WHEREAS, an emergency exists demanding the immediate preservation of order resulting from the depletion of Budget Account 231-B, Board of Prisoners, from which account it appears that the original appropriation for the year from July 1st, 1944 to June 30, 1945, based upon a budget estimate was One Thousand Five Hundred and no/100 Dollars (\$1,500.00), and that the balance remaining in said account after payment of the January, 1945 bills is Thirty-six and no/100 Dollars (\$36.00) and is not sufficient to meet the expense of board for prisoners for the remainder of the fiscal year; and

WHEREAS, this condition has been caused by unforeseen and unanticipated demand for board of prisoners caused by more than the usual number of inmates of the Gallatin County Jail; and

WHEREAS, an additional appropriation of One Thousand and no/100 Dollars (\$1,000.00) is required for the board of prisoners for the balance of this fiscal year;

NOW, THEREFORE, BE IT RESOLVED: It is declared that an emergency exists and that it is necessary to appropriate One Thousand and no/100 Dollars (\$1000.00) from the General Fund for the use of said account 231-B, Board of Prisoners, for the balance of the current fiscal year. The Board of County Commissioners met at the above named office in regular session on Monday, the 2nd day of April, A. D., 1945, at nine o'clock A. M.

Those present were W. M. Alberda, Chairman, E. J. Parkin, and Wm. A. Wortman, as Commissioners, and Bess Fowler, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk and after due consideration warrants were ordered drawn in payment of same.

The Board received a letter from Dr. A. D. Brewer stating that he would accept the position of full-time Health Officer at a salary of \$4,000.00 per year and that he would be able to begin work on or about May 1st, 1945.

L. B. Benbrooks, Court House Janitor, reported to the Board that David McDonald would assist him in the janitor work to take the place of Esther Killian who has been ill and not working since March 17th. The Board agreed to pay him at the rate of 60¢ per hour for his services. The Clerk was ordered to discontinue the salary of Mrs. Killian until she returns to work again.

As agreed on March 29th, the Board took up the matter of the request for the graveling of six blocks of the streets of Gallatin Gateway and the graveling of the road from U. S. Highway No. 191 to the Gallatin Gateway cemetery and the John Long place. After some discussion the members of the Board decided they would be agreeable to having the County participate in this gravel work under the following conditions:

Six blocks of streets in Gallatin Gateway are to be gravel-surfaced, the loading and spreading of the gravel to be done by Ernest and Fred Wehren, who are to be paid for said work entirely from funds raised by the citizens of Gallatin Gateway and are to be paid directly by these citizens. The hauling of said gravel is to be done by Gallatin County at its own expense.

The graveling of the road leading from U. S. No. 191 to the Gallatin Gateway cemetery and the John Long place is to be done on the following basis:

The loading of the gravel will be done by Ernest and Fred Wehren with their equipment and the spreading of the gravel will be done also by the Wehren Bros. with their equipment;

The hauling of the gravel will be done by Gallatin County with its own equipment.

The payment for work done on this road shall be made through Gallatin County from funds received from the following sources:

John Long, Wesley Hargrove et al. are to contribute \$75.00 to the County toward the cost of this work;

The Gallatin Gateway Cemetery Fund shall contribute a sum equivalent to the cost of hauling one-half of the gravel necessary to surface said road from U. S. Highway No. 191 to the cemetery gate, plus the cost of loading said gravel in trucks;

Gallatin County will stand the remainder of the expense for loading, hauling and spreading of this gravel.

The Wehren Bros. shall be paid by Gallatin County at the following rates:

\$6.50 per day for each machine operator;

The machinery is to be furnished at the rate of \$1.00 per hour for each tractor used on this work, which rate is to include fuel, oil and repairs.

All gravel in the pit is to be furnished free of cost to Gallatin County.

EXAMINER'S COMMENTS

Verification was made of bank balances, cash on hand, and investments.

Funds on deposit in banks are amply protected by legally pledged securities and Federal Deposit Insurance.

The County Treasurer and the County Clerk should cooperate and make inventories of the Lands Acquired by Tax Deed, both County and T. & A., from the records of the Ten Year Plan. The County Clerk should adjust such accounts to the results of such inventories.

Inventories of the Accounts of Taxes Receivable by years should be made from the records of the Ten Year Plan, and then accounts of both the Treasurer and the Clerk should be adjusted to such inventories.

GENERAL COMMENTS:

The claims were examined and found to be well itemized, properly verified, and filed.
 The Board should see that the County Treasurer and the County Clerk have sufficient help to make proper inventories of Taxes Receivable Accounts, both County and T. & A., and inventories of Accounts of Lands Acquired by Tax Deeds, both County and T. & A.
 The Board should cause inventories to be made of Fixed Assets Accounts: Tools & Ma-

Tuesday THE 3rd DAY OF April 1945

chinery, Lands & Buildings, Furniture & Fixtures, Roads, Bridges and Scales. Proper adjustments should be made in the Depreciation Accounts so the net values would equal that shown in the inventories. Value should only be given to Bridges that are more than 16 feet in length and are of steel and concrete construction. Values should be given to roads that are constructed to proper grade, well drained, and hard surfaced.

The Board should instruct the Clerk to make proper entries adjusting the various accounts to the inventories.

Respectfully submitted,

F. E. WILLIAMS,
Deputy State Examiner.

Wednesday THE 2nd DAY OF May 19 45

BIOGRAPHIC-CHRONICLE PUB. CO.

County Commissioners' Office,
Bozeman, Montana.

The Board of County Commissioners met at the above named office in extra session on Wednesday, the 2nd day of May, A. D., 1945, at nine o'clock A. M.

Those present were W. M. Alberda, Chairman, E. J. Parkin, and Wm. A. Wortman, as Commissioners, and Bess Fowler, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board, accompanied by the Surveyor, inspected the County roads located on the bench land south of Three Forks and east of Willow Creek.

The Board went over a trail road starting from the southeasterly terminus of the road known as Section B of Project H, thence running east a short distance to the corner common to Sections 13, 14, 23 & 24 of Township One (1) North, Range One (1) East, thence running South along and adjacent to the section lines a distance of three miles to the Southeast corner of Section 35 of said township and range, thence west a short distance to a junction with County Road No. 488 at the northeast corner of Section 2 of Township One (1) South, Range One (1) East; The Board recently received inquiries as to whether this road is a County road, and, if not, as to the procedure required to establish it as a County road. This trail road is not a County road, and, in the opinion of the Board not enough traffic would use this road to justify the expense of establishing it as a County road and doing the necessary road work.

The Board viewed a cattle-guard and gate on Road No. 488 just southwest of the East quarter corner of Section 32, Township 1 North, Range 1 East. This installation was made by R. E. Davis partly at his own expense and partly at County expense on authority granted by this board on April 9, 1941. The Board found this installation satisfactory.

The Board viewed another cattle guard and gate on Road No. 455 in the Northwest Quarter of Section 5, Township 1 South, Range 1 East, also constructed by R. E. Davis similarly as the installation on Road No. 488, and found that while there might be some chance of cattle being pocketed in the lane south of the guard the Board would not be justified in ordering a change of location of this guard at this time.

The Board viewed another cattle-guard at the road intersection located at the corner common to Sections 22, 23, 26 and 27 of Township 1 North, Range 1 East. This guard, also constructed by R. E. Davis similarly as the installation on Road No. 488, has not been connected up with the fences as yet, but is located exactly in the center of the intersection. The Board had previously received protests as to this location. The Board decided that this guard should be placed in the center of the road running south and on the line with the South road fence of the road running west from this intersection, and that Mr. Davis be notified by letter of this decision.

The Board found that on Road No. 488 instead of travelling along the laid-out road along the north line and east line of Section 2, the travel now goes from the northwest corner of said section southeasterly across the section, again joining Road No. 488 on the West line of Section 12 a short distance south of the road junction at the northwest corner of said Section 12. Mr. Davis has fenced this road as travelled now on the northeasterly side, thus cutting across road No. 488 south of the road junction and preventing any vehicles travelling south out of Three Forks, along the so-called Pole Line Road, from proceeding south from said road junction on Road No. 488. The Board decided that some way would have to be found for travel south from Three Forks along the Pole Line Road to continue on south on Road No. 488 to Cedar Hollow, etc. and that Mr. Davis be requested by letter to consult with the Board regarding this.

The Board found that R. E. Davis had placed a gate across Road No. 135 a short distance east of the Northwest corner of Section 29, of Township 1 North, Range 1 East. The Board decided that this gate must be removed, and that Mr. Davis be notified by letter of this decision.

The Board conferred with Mr. Davis relative to road matters in this area. Mr. Davis stated that he would like to set this fence along the North line of Section 28, T1N, R1E out to the section line or the center of the road right-of-way on Road No. 135. After viewing this, the Board decided that this fence should be left on the south right-of-way line of the road and that Mr. Davis be notified by letter of this decision.

The Board found that on Road No. 135 the north right-of-way fence had been removed along the south line of Section 22, T1N, R1E and that two gates had been placed across the road presumably by Mongold Brothers who, the Board understands, operate the lands lying north of the road at this point. The Board decided that these gates must be removed and that Mongold Brothers be notified of this decision by letter.

In regard to the travel going southeasterly across Section 2, T1S, R1E instead of along the County road right-of-way along the north and east lines of Section 2, the Board has no objection to the travel going this way and to Mr. Davis fencing the road across Section 2 as a temporary proposition, but the Board hereby states its intention to hold its road right-of-way along the north and east lines of Section 2, and to put the travel back on these lines at any time the conditions justify doing so.

The Board found that the road right-of-way fence on the east line of Section 34, T1N, R1E had been set out to the center of the road right-of-way. The Board decided to notify the owner to set this fence back on the right-of-way line, and that if the request was not heeded, to take appropriate action.

The Board adjourned at five o'clock P. M.

AND WHEREAS, said statute prescribes that a license for the operation of any slot machine or slot machines within the State of Montana shall first be procured from the State Board of Equalization of the State of Montana (hereinafter referred to as the "Board"), by any of the organizations or persons enumerated in Section Three (3) of said Act, desiring to use or operate the same, and the annual license fee shall be as follows: A license fee of Two Hundred (\$200.00) Dollars per annum per machine shall be paid to the Board for such license in cities of over ten thousand (10,000) population according to the last United States census; in all cities or towns with a population of over five thousand (5,000) and less than ten thousand (10,000) such persons and organizations shall pay a license fee of One Hundred (\$100.00) Dollars per machine per annum; in all cities or towns with a population of less than five thousand (5,000) such persons and organizations shall pay an annual license fee of Fifty (\$50.00) Dollars per machine per annum; all organizations not operating within the limits of the incorporated city or town shall pay an annual license fee of Fifty (\$50.00) Dollars per annum per machine. For each separate slot in any slot machine an additional license fee equivalent to the fee herein before provided for, shall be paid.

AND WHEREAS, by said statute, a slot machine is therein defined as a machine operated by inserting a coin, token or trade check therein by the player and from the play of which he obtains, or may obtain, money checks, chips or tokens redeemable in money.

AND WHEREAS, said statute provides that Gallatin County may, in the discretion of its Board of County Commissioners, impose an additional license tax, not to exceed one-half (½) of the license fee imposed by the State for each of such machines licensed by the State and operating in Gallatin County.

AND WHEREAS, the County of Gallatin, by its Board of County Commissioners, in the exercise of its discretion, and pursuant to the power and authority vested in said Board by said statute, does hereby impose a license fee of Fifty (\$50.00) Dollars per annum for each slot machine licensed by the State and operated in the City of Bozeman, and does hereby impose a license fee of Twenty-five (\$25.00) Dollars per annum on each of such slot machines so licensed or operating in all other places either within or outside of the corporate limits of any town in the County of Gallatin, State of Montana.

The Board of County Commissioners met at the above named office in extra session on Monday, the 16th day of July, A. D., 1945, at nine o'clock A. M.

Those present were W. M. Alberda, Chairman, T. J. Parkin, and Wm. A. Wortman, as Commissioners, and Jess Fowler, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Dr. Smith, County Physician, reported to the Board that he had placed Roscoe McKee, a transient, in the Page Sanitarium on July 15th. The Board accepted this as a County case.

The Board received from F. F. Harst a check for \$10.00 to pay for a dance hall license for the months of July, August and September, 1945. The license was issued and the Clerk ordered to mail same to Mr. Harst.

County Welfare Supervisor Muller reported to the Board that Mrs. Ranch Callantine, an O.A. case, died on July 12th. She has been in the Bozeman Deaconess Hospital at various times since January 12th, 1945 at which time her O.A. grant was increased to \$40.00 per month to take care of her hospital bill. The Board now agrees to pay the unpaid portion of the bill.

Mr. McCrea stated that adjoining land owner, Jim Border, had no objections and that he was unable to buy fencing material in these war times. The cattle guards are to be built according to specifications drawn by the County Surveyor.

On motion made and carried, the Board agreed to place the following men in the Road and Bridge Department on a monthly salary basis, effective for the work month ending July 25, 1945, at the rates stated, and to adopt the following regulations as to vacations, lost time, etc. for these men:

Thomas C. Andrews, James Clark, Albert H. Evans, A. C. Garlie, Arthur P. Hoagney, H.F. Penzel, Basil Monroe and George Priest, \$175.00 per month;

Ehad Ely and James H. Donlon, \$175.00 per month, except when operating a power shovel or dragline. When operating power shovel or dragline the salary is to be \$200.00 per month. In each month in which either of these men operate power shovel or dragline for part of the month, the rate of pay will be \$200.00 per month for that portion of the month in which shovel or dragline was operated, and \$175.00 per month for the balance of the month; except that in any month where either of these men operate said shovel or dragline for a total of only three working days or less the salary for the entire month shall be at the \$175.00 rate;

John S. French, Shop Foreman, \$200.00 per month.

All road employees paid on a monthly salary basis shall be granted twelve working days vacation with full pay, or one work day for each month of employment during each calendar year, which will be granted only for those periods when the service will best permit and shall be staggered among the employees so as to cause the least inconvenience to the service. The Road Superintendent must approve in advance the time that any vacation is taken, and employees shall make arrangements for taking vacations through him.

In allowing vacation time, no working day's vacation with pay will be allowed for any month in which the employee has not worked at least twenty (20) full working days. On all working days on which the salaried employees fail to report for duty (except when on vacation) a deduction from the monthly salary will be made at the following rates:-(1) where the salary is \$175.00 per month, \$6.80 per day, for each working day not worked; (2) where the salary is \$200.00 per month, \$7.30 per day, for each working day not worked.

All road employees paid on a monthly salary basis shall ordinarily not be required to work on Sundays or the following holidays:-New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, and Christmas. Should road emergencies require them to work, in the opinion of the Road Superintendent, on any of these days, or after working hours on any working day, they are subject to call and will be expected to work as long as the Superintendent needs them. No overtime will be paid for such calls but in any case where the Road Superintendent calls on salaried employee for emergency work on Sundays, any of the six holidays listed, or for emergency work outside of working hours on a regular work day, the Superintendent is authorized to allow such employee compensatory time off in an amount equal to the time so worked. Said compensatory time off must be taken at a time approved in advance by the Road Superintendent.

All vacation must be taken in the calendar year that it is earned. Any employee who resigns or who is released for causes beyond his control shall be entitled to accrued vacation pay for the number of months worked during the calendar year. (This does not apply to an employee who is discharged for cause or who resigns to evade such discharge)

Monday THE 16th DAY OF July 19 45

Any employee who takes his full allotted vacation for a calendar year and fails to work out the remainder of the calendar year shall have deducted from his final pay one day's pay for each month not worked during that calendar year.

The salary month shall end on the 25th of each month, starting the 26th of the preceding month.

All employees paid at the rate of \$175.00 per month shall be required to work at any type of road or bridge work designated by the Road Superintendent with the exception of operating the power shovel or dragline.

For all employees paid on a monthly salary basis from and after June 23th, 1945, vacation time at the rate of one work day for each month of employment shall accrue for each month starting with January, 1945, so that each employee now on a salary basis and working the full twelve (12) months of 1945 will earn twelve (12) days vacation in 1945.

On motion made and carried, the Board adopted the following maximum wage scales and regulations as to vacation time, etc., effective at the start of the fiscal year of 1945-1946, for employees paid on a daily wage basis:

The following is a copy of the rules and regulations governing the Board of Equalization:

RULES AND REGULATIONS GOVERNING THE BOARD OF EQUALIZATION

I.

The Board of County Commissioners is the County Board of Equalization and must meet on the third Monday of July in each year to examine the assessment books and equalize the assessment of property in the County. It must continue in session for that purpose from time to time until the business of equalization is disposed of, but not later than the second Monday in August.

II.

No assessment as returned by the Assessor shall be lowered, or raised, or any reductions or additions thereto, or changes therein made, except as provided by Sections 2112 to 2121, inclusive, of the Political Revised Codes of Montana, 1935.

III.

No assessment shall be lowered or reduced unless the party affected thereby, or his agent makes and files with the Board a written application therefor verified by his oath, stating the particular items sought to be lowered or reduced and the facts upon which it is claimed such reduction should be made.

IV.

No assessment shall be lowered or reduction granted unless the person or the agent making the application attend and answer all questions pertinent to the inquiry relative thereto and the Board has authority to subpoena such witness as it may deem in its discretion proper and necessary.

V.

The assessor or his deputy shall be present at all sessions of the Board and aid and assist the Board in all matters that may come before it.

VI.

The Board of County Commissioners must use the abstract and all other information it may gain from the records of the County Clerk or elsewhere in equalizing the assessment of the property of the County and may require the Assessor to enter upon the assessment books any property which has not been assessed; and any assessment made as prescribed in this section has the same force and effect as if made by the Assessor before the delivery of the assessment book to the County Clerk.

VII.

During the session of the Board of County Commissioners it may direct the Assessor to assess any taxable property that has escaped assessment, or to add to the amount, number or quantity of property, when a false or incomplete list has been rendered, and to make and enter new assessments (at the same time cancelling previous entries) when any assessment made by him is deemed by the Board so incomplete as to render doubtful the collection of the tax; but the Clerk must notify all persons interested by letter deposited in the postoffice, postpaid, and addressed to the person interested, at least ten days before action is taken of the day fixed when the matter will be investigated.

The matter of the litigation in the case of State ex rel. Thompson vs. Gallatin County was discussed. It appeared that there might have been some misunderstanding as to whether Mrs. Thompson should have received \$160.00 per month for the months of January, February, March, April, May and June, 1945 based on agreement either express or implied. In view of the doubt it seemed advisable to settle Mrs. Thompson's claim of \$214.20 for \$60.00. On motion of Parkin, seconded by Wortman, and carried, it was determined to pay Mrs. Thompson \$60.00 in full settlement of her claim and dismissal of her lawsuit.

Wednesday THE 6th DAY OF March 19 46

County Commissioners' Office,
Bozeman, Montana.

The Board of County Commissioners met at the above named office in regular session on Wednesday, the 6th day of March, A. D., 1946, at nine o'clock A. M.

Those present were W. M. Alberda, Chairman, E. J. Parkin, and Wm. A. Wortman, as Commissioners, and Bess Fowler, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

The Board received the report of the County Clerk showing items of fees and other collections for the quarter ending February 28, 1946. Same was approved and ordered filed in the County Clerk's office.

The Board received from Roland B. Whitman of West Yellowstone \$5.06 in payment of snow plowing in West Yellowstone. Same was turned to the County Treasurer to be credited to the Road Fund.

Mr. D. T. Bryer, mechanic for the Johnson Service Co., was authorized by the Board to check the heating system in the Court House and Jail to determine why the pressure drops too rapidly and to have that company bill the County.

L. E. Hays, Clerk of Court, called on the Board and returned the warrant in the amount of \$60.00 which had been issued to his deputy, Evelyn Thompson, in accordance with the minute entry of the Board on February 7th, 1946. Mr. Hays maintains that this is not in accordance with his understanding of the settlement at the time the suit was dismissed and now asks that the Board increase the 1945-1946 budget so as to pay Mrs. Thompson \$10.00 per month more for the full fiscal year of 1945 to 1946. EXAMINER'S COMMENTS

Bank balances of County moneys are amply protected by legally pledged securities and Federal Deposit Insurance.

Investments, cash on hand and bank balances were verified.

Inventories should be made of the Ten-Year Plan Records of Taxes Receivable and Lands Acquired by Tax Deeds: both County and T. & A., and the Accounts of Taxes Receivable and Lands Acquired by Tax Deeds corrected to conform to the results of such inventories.

Greater care should be exercised in posting the Bond Register; also greater care should be exercised in recording in the Disbursements the name of the Series of Bonds or coupons that are being paid, the numbers of the coupons and the numbers of the bonds from which the coupons were taken.

EXAMINER'S COMMENTS

The claims were examined and found to be in excellent condition, well audited before they are placed before the Board of Commissioners for their action, and in good order as to itemization and approval.

Proper journal entries have been made to correct the Account of Trust & Agency Orders Outstanding.

The County Clerk should require the Public Administrator and the Secretary of the County High School Board to file with that office all warrants that have been voided, and also to notify the County Clerk when warrants have been cancelled.

The bookkeeper for the County Clerk should be very careful and check all items of disbursements received from the County Treasurer before signing the receipt for same on the back of the Treasurer's report.

Considerable trouble was encountered during the examination owing to the fact that due care had not been exercised in properly filing paid bonds and coupons received from the Treasurer. These bonds and coupons should be filed separately between ex-

aminations in a separate file.

The bookkeeper should maintain another file for all cancelled receipts received from the Treasurer, and another file for all cancelled or voided warrants.

The Accounts of Taxes Receivable and Lands Acquired by Tax Deeds should be corrected to the results of an inventory of the records of the Ten-year Plan.

GENERAL COMMENTS

In December, 1945 an error occurred in charging \$175.00 of Court House Bond coupons against the Sinking Fund of the Gallatin County High School. The Board should order a transfer of the sum of \$175.00 from the Court House Bond Sinking Fund to the Sinking Fund of the Gallatin County High School to correct this error.

The Official Bonds were examined and found to be properly approved and filed.

The Minutes of the Board of Commissioners were examined and found to be written up to date and in good order.

The Board should cause proper inventories to be made of all the Fixed Asset Accounts, and instruct the County Clerk to adjust the financial accounts to conform to such inventories.

Respectfully submitted,

F. E. WILLIAMS,
Deputy State Examiner

Thursday THE 25th DAY OF July 1946

BIOGRAPHIC-CHRONICLE PUB. CO.

County Commissioners' Office,
Bozeman, Montana.

The Board of County Commissioners met at the above named office in extra session on Thursday, the 25th day of July, A. D., 1946, at nine o'clock A. M.

Those present were W. M. Alberda, Chairman, E. J. Parkin, and Wm. A. Wortman, as Commissioners, and Bess Fowler, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

On motion made and carried, the Board agreed to pay the following men in the Road and Bridge Department on a monthly salary basis, effective for the work-month ending July 25, 1946, at the rates stated, and to adopt the following regulations as to vacations, lost time, etc. for these men:

Thomas C. Andrews, James Clark, Albert M. Evans, A. C. Garlie, Arthur P. Heagney, S. J. McKay, E. F. Menzel, Dail Monroe and George Priest, \$195.00 per month;

Thad Ely and James H. Donlon, \$195.00 per month, except when operating a power shovel or dragline. When operating a power shovel or dragline, the salary is to be \$225.00 per month. In each month in which either of these men operates a power shovel or dragline for part of the month, the rate of pay will be \$225.00 per month for that portion of the month in which a shovel or dragline was operated, and \$195.00 per month for the balance of the month, except that in any month where either of these men operate said shovel or dragline for a total of only three working days or less, the salary for the entire month shall be at the \$195.00 rate;

John S. French, Shop Foreman, \$220.00 per month.

R E G U L A T I O N S

All road employees paid on a monthly salary basis shall be granted twelve working days' vacation with full pay, or one work day for each month of employment, during each calendar year, which will be granted only for those periods when the service will best permit, and shall be staggered among the employees so as to cause the least inconvenience to the service. The Road Superintendent must approve in advance the time that any vacation is taken, and employees shall make arrangements for taking vacations through him.

In allowing vacation time, no working day's vacation with pay will be allowed for any month in which the employee has not worked at least twenty (20) full working days. On all working days on which the salaried employees fail to report for duty (except when on vacation or sick-leave or when they may be laid off) a deduction from the monthly salary will be made at the following rates:-(1) Where the salary is \$195.00 per month, \$7.50 per day for each working day not worked; (2) Where the salary is \$225.00 per month, \$8.65 per day for each working day not worked; (3) Where the salary is \$220.00 per month, \$8.45 per day for each working day not worked.

All road employees paid on a monthly salary basis shall ordinarily not be required to work on Sundays or the following holidays:-New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, and Christmas. Should road emergencies require them to work, in the opinion of the Road Superintendent, on any of these days, or after working hours on any working day, they are subject to call and will be expected to work as long as the Superintendent needs them. No overtime will be paid for such calls, but in any case where the Road Superintendent calls on salaried employee for emergency work on Sundays, any of the six holidays listed, or for emergency work outside of working hours on a regular work day, the Superintendent is authorized to allow such employee compensatory time off in an amount equal to the time so worked. Said compensatory time off must be taken at a time approved in advance by the Road Superintendent.

All vacation must be taken in the calendar year that it is earned. Any employee who resigns or who is released for causes beyond his control shall be entitled to accrued vacation pay for the number of months worked during the calendar year. (This does not apply to an employee who is discharged for cause or who resigns to evade such discharge.)

Any employee who takes his full allotted vacation for a calendar year and fails to work out the remainder of the calendar year shall have deducted from his final pay one day's pay for each month not worked during that calendar year.

The salary month shall end on the 25th of each month, starting the 26th of the preceding month.

All employees paid at the rate of \$195.00 per month shall be required to work at any type of road or bridge work designated by the Road Superintendent, with the exception of operating the power shovel or dragline.

No employee of the Road and Bridge Department can be guaranteed full-time work the year around. The policy of the Board of County Commissioners will be to keep as many men employed as required to do the necessary snowplowing and other work that may be necessary in the winter time. It is probable that as soon as the winter season starts some of the employees at least will be employed only at times as needed. This regulation applies to both salaried men and men paid by the day.

On motion made and carried, the Board adopted the following maximum wage scales and regulations as to vacation time, etc., effective at the start of the fiscal year 1946-1947, for employees paid on a daily wage basis:

Caterpillar Tractor Operators (60 H.P. and up)	\$7.40 per day

The above scales are maximums. In most cases maximums will be paid effective at start of fiscal year 1946-1947; in some cases, however, maximums will not be paid, and particularly as to foremen, the scale paid will be adjusted according to size of crew and nature of work.

The Board instructed Surveyor Waldorf that common laborers on road work would be paid \$5.50 per day until further order of the Board, this being under the maximum shown on the wage scale above.

R E G U L A T I O N S

All road employees paid on a daily basis shall after having been employed by the County for a full year be granted twelve working days' vacation with full pay, or one work day for each month of employment during each calendar year, which will be granted only for those periods when the service will best permit, and shall be staggered among the employees so as to cause the least inconvenience to the service. No vacation time will be allowed any employee for his first twelve months of service, but vacation time from then on will accrue at the rate of one day per month of service. The Road Superintendent must approve in advance the time that any vacation is taken and employees shall make arrangements for taking vacations through him.

In allowing vacation time, no working days vacation with pay will be allowed for any month in which the employee has not worked at least twenty (20) full working days.

The working month shall end on the 25th of each month and start on the 26th of the preceding month.

It is probable that as soon as the winter season starts some of the employees at least will be employed only at times as needed. This regulation applies to both salaried men and men paid by the day.

BIORAI-CHRONICLE PUB. CO.

County Commissioners' Office,
Bozeman, Montana.

The Board of County Commissioners met at the above named office in extra session on Monday, the 12th day of August, A.D., 1946, at nine o'clock A. M.

Those present were W. M. Alberda, Chairman, E. J. Parkin, and Wm. A. Wortman, as Commissioners, and Bess Fowler, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

County Welfare Supervisor Muller reported to the Board that Mrs. Mary J. Cline, an OAA case, left the East Gallatin Sanitarium on August 11th to live with her daughter, Mrs. Alice Huntsman. Her care for the balance of August is to be taken care of by the refund of part of the money paid to Mr. Page of the East Gallatin Sanitarium on August 6th. Beginning with the month of September, Mrs. Huntsman is to receive \$60.00 per month for her mother's care. The \$60.00 is to be made up of Mrs. Cline's OAA grant of \$40.00, rent of the County house formerly occupied by Mrs. Cline in the amount of \$15.00, and a cash allowance of \$5.00.

The Board received from the Treasurer of the U. S. the sum of \$40.00 in payment of July, 1946 rent of Suite 305 of the Court House used by the Selective Service System. Same was turned to the County Treasurer to be credited to the General Fund.

The Board met with the County Superintendent of Schools as a Board of School Budget Supervisors and completed the examination and consideration of the preliminary budgets of the various school districts.

The Clerk was ordered to post notice for an extra session beginning Wednesday, August 14th, 1946, not to exceed two days.

The Board received a report from the Hartford Steam Boiler Inspection Co. to the effect that they had inspected the boiler in the Court House and found it to be in a satisfactory condition.

The Board received the report of the Clerk of Court showing certificates of jurors and witnesses issued for the month of July, 1946; also the report of the County Treasurer and the County Clerk and Recorder for the same month. All reports were approved and ordered filed in the County Clerk's office.

The Board instructed the County Clerk to advertise for bids for the furnishing of two pickup trucks. The bids are to be opened on August 28th, 1946 at ten o'clock A. M.

The Board received a petition from the East Gallatin Fire Protective Association asking that the Board create a fire district covering the following described land:

Sections 11, 12, 13, 14, 23, 24, 25, 26, 33, 34, 35 & 36,
Township 2 North, Range 4 East, Sections 29, 30, 31 & 32,
Township 2 North, Range 5 East, Sections 1, 2, 3, 4, E $\frac{1}{2}$ of
Section 9, Sections 10, 11, 12, 13, 14, 15, 23 and 24, Township
1 North, Range 4 East, and Sections 5, 6, 7 and 8, Township
1 North, Range 5 East.

The Board asked the Assessor to check the eligibility of the signatures as to ownership, the number of acres owned by each petitioner, the percentage of acres signed up, and the percentage of the total taxpayers in the proposed district.

It was found that there are 20747.87 acres in the district and 11550.08 acres had been signed up; that there are 60 freeholders in the district and that 32 legal signatures are on the petition, this being 50% or more of the area and 50% or more of the freeholders, as required by Section 5148 R.C.M. 1935, as amended by Chapter 118, Session Laws of 1945. It was moved, seconded and carried that the request be granted and the district created.

The petitioners asked that a tax levy be made on all property in said district sufficient to raise \$1000.00. The Board therefore agreed to levy six mills on the property in the district in order to raise this amount.

On motion made, seconded and unanimously carried, the following Resolution was passed:

County Commissioners' Office,
Bozeman, Montana.

The Board of County Commissioners met at the above named office in regular session on Thursday, the 5th day of December, A. D., 1946, at nine o'clock A. M.

Those present were W. M. Alberda, Chairman, E. J. Parkin, and Wm. A. Wortman, as Commissioners, and Bess Fowler, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

Various claims were presented to the Board by the Clerk, and after due consideration, warrants were ordered drawn in payment of same.

The Board sold at private sale to Raymond C. Wallace and Lanora C. Wallace of Bozeman, Montana Lots 21 and 22, Block 8, Ferris Addition, Belgrade, at the appraised price of \$5.00 per lot, a total of \$10.00. The County Attorney was ordered to draw a deed.

George Woolley, County Agent, was directed to take the International pickup truck to the Owenhouse Hardware Co. shop for repairs. It was decided to pay for this repair out of the Weed Fund since the truck was damaged while used by the Weed Department.

The Board gave George Petterson permission to put a gate across the road on the south line of Sec. 25, T3N, R6E with the understanding that if any complaints were made the gate would be removed.

The County Attorney presented to the Board his Certificate showing that he had examined the abstract to the E $\frac{1}{2}$ SE $\frac{1}{4}$ of Sec. 11, T2S, R5E and which Certificate also shows that he had examined the plat of the tract of land to be known as Mountain Vista Suburb to Bozeman which is included in the above description and that Marguerite Kirk is the owner in fee simple of said tract. Attached to the County Attorney's certificate is the Certificate of the Gallatin County Abstract Co. showing title to said E $\frac{1}{2}$ SE $\frac{1}{4}$ of Sec. 11, T2S, R5E to be in Marguerite Kirk with no mortgages or liens or claims of record against said property. Since this plat does not conform to the requirements of Sec. 4988, R.C. M. 1935, which states that all plats must be made on mounted drawing paper, it was returned to H. A. Bolinger, Jr., Attorney for Marguerite Kirk.

At the regular session of the Board, December 2nd, 3rd, 4th and 5th, 1946, the following claims were allowed and warrants ordered drawn in payment of same on the various funds of the County:

The Board received a notice from the Clerk of School District #69, West Yellowstone, to the effect that on Monday, January 2, 1947, a resolution was adopted by the School Board of that district stating that an emergency exists and that by reason of an increase in enrollment and attendance over that of the preceding year the budget approved and adopted for the current school year does not provide sufficient funds for the support of the school. The notice stated that a public hearing would be held on January 21st, 1947 at 8 o'clock P. M. to adopt an emergency budget for the balance of the school year.

R E S O L U T I O N

WHEREAS, there is remaining in the appropriated general class of salaries and wages in the County Attorney's budget the sum of Eight Hundred and Twenty-five Dollars (\$825.00) for the remaining six (6) months for a Deputy County Attorney;

WHEREAS, it has been deemed advisable by conference with the Board of County Commissioners and the present County Attorney, W. W. LESSLEY that monies now appropriated within the general class of salaries and wages should be used for the purpose of employing special counsel to handle the above-named case on appeal and bring it to a successful conclusion. It will be difficult, if not impossible, to secure a regular Deputy County Attorney who is willing, or will, give his entire time and effort to the job of Deputy County Attorney; and

WHEREAS, it is deemed advisable, in light of the above facts, to use the monies now appropriated in the general class of salaries and wages for a regular Deputy County Attorney for the purpose of hiring special counsel for the next six months and special clerical help to work in the County Attorney's office; and

WHEREAS, Section 4613.5, R. C. M., 1935, provides in part

" The estimates of expenditures, itemized and classified as required in section 4613.2, and as finally fixed and adopted by said board of county commissioners, shall constitute the appropriations for the county for the fiscal year intended to be covered thereby, and the county commissioners and every other county official shall be limited in the making of expenditures or incurring of liabilities to the amount of such detailed appropriations and classifications, respectively; provided that upon a resolution adopted by the board of county commissioners at a regular or special meeting and entered upon its minutes, transfers or revisions within the general class of salaries and wages and of maintenance and support may be made, provided that no salary shall be increased above the amount appropriated therefor. . ."

After studying and discussing the matter and deeming it for the best interests of the County, the Board adopted the following Resolution:

R E S O L U T I O N

WHEREAS, A Land Purchase Unit under the Weeks Law has been proposed to return all private lands within the portion of the Gallatin National Forest drained by the Gallatin River to public ownership; and

WHEREAS, Payments in lieu of taxes to Gallatin County by the Forest Service amounting to 25% of fees for timber, grazing and other uses of Forest Service lands will offset any loss in taxes to Gallatin County due to acquisition of private lands under the proposed land purchase unit; and

WHEREAS, The Board wishes to see that the watershed storage qualities of Gallatin National Forest, which is vital to thousands of acres of irrigated lands in Gallatin County, are preserved under wise management practices; and

WHEREAS, Proper management of the harvesting of timber is impossible when large areas of the lands are in railroad and other private ownership and cannot be managed on a selective cutting basis to insure a sustained yield for the future; and

WHEREAS, The stockmen using this area have decided that it is not economically feasible for them to purchase the lands in use and believe that the tenure of their leases is hazardous under the present private ownership, with the constant threat that the land will be sold out from under them, and that security of tenure is insured under Forest Service ownership; and

WHEREAS, This area has a substantial value to the public for recreation, wildlife, habitat and tourist attractions; and

NOW THEREFORE BE IT RESOLVED by the GALLATIN COUNTY BOARD OF COUNTY COMMISSIONERS, that the interests of the public and Gallatin County can best be served by the establishment of a land purchase unit under the Weeks Law for the acquisition by the U. S. Forest Service of railroad and other private lands within that portion of the Gallatin National Forest drained by the Gallatin River, as these lands are voluntarily offered for sale by their owners.
