RE: **Petition to Abandon Streamside Lane**

Dear Ms Vance:

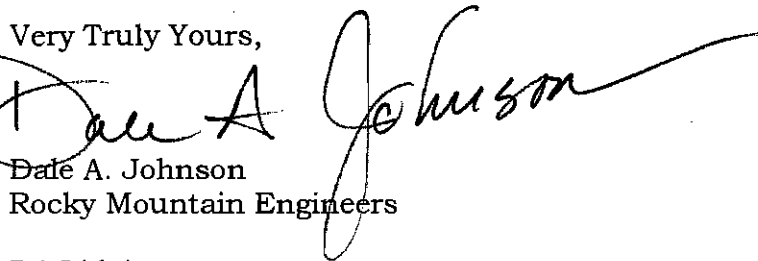

Please find attached a PETITION TO ABANDON COUNTY ROAD. Our intent is to abandon *Streamside Lane* in conjunction with the aggregation of the five lots adjacent to the road in Minor Subdivision No. 236 commonly known as Sourdough Meadows Subdivision.

To bring the above stated goals to fruition, I filed an application for review with the City of Bozeman Planning Department earlier today requesting that the existing five lots in Minor Subdivision No. 236 be aggregated into one parcel. A copy of that application is attached.

Because the road and the subdivision lots are adjacent and dependent, it is important that both are presented to and considered by the County Commissioners at the same meeting. This will involve some coordination in scheduling between your office and the City of Bozeman Planning Department.

If you have questions or need any additional information, please call me at (406)586•4859.

Very Truly Yours,

Dale A. Johnson

### EXEMPTION CLAIM APPLICATION FORM

The State of Montana provides that certain divisions of land, which would otherwise constitute subdivisions, are exempt from local subdivision review and approval, unless the method of disposition is adopted for the purpose of evading the Montana Subdivision and Platting Act, Section 76-3-1-1 et. seq. MCA.

Gallatin County has adopted procedures, criteria and requirements to determine when the use of an exemption from subdivision review is used to evade the purpose of the Montana Subdivision and Platting Act. The Commission shall evaluate all relevant circumstances in assessing the intent of the person claiming the exemption. These circumstances may include the nature of the claimant's business, the prior history of the parcel(s), and the proposed configuration of the parcel(s) if the exemption is allowed.

**RE:** Proposed Aggregation of Lots, Minor Subdivision No. 236 (Chemodurow)

---

Attached please find a proposed amended plat to aggregate the five lots of the above-referenced subdivision. The final plat of this subdivision was approved on April 16, 1996, but the final plat was not filed until June 25, 1998, due to litigation. The owner is now proposing to aggregate all lots within the subdivision, to put the land back in agricultural use.

It is my understanding that Rocky Mountain Engineers has petitioned to vacate Streamside Lane, the dedicated subdivision road, and the road is somewhat shown on the proposed amended plat as being vacated. The amended plat leaves the Sourdough Road dedication.

Please review this proposed aggregation and advise me of any concerns you may have. I assume that the vacation and the aggregation should be considered at the same Commission meeting. Therefore, please let me know the status of the vacation, and when you expect to present it to the Commission.

Thank you both for your assistance in this review. Should you have questions, please call me at 2364.

Attached please find a proposed amended plat to aggregate the five lots of the above-referenced subdivision. The final plat of this subdivision was approved on April 16, 1996, but the final plat was not filed until June 25, 1998, due to litigation. The owner is now proposing to aggregate all lots within the subdivision, to put the land back in agricultural use.

The litigation of this subdivision occurred under Court Judgement on Cause No. DV 96-60 before Judge Salvagni in July 1997. I don't have a copy of the court order, but was advised by attorney John Kauffman that the Judge awarded a cash settlement and ordered the Final Plat to be filed.

It is my understanding that Rocky Mountain Engineers has petitioned the County to vacate Streamside Lane, the dedicated subdivision road, and the road is somewhat shown on the proposed amended plat as being vacated. The amended plat leaves the Sourdough Road dedication. I have also sent the application to the County Road Superintendent and Clerk and Recorder for their comments. I assume that the vacation and the aggregation should be considered at the same Commission meeting.

**Based on these facts, my question to you is:** As the final plat was required to be filed by the Judge, can the County Commission effectively vacate that plat by vacating the road and aggregating the lots?

Please let me know if you need further information, Susan. I'm not scheduling this for review by the County Commission until I hear from Sam, Shelly, and you. Thank you for your assistance.

RE: Request to aggregate lots, Minor Subdivision 236 (Chemodurow)

Dear Debbie:

Thank you for your memorandum dated March 9, 1999 regarding the request to aggregate the lots in this minor subdivision and simultaneously abandon the roads. I reviewed the three (3) court files that deal with DV96-109 and DV96-60. Both cases involve the Chemodurow property.

It appears from the Court files that Cyndi Jakubek was awarded 5% from the sale of each lot in the subdivision. There were other awards in the judgments. The Court required the plat subdividing the lots to be filed. In September of 1998 the parties must have entered into a mediation. A Mediator's Report was filed on September 30, 1998. The case was "settled" and a "stipulation of dismissal was to be prepared within 15 days of the Order." Nothing further was filed.

I called John Kauffman, attorney for Jakubek. Mr. Kauffman is out of town during this week. Please proceed cautiously with the request for aggregation of lots and abandonment of the roads. It appears the lots may be required to exist under the Court's Orders. Until such time as Gallatin County has assurances that the litigation is closed and the judgements are satisfied the lots should not be aggregated.

If you have any questions, please feel free to contact me.

RE: abandonment of Streamside Lane located in Section 31, T2S, R6E.

Dear Board,

The undersigned, being appointed as viewing committee, viewed the area described to be abandoned in Road Petition #792 on March 26, 1999.

Streamside Lane has been constructed. According to Minor Subdivision #236, this road is 60 feet in width. According to the petition submitted, the owner wishes to aggregate the five lots within the subdivision and return the land into an agricultural use.

If the County Commission grants approval of aggregating the parcels from five lots into one lot no one would become land-locked.

It does not appear that anyone would be denied access to public lands if the abandonment were granted.
