RESOLUTION FOR EMERGENCY APPROPRIATIONS

WHEREAS, H. D. Korslund, Tax Equalization Supervisor of Gallatin County, appeared before the Board and discussed the advisability of requiring his fieldmen to work 48 hours instead of 38 hours per week, and also to put on two extra men in order to expedite the Tax Equalization program; and

WHEREAS, After considerable discussion, the Board agreed to both of these requests and set the salaries of the three fieldmen now employed at \$350.00 per month and the salaries of the two additional men at \$285.00 per month, both for a 48-hour week, these salaries and hours to be effective June 1st, 1956; and

WHEREAS, In view of these changes, it becomes necessary to make an additional appropriation of \$2,850.00 for Wages and Travel Expense for the Tax Equalization Office;

BE IT HEREBY RESOLVED, That a public emergency exists in the Tax Equalization Office of Gallatin County, Montana, and that an additional appropriation of \$2,850.00 is necessary to carry on the duties of that office for the balance of the fiscal year;

C. M., 1947, the Tax Equalization Office would necessarily cease to function in an efficient manner; and the maintenance of the Tax Equalization Office being a mandatory necessity, and such emergency being self-evident and one in which it is necessary to meet mandatory expenses required by law;

July 12, 1956

Mr. Walker Brown
Secondary Highway Engineer
State Highway Commission
Helena, Montana

Dear Mr. Brown:

After our conversation in your office, and on returning to Bozeman, we contacted the City. They seem to share our feelings on the Rouse Street-Bridger road, that is, if they were incorporated into one bid, perhaps the State could get a lower cost figure. The City seems to be willing to go along on Rouse Street for a grade and gravel and the double penetration, the same as we were talking about to you on the three miles of the Bridger project, with the understanding in mind that when the primary road east of Bozeman is let for a hot plant mix mat, that this four miles, including Rouse Street and approximately three miles of Bridger, could have a plant mix at that time.

With this in mind, and apparent understanding with everyone concerned, we are authorizing your department to make the necessary survey on the three miles of the Bridger road which we discussed, out of State funds. As we understand it, this might hurry this job to the point where it might be let and constructed before freeze-up this Fall. We also understand, that this will put Gallatin County in the hole on secondary funds, but we feel that this is good business, both for the County, the City and the State Highway Department. We hope that when you discuss this with Mr. Scott Hart, that he sees fit to okay this program.

We would like to add that we are ^{very} happy to know that the Belgrade-Menard project is to be let July 26. If there is any further information you need regarding this project, please free to contact us either by radio through the local department, or by letter.

Very truly yours,

WHEREAS, the general school fund tax levy for Joint School District No. 61, Gallatin County - 26, Madison County, for the year 1956-57, was fixed in the amount of 16.44 mills on both School Districts, and;

WHEREAS, in fixing said levy for Joint School District No. 61-26 the receipts from School District No. 26, Madison County, were not added to the support of the foundation program;

WHEREAS, the addition of the receipts from School District No. 26, Madison County, would reduce the tax requirement to \$822 for a mill levy of 7.64 mills;

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners that all money collected by virtue of said excessive levy of 8.8 mills to be held in reserve to be used solely to reduce the 1957 general fund tax levy in Joint School District No. 61-26, whereby all taxpayers will receive proportionate benefits from said action. The amount to be set in reserve because of this over-levy will be \$78.25 for Madison County and \$868.70 for Gallatin County.

WHEREAS, Sections 32-105 and 32-302, and 32-401 to 32-405 inclusive, R.C.M. 1947, provide for, authorize and direct that the Board of County Commissioners of any county must abolish or abandon in the manner provided by law such public highways as are not necessary for the public travel or convenience; and

WHEREAS, a petition for the closing of said county road was filed with the Board of County Commissioners on the 31st day of October, 1956 and which petition contained the names of fifteen qualified freeholders, who were either adjoining land owners or resided in said road district, and said petition having been presented to the said Board of County Commissioners as required by the provisions of Sections 32-401 and 32-402, R.C.M. 1947; and

WHEREAS, upon the filing of said petition, the Board of County Commissioners did, on November 1st, 1956, cause investigation to determine the

merits of the petition as provided by the provisions of Sections 32-403 and 32-404, R.C.M. 1947, and did thereafter cause notice of hearing upon said petition to be sent by registered mail to all of the petitioners and adjoining land owners abutting said County Road No. 440, that the matter had been set for hearing and protest could be presented at the office of the County Commissioners on the 27th day of November, A.D., 1956 at ten o'clock A.M.; and

1. That the petition filed in this matter contains sufficient qualified signers, as required by the provisions of the Statute;
2. That no serious financial loss will occur to any of the adjoining land owners;
3. That all of the abutting land owners along said County Road have suitable means of egress and ingress;
4. That the said County Road No. 440 is not necessary for public travel or convenience and that said County Road No. 440 should be closed;
5. That there is serious question in law and in fact as to whether said County Road No. 440 ever existed, by reason of improper legal procedural establishment, and that the same had also, in truth and in fact, been extinguished and replaced by the State Highway built for the specific purpose of replacing and substituting said State Highway as now laid out in the place of and in lieu of said County Road No. 440.

NOW THEREFORE, BE IT RESOLVED, AND IT IS HEREBY ORDERED, That the said County Road No. 440 be closed and legally declared to be so closed between the following points:

That portion of County Road No. 440, described as follows, to-wit: Beginning at a point on the southeasterly right-of-way line of the West Gallatin Highway as built in 1923, said point being approximately 150 feet north of Dudley Creek, in the Northeast Quarter of the Northwest Quarter of Section 33, Township 6 South, Range 4 East, M.P.M.; thence South 68° East across the old Blanchard bridge 600 feet; thence South 81° East 235 feet; thence North 56° East 297 feet; thence North 60°30' East 540 feet; thence North 36°30' East 296 feet; thence North 5° West 150 feet; thence North 40° East 285 feet; thence North 70° East 179 feet; thence South 81° 30' East 236 feet; thence North 35° East 370 feet; thence North 48° 30' East 562 feet; thence North 50° East 115 feet; thence North 67°30' East 275 feet; thence North 57° East 248 feet; thence North 35° East 330 feet; thence North 57°30' East 285 feet; thence North 48°30' East 285 feet; thence North 44° East 365 feet; thence North 11°30' East 421 feet; thence North 28° West 380 feet, more or less, to a point on the easterly right-of-way line of the West Gallatin Road, in the North Half of the Southwest Quarter of Section 27, Township 6 South, Range 4 East, situated in Gallatin County, Montana; a distance of 1.18 miles.

IT IS FURTHER ORDERED AND DIRECTED, That the County Surveyor of Gallatin County, Montana record and plat in his office the closing of said Gallatin County Road No. 440 as herein ordered, and that the lands formerly used and held as such County Road No. 440 which is hereby closed now revert to the adjoining land owners entitled thereto.

WHEREAS, on February 1, 1954, the Commissioners of Gallatin County employed Mr. Harold Korslund to reclassify and re-evaluate the land and improvements in Gallatin County, and

WHEREAS, in carrying out his duties as Reclassification and Re-evaluation Supervisor, Mr. Harold Korslund has found many inequalities in valuations, and

WHEREAS, at this time Mr. Korslund and his staff have re-evaluated and properly processed all of the city and town lots which were put on the assessment roll in 1954, and improvements in West Yellowstone, Three Forks, Manhattan, Belgrade, and the west half of Bozeman, and the unincorporated towns within Gallatin County, and

WHEREAS, Mr. Korslund and his staff have processed a large enough group of improvements to the point that putting these values on the assessors list to be taxed in 1957 will not show any discrimination against any one person or group of persons and it seems necessary this should be done to equalize the values within the areas that have been worked and processed.

THEREFORE BE IT RESOLVED that Mr. Korslund be this day instructed by letter to turn over to the County Assessor, Charles W. The Board received the following letter from Douglas R. Drysdale, County Attorney:

January 11, 1957

An order signed by the Supreme Court on the 5th day of January, 1957 in the case of State versus Emil Paskvan, Cause No. 9657, has set this matter down for rehearing on the 21st day of January, 1957 at ten o'clock A.M. before the Supreme Court in Helena.

Section 16-1126 of the Revised Codes of Montana, 1947, provides in part, that "The board of county commissioners has the power, ...whenever, in its judgment, the ends of justice or the interests of the county require it, to employ or authorize the county attorney to employ, special counsel to assist in the prosecution of a criminal case pending in such county,"

Since the former County Attorney, Mr. Harold L. Allen, and his deputy, Mr. Seth F. Bohart, tried the case heretofore cited and originally prepared the briefs and arguments and orally presented the matter to the Supreme Court last June, it would seem advisable and to the best interests of the County of Gallatin and to the ends of justice, that I be allowed to retain Mr. Allen and Mr. Bohart to present the oral argument in the Supreme Court at the time set.

Due to the extremely short time before this case is to be argued, it would be virtually impossible to prepare an argument without being familiar with the matter. Further, in the event of a reversal in this case, it would probably have to be retried, and its retrial would cost the county \$700.00 or \$800.00. Therefore, I request that the Board of County Commissioners allow me to retain Mr. Allen and Mr. Bohart for the purposes hereinbefore set forth.

Yours respectfully,

/s/ Douglas R. Drysdale, County Attorney
Gallatin County, Montana

Mr. Douglas R. Drysdale
County Attorney, Gallatin County
Bozeman, Montana

Dear Mr. Drysdale:

In reply to your letter of January 11, 1957, we concur in your feeling that the ends of justice and the interests of Gallatin County will be best served by the employment of Mr. Harold L. Allen and Seth F. Bohart to present the oral argument to the Supreme Court of the State of Montana, in the case of State versus Emil Paskvan.

Therefore, pursuant to the provisions of 16-1126 of the Revised Codes of Montana, 1947, you are hereby authorized to employ Mr. Allen and Mr. Bohart as special counsel to assist in the prosecution of the above case. We feel sure that Mr. Allen and Mr. Bohart will be more than glad to cooperate with you and the county in this matter.

In regard to the salary of the new commissioner, the following is a paragraph quoted from a letter written to the County Commissioners' from County Attorney Douglas R. Drysdale:

"Under the foregoing authority, it is abundantly clear that Section 16-912, supra, is not a law increasing a salary or emolument of the new commissioner after his appointment, since the law was enacted prior to his appointment. Therefore, it is the opinion of this office, under the foregoing authorities, and in view of the fact that Section 16-912 was approved March 13, 1957, which date is prior to the appointment of the new commissioner, that the new commissioner until the first day of July, 1957, will receive the same compensation as the commissioner whom he preceded,

Attorney's Opinion, continued

and after July 1, 1957, will receive the increased compensation under the provisions of Section 16-912, supra, as hereinbefore set forth.

The Board received the following letter from the County Attorney:

"County Commissioners
Gallatin County
Bozeman, Montana

Gentlemen:

Last week you asked my opinion as to whether an additional allotment to the Sheriff's mileage fund was a mandatory expenditure required by law, and therefore, one which did not require public notice and hearing. The answers to the question are found in State vs. Superior Court, 261 Pac. 90, a Supreme Court of Washington case interpreting a statute which reads nearly exactly the same as Section 16-1907, R.C.M., 1947, and involved an emergency appropriation for a deficiency in the sheriff's fund. The Supreme Court of Washington in this case pointed out that there were two types of emergency involved in this statute. The first type of emergency being termed debatable emergencies and including all occurrences or conditions which could not reasonably have been foreseen at the time of making the budget. The Court then went on to say that in this type of an emergency appropriation that there was a necessity for notice and hearing. However, in the cited case, the county commissioners there, pursuant to the law as it existed in Washington and as it exists in Montana, had held public hearings.

The Court then went on and stated that the second classes of emergency were those specifically enumerated in the statute such as fire, flood, explosion, etc. However, the question did not arise in that case as to whether there was necessity of publishing notice. It is to be noted that in Section 16-1907 as with the case in the Washington statute, it is provided that no public hearing need be held where an appropriation is made to meet a mandatory expenditure required by law. It is our opinion that this expenditure of mileage for the sheriff is a mandatory expenditure, and does not require a public hearing. The Court in the decision above cited said :

"The county has no other peace officer, the proper and prompt service of process, both civil and criminal, is a necessity and the maintenance of a sheriff's office is one of those mandatory necessities which will justify the ignoring of even constitutional debt limitations. (Citations omitted, emphasis supplied.)

". . . .If an emergency in fact exists, the county commissioners must so find and must provide funds in order that the necessary functions of the governmental agencies under their control shall continue. Otherwise, we shall have chaos."

We think that the emergency in the shortage of mileage funds for the sheriff's office could properly fall in either class; that is, a public emergency not specifically described in 16-1907, or under those specifically described, to-wit; "to meet mandatory expenditures required by law".

Therefore, it is the opinion of this office that Subdivision (5) 5 of Section 16-1907 is controlling as to the procedure to be used in making the appropriation for the sheriff's mileage fund.

County Attorney

Gallatin County Courthouse
Bozeman, Montana

Dear Mr. Stucky:

After our meeting with yourself and the other County Commissioners last night the Gallatin County Medical Society resolved to accept a new contract calling for a \$2.75 to \$3.25 per capita increase for care of the indigent patients of Gallatin County, with the provision that you negotiate with us annually for the maximum increase in our compensation as permitted by law.

It was further resolved that; each Welfare patient be required to obtain an eligibility slip from the Welfare Office indicating eligibility status for each office visit before being treated in the office, and for house and rest home calls. The eligibility slips would have to be obtained in the latter two contingencies by the patient, a family member, or another before a bill from the physician would be submitted to the Welfare Office, otherwise the bill for service would go to the patient.

We should like to suggest that the Welfare Office please notify each Welfare recipient of the necessity of obtaining an eligibility slip.

Sincerely,

GALLATIN COUNTY MEDICAL SOCIETY

/s/ B. JOHN HEETDERKS, JR., M.D.

The Board met with C. V. Henderson, Secretary, Richard Lubben, Manager and Robert Holter, Attorney representing Bozeman Deaconess Hospital, contract purchaser of certain lands from Lena Brown in Bellamy Place, a subdivision adjoining City of Bozeman, and in the following subdivisions within the City Limits of Bozeman. Highland, Valley View, Western Union, Central and Prospect Hill plus 16.48 acres M/L, appeared before the Board, meeting as the County Board of Equalization on behalf of their Petition for elimination or proportionate reduction of Real Estate Taxes on above lands as described in detail in said petition.

Reason for said elimination or reduction being:

1. Land purchased for future construction of Hospital and Old Folks Home.
2. Now being taxed as undeveloped City Lots, wherein land is presently being used for Agricultural Purposes and is being purchased on acreage basis.
3. Not all lands being purchased will be used for Hospital and Old Folks Home purposes, (only about 60 acres) and balance will be sold and if profit is made on said sale, same will be used in Hospital construction, and building for Home for aged as aforementioned.
4. That lands contiguous to this are presently assessed at lower values than petitioners land.
5. That if it is not held that this land cannot be classified as tax exempt that same be reduced and brought into line with contiguous lands having same utilization, name crops and pasture.

Monday THE 29th DAY OF July 19 57

B17453-ARTCRAFT PRINTERS

Tax Equalization Supervisor Korslund sat in and explained that due to fact, the major portion of land being purchased was described legally as Lots and Blocks, and that portion inside of City Limits was therefore necessarily assessed, as other City lots, on a front basis. However, on an acreage basis, this would figure out about \$70.00 an acre or a little less. That the land located in Bellamy Place Subdivision had not been changed since Tax Equalization program was initiated and was assessed at about \$16.00 per acre. On an average the 405 acres M/L would be assessed at approximately \$40.00 per acre.

Attorney Holter showed that the assessed valuations on John Ravet's 160 acres in S.E. Sec. 16, Elizabeth Keifer 150 acres in S.W. Sec. 16 and Otto Knutson 240 acres in N. $\frac{1}{2}$ Sec. 17, 2-S., 6-E., all were lower than land in question. They were informed that it was felt these values were somewhat lower than they would be when equalization was applied to these places. (Only 121 acres of Knutson's place tilled) In addition to this, Knutson, Ravet and Keifer places not located to reflect much, if any suburban value at this time.

A discussion was held after representatives departed.

Motion was made by Commissioner Droge, seconded by Commissioner Huffine and unanimously carried that Tax Exemption be denied, as at present time lands are not being used for charitable or other purposes for which tax exemption applies, and that no reduction be allowed in assessed valuation, as it was felt that from an agricultural standpoint average acre assessed valuation was not out of line with values which will probably be used on adjoining lands when revalued in near future, plus reflected suburban values from adjoining and nearby suburban developments. Also in view of the fact that almost \$300.00 per acre was contract purchase price on lands involved.

"September 26, 1957

Hon. W. W. Lessley
Judge, 18th Judicial District
of the State of Montana, in and
for the County of Gallatin
Gallatin County Courthouse
Bozeman, Montana

Dear Sir:

Subsequent to the first day of July and prior to the first day of September, 1956, more than twenty per cent of the qualified electors of this County filed their written petition with the County Clerk of this County praying that the Gallatin County High School be abolished. This petition was filed under the provisions of Section 75-4121, R.C.M. 1947. Subsequent to the filing of this petition and at the first regular monthly meeting of the Board of County Commissioners of Gallatin County held thereafter, the Board directed the submission to the registered voters of this county at the general election held November 5, 1956, the question whether the County High School of Gallatin County should be abolished pursuant to the provisions of Section 75-4122, R.C.M. 1947. Subsequently, publication of notice of the filing and the purpose of the aforesaid petition was published in accordance with Section 75-4123, R.C.M. 1947, and the question was submitted at the general election pursuant to the provisions of Section 75-4124, R.C.M. 1947. It then appeared that a majority of all the votes cast at the general election upon the question of the abolishment of the Gallatin County High School were in favor of its abolishment and the County Commissioners of Gallatin County at their first regular meeting in December made and entered upon its minutes an abstract of the votes cast and a resolution that in accordance therewith, on and after July 1st, 1957, the Gallatin County High School should be and was thereby abolished.

In view of the foregoing and under the provisions of Section 75-4128, R.C.M. 1947, the Board of County Commissioners of Gallatin County respectfully requests the Court to appoint three competent persons, residents of Gallatin County, to inventory and appraise all real and personal property of the Gallatin County High School.
