The Board sent the following letter to the Civil Aeronautic Administration, Washington, D. C. with reference to Docket #4474 for discontinuance of service to Gallatin Field by the Northwest Air Lines:

October 7, 1954

Civil Aeronautics Administration
Washington, D. C.

Gentlemen:

It has been called to the attention of this Board by the Gallatin Field Board, according to Docket #4474, that the Northwest Air Lines wish to discontinue their flights to Gallatin Field.

We feel this should not be done as the people of this County voted to bond the County for a new Administration Building, which has been built. This should be evidence that the people of this County feel the need of air service to Gallatin Field. It has also been brought to our attention that the run-ways would still have to be maintained to take care of emergency landings and other planes wishing to land there.

It is a matter of record that business has increased each year they have had flights to the field. We are, therefore requesting the Civil Aeronautics Administration not to allow the North West Air Lines to discontinue their flights to this field until we can be serviced by some other line.

Yours very truly

Brown for 15 yards of road gravel at \$1.50 per yard, \$22.50, and 5 yards of crushed gravel at \$2.50 per yard, \$12.50, or a total of \$35.00. This gravel was used to raise driveway as promised. Commissioner Stucky and Commissioner Hargrove voted "Aye" and Commissioner Cramer voted "Nay". Mr. Cramer's reason for voting "Nay" was that the job was done before it was authorized and that the main road will not be completed until next spring, also that Mr. Brown's driveway was in better shape before this gravel was put on than it had been for years and when the road #23 is completed next summer this job could have been done at very little expense.

In our location at Bozeman, Montana, and vicinity the greater part of all heating is done by natural gas. All of our County buildings are heated by that method and we feel that converting over to any other kind of fuel would be an extremely heavy burden on the tax payers. Taking the future into consideration the Montana Power Company must at all times have natural gas reserves. Therefore, we are in favor of the Federal Power Commission granting the Montana Power Company permission to import natural gas from Canada.

Friday THE 10th DAY OF December 19 54

County Commissioners' Office
Bozeman, Montana

The Board of County Commissioners met at the above named office in extra session on Friday, the 10th day of December, A. D., 1954, at nine o'clock A. M.

Those present were George L. Stucky, Chairman, C. W. Cramer, and Allen T. Hargrove, as Commissioners, and Earl Walton, Clerk and Recorder, as Clerk to the Board.

The following proceedings were had and done, to-wit:

Minutes of the previous meeting were read and approved.

W. C. Papke, Acting County Surveyor, and George Stucky, Commissioner, acting as a Board of Viewers report they viewed the road described in Petition No. 606 in the morning and the road described in Petition No. 607 in the afternoon and the following letters are their findings:

To the Honorable Board of County Commissioners
Of Gallatin County, State of Montana

We, W. C. Papke, as Acting County Surveyor of Gallatin County, State of Montana, and County Commissioner, George L. Stucky, on December 10, 1954, viewed the proposed road in Section Four (4) Township Two (2) North, Range Seven (7) East, which is more particularly described in Road Petition No. 606, now on file in the office of the County Clerk & Recorder of Gallatin County:-

We recommend that when the construction of the new road as now surveyed, is completed that a portion of the present road No. 64 be closed from a point approximately 570 feet north of the East Quarter corner of Section Four (4), thence running south and southwest to a point on the south line of said Section Four (4), which is one-fourth mile west of the Southeast corner of Section Four (4).

/s/ W. C. Papke

/s/ George L. Stucky

To the Honorable Board of County Commissioners
Of Gallatin County, State of Montana:

We, W. C. Papke, as Acting County Surveyor of Gallatin County, State of Montana, and Commissioner George L. Stucky, viewed the proposed road on December 10, 1954, and which is described in Petition No. 607:- "Beginning at a point near the Northeast corner of Section Six (6), Township One (1) South, Range Three (3) East; thence West along the north line of Section Six (6); thence in a northwesterly direction through Section Thirty-six (36), Township One (1) North, Range Two (2) East, to a point on the north line of said Section Thirty-six (36), a distance of approximately two and three-eighths miles."

We found (1) That there are no families or persons living adjacent to the above described road: (2) That during farming operations each year is the only time said road has to be used: (3) There appears to be no livestock, due to lack of water on the land adjacent to said road: (4) That the present road is sufficient to haul crops to market: (5) That there is a County Road at present to the Northwest corner of Section Thirty-six, and a County Road to the point of beginning on the north line of Section Six: (6) That the construction of this road would require a right-of-way from the State of Montana, which calls for a survey, plat and description of land taken by right-of-way through each forty-acre tract, plus cost per acre: (7) That it would be necessary to construct a 10-foot span bridge and several drainage culverts: (8) That it does not seem necessary for public use and convenience:

Now, in view of the foregoing facts, we recommend that said road should not be constructed.

/s/ W. C. Papke

/s/ George L. Stucky

The Board accepted the resignation of W. C. Papke as Acting County Surveyor, effective at five o'clock P. M.

On motion made, seconded and unanimously carried the following Resolution was adopted:

At the regular meeting of the Gallatin County Tax Committee called in session at the Gallatin County Court House on December 16th, 1954 at 7 P.M. the Committee made the following recommendations to the County Commissioners for their consideration.

1. The Committee recognizes the need of equalization of taxes in the County of Gallatin due to the present and existing inequalities. For that reason they recommend that Mr. Harold D. Korslund be retained as a special assistant to work with the County Assessor and the County Commissioners in reclassifying and reevaluation of property in the County of Gallatin for the sole purpose of equalization of taxes. It is recommended that Mr. Korslund be permitted to choose all other personnel needed in connection with this work with the approval of the Gallatin County Commissioners.
2. It is recommended that Mr. Korslund and his staff, together with the County Assessor give first attention to the present known and any future established tax inequalities in Gallatin County. The tax-payer has the right to ask for a review of his assessment by the County Commissioners for any tax year.
3. It is further recommended that the work on the reevaluation and reclassification of the properties in Gallatin County be commenced as soon after January 1st, 1955 as possible, and that the amount of work to be conducted during the present tax year which ends June 30th, 1955, be limited to the amount of money that has been included in the budget by the County Commissioners which is approximately a total sum of \$11,000. It is also recommended that work be carried out so that a balance be retained in the budget to carry on the work for the next tax year, until a new appropriation is made. It was recommended further that the tax committee be called into conference with the County Commissioners and the County Assessor to help set up the budget to continue this tax work for the next fiscal year for the County of Gallatin, starting June 30, 1955.
4. It is recommended by the Committee that Harold D. Korslund and his staff take advantage of and use all of the facilities available and all of the data that has been compiled by Montana State College and the Soil Conservation Commission, the State Board of Equalization and any other State or Federal Agencies or Organizations that can furnish data and information to help with the work of reevaluation and reclassification of the properties within Gallatin County. This recommendation is for the purpose of conserving the tax funds and for saving all possible expense in connection with the work.
5. It is recommended that the present Tax Committee continue to function and cooperate with the County Assessor and the County Commissioners and Mr. Korslund and his staff in an advisory capacity or in any other capacity whenever their services are needed. These recommendations are herewith submitted for the approval and consideration of the Commissioners of the County of Gallatin, State of Montana.

GENERAL COMMENTS

Receipts, Disbursements and Bank Balances were checked and verified.

Cash, Cash Items and Investments held in trust were checked and verified.

Funds in the depository banks are amply protected by pledged securities and Federal Deposit Insurance.

Minutes were written up to date, properly signed and approved.

Claims were examined and appear to be in generally good order and approved.

The two Justices of the Peace at West Yellowstone have been using the same County Docket and the same Highway Patrol Docket. They have been instructed to get separate Dockets, and make monthly remittances to the County Treasurer and the Fish and Game Commission. They were also instructed to attach all receipts to their Dockets when they receive them.

At the time of this examination the current Tax Roll Reconciliation sheets, sent out by the State Examiner to the Clerk and Recorder, had not been completed. This should have been done at the time the taxes were written in the Treasurer's Office.

The Treasurer's Office does not have a Taxes Receivable Account set up in his Ledger, so it is impossible to make a reconciliation of this account between his office and the Clerk and Recorder. He has been instructed to set up a Taxes Receivable Account, and an inventory taken so that both offices are in complete reconciliation at all times.

Respectfully submitted,

BASIL H. KENNEDY & HARRY G. STINE
Deputy State Examiners.

Mr. Dahl of the Dahl Funeral Home was in to see the Board about using a family lot for the burial of Mrs. Irena Russell and he was informed that all County burials must be in County plot.

A motion was made by C. W. Cramer, seconded by Allen T. Hargrove, George L. Stucky voted "No" that the County order three new hospital beds for the Gallatin County Rest Home from the Marshall Furniture Company at \$135.00 each, plus freight.

The Board and Harold Korslund went to Willow Creek and Logan to look over town lots for the purpose of reclassification.

Lollie (Lalia) Miller was transferred from the hospital to the Gallatin County Rest Home today. Application for AD has been made and Mrs. Dolighan, Supervisor of the Welfare Department is contacting relatives to see if there is a possibility of some of them making payments for her care. If not, the County will pay \$3.00 per day to June 1st for her nursing care at the Rest Home.

On motion made by Commissioner Cramer and seconded by Commissioner Stucky, and unanimously carried, the following resolution was adopted:

RESOLUTION OF RECOMMENDATION
TO THE STATE HIGHWAY COMMISSION, HELENA, MONTANA
REGARDING RELOCATION OF HIGHWAY 191 WEST FROM BOZEMAN

WHEREAS, Madison and Gallatin Counties combined, have authorized the spending of approximately \$1,000,000 of Secondary Road money, under the supervision of the State Highway Department;

WHEREAS, The purpose of spending this great amount of money, was to build a road connecting the great potential trade area of the Madison Valley with the City of Bozeman;

WHEREAS, It seems that to complete the final link of this road connecting the Madison Valley with Bozeman, the jurisdiction of the County Commissioners has ceased, because of the fact that the remainder of the road is approximately six miles of Primary Highway (from the locally known Menard Corner to Bozeman);

WHEREAS, At this time, it appears, uninformed individuals are endeavoring to influence the general public and the State Highway Commission, that the now 191, if constructed to modern day standards, should be moved either one mile North, or one mile South, of the present Huffine Lane;

WHEREAS, it is inevitable, that if the new route of 191 does not connect with the present Menard Corner, the Huffine Lane will be turned over to Gallatin County as a County road, which will, within five years, have to be put on the Secondary system and rebuilt on the same standards as the new proposed 191 will be constructed;

WHEREAS, If this should happen, the citizens of Gallatin County and the State Highway Commission would be confronted with the embarrassing situation of having two high standard roads paralleling through our rich farming area;

THEREFORE BE IT RESOLVED, In extra session assembled, the Board of County Commissioners of Gallatin County, go on record as requesting the State Highway Commission to do everything within its power to construct the new proposed Highway 191 so this embarrassing condition will never exist.

BE IT FURTHER RESOLVED, That this Board of County Commissioners feels that the route should start at the West end of Main Street of Bozeman, and connect with the Menard Corner, and the responsibility of planning the route between these two points and construction of the road, be placed in the hands of men who have had years of experience constructing highway, - the State Highway Engineers.

Dated this 15th day of July, A.D., 1955.

The form of agreement to further provide for renewal at the end of each year by concurrent action of the two governing bodies if there are no changes in the terms, and providing further that if there are such changes, a new agreement should be prepared. Due to the fact that the amount to be raised by taxes for the fiscal year 1955-56 was approximately \$1,190.00, the City Commissioners agreed to deposit in the joint fund during the fiscal year, the amount of \$500.00. The Board of County Commissioners met at the above named office in extra session on Saturday, the 30th day of July, A.D., 1955, at nine o'clock A.M.

- - -

Those present were Allen T. Hargrove, Chairman, C. W. Cramer and George L. Stucky as Commissioners, and Earl Walton, Clerk and Recorder, as Clerk to the Board.

- - -

The following proceedings were had and done, to-wit:

- - -

Minutes of the previous meeting were read and approved.

- - -

The Board held a hearing in regards to values placed on improvements on Blocks E and F, Old Platt, Bozeman. The purpose of this hearing was for property owners to present facts as to whether or not the proposed assessed values placed by the County Commissioners, acting as a Board of Equalization, were fair and equitable. The only protest as to equality of the assessment was from Kenneth Stimson. Due to the fact that there were 27 people present and many of them not representing the two Blocks for which the notices were sent out, the Chairman opened the meeting for general discussion. Several people felt it was not fair to put the improvements on the Main Street of Bozeman on the assessment rolls at the new appraised values until the rural land had been classified and revalued. This same group felt that, if at all possible, this program should be speeded up as soon as possible. This group consisted of the following:

- | | | |
|-------------------------|-------------------|----------------------|
| D. R. Lovelace | Ralph K. Williams | Robert O. Smith |
| E. L. Haidel | F. C. Roberts | C. W. Roecher |
| R. G. Baxter | J. P. Clonniger | K. J. Stimson |
| L. A. Spain | C. J. O'Connell | W. C. Hanshaw |
| E. W. Saunders | R. H. Elliott | H. A. Bolinger, Jr. |
| Charles Vandenhook, Jr. | R. Earl Dawes | Mrs. Ida Mae Krueger |
| Don J. DeCosse | H. G. Zeier | Geo. C. Davenport |
| Homer Giles | W. O. Bohart | Eugene Graf |
| James A. MacQuarrie | W. P. Bohart | B. M. Crenshaw |

They agreed that they would be very willing to back up the Commissioners on emergency spending if the County would leave the improvements on Main Street at the old values until the entire County was revalued. This was taken under advisement by the County Commissioners to make further study as to the legality of this proposed procedure.

- - -

At 1:30 P.M. the Board held a second hearing in regards to values placed on improvements on Blocks A & D, Old Platt, Bozeman. Those present were:

- | | |
|-----------------|---------------|
| Frank M. Gray | R. Earl Dawes |
| W. P. Bohart | D. F. DeLap |
| E. F. Bunker | R. H. Elliott |
| Robert O. Smith | Louis Spain |

No one had any protest to make as to the equality of the assessment. The Chairman of the Board explained the meeting that was held in the morning and proposal that was made to the Board by the group present. Several of those attending the afternoon hearing had also been present at the morning session.

Mr. William C. Papke and Commissioner C. W. Cramer, acting as a Board of Viewers for the purpose of abandoning the road represented by Road Petition No. 609, gave the following report:

Sept., 9, 1955

"To the Honorable Board of
County Commissioners of
Gallatin County, Montana

Gentlemen:

We, W. C. Papke, acting County Surveyor and C. W. Cramer, County Commissioner of Gallatin County viewed a portion of Road No. 440 on September 9th, 1955; said road is described in Petition No. 609 as follows:- - -

Now, we recommend, that the bridge be condemned and abandoned due to the poor condition the bridge is in; The bridge is an old wooden structure and the abutments consist of log and rocks. The logs are decayed and are settling leaving the bridge in a very unsafe condition and beyond repair; To replace this bridge would cost between 10 to 12 thousand dollars; That this bridge and road are not necessary for the public travel, and in fact have been denied to the use of the public.

In view of the foregoing facts, we recommend that the road above described be closed and the bridge abandoned for public use."

After due discussion, Mr. Roy Keister suggested that the property owners get together in his office Friday night, September 23. After this proposed meeting, perhaps the property owners could make a suggestion to the County Commissioners as to what might be done with this bridge in the future. Wednesday THE 4th DAY OF April 19 56

County Commissioners' Office

The Board of County Commissioners met at the above named office in regular session on Wednesday, the 4th day of April, A.D., 1956, at nine o'clock A. M.

- - -

Those present were Chairman Allen T. Hargrove, Commissioners C. W. Cramer and George L. Stucky, and Earl Walton, Clerk & Recorder, as Clerk to the Board.

- - -

The following proceedings were had and done, to-wit:

- - -

Minutes of the previous meeting were read and approved.

- - -

D. J. Skerritt, Sheriff of Gallatin County, Montana, appeared before the Board and stated that the budget of his office has become exhausted and depleted in the "Mileage & Travel Expense" account, and asked that an emergency appropriation of \$2,700.00 be made by the County, through this Board, to carry said Sheriff's office through the balance of this fiscal year. And, said matter having been carefully investigated by all members of the Board, Mr. Hargrove offered the following Resolution, to-wit:

BE IT RESOLVED, That a public emergency exists in the office of the Sheriff of Gallatin County, Montana, and that an additional appropriation of \$2,700.00 is necessary to carry on the duties of the office for the balance of the fiscal year; THAT, such emergency was caused by the exhaustion and depletion of the funds provided in the regular budget for the Sheriff's mileage; and, that unless funds are provided in the manner provided by Title 16, Chapter 19, Section 7, Subdivision (5) (16-1907 (5)), R.C.M. 1947, the Sheriff's office would necessarily cease to function in said department; and the maintenance of the Sheriff's office being a mandatory necessity, and such emergency being self-evident and one where it is necessary to meet mandatory expenses required by law, and it therefore being necessary for the proper operation of said Sheriff's office that such emergency appropriation be made, so that said Sheriff's office can function continually during the balance of the present fiscal year.

Mr. Stucky thereupon moved that the foregoing Resolution be adopted, seconded by Mr. Cramer, and thereupon voted and carried by the unanimous vote of all three members of the Board, voting in favor of said Resolution.
