Dear Sam:

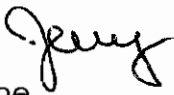

We are requesting approval from you to petition the Highway Dept. to abandon the road immediately North of your Big Sky property.

Our client Mr. Ed McGuire, new owner of the Cook property, is in favor of such abandonment. We feel that it will be mutually beneficial to all parties concerned.

If you are in agreement, please send me a letter confirming your agreement. We have contacted a Bozeman attorney. The costs of the petition will be split amongst the three property owners. Mr. Harry Ring, Mr. Ed McGuire and yourself.

Sincerely,

Dear Mr. Smeding:

Attached is a copy of the Deputy County Attorney letter dated April 10th. Also enclosed is a new petition dated April 11th. Sam, I'm enclosing a list of property owners along the road.

Maybe the solution would be for either you or your wife to call on the property owners in this area this summer and personally get their signatures.

Before Mrs. Cook objected, but Mr. Simkin said he would grant Mrs. Cook and easement to the new highway and the county would build the road, which is approximately 200 feet long if she would sign the petition. We need ten signatures and they have to be property owners.

Also I'm attaching a copy of a letter from Mr. Hawkes, with the Forest Service. Since this letter shows that they had no objections a few years ago maybe their signature will be easy to acquire .

Sam, if you could get the ten signatures required by law and mainly property owners along the road maybe legally we could get this road abandon by fall.

Sincerely,

Dear Gale:

Re: Westfork County Road No. 372

You have requested our opinion on the following question:

"May a petition signed and presented to the Gallatin County Commissioners in 1976 requesting the abandonment of a county road serve as a basis for a hearing and action to abandon that road in 1979?"

Although there is no direct statutory authority upon which to found my answer, it is my conclusion that the petition is invalid as a basis for a hearing held and action taken in 1979.

DISCUSSION: Title 7, Chapter 14, Part 26, establishes the various procedures for abandoning a county road. In essence, these provisions include a petition, an investigation of the basis for that petition, a public hearing, and a decision by the Board of County Commissioners. The various sections of this chapter set down strict time limits. For instance, within thirty days after filing of any petition to abandon a road the county commissioners must investigate the facts upon which the petition is based. In addition, within ten days after a minute entry of the board's decision, notice must be mailed to abutting landowners regarding that decision.

The imposition of these time limits indicate a legislative intent to require the County Commissioners to

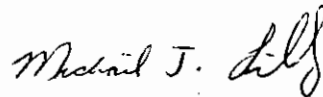

Mr. Gale Thompson  
Page 2  
April 10, 1979

act within a reasonable time following the filing of a petition. This legislative intention would not be served by holding a public hearing three years after the filing of the petition for abandonment of a county road. Circumstances surrounding the decisions on the part of the petition signers may have changed since their decision to sign in 1976. In addition, the circumstances surrounding the commissioner's investigation of the facts upon which the petition were based may have substantially changed since 1976.

A list of those persons qualified to sign a petition to abandon Westfork County Road No. 372 may have substantially changed since 1976. The possibility exists that a petition circulated in 1979 among those persons qualified to sign would not receive sufficient signatures to request the county commissioners to abandon Westfork County Road No. 372.

For the foregoing reasons, it is my opinion that the 1976 petition is invalid as a basis for a hearing held and action taken in 1979. I would recommend that a new petition be circulated among qualified persons to determine if they desire Westfork County Road No. 372 to be abandoned. If the petition receives sufficient signatures, it should be presented to the Gallatin County Commissioners, investigation of the request be made, and a decision by the County Commissioners be entered.

Sincerely yours,

Michael J. Lilly,  
Deputy County Attorney

RE: Road Petition Number 698

Dear Mr. Thompson:

Enclosed is a drawing of my property which is affected by the purposed abandonment of the county road.

As shown on the sketch, the access to my property is the county road. If the road is abandoned and the property reverts to the adjoining land owners, then my access would be questionable because I would be surrounded by Simkins/Taylor land.

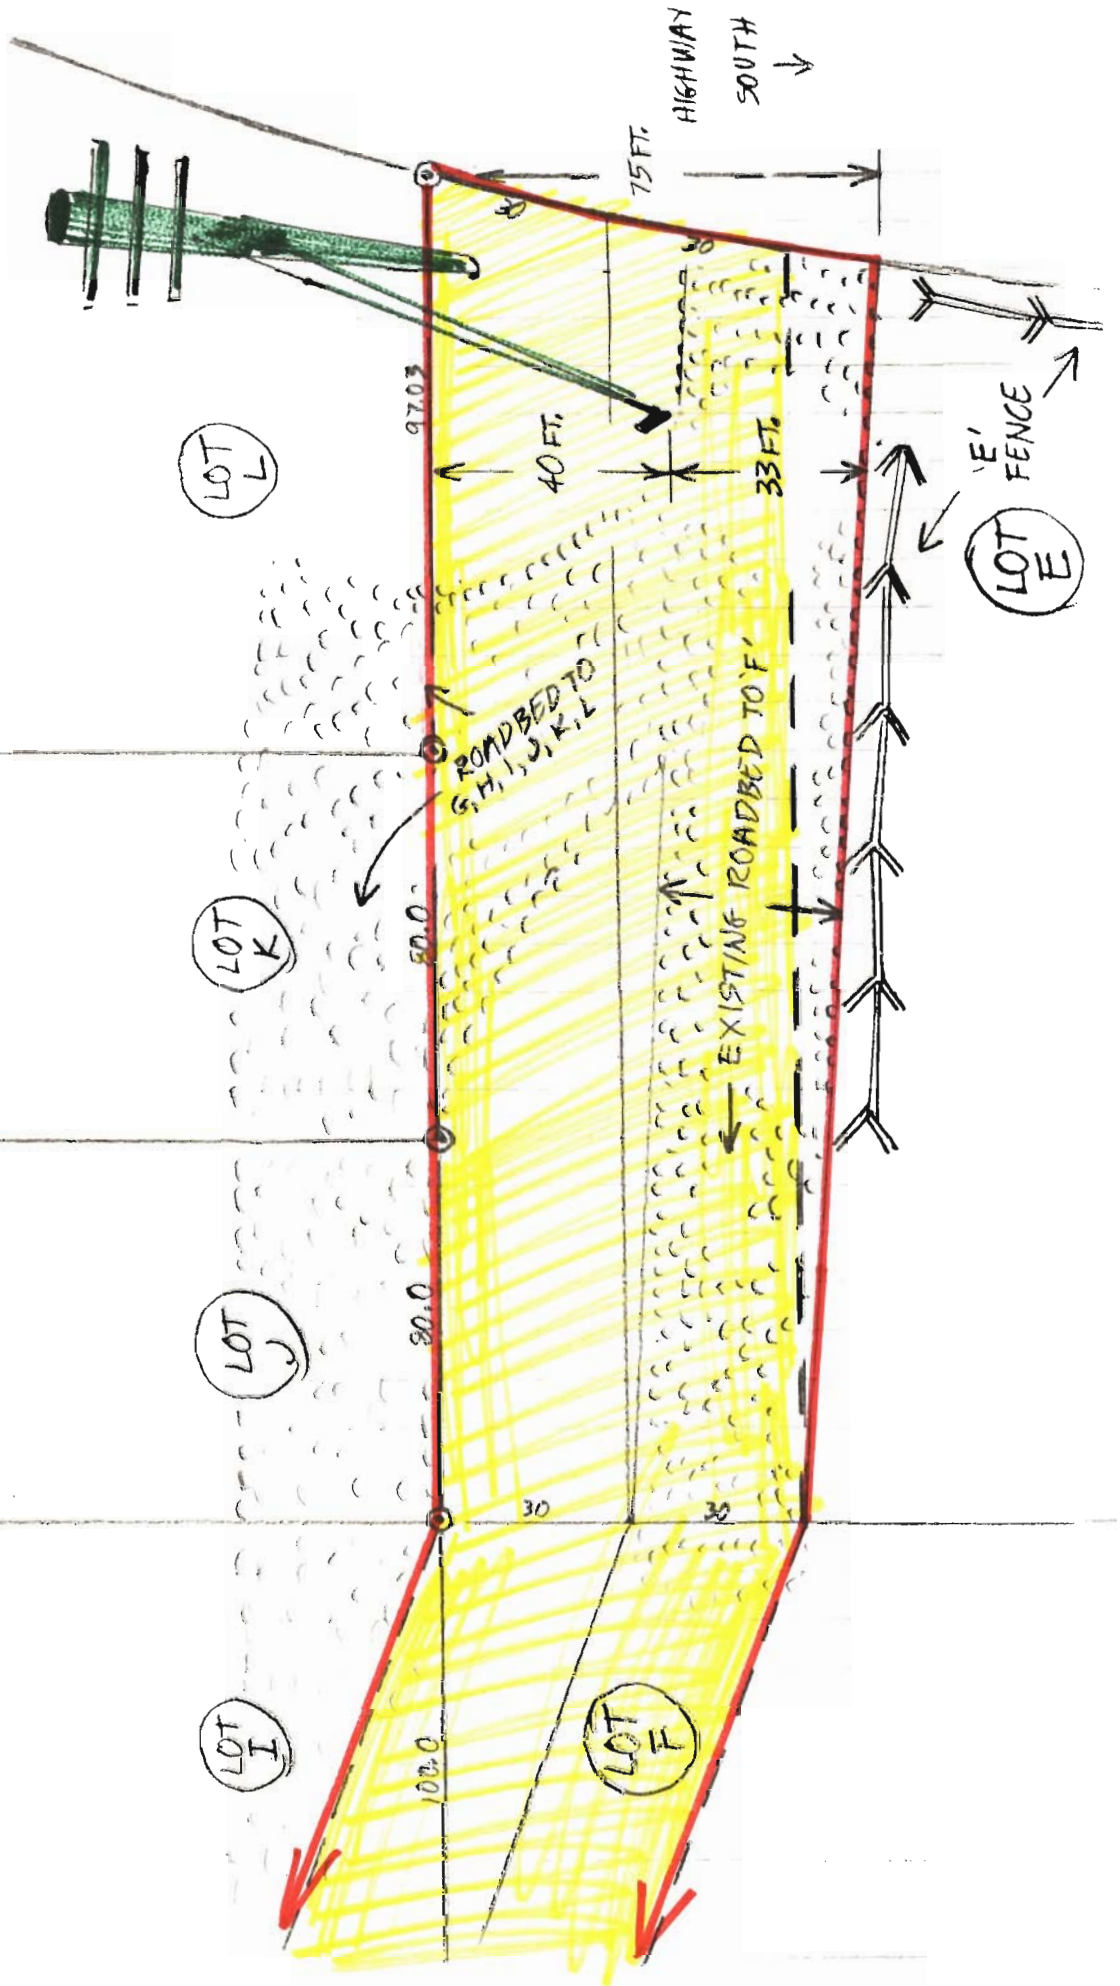

I would therefore request that during the course of the road abandonment process that an easement for me be included. I have sketched an area which I feel is the most practical for the easement because I would be able to use part of the existing county road and the highway cut is at a minimum.

Sincerely,

A handwritten signature in cursive script that reads "Bill Erwin". The signature is written in dark ink and is positioned to the right of the word "Sincerely,".

Re: Proposed Abandonment of the "Old Big Sky Road"

Dear County Commissioners:

I recently (May 13, 1980) received notice of the proposed abandonment of the "Old Big Sky Road" and that a public hearing on such proposal is scheduled for Thursday, May 22, 1980.

As I rely upon said road to obtain access to my property, and since said property has been officially platted for subdivision, I wish to respectfully but strongly protest the proposed abandonment. So that you may be better able to appreciate the circumstances and effect which such abandonment would have, I am submitting the attached map for your convenience and consideration.

You will note from the map that seven platted lots (E, F, G, H, I, J and K) are served by the road and that the latter represents the only means of access to those lots. Further, in this regard, you may recall that as recently as one year ago, I personally inquired of the Commissioners as to the possibility of this road being abandoned. At that time, I was told that abandonment was not possible because of the subdivision and lots which the road serves. In reliance upon this, six of the above mentioned lots have been offered for sale with the understanding and representation that the road in question would continue to be available as a means of access.

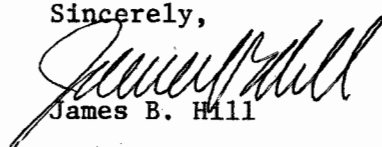

Since it is my understanding that approval of the subdivision was predicated, in part, upon the existence of the road in question, it would appear unreasonable, if not unlawful, to now abandon it.

For these reasons, I request that you do not abandon the "Old Big Sky Road".

In the event that circumstance should prevent my attending the hearing on Thursday, I would ask that you read my letter into the record and take my concerns into account.

Thank you for your kind attention to this matter.

Sincerely,

James B. Hill

Re: Proposed Abandonment of the "Old Big Sky Road"

Dear County Commissioners:

(However) if you feel that the interests of all parties can be served by abandoning the road, and deeding to me or otherwise providing permanent and irrevocable access to Lots F, G, H, I, J and K, I will give it full consideration.

To this end, I submit for your inspection a detailed diagram of the section of the old road between Lots J, K, L and E of Big Horn Tract. As you can readily see, the location of the Montana Power utility pole and supporting cables has dictated that the existing access road fall, at the eastern end, fifteen feet to the south of the sixty foot county property. The southern edge of this existing access road is also clearly delineated by the fence line of Lot "E".

As outlined on this detailed diagram in red, I will be happy to consider a decision from the Commissioners that will make available to me, subject to a confirming county survey, this piece of property measuring 782.3 feet across the North edge, 75.0 feet down the East edge, approximately 782 feet along the South edge, and 60 feet up the West edge.

Sincerely,

James B. Hill
