County Road BY ORDER OF THE BOARD, THIS THE 8 DAY OF July A. D. 1913.

Charles Colby CHAIRMAN. ATTEST:

COUNTY CLERK.

# Petition for Road

To The Hon. Board of County Commissioners, of Gallatin County, Mont.:

THE UNDERSIGNED, Your petitioners, Citizens of the United States, respectfully show and represent that they are residents and freeholders in Road District No....., in the County of Gallatin, State of Montana, and taxable therein for road purposes, when the road, hereinafter petitioned for, is to be located, laid out and established, if this petition be granted; that the proposed road is a public convenience, and, we think, the public good requires it.

Your petitioners do respectfully ask and petition that a County Road.....feet in width, to be a public highway, to be laid out, located and established.

And show

- (a) The general route of the proposed road.
- (b) Over what lands it is proposed to be established.
- (c) Who are the owners thereof.
- (d) Whether such of them as can be found, consent thereto.
- (e) Who of them do not consent.
- (f) The probable cost of such right-of-way where such consent is not had.
- (g) The necessity for and advantages of the proposed road as follows, to-wit:

Beginning at a point east of the present bridge across Elk Creek on Section Twenty four (24) in Township Two (2) South of Two (2) East, thence northerly to the line fence between the old "Edwards" ranch and Chas. J. Anderson's ranch, thence westerly along the present road to the "Edwards" ranch buildings and thence west along the north bank of Elk Creek to the line fence between ~~the~~ Sections Twenty two (22) and Twenty three (23) Township Two (2) South and Two (2) East and thence south to the present road

With the exception of the first few rods of the proposed road as above described, the road would lie entirely upon the property of C. Morse who will grant a right of way for the road as above outlined, providing the present existing road through and along the south line of the "Edwards" ranch is closed and the right of way abandoned

The change of road as above proposed eliminates several very steep hills known as the "Devil's Washboard" and provides in their place a fairly level "water grade" road easy to keep in repair and open during the winter
