Dear Mr. and Mrs. Hendry,

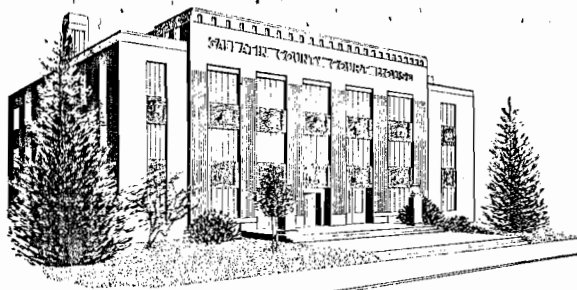

By law the Commissioners have to appoint a Board of Viewers, which consists of one Commissioner and County Surveyor. After the viewers report is submitted to the board a hearing date is set up and all land owners adjacent to the street are notified by certified mail as to the time and place of the hearing.

Since the County Commissioners are scheduled for meetings in the West Yellowstone area on September 5th, the street will be viewed at this time, which will save the taxpayers money. The hearing will be held at Bozeman around September 15th.

PETITION 690

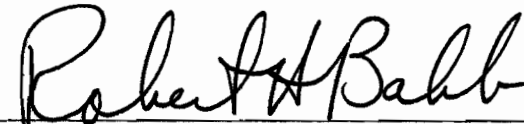

PETITION TO ABANDON FIRST STREET IN LIONHEAD HOMESITES

On August 24, 1978, Lionhead Subdivision was viewed for the proposed road requested for closure.

Comments on the feasibility and desirability of closure:

1. Homesites 3 and 4 would no longer have public access.
2. Central Ave. and Birch Ave. would deadend without legal turn around areas. (cul-de-sacs).
3. No roads in the Lionhead Homesites are built to any minimum standard so closure would not involve improving a County road.
4. Some property owners have already taken upon themselves to close portion of this street, illegally, and for the County to close it now would be in poor judgment condoning this action.

RE: ABANDONMENT OF FIRST AVENUE-LIONHEAD HOMESITES

LADY AND GENTLEMEN:

WE ARE THE OWNERS OF SOUTH FORK PROPERTIES THAT LIES TO THE NORTH
AND EAST OF LIONHEAD HOMESITES.

TRACTS THREE (3) --FOURTEEN (14) ALL LIE TO THE NORTH OF LIONHEAD
HOMESITES WITH A DEDICATED ACCESS ROAD STARTING AT THE NORTH END
OF CENTRAL AVENUE (LIONHEAD HOMESITES). THIS AVENUE WAS CHOSEN
AS AN ACCESS ROAD BECAUSE OF CONVENIENCE AND BECAUSE IT WAS A
PUBLIC ROAD WITH FIFTY (50) FOOT WIDTH.

SOUTH FORK PROPERTIES WAS SURVEYED, PLATTED AND APPROVED IN 1973.

WE HAVE INFORMED MANY POTENTIAL BUYERS THAT CENTRAL AVENUE IS
THE LEGAL AND PROPER ACCESS INTO TRACTS 3-14 SOUTH FORK PROPERTIES.

RECENTLY WE SOLD TRACTS 11, 12, AND 13 SOUTH FORK PROPERTIES WITH
THE UNDERSTANDING THAT CENTRAL AVENUE WOULD BE THE ACCESS ROUTE INTO
THESE TRACTS. THE ONLY DEDICATED ACCESS INTO THESE PROPERTIES.

IF FIRST AVENUE IS TOTALLY ABANDONED AND WE AND THE PURCHASERS
ARE DENIED ACCESS TO THE PROPERTY, THROUGH CENTRAL AVENUE, IT WILL
NO DOUBT CAUSE US SERIOUS FINANCIAL LOSSES AS WELL AS MANY COSTLY
LEGAL PROBLEMS.

RESPECTFULLY SUBMITTED.

Minutes of Hearing of Lionhead Homesites

Road Abandonment Hearing

September 5, 1978

West Yellowstone, Montana

The hearing was called to order by George Sager at 3:00 p.m. Commission members present were George Sager, John Buttleman, and Joy Nash. The purpose of the hearing was to review petitions #690 and #691 for closing of streets or portions of streets in the Lionhead Homesites Subdivision.

George Sager asked Attorney Bennett, who was representing the petitioners, if the petition was correct reading that the East 20 feet of Birch Avenue be closed, where he understood it was the wishes of the Petitioners to close the West 20 feet of Birch Avenue. Mr. Bennett stated that the corrected petition, which was filed as corrected, stated the West 20 feet.

Mr. Bennett stated that he was authorized to accept certified mail addressed to some of the petitioners who would be hard to reach.

George Sager read the petition and stated that they viewed the site over a year ago and it was viewed again and looked at again this morning. Comments on this site were that on August 24, 1978, Birch Avenue in Lionhead Subdivision was viewed for the proposed road requested for closure. Comments on the feasibility and desirability of closure: "Closing of the West 20 feet of Birch Avenue would again cut off access to Lot Five (5) of Lionhead Homesite. Birch Avenue would have no legal turnaround at the end because it would cut off First Street. No lots on Lionhead Homesites are built to any minimum standard so closure would not involve improving a county road. Some property owners have already taken upon themselves to close a portion of this street illegally before the county could close it, and that would be in poor judgment in doing this action. Signed John Buttleman, Commissioner, and Robert H. Babb, County Surveyor."

George Sager stated that it would seem that the protion that is being traveled now would be the East 30 feet of the right-of-way and the reason for the property owners to close the West 20 feet would be to preserve the trees and to avoid parking of vehicles on the right-of-way itself. Robert H. Babb, County Surveyor, added that the main concern was that there was not a cul-de-sac and if First Street were abandoned, Birch Avenue would become a dead-end street. If the case were that Birch Avenue has a private ending then a sign showing it as a deadend street should be placed out at the beginning of Birch Avenue.

George Sager asked: Would it inhibit anyone if the 50 foot right-of-way was reduced to 30 feet? Mr. Carkeek stated that he owned the majority of the East Half and that a 30 foot road might be impossible to keep open in the winter. Last year it was hard to keep the 50 foot road clear. Mr. Sager asked him how much room he would need. Carkeek said it would depend on the winter, but he would prefer the 50 feet.

Mr. Bennett commented for the petitioners stating that when the petition was drawn up, it wasn't intended to eliminate access for anyone to the area. The two main concerns were (1) not to remove any trees. The petitioners all own summer homes; they don't live there in the winter, and don't care if the snow is piled up. (2) The homes in the area are built close to the right-of-way. One home is within three feet and one is within three and one half feet. If the road were widened to 50 feet, it would make the market value of the petitioners homes less because it would ruin the rustic atmosphere of the area. Mr. Bennett stated that Highway 191, which runs in front of the property, is 26 feet wide from white line to white line and is over 30 feet including the shoulder and provides ample access for the traffic.

Mr. Bennett was asked if he felt that the landowners could work something out with Mr. Carkeek concerning the right of way. He said it was a difficult proposition due to the lack of time, as most land owners will be leaving the area within the month. He wouldn't guarantee anything to the commission. The same question was asked of Mr. Carkeek and he said he'd be willing to try. He didn't want to cut down any more of the trees either, but he needed the room for access during winter months. He stated that the State wouldn't plow the road because it was too narrow.

General discussion was had concerning removal of trees and snow removal. The trees can't be moved without county approval because they are on county land so that should be no problem. Snow removal may be difficult, but the landowners stated that since Mr. Carkeek was the only one there in the winter, there should be no need to have a 50 foot wide road. Other roads were named that were between 16 and 30 feet wide, and could be cleared amply. Mr. Babb stated that the county won't accept a subdivision without a 60 foot right-of-way for the road. Even if the road is only 16 feet wide, there is still a right-of-way for snow removal and development. No county road is over 24 foot, but there is still ample right-of-way.

The proposition of a 30 foot road with a 20 foot snow easement was mentioned. Comments were why not take the 30 foot out of the center and 10 feet on each side; the landowners did not object. Mr. Carkeek was not fully willing to go with the suggestions of Mr. Bennett on behalf of his clients.

Mr. Sager asked for a motion for the 30 foot road right-of-way with a 20 foot easement for snow removal. The motion was made and seconded. A vote was taken and the petition was granted according to conditions.

The petition for abandonment of sections of roads in Lionhead Homesite was read, along with a letter to Mr. and Mrs. Hendry from Mr. Sager explaining why the hearing would be after the 1st of September.

Comments on the feasibility and desirability of closure were given. Homesites Three (3) and Four (4) would no longer have public access. Central Avenue and Birch Avenue would deadend without legal turnaround areas, cul-de-sacs. No roads in the Lionhead Homesites are built to any minimum standards so closure would not involve improving county roads. Some property owners have already taken it upon themselves to close portions of this street.

A letter from Carkeek and Robert F. Dye was read regarding the closure of abandonment of First Avenue and Lionhead Homesites, stating that they were not in favor of closing this area, because there would be no access to portions of their property.

Robert H. Babb gave his report that in closing roads, you could not cut off any property that has been given access to. Blocks Three (3) and Four (4) would be cut off as stated on the petition. South Fork property has no other access on the map as stated.

Mr. Bennett said the owners of lots Three (3) and Four (4) have concern about access to their property from First Avenue. The second concern is there being a deadend where Central Avenue passes through. Mr. Bennett proposed to close First Avenue except where it crosses Central, which would take care of the objections viewed by Mr. Babb. There was no protest to this proposal.

Mr. Sager stated that according to Mr. Babb's report, Central Avenue was shown as an access to South Fork properties on the recorded plat, so you would be closing an access to South Fork properties if First Street were abandoned as petitioned.

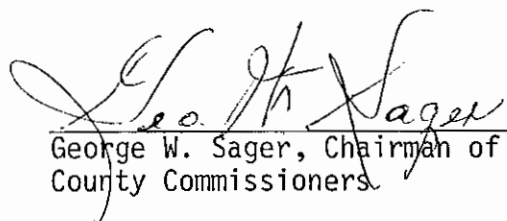

Mr. Bennett then took his clients to the hall for a conference. He said his clients wanted to amend the present petition to state that First Avenue would be abandoned except where it crosses Central Avenue. Mr. Sager said they would have to re-petition and the commission would have another hearing.

Mr. Sager asked if the owners of South Fork properties would waive protest if this petition were resubmitted of closing the First Street as shown on the map except where it crosses Central Avenue. There would be no protest.

Mr. Dye stated his and Mr. Carkeek's plans for their property in Lionhead Homesite. There was considerable discussion about these plans, concerning a large developed road permitting large trucks to travel and damage to the owners land and trees in the area because of this development.

There being no further business, the petition will be resubmitted. A motion was made and seconded that this hearing will be continued when the petition was resubmitted and another hearing date set.

The meeting was adjourned.

George W. Sager, Chairman of Board of
County Commissioners.
