell Addition to Belgrade, with improvements, was sold to Bon-Ton Flour Mills Co. for the sum of \$315.00 in cash, this being 90% of the appraised value.

Dr. Smith, County Physician, met the Board and reported A. W. Cooper, an Old Age Pensioner, in bad condition and suggested that he be taken some place for care for the reason that he was not able to get up and get his meals, and suggested that Mrs. Crouse's home would be a good place for him.

Mr. Marley was asked to see Mrs. Howard and if arrangements could be made for her to care for Mr. Cooper on the amount the County was allowing him that this would be agreeable.

Thursday the 4th day of October 1934

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 4th day of October, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

County Agent Woolley met the Board and wanted to get 4-2x8x12's to repair the steps in front of his new office north of the Court House. Same were purchased from the Gallatin Lumber Co.

J. A. Woodard, Principal of the Gallatin County High School, met the Board relative to Martha Hughes who has been at the Florence Crittenton Home for sometime, and asked just how the matter had been cared for in a financial way. He was informed the mother had reimbursed the County for her care at that place up to date. He stated they would like to keep the girl in that institution for a longer period of time and asked if the County would cooperate further towards the expense and was informed the matter would be discussed by the Board and a report made to him at a later date.

On motion made and carried, Commissioners Moore & Pasha went to the Emmett Lane ranch and contracted with Mr. Lane to deliver 24 yards of concrete gravel to the County Farm at \$2.25 per yard to be used for the root cellar.

John Riley was also seen relative to the above and he submitted a price of \$2.50 per yard.

E. F. Menzel met the Board and asked about getting two circle saws belonging to the County and which had been broken. He was told if the Surveyor did not need them that he could have them.

L. E. Hansen and Roy Hansen gave the County a note in the sum of \$50.00 for the burial of Mrs. Hansen. Same was turned over to the County Treasurer.

The Board saw Surveyor Waldorf relative to some lumber for construction of the concrete cellar at the Poor Farm. He stated there was no lumber available at the yard and the Board decided to order same from the Gallatin Lumber Co.

Ray Michener met the Board and asked to get the County trailer to move a dragline from Three Forks to West Fork up the West Gallatin Canyon. He was informed the Board did not care much to let the trailer out for transportation of outside machinery, but that perhaps some arrangement could be made later.

Mrs. Kremer met the Board and reported Richard Howard of Three Forks a resident of Sweet Grass County. She said she had learned that the Government had been giving him some supplies. She was asked if the County had been contributing anything and said not up to date. She stated she thought the Government would take away their relief so that the County might be able to send him back if he applied to the County for relief before becoming a resident of Gallatin County.

Friday the 5th day of October 1934

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Friday, October 5th, 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board went to the Cameron bridge and west about a mile to view a piece of road. It was decided that while this road was narrow it would be well to put in the County caterpillar and grade this particular piece of road.

The Board then went to Manhattan to see Ed Saville, who has been living in County property there, and who had been reported as piling up rubbish and manure in front of the barn next to the street. The Board found he was not at home but decided that this would have to be moved immediately. On returning that evening, it was found same had been moved either by himself or someone else.

Then went to Trident and looked over the work being done by the County caterpillar. Found same progressing satisfactorily.

Then went to Sappington and looked over a gravel project which had been done by Charles Sappington and Wm. Bergren. In the judgment of the Board there should have been a little more gravel in several places but the greater portion of the road was found to be in very good condition.

Then went to Three Forks and saw Joe Menapace and talked with him relative to different renters in County property.

Saw Wm. Bell and left with him a deed for a lot purchased by him and also left a contract for another lot and improvements. He stated he would sign same before a Notary Public and return it to the Board.

Also saw J. D. Evans and had him sign a contract.

Then saw Wm. Ballard and left with him a contract for a piece of property recently purchased by him and asked him to properly execute same and return it to the Board.

While in Three Forks, the Board saw Henry Mathis and his wife, both being old people and eligible for an Old Age Pension. They agreed to turn their property over to the County and the Board agreed when this was done they would be granted a pension of \$25.00 per month.

The Board then went south of Manhattan to the corner south of Bert Dyk's, Mr. Dyk having complained of there not being a proper turn at this corner. The Board decided that on account of washouts in the past caused by irrigating water that as good a job had been done as was possible under present conditions.

Then inspected the new work done in front of Chris Mikkelson's by the County and found same in fine condition. It had been reported to the Board that the road west from the Erwin bridge required more binder. The Board decided this road was in as good shape as could be made at present and all that was required was more moisture to set up the road in better condition.

The Board found a culvert broken down on the road west of the Valley Center School about a quarter of a mile. Same was referred to Surveyor Waldorf.

The Clerk was ordered to post notices for an extra session beginning Monday, October 8th 1934, not to exceed two days.

The Board adjourned at five o'clock P. M.

Monday the 8th day of October 1934

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 8th day of October, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Surveyor Waldorf met the Board and stated that the "cat" crew at Trident had completed the work there and asked where the Board had in mind to move this crew. The matter was discussed and it was decided to make a trip north of Menard and look over a proposed change in the road leading to Maudlow. The Board not being familiar with this locality stopped at the Morgan ranch and asked Glenn Morgan to go with them to show them where this road started and approximately where it ended. It was found that the proposed change was in a canyon which was very rough and rugged and considerable clearance would be needed for a road and decided it would be impossible to do anything this fall for the reason that a survey would have to be made establishing the road bed. Surveyor Waldorf having received a phone call from Helena stating that the Bureau of Public Roads man and Mr. Poor were desirous of meeting him to make a trip over the Bridger Canyon road was unable to accompany the Board on this trip.

Then went back to Trident and saw the "cat" crew and ordered them to be ready to move next morning to the road west of the Cameron bridge.

The Board then went to Clarkston and into Garden Gulch and there viewed a piece of road which had been complained of as being badly washed. It was found that this was true but that they had secured another passage a short distance from the present road and in the judgment of the Board it would not be worthwhile moving the machinery in to repair the road.

The Clerk was ordered to post notices for an extra session beginning Wednesday, October 10th, 1934, not to exceed two days.

Supplies were purchased for the commissary from the Cooperative Creamery, Sawyer's and the Gateway Cheese Factory.

A requisition was issued on McCay's for some paint for the County house at 304 West Mendenhall.

Mrs. Ella Potter, an Old Age Pensioner, met the Board and stated she was in need of an operation. She stated Dr. Sigler would do the work, she to pay him, and the County agreed to pay the hospital bill.

The Board adjourned at five o'clock P. M.

I. W. Bigelow, the duly elected, qualified and acting County Clerk and Recorder of Gallatin County, Montana, ex-officio Clerk to the Board of County Commissioners, was also in attendance throughout the entire proceedings.

The purpose of the meeting was to consider the question of passing a Resolution at a future date calling for a County Bond Election to determine the question of whether or not the Board should be authorized to make a loan, to issue, negotiate and sell coupon bonds of said County, in order to obtain funds for the purpose of erecting a new county court house on the site upon which the present county court house now stands.

After careful consideration of the matter aforesaid by all members of the Board, Commissioner R. J. Pasha introduced the following Resolution and moved its passage and adoption:

Tuesday the 9th day of October 1934

"WHEREAS, heretofore, to-wit, on the 3rd day of February, 1934, an election was held for the purpose of submitting to the registered electors of Gallatin County, qualified to vote at County Bond elections, for determination, the following question:

"SHALL THE BOARD OF COUNTY COMMISSIONERS OF GALLATIN COUNTY, STATE OF MONTANA, BE AUTHORIZED TO ISSUE, NEGOTIATE AND SELL COUPON BONDS OF SAID COUNTY IN THE AMOUNT OF TWO HUNDRED TEN THOUSAND DOLLARS (\$210,000.00), IN ORDER TO OBTAIN FUNDS FOR THE PURPOSE OF ERECTING A NEW COUNTY COURT HOUSE ON THE SITE UPON WHICH THE PRESENT COUNTY COURT HOUSE NOW STANDS, SAID BONDS BEING PAYABLE IN TWENTY YEARS, AND REDEEMABLE IN FIVE YEARS, BEARING INTEREST AT NOT TO EXCEED FOUR PER CENTUM (4%) PER ANNUM, PAYABLE SEMI-ANNUALLY?"

"(It being understood that the Two Hundred Ten Thousand Dollars (\$210,000.00) derived from the sale of said bonds is exclusive of the grant to be allowed by the United States Government of thirty per centum (30%) of the cost of labor and materials employed on the project, the contemplated cost of which is Three Hundred Thousand Dollars (\$300,000.00)."

and

"WHEREAS, a majority of the registered electors of Gallatin County qualified to vote at County Bond Elections voted against the question submitted, and the same was defeated; and

"WHEREAS, it is the opinion of all the members of this Board that public sentiment has materially changed concerning the need for a new court house, and that if another election be held for the purpose of determining the question (provided, however, the amount of bonds be reduced), the registered electors of said county qualified to vote at County Bond Elections will vote in favor of the bond issue; and

"WHEREAS, the need for a new court house is evident, and the old one should be replaced with a modern building capable of housing all the necessary county offices, and thereby providing adequate quarters and protection for the valuable records of the county; and

"WHEREAS, it is the opinion of a majority of the Board that the bond issue should be reduced, and a less expensive building erected than was contemplated by the preceding bond election; and

"WHEREAS, the circulating of a Petition to be signed by more than twenty per centum (20%) of the qualified registered electors and taxpayers is unnecessary, and would delay the issue, and the electors would not have the privilege of voting thereon at the coming general election to be held on Tuesday, the 6th day of November, 1934; and

"WHEREAS, the entire membership of this Board desires to make a loan and issue the bonds of Gallatin County for the purpose of erecting a Court House, as aforesaid, and desires to proceed under the provisions of Chapter 24 of the Extraordinary Session Laws of the 23rd Legislative Assembly of the State of Montana of 1933-1934, and have agreed that on Monday the 15th day of October, 1934, at ten o'clock A.M. of said day, they will meet to pass and adopt said Resolution, at which time the full amount required to be expended for the purpose, the amount of the loan to be made therefor, and the term over which the bonds evidencing such indebtedness will extend, will then be determined, together with all necessary details;

"NOW, THEREFORE, we the entire membership of the Board of County Commissioners of Gallatin County, in extra session assembled, all members being present and concurring in the deliberations of this Board, desiring to make a loan and to issue Gallatin County Bonds for the purpose of erecting a new county court house upon the site upon which the present county court house now stands, hereby resolves that an extra meeting of this Board of County Commissioners be held on Monday, the 15th day of October, 1934, at ten o'clock A. M. of said day, for the purpose of adopting a Resolution which shall set forth in substance the following:

- "(1) The full amount required to be expended for such purpose;
- "(2) The amount of the loan to be made therefor;
- "(3) The term over which bonds evidencing such indebtedness will extend;

"And said Resolution shall call for an election at which the question of making such loan and issuing such bonds shall be submitted to the qualified registered electors of Gallatin County, who are taxpayers, and whose names appear upon the last completed assessment roll, and fix a date for holding such election, PROVIDED, such Resolution may be adopted and said election called without any Petition having been presented or filed asking that the same be held.

Tuesday the 9th day of October 1934

Said Resolution shall be entered at full in the minutes of the Board of County Commissioners, and shall show the vote by Ayes and Nays thereon.

"That I. W. Bigelow, County Clerk and Recorder, and ex-officio Clerk to the Board of County Commissioners, be, and he is hereby directed to post notices of the time and place of the meeting of this Board to be held on Monday, the 15th day of October, 1934, at ten o'clock A. M. of said day, and do any and all further things necessary in the premises."

Mrs. Inga Anderson met the Board relative to the Lucy White property. Mrs. Kremer was called in and asked what she knew about him and informed the Board he was a resident of Broadwater County and that she had a letter from the Relief Administration at Helena and also one from the Board of County Commissioners of Broadwater County stating he should be sent back to Broadwater County. Mr. Martin was so informed.

A. A. Allen met the Board relative to rent for the Baker family, stating they were behind on same. He was informed the County would not pay the rent he is asking and in their judgment he had better ask them to vacate and if the County had to care for them it would be in a cheaper place.

Supplies were purchased for the commissary from the Cooperative Creamery, Sawyer's, North Side Meat Market, Nash-Finch Co. and Lovelace Grocery Co.

Mrs. Nettie M. Boomer met the Board and said she could get two rooms at Mrs. Pete Zeier's at 425 E. Babcock for \$10.00 per month, heat and water furnished. She was informed the County would pay this.

Mrs. Annie Dale was allowed a ton of coal and some wood.

Dr. Brewer met the Board and asked for leave of absence from the State for not to exceed two weeks. He stated he would make arrangements with Dr. Piedalue to take care of the Health Unit during his absence. His request was granted.

A deed for same was ordered made to Vivian Pace and Albert E. Pace, her husband.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Mrs. Kremer called and said a shipment of mattresses had been received from the Federal Government and asked if there was a place to store same for a short time. Arrangements were made to store them in the room adjoining the County Agent's office in the Court House.

Katherine Fish met the Board relative to rent for the John Duncan family, stating they were behind with their payments and that unless the County paid this rent she might have to ask for aid herself, as this rent was all she had to depend on. The Board after discussing same decided to allow the rent at the rate of \$6.00 per month beginning today. Mrs. Fish was informed that as soon as Mrs. Duncan's son, William, was able to get work that he would be expected to take care of the rent.

Deputy Sheriff Workman from Three Forks reported to the Board he had talked with Richard Howard of that place as requested by the Board relative to his going back to Sweetgrass County and that Howard had said he would not go back for the reason that he had paid taxes in Montana for a good many years and considered he should be cared for wherever he cared to stop.

Wm. Friday of Manhattan met the Board relative to the plumbing work for Mrs. Potter of that place. He stated he had laid most of the sewer pipe but to complete same it would be necessary to dig under the building and lay a few more joints of pipe. He said he had been indebted to Mrs. Potter but had paid up most of it and now owed her only about \$3.00 or \$4.00. He stated it would take three or four days more to complete the work and was informed the Board would be in Manhattan soon and would take up the matter with him then.

On motion made and carried, the Board went to the County Farm and inspected the work being done on the root cellar. Found same progressing satisfactorily.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 18th day of October, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Fred Lay, County Attorney, asked for a leave of absence from the State for not to exceed two weeks. Same was granted.

Mrs. Kremer was called in and asked to get someone to go to the Crowley house on Broadway and clean it up so that it might be ready for use for County Poor at any time. She stated she would endeavor to get someone by Saturday or possibly to begin work on Monday.

The Board had an interview with the Surveyor relative to the survey made on the Jake Carolus ranch. He stated the "cat" crew was working near the Carolus ranch and that right-of-way should be secured in order for the work to continue. He said that Leslie House, who made this survey, could go with the Board and outline just where the survey ran. The Board, together with Assistant Surveyor House went to the Carolus ranch relative to this right-of-way. Mr. Carolus asked the sum of \$500.00 for the desired right-of-way. He was informed that if this right-of-way was purchased it would not be by Gallatin County but by the citizens of that district. He said he was aware of that fact and was told that \$500.00 was more money than anyone could think of paying for same. After some discussion, the Board suggested that he be paid twice the assessed value of this land per acre and that the County level down the old right-of-way so that it could be used for farming purposes and that the people of the locality move his fence without cost to him. He said he would like to discuss this proposition with his wife and after doing so she said it would be all right. Mr. Carolus agreed to same and the Board agreed to interview the ones interested in this road. After an interview with them, they made up the money for the right-of-way, which was \$55.57, and same was turned over to Mr. Carolus. Mr. Carolus also mentioned the fact that roadside culverts would be necessary in front of his gates and leading into his farm. He was informed these would be taken care of as soon as the work was completed.

Supplies were purchased for the commissary from the Lovelace Grocery Co.

Robert Wyatt met the Board and asked if he could have some cement culvert blocks that are near the Joe Kanta ranch to make a culvert in the roadside ditch near his ranch. Permission was given him to use same.

The Clerk was ordered to post notices for an extra session beginning Monday, October 22, 1934, not to exceed two days.

Mrs. F. L. Baker met the Board and asked the County to pay \$8.00 per month rent, stating she was paying \$20.00 per month, but if the County would pay \$8.00 she would be able to pay the balance of \$12.00. She was informed that if she could afford to pay the \$12.00 per month the County should not pay anything.

Hugh Biggs met the Board and asked to have about 200 yards of road graded south of the W. W. Spain place. Same was taken under advisement.

The Board adjourned at five o'clock P. M.

Treasurer Gatchell reported that Harold Sadler had begun work as extra help in his office on October 19th, 1934. Same was approved.

John Shaughnessy met the Board and said he was located in the Story Block and in the business of repairing car tops and also had top dressing to sell. He said if the County had any work of that nature that he would be very glad to get such work and would give a guarantee on any work done. The Board informed him that at this time they did not know of any work of that kind but in case something came up they would see him.

Mrs. Tom Sipes met the Board relative to her brothers, the James Emerson children, living with their father here in Bozeman. She stated one of the boys was not attending school and in her judgment these boys were not getting proper nourishment and were running at large. She was informed to see the District Judge.

Mrs. Kremer called relative to supplies for relief people, living outside of Bozeman. She was asked to make up a list of these people and the Board would within the next few days perhaps go down the country and stop at Belgrade, Manhattan, Three Forks, Willow Creek and Trident and endeavor to get prices on supplies from the merchants in each locality. She stated she would do this.

Miss Hawes met the Board relative to rent for her mother who has been on relief work but who had been laid off on account of being a mute. She stated her mother was living in Mrs. L. B. Kurk's house at 116 No. 9th and was now unable to take care of her rent. She was asked to have Mrs. Kurk meet the Board sometime tomorrow morning and the matter would be discussed with her.

Mrs. Leslie Alford met the Board and asked the County to allow the usual amount for burial of her husband, for whom the County had been caring for sometime. The Board decided to allow the usual amount of \$50.00.

Mrs. Pauline Fisher living on North Ida Ave. sent her son to ask for some fuel. She being a Mother's Pensioner the Board advised him to have his mother meet the Board sometime tomorrow.

Mrs. Kremer called the Board relative to hospitalization for emergency cases where the Government pays the physician. The County having their own physician, the Board decided that before any arrangements of this nature were made the County Physician should be interviewed and in fact decided it would not be wise to make any other hook-up at this time.

Supplies for the commissary were purchased from the North Side Market, Montana Flour Mills, Gallatin Farmers' Cooperative Co., Lovelace Grocery Co. and the Cooperative Creamery.

The Clerk was ordered to post notices for an extra session beginning Wednesday, October 24th, 1934, not to exceed two days.

Judge Berg met the Board relative to the Emerson children. He stated that according to the interview he had had with the sister, Mrs. Tom Sipes, that the boys were running at

large and that something should be done. In the discussion it was brought out that either he or Judge Law had committed these boys to the Montana Deaconess School at Helena sometime ago. On looking up the records it was found they had been committed by Judge Law in September, 1932 and he informed the Board to have the Probation Officer find out if the Deaconess School had room for these boys at this time and if so they could be taken back.

On motion made and unanimously carried the following Election Proclamation was issued and the Clerk ordered to have same published:

Minutes of the previous meeting were read and approved.

E. A. Peterson, Deputy County Attorney, was called relative to Richard Howard, a resident of Sweet Grass County, who had moved into Gallatin County and refused to return to the County of which he is a resident. Mr. Peterson advised the Board that it would not be well to force him to go back but to go and see him and offer to pay his transportation and then if he did not go that in his judgment he would not become a County charge as long as the Board made a record of this from year to year.

Joe Edens met the Board and wanted to know if he could get three or four dump wagons from the County to do some work he thought he would get under contract. He was informed if he was able to secure this contract and if the County had the wagons available at the time he needed them that he could have 1½ yd. wagons at 50¢ per day and if he wanted the 2 yd. wagons they would cost a little more money. He also asked if the County had some old bridge plank that he might use for a trap. He was advised that in the judgment of the Board there was none available at this time.

Mr. Parks not being there, the Clerk said he would have Mr. Parks write the Board a letter.

Then went to Three Forks and saw James Althouse regarding the same matter. He stated it would be agreeable with him to sell supplies to the County at cost plus 10%.

While in Willow Creek, the Board interviewed Mrs. Walbert. She stated there were 241 voters in that precinct and asked if they could not be allowed seven on the election board as it was taking them considerable time to count the ballots. She was informed the Board would give the matter consideration.

Galatin is now used in the group of primary growth counties of Montana. The classification was given because of the acute need of live-stock growers in line of ten towns in this area, rather than being cause of conditions in the county as a whole according to George Woolley, county agent. The county was formerly in the secondary class, but was recently with Chouteau and Park counties. The initial request for the classification was made by the county commissioners in order to get aid for those sections in need of the entire county had to be classed as a drought area. The areas most affected by drought conditions are located around the western end of the county near Williams.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Board received a letter from Earl S. Parks of Willow Creek stating he would be glad to furnish supplies for the County Poor at cost plus 10%.

Lee Murphy met the Board and said he had changed screens at the mine and that he would be able to furnish a better grade of stoker coal than he had in the past.

Mrs. Kremer, Relief Manager, met the Board and stated that Mrs. Rettig of Three Forks was in need of an operation and that the physician at Three Forks was willing to do the operating if the County would take care of the hospitalization. Same was referred to Dr. Smith.

Mrs. Kremer mentioned the porch in front of her office being very cold and that she believed it would save fuel if same were enclosed. The Board at this time authorized that this be done by using some lumber and putting in a door; also that a window in her office be repaired.

A case of ham was purchased from the Quality Market at 23¢ per lb.

C. H. Sappington met the Board and paid \$21.75 as part-payment on the wagon scales purchased sometime ago from the County. He stated he would pay the balance of \$18.25 in the near future.

Mrs. Kremer called and stated the Parmer family living near West Yellowstone would be in need of supplies during the winter months and that it would be hard to get same to them. She stated that Madison Fuller would furnish groceries at cost. She was advised to purchase 1000 lbs. of potatoes at \$1.00 per cwt., 200 lbs. of sugar at \$6.25 per cwt., and 900 lbs. of flour at \$3.70 per cwt. and have same delivered to them while the roads are open. She also stated she had fitted out the children with clothes and shoes so that they could go to school.

Supplies were purchased for the commissary from Sawyer's, the Cooperative Creamery and the North Side Market.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 30th day of October, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Treasurer Gatchell presented for cancellation Custodian's Receipt #8-M of the Federal Reserve Bank of Minneapolis dated November 17, 1932, same having been taken to secure County deposits in the Commercial National Bank, and same covering National Tea Co. Gold notes in the sum of \$10,000.00. Same was cancelled.

Ed Knadler living north and west of Belgrade met the Board and wanted to hire the dragline to put in a drain ditch. He stated this drain ditch would very materially benefit the road. The Board knowing that there was a dragline ^{ditch} along the roadside felt that it would not benefit the road very much. However, he was told that sometime next spring if the dragline was available that he might secure same for making the ditch at the regular rate for the use of the dragline, and the men operating same.

The matter of the coal bids which had been opened on October 25th and taken under advisement was discussed. It was thought best to invite in at least two members of the High School Board to learn what kind of coal they desired to use in their stokers at the High School and the Gymnasium. Mr. Chauner and Mr. Kenyon were called and they advised that Roundup coal be purchased. It was decided to allow the bidders located in Bozeman to furnish a carload each at \$4.06 per ton and that they would be advised whenever coal was needed.

Commissioner Moore was delegated to assist Leslie House in making the survey on the place where Ward McLeod is living west of the Valley Center school for a levee. This levee was located on the south side of the road and was thrown into the road and a survey made on the north side just inside of the field, this location being in the SE¹/₄ of Sec. 21-18-5E.

Having received a deed for the Henry Mathis property at Three Forks, the application for Old Age Pension was looked for and found it had not been presented. On motion made and carried, the Board delegated J. E. Moore to go to Three Forks to get the application.

Supplies were purchased for the commissary from the Lovelace Grocery Co. and the Hansen Packing Co.

Mrs. Wortman stated that she had interviewed them and that they said the money had been spent for debts they owed. Wallace Blaine met the Board and stated he and his neighbors would furnish teams if the County would furnish the men, who are now working on the river road north and west of Gallatin Gateway, to fill some mudholes. L. K. Poole representing the Allis-Chalmers Co. of Billings met the Board in the interest of his Company and he explained the merits of their machinery. He asked if any machinery would be needed for the County for the coming year and was informed the Board had set up for a blade and truck and would advertise for bids on same when needed.

J. A. Bartholomew met the Board and wanted the County to pay rent for J. C. Elliott, stating he had been living in his house for sometime and had not paid any rent. He was informed that Mr. Elliott would have to meet the Board and make arrangements before any rent could be allowed.

Ernest Monforton met the Board and asked when the dragline would be available for graveling the road leading to his place west of the Gallatin Gateway bridge. He was informed the dragline would not be available any time this fall.

EXAMINER'S NOTES

All certified personal taxes and all licenses must be collected by the County Treasurer as provided by law.

There are still a number of old estate balances on the County Treasurer's records which should be called to the attention of the District Court, as provided by Chapter 76 of the 1931 Session Laws, and such balances should be escheated to the State of Montana.

The Bond Sinking Fund levies are not sufficient to meet the Sinking Fund requirements to date, as provided by Section 25 of Chapter 188 of the 1931 Session Laws.

The claims were examined and a few are not fully itemized or do not have complete dates. Due care must be exercised before a claim is allowed for payment to see that the same is up to legal requirements as provided by Section 4605, R. C. M. 1921, that the same bears complete dates, that the itemization is clear and explicit of the services rendered and supplies or material furnished and that the same is duly signed and sworn to. Your attention is called to the following claims:

No. 3190, Lovitt I. Westlake, \$119.70, contains items for meals and rooms which are not shown in separate items on the claim.

No. 128, George A. Woolley, \$7.66, is not signed and sworn to.

Respectfully submitted,

(Signed) FRANK H. JOHNSON, State Examiner.

B7235 THE TRIBUNE PRINTING CO. GREAT FALLS, MONTANA

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Wednesday, the 7th day of November, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

S. D. Waldorf, County Surveyor, met the Board and said that right-of-way was needed along the east side of the Mary Doane place where the dragline is now working. He stated that about five feet was needed at the northeast corner of her place and about fifteen feet at the southeast corner and that this right-of-way should be secured at once as the dragline had now reached that point. It was found that Frank Gray was assisting Mrs. Doane with her business and he was called relative to this right-of-way and stated he would see her relative to this ground and was also asked if they would move the fence. He stated he would report to the Board shortly after lunch.

After lunch, Mr. Gray reported that the tenant now on the place would be leaving and he would not do any of this work of moving the fence. John Paugh living south of there was seen and he said he would move the fence without cost to the County

Dr. Smith met the Board and reported that Mrs. W. E. Heilke and Mrs. Earl Meher had been taken to the hospital on November 4th.

The Clerk was ordered to post notices for an extra session beginning Friday, November 9th, 1934, not to exceed two days.

The Board adjourned at five o'clock P. M.

Thursday the 8th day of November 1934

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Thursday, the 8th day of November, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

R. E. Barnes, a County charge, met the Board and wanted to get gas to haul some wood. He was asked if he had any wood cut and piled up in the mountains at this time and he said he had not. He was advised to get his wood all cut and that then the Board thought it possible that someone would do the hauling for him if he would allow them part of the wood.

James Fuller from West Yellowstone met the Board and had with him a petition asking for the closing of a certain road west of West Yellowstone and along the shore of Hebgen Lake. He was informed that the law would be gone into to find out just what procedure was necessary to close this road and that notices would be sent to someone in that locality for posting.

H. H. Dokken, undertaker, was notified that the usual allowance of \$50.00 would be made for the burial of W.D. Brock, who has been a County charge for the past number of years.

Commissioners Pasha and Moore went to the Hulbert ranch to endeavor to secure right-of-way needed for the dragline road. It was found that a strip about 15 feet in width and approximately a quarter of a mile in length was needed to complete the road at that place. Mr. Hulbert stated that his sister was living near Helena and that it would be necessary to see her relative to this strip of ground. She was called by phone but could not understand what the County wanted, so a letter was written to her relative to this right-of-way.

Surveyor Waldorf met the Board and stated that the people of Kelly Canyon were desirous of having an extension made of the road over the hill into Bridger and that he would like to make an inspection of same. It was found that this was very steep and that the present grade was about as adequate as anything that could be made without a great cost to the County. It was therefore decided to order the machinery out of Kelly Canyon.

Supplies for the commissary were purchased from the Nash-Finch Company.

At the regular session of the Board, November 5th, 7th & 8th, the following claims were allowed and warrants ordered drawn in payment of same on the various funds of the County:

07535 THE TRIBUNE PRINTING CO. GREAT FALLS, MONTANA

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Tuesday, the 13th day of November, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Surveyor Waldorf met the Board and said he had seen Fred Hulbert and John Paugh relative to right-of-way in front of Paugh's house. He stated if right-of-way could be obtained from the northeast corner of the Hulbert ranch up to Paugh's place that from there on Mr. Paugh would give the remaining right-of-way. He was informed the Board had taken this matter up with Mr. Hulbert's sister in Helena and expected a reply in a short time.

Surveyor Waldorf also mentioned there were three low places on the road running south from the Holland elevator which should be brought up to grade if this road was to be worked with the caterpillar. He stated he estimated this would cost approximately \$51.00. He was authorized to do this work.

Surveyor Waldorf asked that the Board go with him in order that he might point out some work that in his judgment should be done. He stated that just north of John Weidenaar's ranch in a bend in the road was a large canal which Mr. Weidenaar would like to move. Mr. Weidenaar asked that this road be straightened out and that the County assist him in making the change of this canal. After looking over same and in the presence of Mr. Weidenaar, the Board advised Mr. Waldorf that the County could not take any part in the construction of a new ditch and that if the road was straightened in the near future that the County would buy the necessary ground to make the change.

Then went to Three Forks and saw Joe Menapace relative to Mrs. Whalen, having received a report that the chimney was stopped up and that she could not get any heat from her stove. Mr. Menapace said he would look after this promptly.

Then went south and west of Willow Creek approximately $2\frac{1}{2}$ miles and looked at a piece of road which the school bus driver had complained of stating that in wet weather this road was almost impassable. It was decided that if it would be possible to get someone in that district to use a fresno that this piece of road could be graveled and it was thought best to do same as soon as possible.

The Board purchased 4000 lbs. of potatoes from George Patterson at \$1.00 per cwt., two cases of hams from the Hansen Packing Co., supplies from the Lovelace Grocery Co., the North Side Market, Montana Flour Mills Co., and the Cooperative Creamery for the commissary.

It having been brought to the attention of the Board that the road leading around the hillside near Arnold Siding was very narrow and in bad condition, the Board inspected same and this road was found in good condition. It was decided to let the road remain as it is until such time as machinery could be taken into that district.

The Clerk was ordered to post notices for an extra session beginning Thursday, November 15, 1934, not to exceed two days.

The Board adjourned at five o'clock P. M.

The Honorable Board of County Commissioners met at the above named office in extra session on Wednesday, the 14th day of November, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Fred Willson met the Board relative to the architectural work for the new county court house and stated he would like to have some authorization to go ahead with the plans. He was informed that Assistant County Attorney Peterson would be called and asked as to how to proceed in the matter. Mr. Peterson was called regarding same and he stated he would make up an order for same as soon as possible.

Fred Hulbert met the Board and asked if the Board had heard from his sister relative to right-of-way on the road in front of John Paugh's house. He was informed they had not and he was asked to call from this office to see what decision his sister had made. After calling he stated that his sister had said she would have to see her husband and would let him know sometime this afternoon or tomorrow morning.

Mrs. Sarah Shonfeldt met the Board and stated she had brought her daughter home from Warm Springs the middle of August and asked to be given some clothes. She was reminded of the fact that some months ago an allowance of \$12.50 per month had been granted her and that at that time she said this would be ample for her needs and that in addition to this the County was furnishing rent, water, fuel and light at a total cost to the County of \$25.13 for the month of October. She stated she would have to economize and left saying she would see the Board later.

Bert Dusenberry met the Board relative to the road east and west by his place. There being a large load of rock in the right-of-way, Surveyor Waldorf advised putting them in the grade and covering them with the blade. Mr. Dusenberry stated he would furnish a team if the County would furnish two wagons. This was agreed to.

Mrs. Kremer was asked if she could furnish six men off the relief rolls who would go to the Dusenberry ranch and pick rocks. This she said she would do.

County Commissioners' Office,

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 15th day of November, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Fred Hulbert called and said his sister, Mrs. Wood, of Helena had reported to him that she would give the desired right-of-way for the road in front of the Paugh ranch without cost to the County but that arrangements would have to be made to care for the fencing. Mr. Hulbert and Mr. Paugh were seen and agreed to change the fence without cost to the County.

Mrs. E. J. Hines met the Board relative to Mrs. Elizabeth Andrews, an Old Age Pensioner, receiving \$15.00 a month. She stated that this was not sufficient to care for her in her present condition. She was informed that her son, Tom, had been contributing some to her and in the judgment of the Board she should get along.

W. H. Buttleman of Willow Creek met the Board and said he had been appointed a member of the County Planning Board and stated there were a number of places in Gallatin County where roads needed some fixing and wanted to know if this would appeal to the Board in case his Board should recommend these places be fixed. He was advised that the idea was all right to use relief workers but that it was hard to get someone to supervise the work unless same was presented to the Board sometime in advance. Mr. Buttleman stated he would make his recommendations in accordance with the suggestions of the Board.

E. L. Rexroat living in East Flathead met the Board relative to a stock pass on the north side of the Pasco ranch. He stated this had been previously reported to the Board and that no action had been taken. He was informed the same had been overlooked but that it would be given attention the first of next week.

On motion made and carried, the Board went to the Tim Mathews ranch south of Bozeman and inspected the work done by the County "cat" from his place south a distance of about one-half mile. Found the road in fine condition. Then went west where the rock crew is hauling rock from the roadside and found they were piling same in the center of the road in good condition. Then went to the top of the hill near Cottonwood and found the rock was being put in there to fill up a hole at that place.

Supplies for the commissary were purchased from Sawyer's.

On motion made and unanimsously carried, the following Resolution was adopted:

R E S O L U T I O N

WHEREAS, Pursuant to resolution adopted by the Board of County Commissioners of Gallatin County, Montana, an election was held, and the qualified registered electors and taxpayers of said County at said election held November 6th, 1934 authorized the Board of County Commissioners to make a loan and to issue, negotiate and sell coupon bonds of said County in the amount of \$185,500.00 in order to obtain funds for the purpose of erecting a new County Court House, it being understood that the One Hundred Eighty-five Thousand Five Hundred Dollars (\$185,500.00) derived from the sale of said bonds is exclusive of the grant to be allowed by the United States Government of thirty per centum (30%) of the cost of labor and material used on the project, the contemplated cost of which is Two Hundred Sixty-five Thousand Dollars (\$265,000.00); and

WHEREAS, it is necessary to present plans and specifications of said proposed County Court House to the Public Works Association or other proper Federal Agency in order to get said Federal Aid; and,

WHEREAS, Fred F. Willson, an architect of Bozeman, Montana, has been instrumental in preparing such plans and specifications;

NOW, THEREFORE, BE IT RESOLVED, That the said Fred F. Willson be authorized and he is hereby authorized to represent Gallatin County in the matter of presenting to the Public Works Association, or other Federal Agency, the necessary plans, specifications, designs and data of said proposed County Court House with a view to having the architectural features of the project approved by the proper Federal Agency.

IT IS FURTHER RESOLVED that as compensation for his services rendered and to be rendered as architect in connection with said project, the said Fred F. Willson shall receive only such sum or sums as may be lawfully allowed and paid from monies available from said bond issue and Federal Aid.

The Honorable Board of County Commissioners met at the above named office in extra session on Friday, the 16th day of November, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. E. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Mrs. Kremer reported that Andy Cook who had sawed wood for the County last year would like to have the work again. She stated he would furnish the saw and one man for 50¢ per cord and that he would take part of his pay in supplies and part in cash. She was advised to go ahead and have him do the work.

Mrs. Kremer stated the Bailey boy who is in the Boulder school was in need of three pair of overalls, three suits of underwear and a pair of shoes and that the family was not able to furnish these clothes. She was authorized to take care of same.

Emmett Crail living on the West Fork up the West Gallatin Canyon reported to the Board that the cribbing on the river just after turning off the main road on the West Fork was slipping and that it was apt to make the road impassable if there was much wet weather before it freezes up. He was informed the Board would make an inspection of this in the near future and if they thought it necessary same would be repaired as soon as possible.

The Board leased to C. D. Dunkel the NW¹ and the NE¹ SW¹ of Section 34, T1S, R1E for the sum of \$25.00, the lease to expire on March 1, 1936.

John Martin living south of Shed's bridge reported to the Board that water was seeping up through the road in that locality and asked for same to be graveled. He stated he would furnish the gravel without cost to the County if arrangements could be made to do the work. The matter was taken up with Surveyor Waldorf and he stated that on account of the County rock quarry being located on that road in all probability it would be advisable to do some work on this road.

O. T. Boberg reported that Charles Peterson living in Sixteen Mile Canyon and of the age of 76 years was unable to do any work and asked if the Board would lend some assistance. He was informed the matter would be discussed and he would be notified of the decision.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 19th day of November, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Surveyor Waldorf met the Board relative to the stock pass near the Pasco ranch in East Flathead. He said he would like to go and look at this and asked if the Board would go with him. On motion made and carried, the Board, with Mr. Waldorf, made a trip through Bridger Canyon and over into East Flathead and looked at the stock pass north of the Pasco ranch and found same in bad condition. It was found this stock pass had previously been braced up by the County crew and stock was not able to get through it. It was decided to replace or repair this in the near future.

On the road through Bridger Canyon, several culverts were found in bad condition, one near the Ham ranch, one near Alfred Nikkles' ranch, and one about two miles from the top of the hill on the road going into East Flathead. It was decided to repair same.

The Board delivered supplies to the Wm. Mann family in East Flathead and purchased 150 lbs. of cheese from the Shields Valley Cheese Factory at 15¢ per lb.

Tom Adamson & Lon Truitt from the Montana Power Co. met the Board relative to heat in the brick building occupied by the Relief Office and the County Agent's office. He stated there were two ways of getting more heat, one by enlarging the heating pipe and taking in more cold air through the cold air duct or by putting in a small floor furnace. He stated there was very little difference in cost and that the furnace would give much better results. He said the floor furnace could be installed at a cost of \$86.48 to the County. He was told the Board would take same under advisement.

Harold Korslund was seen relative to the levy which the County used for building up the grade on the south side of the road west of Valley Center. He stated that he would like to look over conditions and if the levy now to be located on the north side of the road would not exceed a cost of from \$70.00 to \$100.00 that he would put in same without any expense to the County.

Surveyor Waldorf met the Board and stated one of the Staffanson brothers living near the Holland elevator had been in to see him and wanted to gravel the road from the west end of the present gravel to the Snyder gate. Mr. Staffanson stated he would put on two men and teams if the County would put on the same force. Mr. Waldorf was authorized to go ahead with this work.

E. M. Snyder met the Board and wanted to gravel the Snyder road for a distance of a quarter of a mile south of the Holland elevator. He stated he would furnish the gravel, three men and two teams if the County would furnish a like amount. Same was agreed upon.

Harold Korslund was called and informed the Board was ready to go out and look over the road right-of-way west of Valley Center. On motion made and carried, the Board, with Assistant Surveyor House and Harold Korslund went to Valley Center and west and looked over the situation. Mr. Korslund stated he would see the renter and endeavor to do something with the work immediately.

Then went over the new dragline road west a mile and a half, thence south to where the dragline is working and found the work progressing well.

Then came back to Bozeman to get Surveyor Waldorf and went to Shedd's bridge and looked at the road running south and decided it would be well to do some graveling in spots where it was badly needed. Then went along the road on the west side of the river to the Axtell bridge, thence south to the Gateway Bridge and looked at the work done by the relief workers and by the people living on that road. Found the work had very ~~had very~~ materially benefited the road. County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 22nd day of November, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board went to the Staffanson ranch west of the Cameron bridge where Joe Elings is graveling a strip of road for Staffanson who had previously met the Board and made arrangements for same. It was found that the gravel had been taken from the roadside, which had created a pit about ten feet deep. The Board, feeling this was very dangerous, ordered Mr. Elings to fill the hole in as well as possible.

While there, Mr. Snyder living south of this road about 80 rods asked if the Board would cooperate with him in graveling his road. The matter was gone into and he asked if the gravel could not be taken out of the roadside the same as at Staffanson's. This was denied and he was informed he would have to get gravel some place where it would not interfere with the County road.

Then went to Three Forks and saw Hoe Menapace relative to County property. Also saw Mrs. Shrauger, a Mother's Pensioner, who wanted to move into a County house. Owing to the fact that this County house is now rented and the house she is living in is posted to be taken by tax deed the Board asked her to stay where she now is until after January 2nd. This she agreed to do.

The Clerk was ordered to post notices for an extra session beginning Monday, November 26th, 1934, not to exceed two days.

The Honorable Board of County Commissioners met at the above named office in regular session on Thursday, the 6th day of December, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

Dr. Sigler, Dr. Whitehead and Dr. Sabo, representing the Medical Association, met the Board and read over a set of resolutions which they had adopted and asked that the Board give same consideration. At that time they were asked if they had an extra copy and said they would furnish one to the Board. The following is a copy of same:

COPY OF THE REPORT OF THE COMMITTEE

The undersigned members of the Gallatin County Medical Society duly appointed by the President and empowered by a vote of the Society to seek advice of legal counsel, after due consideration of many factors, keeping in mind the general welfare of the public as well as that of the Medical Fraternity hereby submit a resolution, recommendations, and provisions, which they believe will be the proper solution of the question at hand, namely,—"What is the most efficient and satisfactory method of rendering medical service to the indigent sick?"

1. Dr. Sigler
2. Dr. Whitehead
3. Dr. Sabo
4. Dr. Stanchfield

RESOLUTION

1. WHEREAS, the present economic system has imposed heavy duties on the medical profession without provision for compensation for time or expense involved in caring for indigent sick;
2. WHEREAS, there is a wide range of work that is provided for neither by the F. E. R. A. or County funds; and
3. WHEREAS, there is a growing tendency for outside interests to dictate the policies of the medical profession and to demand more and more gratuitous work, expecting the several members of the profession to fall in line and cooperate by giving their time and service to carry out various social projects; and
4. WHEREAS, such increasing demands from outside sources are undermining the morale of the Medical profession and robbing it of its proper dignity and leadership in the community, thereby prostituting a noble profession; and
5. WHEREAS, it has been amply demonstrated at many times that one individual physician cannot adequately cover the entire county and render proper service to the indigent sick;

BE IT THEREFORE RESOLVED, That the Gallatin County Medical Society as a unit, and as individuals, pledge their honor that they as individuals will not enter into a contract with the Board of County Commissioners to render Medical service to the poor until it is fully determined that it would be illegal for the Board of County Commissioners to prorate or distribute the funds set aside for the medical service for the county poor, to various members of the profession who do now and in the past have rendered services to the indigent sick, and not then except under the conditions hereinafter mentioned.

BE IT FURTHER RESOLVED, That any member violating the spirit of the resolution would be deemed guilty of a grave breach of professional ethics and would not be worthy of membership in the Gallatin County Medical Society.

The Committee recommends the following:

Article 1. That the Society go on record that (considering the population of the County and the total appropriation for the poor fund of \$70,150 as of June 30th, 1934, which could be increased as provided by law, if necessary) there is not

Thursday the 5th day of December 19³⁴

PUBLISHED BY THE TRIBUNE PRINTING CO., GREAT FALLS, MONTANA

enough of the fund diverted for medical services to the indigent sick.

We recommend a specified sum, a minimum of \$6500.00, for medical services exclusive of drugs and hospitalization.

Adopted

Article 2.

(a) That the County Society contract with the Board of Commissioners for the medical care of the poor if at all legally possible, or

(b) That some specified individual be permitted by the Society to sign a contract and furnish bonds if necessary to meet legal requirements, but that the services to the indigent sick be administered under the following provisions:

Provision 1. That the patients can choose their own physician or surgeon in their immediate vicinity.

Provision 2. That the nominal County Doctor (that is the one signing the contract and furnishing bond) be allowed a sufficient sum to cover the expense of clerical work that this system would entail.

Provision 3. That the various doctors charge for their services according to some agreed schedule, such as one-third minimum fee for surgery, one-half for office work, one-half for day calls, two-thirds for night calls, one-half for obstetrics, and one-half for every other service not included under these heads.

Provision 4. That in case bills were turned in which in the aggregate would total more than the specified sum set aside for this specific purpose, then the Board of Censors (hereinafter provided) would prorate the funds among the doctors on a percentage basis. Example: (in round figures) \$5000.00 appropriated. Total bills submitted and approved \$8000.00. Dr. A. has bills approved for \$400 or 5% of \$8000.00. Then 5% of \$5000.00 or \$250 would be Dr. A.'s allowance.

Provision 5. That a Board of Censors consisting of the County Doctor as permanent chairman and two others, the latter two being different members each quarter, chosen by the chairman, review the claims and allow or deny them as circumstances may warrant each month.

Provision 6. That the various doctors will satisfy themselves that patients are entitled to county help or accept them only after approval of County Commissioners.

Provision 7. That the bills be presented on approved forms stating the patient's name, short pertinent history, diagnosis, treatment, progress and final disposition of case.

Approved.

Article 4. That the individual members as men of honor and taxpayers pledge themselves to cooperate with these provisions and conserve the funds to the best of their ability as is consistent with good service avoiding any unnecessary drain on appropriated funds.

Adopted

Article 5. That any of the by-laws of the staff of the Deaconess Hospital which may conflict with any of these provisions be revised and amended to harmonize with this program.

Adopted

Article 6. That we recommend to the Board of Directors of the Deaconess Hospital that they refrain from entering into any contract with the county that would in any manner frustrate our plans for reorganizing the county poor service.

Approved

Article 7. That any surplus remaining at the end of the fiscal year would revert to the general poor fund.

Approved

Wm. Wortman met the Board relative to his sister, Mrs. Charles Ingals, living on Cottonwood Creek. Mrs. Kremer was called in as agreed and she stated Mrs. Ingals had had a very bad heart attack and had fallen and remained there for about two hours for the reason there was no one there but two small children. She said she felt it was up to the his family to look after her or to send her back to her husband in Tillamook, Oregon. He stated he would endeavor to go out and find out what could be done and report back to the Board later.

W.F. Cowan, County Assessor, reported he would like to put Helen Cunningham on in his office as extra help beginning Monday, December 10th, at \$4.00 per day. Same was authorized.

James Pardew met the Board relative to paying rent for his wife and child. He promised to pay \$11.00 per month to Judge Moser for the winter months or until he got his divorce.

The Honorable Board of County Commissioners met at the above named office in regular session on Friday, the 7th day of December, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

Mrs. Kremer called relative to a family by the name of Maxwell Foster living in a tent on North Broadway. She stated Mrs. Foster expected to be confined in about three weeks and should not be living in a place of that kind. She said that a cabin would be available at the Sundown Camp for \$8.00 per month and that if the County would pay for the first half of December, that Mr. Foster was now working at the College and would then get his check and that she would see that he paid the rent after that. This was agreed upon by the Board.

The Board called W. S. Davidson, President of the Bozeman Deaconess Hospital Board, and asked him to have the Hospital Board meet with our Board, regarding the Resolutions passed by the Medical Association and presented to this Board. Those present at the meeting were Mrs. T. B. Story, W. S. Davidson, A. G. Berthot, L. W. Truitt, Fred Williams and Miss Monta Bane. The contract between the Hospital Board and Gallatin County was read and after some discussion, Mr. Davidson informed this Board that their Board had no intention of cancelling their contract with the County.

County Surveyor Waldorf was seen and asked to assist in fixing the boundaries for the high school districts as requested by the Gallatin County High School Board. He said he would lend whatever assistance he could in the matter.

Treasurer Gatchell reported he had taken to secure County deposits in the Security Bank & Trust Co. Custodian's Receipt #1580 of the Helena Branch of the Federal Reserve Bank of Minneapolis dated December 6, 1934 covering 3 3/8% U.S. Treasury Bonds, 1940-43, par value, \$25,000.00. The Honorable Board of County Commissioners met at the above named office in regular session on Saturday, the 8th day of December, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

The Board, together with Miss Hollier, Superintendent of Schools, began the work of dividing the County into High School Districts as requested by the Board of Trustees of the Gallatin County High School.

Steve O'Donnell was reappointed Superintendent of the County Farm for the year 1935 at a salary of \$110.00 per month.

Ralph Jones was reappointed Janitor of the Court House for the year 1935 at \$125.00 per month.

There being three outgoing members on the Gallatin County High School Board, the Board of County Commissioners reappointed W. F. Chauner, Carlisle Kenyon and Frank Stone for the years 1935 and 1936, each to succeed himself.

J. W. Clopton living on the cut-off road between Bridger Canyon and Highway #10 met the Board and asked for an Old Age Pension, stating he had no property. The Board, knowing that Mr. Clopton had been paying taxes for a great many years, decided to make an investigation and found that on September 10, 1934 he had deeded 880 acres of land to his son, David. Mr. Clopton stated that what stock he had was mortgaged and he got nothing from them. The Board after considerable discussion decided that his son should be able to care for him, but told him if he was up against it that some supplies might be allowed.

M. J. Lord living about a mile west of Belgrade met the Board and asked permission to cut some cottonwood trees from the County road west of the Erwin bridge. This was taken up with Surveyor Waldorf and permission was given Mr. Lord to cut these trees with the understanding that he cut the stumps very low and pile and burn all limbs and trash. This he agreed to do.

The Honorable Board of County Commissioners met at the above named office in regular session on Monday, the 10th day of December, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Mrs. Peters, County Nurse, met the Board relative to Virgia Thompson, who is now at the Florence Crittenton Home in Helena. She stated that she could be placed in the Montana Childrens' Home and that she and her child would be cared for for the sum of \$10.00 per month. She was informed that the Board had just written a letter to Maggie Smith Hathaway authorizing her to be sent to Boulder for an operation.

Dr. Sigler was called and asked to have the committee representing the Medical Association meet the Board at 4:30 o'clock P. M.

Joe Menapace from Three Forks called and said the Vandolahs were out of fuel. He was asked to get them some wood until other arrangements could be made. He also stated that Mrs. Whalen, a County charge, was having considerable trouble with her stove. He was informed the Board would be in that locality sometime during the week.

W. H. Buttleman of Willow Creek met the Board and stated the herd district in that locality was not proving very satisfactory for the reason that sheep men could come in and lease a small piece of land from the County and graze adjoining land. He said he thought this unfair and said they would like to petition the Board to discontinue this herd district.

The Gallatin County legislators asked to have a meeting with the Board on December 21st at two o'clock P. M. They were informed this would be agreeable with the Board.

It being necessary to appoint two members on the County Fair Board, the Board gave same consideration, and called up some of the hold-over members of the Fair Board and found that the two outgoing members were working very satisfactorily. For this reason George Verwolf and Charles Fisher were reappointed for a term of two years.

Dr. Sigler, Dr. Whitehead, Dr. Sabo and Dr. Stanchfield, representing the Medical Association, met the Board and discussed the matter of a County Physician. They criticized our Board for not dividing up the work as they had proposed. The Board offered to allow \$25.00 per month to a doctor at Three Forks and \$25.00 per month to a doctor at Manhattan to assist in the work, but they informed the Board they could not accept this for the reason that they felt the County Physician is underpaid at the amount he is now getting. After considerable discussion they stated that if a County case came up they would appreciate it if mileage could be paid them at the rate of 7¢ per mile. They were informed that something of this nature might be worked out when an appointment of a County Physician was made.

Mrs. Kremer, Relief Manager, reported Mrs. Frank Blanchard living up the West Gallatin Canyon in need of some outing flannel and bloomers. She was authorized to issue a requisition for same.

Supplies were purchased from the North Side Market, the Cooperative Creamery, and the Lovelace Grocery Co. for the commissary.

The Clerk was ordered to post notices for an extra session beginning Wednesday, December 12th, 1934, not to exceed two days.

The Board adjourned at five o'clock P. M.

B753E THE TRIBUNE PRINTING CO. GREAT FALLS, MONTANA

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in regular session on Tuesday, the 11th day of December, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Board, together with Miss Hollier, Superintendent of Schools, continued the work of dividing the County into High School Districts in accordance with Chapter 47 of the Extraordinary Session Laws, 1933-34. Having considerable trouble in establishing the boundary lines, it was decided to finish up the work tomorrow.

Dr. Smith was requested to meet the Board, which he did, and the matter of the work of the County Physician and surgeon for the coming year was discussed with him. He stated he was perfectly willing to continue as he had been doing this year. On motion made by Commissioner Brownell, seconded by Commissioner Pasha, and unanimously carried, Dr. Smith was reappointed County Physician at a salary of \$150.00 per month, he to also do the surgical work for the County for an additional \$100.00 per month, and to receive mileage at the rate of 7¢ per mile outside of Bozeman.

Dr. Brewer met the Board and asked that the salary of his Clerk be raised from \$65.00 per month to \$70.00 per month, it having been agreed at the time she was employed that she would be given a raise from time to time, if her work proved satisfactory, until the maximum rate was reached. The Board agreed to allow \$70.00 beginning with the month of December.

Roy Border met the Board and asked to have the levy on the west side of the McGinley ranch pulled into the County road by the County dragline. He stated he thought while the dragline was in that locality that this could be done and that it would very materially benefit the road for the reason that the snow drifts badly at that place; also that this was a mail route and it would help the people of that locality very much. He was informed that the dragline would be brought to Bozeman as soon as the graveling job west of Valley Center was finished but that it would be in that locality in the early spring and if he would see the Board then that no doubt consideration would be given same.

Fred Lay, County Attorney, was ordered to draw up a contract for the County Physician and Surgeon.

Supplies for the commissary were purchased from Sawyer's and the Lovelace Grocery Co.

Mrs. C. T. Stanley met the Board relative to Mrs. Ethel Lucas living at 525 No. Bozeman. She said her boy was dangerously ill and that they had no fuel. A load of wood was ordered sent to her.

In accordance with the provisions of Section 790, Revised Codes of Montana of 1921, the Board of County Commissioners of Gallatin County, Montana, met as a Board of County Canvassers, at the office of said Board of County Commissioners, at the Court House, in the City of Bozeman, County of Gallatin, State of Montana, at 12 o'clock noon on the 9th day of November, 1934, and proceeded to canvass the returns of the County Bond Election held on the 6th day of November, 1934, and declared the following to be the result of the election in the several election precincts of the county, upon the following question submitted to the qualified registered electors whose names appear on the last completed assessment roll for state, county and school taxes, for their approval or rejection:

"SHALL THE BOARD OF COUNTY COMMISSIONERS OF GALLATIN COUNTY, STATE OF MONTANA, BE AUTHORIZED TO MAKE A LOAN AND TO ISSUE, NEGOTIATE AND SELL COUPON BONDS OF SAID COUNTY IN THE AMOUNT OF ONE HUNDRED EIGHTY-FIVE THOUSAND FIVE HUNDRED DOLLARS (\$185,500.00), IN ORDER TO OBTAIN FUNDS FOR THE PURPOSE OF ERECTING A NEW COUNTY COURT HOUSE ON THE SITE UPON WHICH THE PRESENT COUNTY COURT HOUSE NOW STANDS, SAID BONDS BEING PAYABLE IN TWENTY (20) YEARS AND REDEEMABLE IN FIVE (5) YEARS, AND BEARING INTEREST AT NOT TO EXCEED FOUR PER CENTUM (4%) PER ANNUM, PAYABLE SEMI-ANNUALLY?

"(It being understood that the One Hundred Eighty-five Thousand Five Hundred Dollars (\$185,500.00) derived from the sale of said bonds, is exclusive of the grant to be allowed by the United States Government of thirty per centum (30%) of the cost of labor and material used on the project, the contemplated cost of which is Two Hundred Sixty-five Thousand Dollars)".

After finishing the canvass of the returns of said County Bond Election held on the 6th day of November, 1934, the Board of County Canvassers declared the following result of the foregoing proposed bond issue:

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

Minutes of the previous meeting were read and approved.

Surveyor Waldorf informed the Board that he was going out this morning and that he would be back at noon and would assist in making up the maps of the several high school districts of the County.

Mrs. Kremer was asked to go with the Board to interview Mrs. Charles Ingals so as to get as much information as possible relative to her case. Mrs. Ingals was found sick in bed and no one with her but a small baby. She was asked if this existed during the whole day and she stated her son would be back at noon and that he generally stayed with her afternoons. Her supplies were looked over and it was found she had sufficient to care for her for sometime. It was agreed to see her brothers and ask them to get someone to stay with her all of the time. Her brother, John, living at Gallatin Gateway was seen and he informed the Board that he had a family of his own and that it would be almost impossible for him to do anything.

Mr. Scott representing the Adams Grader Co. met the Board in the interest of his Company.

Lester Todd from the L. K. Pence Motor Co. met the Board and said he had been informed that the County was in need of a truck. He was told the Board had a setup for a truck but in all probability nothing would be done until sometime in March or April.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 13th day of December, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Dr. Smith was asked to go to Cottonwood and see Mrs. Charles Ingals, who is sick, and to make a report to the Board. He later reported that he had found her in bed but did not find her condition as serious as had been reported to the Board. He stated he thought within a few days she would be able to be up and do her housework. He was informed that the Board had in mind sending her back to Oregon as soon as she was able to travel.

The Board, together with Miss Hollier, Superintendent of Schools, worked on fixing the boundaries for the High School Districts.

The Clerk was ordered to post notices for an extra session beginning Monday, December 17th, 1934, not to exceed two days.

On motion made and carried, the Board went to Manhattan and looked at the property which had recently been sold and endeavored to see the man who is living in the property but found the house locked. Saw Mr. Moritz who informed the Board this man was often out of town and that he did not think the Board could get to see him. It was found that one of the houses which had been sold had been moved and everything cleared up where it stood.

Then went to Three Forks and interviewed Joe Menapace relative to Mrs. Whalen, a County charge. He was again told to look after her interest as much as possible. He stated she was barely able to get along on the \$6.00 worth of supplies she was receiving from the County.

Mr. Menapace stated that one of the Hales had agreed to bring in four loads of wood for the County to apply on his account, and he was asked to see that Mrs. Whalen got some of this wood.

Roy Malsor and Attorney Bunker met the Board in the interest of Jack White. Some months ago, Ed Rich, now deceased, had met the Board relative to fencing the right-of-way which Rich and White had donated to the County for a road change over the Bridger-Brackett Creek Divide. Mr. Malsor stated that Mr. White wanted \$240.00 or a good fence built. The Board offered to pay \$173.00 or build a fence. It was decided to build the fence on the upper or east side of the road this fall, weather permitting, and the west side next summer.

No. 10 State Highway with the old Yellowstone Trail Highway at a point in the Southwest Quarter of the Southeast Quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) of Section Twenty-four (24), Township Two South (T2S), Range Six East (R6E), P. M. M., Gallatin County, Montana, thence N 50° 33' E, a distance of 170 feet; thence N 80° 00' E, a distance of 178 feet; thence N 63° 11' E, a distance of 100 feet, more or less, to a point 10 feet northeast of the bridge over Rocky Creek; said described County Road crossing the tracks of the Northern Pacific Railway.

Mr. Waldorf asked that the Board talk with Mr. Mize relative to doing any kind of work that might come up outside of running the caterpillar. He was informed that while the crew was working in Bear Canyon that it had been reported to the Board that he had stated when asked to do other work that he had been hired only as a "cat" man and that he did not care to pick up rocks and do such other work as might come up during times he was not operating the "cat." He stated that he did say that he had been hired as a "cat" man but that he appreciated the fact that if he remained a County employee he would have to do such work as came up. After considerable discussion he was told that if he could conform with whatever orders were given that he could continue.

Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Monday, the 31st day of December, A. D., 1934, at nine o'clock A. M.

Those present were the Hon. J. E. Moore, Chairman, Hon. R. J. Pasha, and Hon. W. I. Brownell, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Treasurer's report for the month of November was approved.

Charles Vandenhook, E. L. Heidel and Harry Reif, a committee from the Elks' Home, met the Board relative to the rental of the Elks' Home for use for County offices during the construction of the new Court House. They stated about 55% of the entire building would be available and that they would heat the building, furnish water and the space at the rate of \$450.00 per month. In case any partitions were necessary the County would have to care for that expense. They stated they could throw the County on a meter and they could pay for their own electricity. The Board decided to take same under consideration.

Mrs. Kremer called relative to Mr. & Mrs. Ed Devaney, transients, who wanted to go to their home in Lewiston, Idaho. She stated they had no means whatever and that they were on relief and she believed it would be cheaper to send them on their way. She was told the Board would discuss the matter and call her back. After some discussion, the Board found it would take perhaps \$10.00 worth of gasoline and \$2.00 worth of oil and that some supplies could be given them. Mrs. Kremer was authorized to give them a petty cash check for \$15.00 for transportation.

Mrs. Kremer reported the Weaver family out of fuel. She was informed that a short time ago they were given a large load of coal and that the Board did not see how they could be out of fuel at this time. She was informed however that the Board would be going to Three Forks and would endeavor to make an investigation of same.

Then went to the Lane road west of Three Forks and looked over this project as Mr. Paxon stated the F. E.R.A. was planning to gravel this this winter. It was found the grade was in a very good condition and Surveyor Waldorf informed him that as soon as the gravel was put on in the spring he would endeavor to shoulder up same so as to hold the gravel in place.

Then went to Three Forks and saw Joe Menapace relative to the Vandolahs. He stated he did not see how they could be out of fuel for the reason that they had been given two cords or better of wood about two weeks ago, but that he had no way of knowing for this wood had been sawed up and put in the basement or some-other place.

While in Three Forks, Mr. Johnson, the druggist living in a building which is to be taken by tax deed on January 2nd, was seen. He stated that Mr. Dreibelbis was very much interested in purchasing this building at as early a date as possible. Mr. Johnson took Commissioners Brownell and Moore through the building upstairs and it was found that it was leaking so badly that the plaster in most every room had fallen off. He also showed that the floor was cut up in very bad condition and if the roof would be left unrepaired until after the spring rains it would no doubt injure the building very much. He said if this building could be placed on the market at an early date that they would bid on same and endeavor to get it in shape as soon as possible.

The Board saw James Lane and he paid \$50.10 for care of his brother at Galen for the month of November. Same was turned over to the County Treasurer to be credited to the Poor Fund. Mr. Lane stated that while business was very poor and he was hard-pressed for money that he might not be able to pay for his brother's care for the months of December and January but would try to pay at least a part of it.

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Friday, the 15th day of February, A. D., 1935, at nine o'clock A. M.

Those present were the Hon. R. J. Pasha, Chairman, Hon. W. I. Brownell, and Hon. W. M. Alberda, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The Board conferred with Deputy County Attorney Lay and Architect Willson relative to the bonds for the Court House construction and the time of letting the contract for the new Court House. It was deemed advisable for the County to sell its bonds in the open market rather than to have the U. S. Government take these bonds as correspondence from bonding companies indicates that bids above par would be received for these bonds. Attorney Lay stated that the application submitted to the Government provided that the Government would take the County bonds, but he thought the application could be changed so that the County could sell in the open market. He advised the Board that if assurance could be obtained from the Government that the bond proceedings were all in order it would be advisable to revise the application so that the County could sell its bonds in the open market and then to advertise the bonds for sale at once, as Mr. Willson stated that better bids would be received for the construction if the County sold its bonds before the building contract was let. It was decided to have Attorney Lay send a night letter to the P.W.A. engineer in charge, Washington, D. C., asking him to advise the County immediately if its proceedings could be approved and also asking him the proper procedure for permitting the County to sell its bonds in the open market. Mr. Lay was also asked to write several bonding companies asking them if they would require a transcript of proceedings before bidding on these bonds, or if the U. S. Government approval of the proceedings would be sufficient.

On motion made and carried, the Board, together with Surveyor Waldorf went to Logan and inspected some County ground with a view to opening a rock quarry. It was concluded that it would be good business to make arrangements to purchase this piece of tax deed land out of the bridge fund and to use the rock for riprapping on the rivers in that locality.

Then went to Three Forks and saw Joe Menapace relative to County property there. He stated that the water main was leaking inside the curb at the Breneman house and it would have to be repaired before the Water Commission would turn on the water. He stated he would need a man for about a day to do the digging and was told that Mrs. Kremer, Relief Manager, would write him and give him the names of two or three men who are on relief and he could choose one of them for the work, and if any material was needed he could purchase same out of rent money.

Then went to Willow Creek and west of the Flaherty ranch to make arrangements to get some rock for riprapping the Williams bridge. Mr. Flaherty stated the County could have what rock was needed from his ranch.

The Clerk was ordered to post notices for an extra session beginning Monday, February 18th, 1935, not to exceed two days.

The Board adjourned at five o'clock P. M.

Board of County Commissioners of
Gallatin County, Montana.

The following is a copy of a proposed Loan and Grant Agreement between Gallatin County, Montana and the United States of America, which is by Resolution hereinafter in all respects approved:

1. Purpose of Agreement. Subject to the terms and conditions of this Agreement, the United States of America (herein called the "Government") will, by loan and grant not exceeding in the aggregate the sum of \$257,000 (herein called the "Allotment") aid Gallatin County, Montana (herein called the "Borrower") in financing a project (herein called the "Project") consisting substantially of the construction of a 4-story and basement, fireproof county court house in Bozeman, Montana, all pursuant to the Borrower's application (herein called the "Application"). P.W.A. Docket No. 4827, Title II of the National Industrial Recovery Act (herein called the "Act") and the Constitution and

Statutes of the State of Montana (herein called the "State").

2. Amount and Method of Making Loan. The Borrower will sell and the Government will buy, at the principal amount thereof plus accrued interest, \$185,000 aggregate principal amount of negotiable coupon bonds (herein called the "Bonds") of the description outlined below or such other description as may be satisfactory to the Borrower and to the Federal Emergency Administrator of Public Works (herein called the "Administrator"), bearing interest at the rate of 4 percent per annum, payable semi-annually from date until maturity, less such amount of the Bonds, if any, as the Borrower may sell to purchasers other than the Government.

- (a) Date: March 1, 1935 (b) Denomination: \$1000; \$250.
- (c) Place of Payment: At the office of the County Treasurer of Gallatin County in Bozeman, Montana, or at the option of the holder, at the office of the fiscal agent of the State of Montana in the city and State of New York.
- (d) Registration Privileges: Registerable as to principal only at the option of the holder.
- (e) Maturities: Payable, on March 1 in years and amounts as follows:
\$9,250, 1936 to 1955, both inclusive.

Redeemable in whole or in part at the option of the Borrower on any interest payment date from and after five years from the date of issue at the par value thereof plus accrued interest.

- (f) Security: General obligations of the Borrower payable as to both principal and interest from ad valorem taxes which may be levied without limit as to rate or amount upon all taxable property within the territorial limits of the Borrower.

3. Amount and Method of Making Grant. The Government will make and the Borrower will accept, whether or not any or all of the Bonds are sold to purchasers other than the Government, a grant (herein called the "Grant") in an amount equal to 30 per centum of the cost of the labor and materials employed upon the Project. The determination by the Administrator of the cost of the labor and materials employed upon the Project shall be conclusive. The Government will make part of the Grant by payment of money and the remainder of the Grant by cancellation of Bonds or interest coupons or both. If all of the Bonds are sold to purchasers other than the Government, the Government will make the entire Grant by payment of money. In no event shall the Grant, whether made partly by payment of money and partly by cancellation, or wholly by payment of money, be in excess of \$72,000.

4. Bond Proceedings. When the Agreement has been executed, the Borrower (unless it has already done so) shall promptly take all proceedings necessary for the authorization and issuance of the Bonds.

5. Bond and Grant Requisitions. From time to time after the execution of this Agreement, the Borrower shall file a requisition with the Government requesting the Government to take up and pay for Bonds or to make a payment on account of the Grant. Each requisition shall be accompanied by such documents as may be requested by the Administrator (a requisition together with such documents being herein collectively called a "Requisition").

6. Bond Payments. If a Requisition requesting the Government to take up and pay for Bonds is satisfactory in form and substance to the Administrator, the Government, within a reasonable time after the receipt of such Requisition, will take up and pay for Bonds, having maturities satisfactory to the Administrator, in such amount as will provide, in the judgment of the Administrator, sufficient funds for the construction of the Project for a reasonable period. Payment for such Bonds shall be made at a Federal Reserve Bank to be designated by the Administrator or at such other place or places as the Administrator may designate, against delivery by the Borrower of such Bonds, having all unmatured interest coupons attached thereto, together with such documents as may be requested by the Administrator. The Government shall be under no obligation to take up and pay for Bonds beyond the amount which in the judgment of the Administrator is needed by the Borrower to complete the Project.

7. Grant by Payment of Money. If a Requisition requesting the Government to make a payment on account of the Grant is satisfactory in form and substance to the Administrator, the Government will pay to the Borrower at such place or places as the Administrator may designate against delivery by the Borrower of its receipt therefor, a sum of money equal to the difference between the aggregate amount previously paid on account of the Grant; and

- (a) 25 per centum of the cost of the labor and materials shown in the Requisition to have been employed upon the Project if the Requisition shows that the Project has not been completed, or
- (b) 30 per centum of the cost of such labor and materials if the Requisition shows that the Project has been completed and that all costs incurred in connection therewith have been determined;

provided, however, that the part of the Grant made by payment of money to the Borrower shall not be in excess of the difference between the Allotment and the amount paid (not including the amount paid as accrued interest) for the Bonds taken up by the Government. The Government reserves the right to make any part of the Grant by cancellation of Bonds or interest coupons or both rather than by payment of money, if, in the judgment of the

Monday the 4th day of March 1935

Administrator, the Borrower does not need the money to pay costs incurred in connection with the construction of the Project.

8. Grant by Cancellation of Bonds. If the Borrower, within a reasonable time after the completion of the Project, shall have filed a Requisition, satisfactory in form and substance to the Administrator, then the Government will cancel such Bonds and interest coupons as may be selected by the Administrator in an aggregate amount equal (as nearly as may be) to the difference between 30 per centum of the cost of the labor and materials employed upon the Project and the part of the Grant made by payment of money. The Government will hold Bonds or interest coupons for such reasonable time in an amount sufficient to permit compliance with provisions of this Paragraph, unless payment of such difference shall have been otherwise provided for by the Government.

9. Grant Advances. At any time after the execution of this Agreement the Government may, upon request of the Borrower, if in the judgment of the Administrator the circumstances so warrant, make advances to the Borrower on account of the Grant, but such advances shall not be in excess of 30 per centum of the cost of the labor and materials to be employed upon the Project, as estimated by the Administrator.

10. Deposit of Bond Proceeds and Grant; Bond Fund; Construction Accounts. The Borrower shall deposit all accrued interest which it receives from the sale of the Bonds at the time of the payment therefor and any payment on account of the Grant which may be made under the provisions of Paragraph 8, hereof, into an interest and bond retirement fund account (herein called the "Bond Fund") promptly upon the receipt of such accrued interest or such payment on account of the Grant. It will deposit the remaining proceeds from the sale of the Bonds (whether such Bonds are sold to the Government or other purchasers) and the part of the Grant made by payment of money under the provisions of Paragraph 7, hereof, promptly upon the receipt of such proceeds or payments in a separate account or accounts (each of such separate accounts herein called a "Construction Account"), in a bank or banks which are members of the Federal Reserve System and of the Federal Deposit Insurance Corporation and which shall be satisfactory at all times to the Administrator.

11. Disbursement of Monies in Construction Accounts and in Bond Fund. The Borrower shall expend the monies in a Construction Account only for such purposes as shall have been previously specified in Requisitions filed with the Government and as shall have been approved by the Administrator. Any monies remaining unexpended in any Construction Account after the completion of the Project which are not required to meet obligations incurred in connection with the construction of the Project shall either be paid into the Bond Fund, or said monies shall be used for the purchase of such of the Bonds as are then outstanding at a price not exceeding the principal amount thereof plus accrued interest. Any Bonds so purchased shall be cancelled and no additional Bonds shall be issued in lieu thereof. The monies in the Bond Fund shall be used solely for the purpose of paying interest on and principal of the Bonds.

12. Other Financial Aid From the Government. If the Borrower shall receive any funds (other than those received under this Agreement) directly or indirectly from the Government, or any agency or instrumentality thereof, to aid in financing the Construction of the Project, to the extent that such funds are so received the Grant shall be reduced, and to the extent that such funds so received exceed the part of the Grant which would otherwise be made by payment of money, the aggregate principal amount of Bonds to be purchased by the Government shall be reduced.

13. Construction of Project. Not later than upon the receipt by it of the first Bond payment, the Borrower will commence or cause to be commenced the construction of the Project, and the Borrower will thereafter continue such construction or cause it to be continued to completion with all practicable dispatch, in an efficient and economical manner, at a reasonable cost and in accordance with the provisions of this Agreement, plans, drawings, specifications and construction contracts which shall be satisfactory to the Administrator, and under such engineering supervision and inspection as the Administrator may require. Except with the written consent of the Administrator, no materials or equipment for the Project shall be purchased by the Borrower subject to any chattel mortgage, or any conditional sale or title retention agreement.

14. Construction Work. All work on the Project shall be done subject to the rules and regulations adopted by the Administrator to carry out the purposes and control the administration of the Act. By the act of executing this Agreement the Borrower acknowledges receipt of a copy of the rules and regulations set out in Bulletin No. 2, Non-Federal Projects revised March 3, 1934, (as amended to November 26, 1934) entitled "P.W.A. REQUIREMENTS as to BIDS, CONTRACTORS' BONDS, AND CONTRACT, WAGE AND LABOR PROVISIONS AND GENERAL INSTRUCTIONS as to APPLICATIONS AND LOANS AND GRANTS", and covenants that said rules and regulations, with all blank spaces filled in as provided in said Bulletin, will be incorporated verbatim in ALL CONSTRUCTION CONTRACTS for work on the Project.*

15. Force Account. All construction work on the Project shall be done under contract, provided, however, that if prices in the bids are excessive, the Borrower reserves the right, anything in this Agreement to the contrary notwithstanding, to apply to the Administrator for permission to do all or any part of the Project on a force account basis.

16. Restriction as to Contractors. The Borrower shall receive no bid from any contractor, nor permit any contractor to receive any bid from any sub-contractor, who has not signed U.S. Government Form No. P. W. A. 61, revised March, 1934.

*Particular care should be taken by the Borrower that in all construction contracts the following words are inserted in the blank space in Paragraph 3 (a) (1) of the rules and regulations: Gallatin County, Montana and the following words are inserted in the blank space in Paragraph 3 (a) (2) of the rules and regulations: State of Montana

Monday the 4th day of March 1935

17. Bonds and Insurance. Construction contracts shall be supported by adequate surety or other bonds or security satisfactory to the Administrator for the protection of the Borrower, or materialmen, and of labor employed on the Project or any part thereof. The contractor under any construction contract shall be required to provide public liability insurance in an amount satisfactory to the Administrator.

18. Information. During the construction of the Project the Borrower will furnish to the Government all such information and data as the Administrator may request as to the construction, cost and progress of the work. The Borrower will furnish to the Government and to any purchaser from the Government of 25 per centum of the Bonds, such financial statements and other information and data relating to the Borrower as the Administrator or any such purchaser may at any time reasonably require.

19. Representations and Warranties. The Borrower represents and warrants as follows:

(a) Litigation. No litigation or other proceedings are now pending or threatened which might adversely affect the Bonds, the security therefor, the construction of the Project, or the financial condition of the Borrower;

(b) Financial Condition. The character of the assets and the financial condition of the Borrower are as favorable as at the date of the Borrower's most recent financial statement, furnished to the Government as a part of the Application, and there have been no changes in the character of such assets or in such financial condition except such changes as are necessary and incidental to the ordinary and usual conduct of the Borrower's affairs;

(c) Fees and Commissions. It has not and does not intend to pay any bonus, fee or commission in order to secure the loan or grant hereunder;

(d) Affirmation. Every statement contained in this Agreement, in the Application, and in any supplement thereto or amendment thereof, and in any other document submitted to the Government is correct and complete, and no relevant fact materially affecting the Bonds, the security therefor, the Grant or the Project, or the obligations of the Borrower under this Agreement has been omitted therefrom.

20. Bond Circular. The Borrower will furnish all such information in proper form for the preparation of a Bond Circular and will take all such steps as the Government or any purchaser or purchasers from the Government of not less than 25 per centum of the Bonds may reasonably request to aid in the sale by the Government or such purchaser or purchasers of any or all of the Bonds.

21. Expenses. The Government shall be under no obligation to pay any costs, charges or expenses incident to compliance with any of the duties or obligations of the Borrower under this Agreement including, without limiting the generality of the foregoing, the cost of preparing, executing and delivering the Bonds, and any legal, engineering and accounting costs, charges or expenses incurred by the Borrower.

22. Waiver. Any provision of this Agreement may be waived or amended with the consent of the Borrower and the written approval of the Administrator, without the execution of a new or supplemental agreement.

23. Interest of Member of Congress. No Member of or Delegate to the Congress of the United States of America shall be admitted to any share or part of this Agreement, or to any benefit to arise thereupon.

24. Validation. The Borrower hereby covenants that it will institute, prosecute and carry to completion insofar as it may be within the power of the Borrower, any and all acts and things to be performed or done to secure the enactment of legislation or to accomplish such other proceedings, judicial or otherwise, as may be necessary, appropriate or advisable to empower the Borrower to issue the Bonds and to remedy any defects, illegalities and irregularities in the proceedings of the Borrower relative to the issuance of the Bonds and to validate the same after the issuance thereof to the Government, if in the judgment of the Administrator such action may be deemed necessary, appropriate or advisable. The Borrower further covenants that it will procure and furnish to the Government, as a condition precedent to the Government's obligations hereunder a letter from the Governor of the State stating that if in the judgment of the Administrator it may be advisable to enact legislation to empower the Borrower to issue the Bonds or to remedy any defects, illegalities or irregularities in the proceedings of the Borrower relative to the issuance thereof or to validate the same, said Governor will recommend and cooperate in the enactment of such legislation.

25. Naming of Project. The Project shall never be named except with the written consent of the Administrator.

26. Insurance on Project. The Borrower shall, during the life of the Project, maintain proper and adequate insurance thereon.

27. Undue Delay by the Borrower. If in the opinion of the Administrator, which shall be conclusive, the Borrower shall delay for an unreasonable time in carrying out any of the duties or obligations to be performed by it under the terms of this Agreement, the Administrator may cancel this Agreement.

28. Conditions Precedent to the Government's Obligations. The Government shall be under no obligation to pay for any of the Bonds or to make any part of the Grant:

(a) Financial Condition and Budget. If, in the judgment of the Administrator, the financial condition of the Borrower shall have changed unfavorably in a material degree from its condition as theretofore represented to the

Monday the 4th day of March 1935

Government, or the Borrower shall have failed to balance its budget satisfactorily or shall have failed to take action reasonably designed to bring the ordinary current expenditures of the Borrower within the prudently estimated revenues thereof;

- (b) Cost of Project. If the Administrator shall not be satisfied that the Borrower will be able to complete the Project for the sum of \$257,000, or that the Borrower will be able to obtain, in a manner satisfactory to the Administrator, any additional funds which the Administrator shall estimate to be necessary to complete the Project;
- (c) Compliance. If the Administrator shall not be satisfied that the Borrower has complied with all the provisions contained in this Agreement or in the proceedings authorizing the issuance of the Bonds, theretofore to be complied with by the Borrower;
- (d) Legal Matters. If the Administrator shall not be satisfied as to all legal matters and proceedings affecting the Bonds, the security therefor or the construction of the Project;
- (e) Representations. If any representation made by the Borrower in this Agreement or in the Application or in any supplement thereto or amendment thereof, or in any document submitted to the Government by the Borrower shall be found by the Administrator to be incorrect or incomplete in any material respect;
- (f) Maturity of Bonds Sold to Government. If, in the event that some of the Bonds are sold to purchasers other than the Government, the maturities of the remaining Bonds are not satisfactory to the Administrator.

This Agreement shall be binding upon the parties hereto when a copy thereof, duly executed by the Borrower and the Government, shall have been received by the Borrower. This Agreement shall be governed by and be construed in accordance with the laws of the State. If any provision of this Agreement shall be invalid in whole or in part, to the extent it is not invalid it shall be valid and effective and no such invalidity shall affect, in whole or in part, the validity and effectiveness of any other provision of this Agreement, or the rights or obligations of the parties hereto, provided, however, that in the opinion of the Administrator, the Agreement does not then violate the terms of the Act.

IN WITNESS WHEREOF, the Borrower and the Government have respectively caused this Agreement to be duly executed as of

County Commissioners' Office,
Bozeman, Montana.

The Honorable Board of County Commissioners met at the above named office in extra session on Thursday, the 7th day of March, A. D., 1935, at nine o'clock A. M.

Those present were the Hon. R. J. Pasha, Chairman, Hon. W. I. Brownell, and Hon. W. M. Alberda, as Commissioners, and I. W. Bigelow, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board, in company with Fred Willson, Architect for the Court House Project, and Assistant County Attorney Fred Lay, went to Helena, to consult with D. A. McKinnon, State Engineer for the Public Works Administration, concerning the advisability of selling PUBLIC BUILDING (COURT HOUSE) BONDS to the United States Government, or disposing of them by advertising for bids and selling them in the open market.

Many phases of the proposition were discussed with Mr. McKinnon, including the following:

The probable rate of interest in the event the bonds were sold on the open market;

The probable premium that the County might receive from individual bond buyers if sold in the open market;

The interest to be paid by the County on the full amount of the bonds as of March 1st, 1935, if bonds sold in the open market, as against interest on requisition amounts as needed if sold to the Government;

The necessity of changing from a loan and grant agreement to a loan agreement, and the loss of two to four weeks time to consummate the new arrangement;

The loss of four weeks time in advertising the sale of the bonds if sold in open market;

The loss of time for approval of the transcript of Bond Election Proceedings by national bond attorneys;

Printing the bonds;

The necessity of saving all possible time in tearing down the old building and erecting the new one and getting the same enclosed before winter weather;

The possibility of securing better bids on the construction of the building if advertised early in the year, and the possibility of closing down during the winter months;

The chances of sale of bonds in open market;

The saving in rent paid during time required in temporary quarters;

Giving immediate employment to the unemployed and relieving the County of the expense of maintaining the unemployed through relief; and

The difference in the amount of money received if the bonds were sold on the open market as against the amount that would be received if the bonds were sold to the United States Government;

At the conclusion of the interview, after having given the matter due consideration, the Board unanimously decided in favor of selling the bonds to the United States Government, on the grounds and for the reasons:

That the Board believes that only a slight reduction in interest, if any, would be received if the bonds were sold in the open market, and would be of very little inducement to the County, taking into consideration the saving of time that would be affected if the bonds were sold to the United States Government;

That the premium that the County would receive should the bonds be sold in the open market, rather than to the Government, would be small, taking into consideration the fact that Missoula County received but \$2,200 premium on the \$150,000 bond issue, and considering the necessity of starting immediate work upon the project;

That the County would be required to pay interest on the entire amount of the loan, starting as of March 1st, 1935, if the bonds were sold in open market, as against interest paid only on requisition amounts as needed if sold to the Government;

That should the bonds be sold in open market it would necessitate a change from the loan and grant agreement entered into by and between the County and the Government to that of a loan agreement only, which would take from two to four weeks time, and that if said change was made the Government would immediately withdraw the entire allotment, less the grant, and in the event that the bonds were not sold in open market, the County would have to start all over again and possibly experience difficulty in recovering the proportionate allotment which it would lose;

That should the bonds be sold in open market it would necessitate the advertising and calling for bids, and would therefore be necessary to publish notice for four successive weeks, which would be another loss in the matter of time;

Thursday the 7th day of March 1935

B7538 THE TRIBUNE PRINTING CO. GREAT FALLS, MONTANA

That should the bonds be sold in the open market transcripts of the Bond Election Proceedings would have to be furnished to all prospective bond buyers, and the election proceedings approved by national bond attorneys, which would undoubtedly cause further delay;

That should the bonds be sold to the United States Government, the Security Bank Note Company, of Philadelphia, will print the bonds to meet the Government specifications without undue delay;

That should the bonds be sold to the Government, a requisition can be made for \$100,000 to start work upon the project, and will in all probabilities be received before work is started upon the project;

That if the bonds are sold in the open market approximately eight to ten weeks will elapse before any work of consequence can be started upon the project;

That due to the extremely short seasons, it is very material that work be started as soon as possible on the project in order to get the building enclosed if possible before winter weather sets in;

That if bids are advertised for the construction of the project now, or within the very near future, better bids will undoubtedly be received than would be if the advertising of bids were delayed;

That it is believed that if the bonds are sold to the United States Government, work upon the project can be started several months sooner than it would otherwise be started if the bonds were sold in open market, and as a result thereof the new building will be enclosed before the winter months, and will not necessitate a shut down of the work for the following year;

That at the outset of the work upon the project it will be necessary for the removal of all county offices to the Elks' Home, which is to be used for temporary quarters, and that a material saving can be had in rent paid by selling the bonds to the United States Government;

That by selling the bonds to the United States Government the work can be started within a reasonable length of time, and work can be given to the unemployed and relieve the expense which the County is required to pay for relief.

The Clerk was ordered to post notices for an extra session beginning Monday, March 11th 1935, not to exceed two days.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

The following resolution entitled, "A Resolution Authorizing the Issuance of \$185,000 Public Building (Courthouse) Bonds, Series 1935, of Gallatin County, Montana, Voted and Authorized at the Election Held November 6, 1934; Prescribing the Form of Said Bonds and of the Coupons to be attached Thereto; Providing for the Payment of Said Bonds and the Interest Thereon; and Awarding Said Bonds to the United States of America," was introduced by Commissioner W. A RESOLUTION AUTHORIZING THE ISSUANCE OF \$185,000 PUBLIC BUILDING (COURTHOUSE) BONDS, SERIES 1935, OF GALLATIN COUNTY, MONTANA, VOTED AND AUTHORIZED AT THE ELECTION HELD NOVEMBER 6, 1934; PRESCRIBING THE FORM OF SAID BONDS AND OF THE COUPONS TO BE ATTACHED THERETO; PROVIDING FOR THE PAYMENT OF SAID BONDS AND THE INTEREST THEREON; AND AWARDING SAID BONDS TO THE UNITED STATES OF AMERICA.

BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF GALLATIN COUNTY, MONTANA:

Section 1. The Board has ascertained and determined and hereby declares that;

(a) At an election duly called and held on November 6, 1934, for the purpose of submitting to the qualified, registered electors of said County, who on said date were taxpayers therein and whose names appeared upon the last completed assessment roll for state, county and school district taxes, the question of issuing, negotiating and selling the coupon bonds of said County in the amount of \$185,500 in order to obtain funds for the purpose of erecting a new County Courthouse on the site upon which the present County Courthouse now stands, said bonds being payable in twenty years and redeemable in five years, and bearing interest at not to exceed four per cent (4%) per annum, payable semi-annually, more than forty per cent (40%) of the qualified, registered electors who were entitled to vote at said election did vote thereat and more than a majority of the votes cast at said election approved and authorized the issuance of said bonds.

(b) The Board of County Commissioners of Gallatin County, pursuant to a resolution passed and adopted at a Regular Meeting held on the 4th day of March, 1935, and the United States of America have entered into and executed a Loan and Grant Agreement by which, subject to the terms and conditions therein stated, said Gallatin County agreed to sell to the United States of America and the United States of America agreed to buy \$185,000 of said bonds, and the United States of America further agreed to make a grant to the County of not to exceed Thirty Per Cent (30%) of the cost of labor and materials employed upon the project therein described, and for the financing of the construction of which, said bonds are to be issued.

(c) Taking into consideration not only the rate of interest but also every other known element affecting the total cost of the bonds to the County when paid in full, the Board of County Commissioners of said County has determined it to be most advantageous to said County to issue serial bonds, to be dated, to be of the denominations, to be registerable at the option of the holder, to be paid, to be redeemable in whole or in part at the option of the County, and to mature and to be payable in equal annual installments, all as provided in said Loan and Grant Agreement.

Minutes of the previous meeting were read and approved.

Dr. Brewer, Acting County Physician, met the Board and reported Tony Blas, a County charge in the Deaconess Hospital, had gone violently insane on Saturday, April 20th, and that he had put on two attendants, Ed Lyons and Rufus Selvage, and that Tony passed away at 11 o'clock Sunday morning.

H. R. Pasha met the Board and submitted prices on fire-fighters. He was told the County would need some of these and that the Board would make a survey of the temporary Court House quarters and the Poor Farm and would call him later.

The time having arrived for public hearing on the Resolution hereto attached and said Resolution having been advertised as required by Chapter 148, Session Laws of 1929, there being no protests, and the Board deeming the additional appropriation of \$12,000.00 necessary by reason of the excessive demand by reason of the depression and unemployment, on motion regularly made and unanimously carried, the sum of \$12,000.00 is hereby ordered set up on the records for Supplies, Rent and Care for Outside Poor under Account 223-A.

The Board purchased from Lester Fogle four cords of fir pole wood at \$4.00 per cord, he to receive one-half in cash and the other half to be credited to his account.

Mrs. Henry J. Tomlinson met the Board and stated the County Commissioners of Deer Lodge County had sent her and her children to Logan in their County truck yesterday and she asked the Board to find a place for her to live and pay her rent. I. W. BIGELOW, Clerk, Board of County Commissioners, Gallatin County, Montana.
(First Publication, March 21st, 1935.)

Adv.

Tuesday the 23rd day of April 19 35

The Board leased to Henry Baab of Three Forks the fractional NW $\frac{1}{4}$ of Sec. 25-2N-1E, about 93 acres, for the season of 1935 for the sum of \$30.00.

The Board took up and considered Petition #576 filed on March 25th, 1935 and reached the following conclusions in regard to same:

That on or about the 8th day of November, 1934, a petition signed by more than ten freeholders of Road District No. 5, of the Road Districts in Gallatin County, Montana, was filed with the Board of County Commissioners, praying in writing as aforesaid, that said Board discontinue and abandon as a public highway, the following described county road:

Beginning at the intersection of the north line of U. S. No. 10 State Highway with the old Yellowstone Trail Highway at a point in the southwest quarter of the southeast quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$) of Section Twenty-four (24) of Township Two (2) South, Range Six (6) East, P. M. M., Gallatin County, Montana; thence N 50° 33' E. a distance of 170 feet; thence N 80° 00' E a distance of 178 feet; thence N 63° 11' E a distance of 100 feet, more or less, to a point 10 feet northeast of the bridge over Rocky Creek; said described County Road crossing the tracks of the Northern Pacific Railway;

That thereupon, and on or about the 13th day of November, 1934, the Board of County Commissioners proceeded to cause an investigation as to the feasibility, desirability and cost of granting the prayer of said petition, as was necessary to properly determine the merits or demerits of the petition; and the Board having considered the petition and ascertained and determined that the petitioners were resident freeholders of said Road District No. 5, made and entered on the minutes of their Board their decision with reference thereto, and fixed December 17, 1934, at ten o'clock A. M. of said day, as the time for hearing said petition, and caused notice of the date of said hearing to be given to the parties interested in this, to-wit, that portion of the highway sought to be abandoned and discontinued by said petition lies entirely upon the right-of-way of the Northern Pacific Railway Company, and a notice was sent by registered mail to the agent of the Northern Pacific Railway Company, located at Bozeman, Montana; and said Board also caused said notice to be posted in three conspicuous places upon that portion of the highway so sought to be vacated and abandoned;

That afterwards, and on said 17th day of December, 1934, the matter came on for hearing before said Board of County Commissioners at ten o'clock A. M. of said day; and the Board of County Commissioners proceeded with the hearing of said petition, and heard testimony concerning the merits and demerits of said petition, the desirability of closing that portion of the highway sought to be closed by said petition, and on the feasibility and cost of granting the prayer of said petition, and did thereupon determine that it was feasible and for the public interest that said highway be vacated and abandoned, and did thereupon order the same vacated and required the Northern Pacific Railway Company to place substantial barriers at the point on said highway ten (10) feet north of the bridge across Rocky Creek, and also at the point on said Highway No. 10 where the old Yellowstone Trail leaves said highway;

That that portion of the old Yellowstone Trail within a point 10 feet north of the bridge across Rocky Creek and the easterly point of intersection between said Yellowstone Trail and State Highway No. 10 remains open as a public county road, and the petitioners had right of ingress and egress from their property to and upon said last mentioned highway;

That subsequent thereto, and on the 26th day of December, 1934, ABIGAIL SMART, GRACE KENNEDY, OSCAR MERRELL AND JOSEPHINE S. MERRELL brought a civil action against J. E. Moore, R. J. Pasha and W. I. Brownell, as County Commissioners of the County of Gallatin, State of Montana, seeking to perpetually enjoin the Commissioners, their servants, agents and employees, and all other persons acting under them and by virtue of their authority, from closing the road aforesaid; that in due course within the time allowed by law, the defendants filed answer in said cause, and the matter came on regularly for hearing the 11th day of February, 1935; that witnesses on the part of the plaintiffs and defendants in said action were duly sworn and examined, and at the conclusion thereof the Court found in favor of the defendant Board of County Commissioners and against the plaintiffs in said action, and judgment was entered on the 18th day of February, 1935, and it was ordered, adjudged and decreed that the restraining order theretofore issued against the defendants in said action be vacated and dissolved and that the plaintiffs therein take nothing by reason of their action, and that their complaint be dismissed without prejudice, and that the plaintiffs go hence without day, and that the defendants have and recover their costs and charges laid out and expended, taxed at \$27.30;

That on the 25th day of March, 1935, certain petitioners filed with the Board of County Commissioners, a petition to establish and open the identical strip of roadway that this Board had previously closed to the traveling public, as herein set out, and whose actions the Judge of the District Court had by judgment sustained, and by said judgment allowed said road to be permanently closed to the traveling public;

That the Board of County Commissioners is familiar with the facts and circumstances concerning the opening of said county road and the feasibility, desirability and cost of granting the prayer of said petition, by reason of thorough investigation heretofore recently made, and consider that in view of the facts and circumstances hereinabove set out and enumerated, that further investigation is unnecessary to properly determine

Tuesday the 23rd day of April 19 35

the merits or demerits of said petition, and believe that the object of the petition, if for no other reason, is to set aside the decision of the Board of County Commissioners heretofore rendered, and whose action the District Court has sustained;

That after careful consideration of the petition, after having taken into consideration all the facts and circumstances surrounding the case, the feasibility, desirability and cost of granting the prayer of said petition, and every other detail incident thereto, this Board of County Commissioners finds that the portion of the proposed highway sought to be opened, and described in the petition, lies entirely upon the right-of-way of the Northern Pacific Railway Company, and includes a dangerous grade crossing over said railroad; that this crossing was so notoriously dangerous and so many accidents had happened on it that the State Highway Commission constructed an overhead crossing over said railroad sometime before the filing of said petition with said Board of County Commissioners for the purpose of cutting out and doing away with said dangerous grade crossing; and that that portion of the highway sought to be opened as described in said petition, includes a bridge over Rocky Creek, which the Board of County Commissioners has maintained, and which is in a condition that if continued in use will have to be reconstructed and rebuilt in the near future.

That the Board further finds that the present highway is adequate and suitable for the handling of all classes of traffic over the same, including the driving of livestock and the like, and is in fact no more dangerous than other portions of said highway between Bozeman and Livingston, and therefore denies the petition for the opening of the highway in question, and hereby directs that the parties interested herein be notified by registered mail of its finding on said petition.

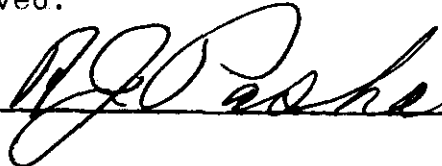

The Board adjourned at five o'clock P. M.

Charles Anceney met the Board and asked to have some work done on the Spanish Creek road. He was advised that this would be taken care of sometime this summer.

On motion made and carried the Board went to the Emerson School to see Sup't D. S. Williams relative to renting the west room of the Emerson School basement for commissary purposes while the new Court House is being built. Mr. Williams stated the School Board would rather not rent this room but if we could not make arrangements elsewhere to come back and see him.

Supplies for the commissary were purchased from the Lovelace Grocery Co.

J. A. Siffert purchased from the County the S¹ SW¹ Sec. 4-1N-2E and the NE¹ NW¹ of Sec. 9-1N-2E, 120 acres at \$4.50 per acre, or a total of \$540.00, this being 90% of the appraised value. He made a down-payment of \$67.50 or one-eighth of the total amount, the balance to be paid in seven equal payments of \$67.50 each with interest at 4% per annum.

The Clerk was ordered to post notices for an extra session beginning Monday, April 29th, 1935, not to exceed two days.

On motion made and carried, the Board, together with Surveyor Waldorf, went to Manhattan and then south to the Vincent siding, then north back to Manhattan and viewed the roads. Found same in very good shape as they had been bladed since the last storm. Then went to the Cox ranch where Joe Elings is putting in a bridge to replace the old one washed out. Found he was doing a very good job.

Then went to Three Forks to look after some County property at that place. While in Three Forks the Board saw Mr. Johnson, the druggist, who runs the drug store for Mr. Dreibelbis, and asked him to make a date with Mr. Dreibelbis to meet the Board, so that we could try to come to some terms on renting the drug store building which the County had taken by tax deed.

The Board adjourned at five o'clock P. M.
