Your petitioners do respectfully ask and petition that a County Road Twenty feet in width, to be a public highway, to be laid out, located and established.

And show

- (a) The general route of the proposed road.
- (b) Over what lands it is proposed to be established.
- (c) Who are the owners thereof.
- (d) Whether such of them as can be found, consent thereto.
- (e) Who of them do not consent.
- (f) The probable cost of such right-of-way where such consent is not had.
- (g) The necessity for and advantages of the proposed road as follows, to-wit:

(a) Beginning at a point where the Lower or River road is intersected by that road generally known as the Crowder Lane in the Lower Madison Valley. Thence westerly along the line between sections (21) twenty one and fifteen (16) and the line between sections twenty (20) and seventeen (17) in Township one North Range two (2) East or as near as may be practical necessitating the construction of a bridge across the Madison River at or near where the section line between sections seventeen (17) and twenty (20) crosses said river thence northerly by the best route to the town of Three Forks.

(c) The owners of said lands have given their consent to its establishment.

(f) (g) We respectfully submit that said road would be of great benefit to all persons within a distance of 14 or 15 miles on the south and in fact in any direction near it. That it would be passable at all times of the year and would open a good market for produce and an excellent way to the best shipping point.
